In postwar Sri Lanka, a hired driver observes his passengers—tourists, soldiers, businessmen, and others—in these linked stories by a “master storyteller” (The New York Times). Vasantha retired early, bought himself a van, and now works as a driver for hire. self-deprecating wit and folksy wisdom—while revealing to us their uncertain lives with piercing insight. On his journey from the army camps in northern Jaffna to the moonlit ramparts of Galle, in the south, Vasantha slowly discovers the depth of his country's troubles—as well as his own—while catching a glimmer of the promise the future might hold. From the Booker Prize–shortlisted author of Reef comes a collection of “gracefully crafted road stories” that draws a potent portrait of postwar Sri Lanka and the ghosts of civil war (TheGuardian). This is the paperback of the renowned classic by Louis Dumoulin, first published in English in 1986. It has been out of print for many years.

In these delightfully candid musings about his life and his cinema, RGV reveals the man behind pioneering Telugu and Hindi films such as Shiva, Rangeela, Satya, Sarkar, Bhoot and Company. Discussing a wide range of subjects, from the influences and circumstances that

drew him to films to his cinematic techniques, his successful and unsuccessful films, his Bollywood idols, his relations with the media and the controversies dogging him, *Guns & Thighs* is as much about RGV's life and philosophy of life as about his films and the Indian film world.

Characteristically, he pulls no punches, whether he's talking about movies, women or the media. Even when it comes to his own films, he embraces his failures as much his successes and dissects them with rare honesty and humility. Refreshingly contrarian and politically incorrect, this book discloses a

India is the largest film producing country in the world and its output has a global reach. After years of marginalisation by academics in the Western world, Indian cinemas have moved from the periphery to the centre of the world cinema in a comparatively short space of time. Bringing together contributions from leading scholars in the field, this Handbook looks at the complex reasons for this remarkable journey.

the Thalaivar's personal life, from his childhood days to his times of struggle—when he was still Shivaji Rao Gaekwad—and then his eventual stardom: revealing how a legend was born.

This is an innovative study of how British Colonial rule and society in Malayan towns and plantations transformed immigrants into British subjects.

This book narrates personal stories of people from around the world who have used natural products, in particular Non Timber Forest Products (NTFPs) as a means to come out of poverty. Ending poverty remains a major worldwide challenge and is the number one goal under the UN Sustainable Development Goals. The book fills an

important knowledge gap; that of personal stories of NTFP users. This has not been part of past publications on NTFPs which tend to focus on statistics and analysis of numbers, thus, the human faces of NTFP users are missing. Narrative stories provide a wealth of data about people and their experiences rather than aggregated classifications, categories and characteristics of poverty. The objective of this book is to illustrate the poverty alleviation potential of NTFPs through documenting the personal life stories of individuals and households that lifted themselves out of poverty through trade of NTFPs. This book is for all who are interested in poverty alleviation and NTFPs.

Contemporary Singapore is simultaneously a small postcolonial multicultural nation state and a cosmopolitan global city. To manage fundamental contradictions, the state takes the lead in authoring the national narrative.

This is partly an internal process of nation building, but it is also achieved through more commercially motivated and outward facing efforts at nation and city branding. Both sets of processes contribute to Singapore's capacity to influence foreign affairs, if only for national self-preservation. For a small state with resource limitations, this is mainly through the exercise of smart power, or the ability to strategically combine soft and hard power resources.

Sid 'One-Punch' Luft, amateur-boxer, producer and Judy Garland's third husband was the one man in her life who stuck around, helping her achieve a meteoric comeback in the 1960s. It was Luft who reversed the fortunes of an apparently faded career, seeing her triumph at Carnegie Hall, in 'A Star Is Born' and 'The Judy Garland Show'. Previously unpublished, Sid Luft's intimate autobiography tells their story in

hard-boiled yet elegant prose. It begins on a fateful night in New York City when the not-quite-divorced Judy and the not-quite-divorced Sid meet at Billy Reed's Little Club. A straight-talking sharp shooter, Sid fell for Judy hard and fast and the romance persisted through separations, reconciliations, and later divorce. However, her drug dependencies and suicidal tendencies put a tremendous strain on the relationship. Sid did not complete his memoir; it ended in 1960 after Judy hired David Begelman and

Freddie Fields to manage her career. But Randy L. Schmidt, acclaimed editor of Judy Garland on Judy Garland, seamlessly pieced together the final section of the book from extensive interviews with Sid, most previously unpublished. Despite everything, Sid never stopped loving Judy and never forgave himself for not being able to save her from the demons that ultimately drove her to an early death at age forty-seven in 1969. Sid served as chief conservator of the Garland legacy until his death at the age of eighty-

nine in 2005. This is his testament to the love of his life. 'In prose so brassy that it bruises the sensibilities, Luft... illuminates the dark side of life in the spotlight and dispels any sentimental illusions about the glories of show business in Hollywood's classic age.' -

Yet much of the study of sexuality—including issues ranging from sexual identity to sexual response—has been conducted through a Western lens. First, this work seldom crosses the desks of medical and psychological

To address this situation, this book adopts a global perspective, focusing on how cultural practices and values can impact health care, treatment, and outcomes. In this regard, it covers three broad domains: Sexual Identity and Orientation; Sexual Response and Dysfunction; and Sexual Diversity. Each
