

## Silence In The Age Of Noise

**A Washington Post Notable Book One of the Best Books of the Year: NPR, The Economist, Financial Times Shortlisted for the Costa Novel Award Finalist for the Women’s Prize for Fiction Here is the story of the Iliad as we’ve never heard it before: in the words of Briseis, Trojan queen and captive of Achilles. Given only a few words in Homer’s epic and largely erased by history, she is nonetheless a pivotal figure in the Trojan War. In these pages she comes fully to life: wry, watchful, forging connections among her fellow female prisoners even as she is caught between Greece’s two most powerful warriors. Her story pulls back the veil on the thousands of women who lived behind the scenes of the Greek army camp—concubines, nurses, prostitutes, the women who lay out the dead—as gods and mortals spar, and as a legendary war hurtles toward its inevitable conclusion. Brilliantly written, filled with moments of terror and beauty, The Silence of the Girls gives voice to an extraordinary woman—and makes an ancient story new again.**

**From the critically acclaimed creator of the Heartstopper series comes a smartly crafted contemporary YA novel, perfect for readers who love Rainbow Rowell’s Fangirl. This is an utterly captivating and authentic teen novel from the author of Solitaire, which VOYA said “could put her among the great young adult fiction authors.” Frances Janvier spends most of her time studying. Everyone knows Aled Last as that quiet boy who gets straight As. You probably think that they are going to fall in love or something. Since he is a boy and she is a girl. They don’t. They make a podcast. In a world determined to shut them up, knock them down, and set them on a cookie cutter life path, Frances and Aled struggle to find their voices over the course of one life-changing year. Will they have the courage to show everyone who they really are? Or will they be met with radio silence?**

**Faced with the challenges of transitioning from a Hard of Hearing School to a Hearing high school, Maya has more than a learning curve. But what if she has more to learn about herself and how far she is willing to push for what she believes in? Perfect for contemporary fiction fans, The Silence Between Us is a novel that doesn’t shy away from the real-life struggles of high school, heart break, and d/Deaf culture. Schneider Family Book Award, Best Teen Honor Book 2020 Torn from her Hard of Hearing school when her mother’s job takes them across the country, Deaf teen Maya must attend a hearing school for the first time since her hearing loss. As if that wasn’t hard enough, she also has to adjust to the hearing culture, which she finds frustrating. When her new friends and classmates start pushing into Maya’s thoughts about what it means to be Deaf, it clashes with her idea of self-worth and values. Looking past graduation towards a future medical career, Maya knows nothing, not even an unexpected romance, will derail her pursuits or cause her to question her integrity. Wattpad sensation Alison Gervais writes a stunning portrayal of the Deaf and Hard of Hearing culture in this clean YA contemporary romance. Drawing from her own deaf experience and relationship with the HoH community, Gervais provides a personal interview and commentary on cochlear implants. The Silence Between Us mixes lighthearted romance with deeper social issues facing minority groups. “The Silence Between Us?is eminently un-put-down-able.” (NPR) “Gervais deftly renders both the nuanced, everyday realities of life with disability and Maya’s fierce pride in her Deafness, delivering a vibrant story that will resonate with Deaf and hearing audiences alike.” -?Booklist “A solid addition to middle/high school fiction that allows for deep discussion about stereotypes concerning disabilities.”?School Library Journal “This is a great YA contemporary (clean) romance that follows Maya as she navigates a new school and plans for her future. The addition of representation by a Deaf character was really beautifully done. Highly recommend for people looking for a sweet, engaging, and educational romantic read.” (YA and Kids Book Central)**

**What is silence? Where can it be found? Why is it now more important than ever? In 1993, Norwegian explorer Erling Kagge spent fifty days walking solo across Antarctica, becoming the first person to reach the South Pole alone, accompanied only by a radio whose batteries he had removed before setting out. In this book, an astonishing and transformative meditation, Kagge explores the silence around us, the silence within us, and the silence we must create. By recounting his own experiences and discussing the observations of poets, artists, and explorers, Kagge shows us why silence is essential to sanity and happiness—and how it can open doors to wonder and gratitude. (With full-color photographs throughout.)**

### Writing in an Age of Silence

### The Silence of God

The Zen master and one of the world's most beloved teachers returns with a concise, practical guide to understanding and developing our most powerful inner resource—silence—to help us find happiness, purpose, and peace. Many people embark on a seemingly futile search for happiness, running as if there is somewhere else to get to, when the world they live in is full of wonder. To be alive is a miracle. Beauty calls to us every day, yet we rarely are in the position to listen. To hear the call of beauty and respond to it, we need silence. Silence shows us how to find and maintain our equanimity amid the barrage of noise. Thich Nhat Hanh guides us on a path to cultivate calm even in the most chaotic places. This gift of silence doesn't require hours upon hours of silent meditation or an existing practice of any kind. Through careful breathing and mindfulness techniques he teaches us how to become truly present in the moment, to recognize the beauty surrounding us, and to find harmony. With mindfulness comes stillness—and the silence we need to come back to ourselves and discover who we are and what we truly want, the keys to happiness and well-being.

From the #1 New York Times bestselling author of Salt to the Sea and Between Shades of Gray comes a gripping, extraordinary portrait of love, silence, and secrets under a Spanish dictatorship. Madrid, 1957. Under the fascist dictatorship of General Francisco Franco, Spain is hiding a dark secret. Meanwhile, tourists and foreign businessmen flood into Spain under the welcoming promise of sunshine and wine. Among them is eighteen-year-old Daniel Matheson, the son of an oil tycoon, who arrives in Madrid with his parents hoping to connect with the country of his mother's birth through the lens of his camera. Photography--and fate--introduce him to Ana, whose family's interweaving obstacles reveal the lingering grasp of the Spanish Civil War--as well as chilling definitions of fortune and fear. Daniel's photographs leave him with uncomfortable questions amidst shadows of danger. He is backed into a corner of difficult decisions to protect those he loves. Lives and hearts collide, revealing an incredibly dark side to the sunny Spanish city. Master storyteller Ruta Sepetys once again shines light into one of history's darkest corners in this epic, heart-wrenching novel about identity, unforgettable love, repercussions of war, and the hidden violence of silence--inspired by the true postwar struggles of Spain. Includes vintage media reports, oral history commentary, photos, and more. Praise for The Fountains of Silence "Spain under Francisco Franco is as dystopian a setting as Margaret Atwood's Gilead in Ruta Sepetys's suspenseful, romantic and timely new work of historical fiction . . . Like [Shakespeare's family romances], 'The Fountains of Silence' speaks truth to power, persuading future rulers to avoid repeating the crimes of the past." --The New York Times Book Review “Full of twists and revelations..an excellent story, and timely, too.” --The Wall Street Journal "A staggering tale of love, loss, and national shame." --Entertainment Weekly \* "[Sepetys] tells a moving story made even more powerful by its placement in a lesser-known historical moment. Captivating, deft, and illuminating historical fiction." --Booklist, \*STARRED REVIEW\* \* "This gripping, often haunting historical novel offers a memorable portrait of fascist Spain." --Publishers Weekly, \*STARRED REVIEW\* \* "This richly woven historical fiction . . . will keep young adults as well as adults interested from the first page to the last." --SLC, \*STARRED REVIEW\* \* "Riveting . . . An exemplary work of historical fiction." --The Horn Book, \*STARRED REVIEW\*

June Hur's elegant and haunting debut The Silence of Bones is a bloody YA historical mystery tale perfect for fans of Kerri Maniscalco and Renée Ahdieh. I have a mouth, but I mustn't speak; Ears, but I mustn't hear; Eyes, but I mustn't see. 1800, Joseon (Korea). Homesick and orphaned sixteen-year-old Seol is living out the ancient curse: “May you live in interesting times.” Indentured to the police bureau, she’s been tasked with assisting a well-respected young inspector with the investigation into the politically charged murder of a noblewoman. As they delve deeper into the dead woman's secrets, Seol forms an unlikely bond of friendship with the inspector. But her loyalty is tested when he becomes the prime suspect, and Seol may be the only one capable of discovering what truly happened on the night of the murder. But in a land where silence and obedience are valued above all else, curiosity can be deadly. Praise for The Silence of Bones: ABA Indies Introduce Selection "At once haunting and evocative, June Hur's The Silence of Bones is a gorgeous, tightly-woven debut. Prepare to delve deep into the lush and dangerous world of Korea in the 1800's for a page-turner you won't soon forget." --Hafsa Faizal, New York Times–bestselling author of We Hunt the Flame "This gripping drama is definitely one you're not going to want to miss." –Buzzfeed

This account of British life in the wake of World War I is “social history at its very best . . . insightful and utterly absorbing” (Minneapolis Star-Tribune). As the euphoria of Armistice Day in 1918 quickly subsided, there was no denying the carnage that the Great War had left in its wake. Grief and shock overwhelmed the psyche of the British people—but from their despair, new life would slowly emerge. For veterans with faces demolished in the trenches, surgeon Harold Gillies brings hope with his miraculous skin-grafting procedure. Women win the vote, skirt hems leap, and Brits forget their troubles at packed dance halls. And two years later, the remains of a nameless combatant would be laid to rest in the Tomb of the Unknown Soldier at Westminster Abbey, as “The Great Silence,” observed in memory of the countless dead, halted citizens in silent reverence. This history of two transformative years in the life of a nation features countless characters, from an aging butler to a pair of newlyweds, from the Prince of Wales to T.E. Lawrence, the real-life Lawrence of Arabia. The Great Silence depicts a nation fighting the forces that threaten to tear it apart and discovering the common bonds that hold it together. “A pearl of anecdotal history, The Great Silence is a satisfying companion to major studies of World War I and its aftermath . . . as Nicolson proceeds through the familiar stages of grief-denial, anger and acceptance—she gives you a deeper understanding of not only this brief period, but also how war’s sacrifices don’t end after the fighting stops.” –The Seattle Times “It may make you cry.” –The Boston Globe

The Silence Between Us

Daughter of Deep Silence

Poems

The Fountains of Silence

Lies of Silence

“To hear silence is to find stillness in the midst of the restlessness that makes creative life possible and the inescapability of death acceptable.” So writes Mark C. Taylor in his latest book, a philosophy of silence for our nervous, chattering age. How do we find silence—and more importantly, how do we understand it—amid the incessant buzz of the networks that enmesh us? Have we forgotten how to listen to each other, to recognize the virtues of modesty and reticence, and to appreciate the resonance of silence? Are we less prepared than ever for the ultimate silence that awaits us all? Taylor wants us to pause long enough to hear what is not said and to attend to what remains unsayable. In his account, our way to hearing silence is, paradoxically, to see it. He explores the many variations of silence by considering the work of leading modern and postmodern visual artists, including Barnett Newman, Ad Reinhardt, James Turrell, and Anish Kapoor. Developing the insights of philosophers, theologians, writers, and composers, Taylor weaves a rich narrative modeled on the Stations of the Cross. His chapter titles suggest our positions toward silence: Without. Before. From. Beyond. Against. Within. Between. Toward. Around. With. In. Recasting Hegel’s phenomenology of spirit and Kierkegaard’s stages on life’s way, Taylor translates the traditional Via Dolorosa into a Nietzschean Via Jubilosa that affirms light in the midst of darkness. Seeing Silence is a thoughtful meditation that invites readers to linger long enough to see silence, and, in this way, perhaps to hear once again the wordless Word that once was named “God.”

My name is Tess Turner—at least, that’s what I’ve always been told. I have a voice but it isn't mine. It used to say things so I'd fit in, to please my parents, to please my teachers. It used to tell the universe I was something I wasn't. It lied. It never occurred to me that everyone else was lying too. Fifteen-year-old Tess doesn't mean to become mute. At first, she's just too shocked to speak. And who wouldn't be? Discovering your whole life has been a lie because your dad isn't your real father is a pretty big deal. Terrified of the truth, Tess retreats into silence. Reeling from her family's betrayal, Tess sets out to discover the identity of her real father. He could be anyone—even the familiar-looking teacher at her school. Tess continues to investigate, uncovering a secret that could ruin multiple lives. It all may be too much for Tess to handle, but how can she ask for help when she's forgotten how to use her voice? In a brilliant study of identity, betrayal, and complex family dynamics, award-winning author Annabel Pitcher explores the importance of communication, even when we're faced with unspeakable truths.

"Placing one foot in front of the other, embarking on the journey of discovery, and experiencing the joy of exploration--these activities are intrinsic to our nature. Our ancestors traveled long distances on foot, gaining new experiences and learning from them. But as universal as walking is, each of us will experience it differently. For Erling Kagge, it is the gateway to the questions that fascinate him--Why do we walk? Where do we walk from? What is our destination?--and in this book he invites us to investigate them along with him. Language reflects the idea that life is one single walk; the word "journey" comes from the distance we travel in the course of a day. Walking for Kagge is a natural accompaniment to creativity: the occasion for the unspoken dialogue of thinking. Walking is also the antidote to the speed at which we conduct our lives, to our insistence on rushing, on doing everything in a precipitous manner--walking is among the most radical things we can do."--Front flap

The runaway New York Times bestseller--over half a million copies in print It happens quietly one hot August morning in Iowa: two families awaken to find their little girls have gone missing in the night. Seven-year-old Calli Clark suffers from selective mutism brought on by a tragedy when she was a toddler. Petra Gregory is Calli's best friend--and her voice. But neither girl has been heard from since they vanished. Now, Calli and Petra's parents are tied by the question of what happened to their children. And the answer is trapped in the silence of unspoken family secrets.

The Silence Seeker

**From the Norwegian explorer, a stunning meditation on the power of embracing silence An author for our noisy times, full of a rare and deeply redemptive languor and perspective' Alain de Botton \_\_\_\_\_ Behind a cacophony of traffic noise, iPhone alerts and our ever-spinning thoughts, an elusive notion - silence - lies in wait. But what really is silence? Where can it be found? And why is it more important now than ever? Erling Kagge, the Norwegian adventurer and polymath, once spent fifty days walking solo in Antarctica with a broken radio. In this meditative, charming and surprisingly powerful book, he explores the power of silence and the importance of shutting out the world. Whether you're in deep wilderness, taking a shower or on the dance floor, you can experience perfect stillness if you know where to look. And from it grows self-knowledge, gratitude, wonder and much more. Take a deep breath, and prepare to submerge yourself in Silence. Your own South Pole is out there, somewhere.**

**'As an explorer Erling Kagge is world class; as a writer he is equally gifted. This breathtaking, inspiring little book teaches us how to find precious moments of silence - whether we are crossing the Antarctic, climbing Everest, or on the train at rush hour' - Sir Ranulph Fiennes 'Silence braces a space within which we can hear ourselves think. Quietly, wisely, it makes a case for dumbing the din of modern life, and learning to listen again. Drawing on the experiences of Kagge's extraordinary life in wild places, this is a book of great concentration' - Robert Macfarlane 'Erling Kagge is a philosophical adventurer - or perhaps an adventurous philosopher' - New York Times**

**This translation originally published: London: Viking, an imprint of Penguin Books Ltd., 2017.**

**A revealing look at the power of speaking out, Writing in an Age of Silence describes Paretsky’s coming of age in a time of great possibility, during the civil rights movement, the peace movement, and the women’s movement. Bestselling crime-writer Sarah Paretsky has won critical acclaim for her V.I. Warshawski novels, centered around one of the first and most popular female investigators in contemporary fiction. In this fascinating and personal account, Paretsky describes a life shaped by the desire to act. From the feminist movement—which triggered her aspirations to write and shaped the character of her female detective—to the Patriot Act and the liberties we have lost, Paretsky describes the struggle of one individual to find a voice. A moving call to action, Writing in an Age of Silence chronicles the social changes that have shaped contemporary America, and mirrors a desire for freedom, both personal and political, that many Americans will relate to today.**

**Telling the Truth Could Get Them Killed. Remaining Silent Could Be Worse. When Cooper, Hiro, and Gordy witness a robbery that leaves a man in a coma, they find themselves tangled in a web of mystery and deceit that threatens their lives. After being seen by the criminals—who may also be cops—Cooper makes everyone promise never to reveal what they have seen.**

**Telling the truth could kill them. But remaining silent means an innocent man takes the fall, and a friend never receives justice. Is there ever a time to lie? And what happens when the truth is dangerous? The three friends, trapped in a code of silence, must face the consequences of choosing right or wrong when both options have their price.**

**The Color of Silence**

**The Sound of Silence**

**Radio Silence**

**The Taste of Silence**

**THE INTERNATIONAL BESTSELLER This breathtaking, inspiring little book teaches us how to find precious moments of silence - whether we are crossing the Antarctic, climbing Everest, or on the train at rush hour. 'Quietly, wisely, Silence makes a case for dumbing the din of modern life, and learning to listen again' Robert Macfarlane What is silence? Where can it be found? Why is it more important than ever? Norwegian explorer Erling Kagge once spent fifty days walking solo across Antarctica, his radio broken. In this charming, quietly life-changing book - now an international publishing phenomenon - he takes us on a journey to unlock the power of silence. And he shows us how to find perfect silence in our daily lives, however busy we are. 'A bestseller on why finding inner silence is the key to happiness . . . bound to hit our sweet spot for wanting to unplug and disconnect from the world' Evening Standard 'Fascinating' The Times 'As an explorer Erling Kagge is world class; as a writer he is equally gifted. This breathtaking, inspiring little book teaches us how to find precious moments of silence - whether we are crossing the Antarctic, climbing Everest, or on the train at rush hour' Sir Ranulph Fiennes 'Erling Kagge is a philosophical adventurer - or perhaps an adventurous philosopher' New York Times**

**While still a teenager, Patrick Leigh Fermor made his way across Europe, as recounted in his classic memoirs, A Time of Gifts and Between the Woods and the Water. During World War II, he fought with local partisans against the Nazi occupiers of Crete. But in A Time to Keep Silence, Leigh Fermor writes about a more inward journey, describing his several sojourns in some of Europe's oldest and most venerable monasteries. He stays at the Abbey of St. Wandrille, a great repository of art and learning; at Solesmes, famous for its revival of Gregorian chant; and at the deeply ascetic Trappist monastery of La Grande Trappe, where monks take a vow of silence. Finally, he visits the rock monasteries of Cappadocia, hevn from the stony spires of a moonlike landscape, where he seeks some trace of the life of the earliest Christian anchorites. More than a history or travel journal, however, this beautiful short book is a meditation on the meaning of silence and solitude for modern life. Leigh Fermor writes, "In the seclusion of a cell—an existence whose quietness is only varied by the silent meals, the solemnity of ritual, and long solitary walks in the woods—the troubled waters of the mind grow still and clear, and much that is hidden away and all that clouds ii floats to the surface and can be skimmed**

*away; and after a time one reaches a state of peace that is unthought of in the ordinary world.”*

*After an accident robs Stella of her hearing and her dream of going to Broadway, she meets Hayden, a boy who stutters, and comes to learn what it truly means to connect and communicate in a world filled with silence.*

*A delicious tale of revenge and identity from Carrie Ryan, the bestselling author of The Forest of Hands and Teeth In the wake of the deadly devastation of luxury yacht Persephone, just three souls remain to tell its story?and two of them are lying. Only Frances Mace, rescued from the ocean after torturous days adrift with her dying friend Libby, knows that the Persephone wasn't sunk by a rogue wave as survivors Senator Wells and his son are claiming?it was attacked. To ensure her safety from the obviously dangerous and very powerful Wells family, Libby's father helps newly orphaned Frances assume Libby's identity. Frances has spent years in hiding, transforming herself into Libby, and she can no longer allow the people who murdered her entire family and Libby to get away with it. After years of careful plotting, she's ready to set her revenge plans into motion?even if it means taking down the boy she'd once been in love with: the senator's son. The game has just begun, and Frances is not only playing dirty, she's playing to win.*

Shortlisted for the Man Booker Prize: An unhappy marriage is further shaken when IRA terrorists invade the couple's home in this “first rate” thriller (The New York Times). Michael Dillon, a self-described “poet in a business suit,” is a once-aspiring writer in Belfast whose dreams have been consumed by a stultifying career as a hotel manager and a hateful marriage to his unstable wife, Moira. But on the day he decides to leave Moira for his younger lover and take off for London, IRA terrorists break into the Dillon home. Their plan is simple: They'll hold Moira hostage while Michael plants a bomb designed to kill a rabble-rousing Protestant and his flock convening for a political rally. If Michael goes to the police, Moira dies. It's only the first choice of many—because in Brian Moore's “breathtakingly constructed” nightmare, the day has just begun (Los Angeles Times). “The plot [is] one that only a spoiler would reveal—and risk ruining the surprises that detonate throughout the novel like cleverly hidden and elegantly designed incendiary devices. The notion of ‘unbearable suspense’ is, of course, a cliché, but I found that I kept briefly putting down the novel to postpone the moment when I had to face what might happen next.” —Francine Prose, The New York Times

Erling Kagge experiences New York like never before - underground. Along with Steve Duncan, an urban historian and photographer, he descends into the network of sewers, subways and water tunnels. They traverse the length of New York, from the Bronx to Manhattan. Their final stop: the Atlantic Ocean. Through photos, philosophical reflections and accounts of their journey a world opens up that has never been explored before. Erling describes what he sees en route, a 'negative beauty' formed by the absence of colour, light, natural order.

"Do you have a favorite sound?" little Yoshio asks. "The musician answers, "The most beautiful sound is the sound of ma, of silence." But Yoshio lives in Tokyo, Japan: a giant, noisy, busy city. He hears shoes squishing through puddles, trains whooshing, cars beeping, and families laughing. Tokyo is like a symphony hall! Where is silence? Join Yoshio on his journey through the hustle and bustle of the city to find the most beautiful sound of all.

When a new family moves in next door, Joe's mum explains that they are asylum seekers. Joe hears that they are silence seekers, especially as Mum adds that they need peace and quiet. When he sees a young boy from the family sitting disconsolately on the steps, Joe decides to help him find a quiet place in the noisy and chaotic city. A simple, moving story which is the perfect way to gently open discussion around the refugee crisis.

The Silence

Deaf Republic

Deconstructing Silence

Living a Lie Comes with a Price

*Winner of the 2022 Texas Institute of Letters Carr P. Collins Award for Best Book of Nonfiction In the age of #MeToo, learn how brave whistleblowers have dared to lift the federal court’s veil of secrecy to expose powerful judges who appear to defy laws they have sworn to uphold. Code of Silence tells the story of federal court employee Cathy McBroom, who had to flee her job as a case manager in Galveston, Texas, after enduring years of sexual harassment and assault by her boss—US District Judge Samuel Kent. Following a decade of firsthand reporting at the Houston Chronicle, investigative reporter Lise Olsen charts McBroom’s assault and the aftermath, when McBroom was thrust into the role of whistleblower to denounce a federal judge. What Olsen discovered by investigating McBroom’s story and other federal judicial misconduct matters nationwide was shocking. With the help of other federal judges, Kent was being protected by a secretive court system that has long tolerated or ignored complaints about corruption, sexism, and sexual misconduct—enabling him to remain in office for years. Other powerful judges accused of judicial misconduct were never investigated and remain in power or retired with full pay, such as US Circuit Judge Alex Kozinski and Kozinski’s mentee, Brett Kavanaugh. McBroom’s ultimate triumph is a rare story of redemption and victory as Judge Kent became the first and only federal judge to be impeached for sexual misconduct. Olsen also weaves in narratives of other brave women across the country who, at great personal risk, have reported federal judges to reveal how sexual harassment and assault occur elsewhere inside the federal court system. The accounts of the women and their allies who are still fighting for reforms are moving, intimate, and inspiring—including whistleblowers and law professors like Leah Litman, Emily Murphy, and novelist Heidi Bond, who emerged to denounce Kozinski in 2017. A larger group of women—and men—banded together to form a group called Law Clerks for Accountability, which is continuing to push for more reforms to the courts’ secretive complaint review system. Code of Silence also reveals the role the press plays in holding systems of power in check. Kent would not have been charged had it not been for Olsen’s reporting and the Houston Chronicle’s commitment to the story.*

*Allie Cashel has suffered from chronic Lyme disease for sixteen years—but much of the medical community refuses to recognize her symptoms as the result of infectious disease. In Suffering the Silence: Chronic Lyme Disease in an Age of Denial, Cashel paints a living portrait of what is often called post-treatment Lyme syndrome, featuring the stories of chronic Lyme patients from around the world and their struggle for recognition and treatment. In the United States alone, at least 300,000 people are diagnosed with Lyme disease each year, and it is estimated that 20 percent of them go on to develop chronic symptoms of the disease, including (but not limited to) muscle and joint pain; digestive problems; extreme fatigue, confusion, and dizziness; sensations of burning and numbness; and immune-system dysfunction. Before reaching a final diagnosis, many of these patients are misdiagnosed with diseases and conditions like lupus, multiple sclerosis, fibromyalgia, chronic fatigue syndrome, depression, anxiety, and even dementia. Despite these numbers and routine misdiagnoses, The Centers for Disease Control and Prevention (CDC) and Infectious Diseases Society of America (IDSA) claim it is impossible for the Lyme bacteria to survive in the body after standard antibiotic therapy. For these chronic patients who have their suffering routinely dismissed by doctors—and even family and friends—the social effects of the illness can be as crippling as the disease itself. Suffering the Silence is a personal and provocative call to break the stigma and ignorance that currently surrounds chronic Lyme disease and other misunderstood chronic illnesses—but it is also a message of hope and comfort for Lyme sufferers, encouraging them to share their stories, seek out treatment, and remember that they are not alone.*

*How Farsi language broke its two centuries of silence. This book is the translation of Do Gharn Sokoot, into English by an Iranian scientist and scholar. Two Centuries of silence is the saga of 200 years of struggle by Iranians in order to free themselves from the yoke of Muslim Arabs—elegantly and passionately told by Abdolhossein Zarinkoob. The book elucidates thekey reasons for the success of Muslim Arabs in their assault on Iran– a fact that was not written in the stars, nor was it an act of God. For its readers, this translation hopes to shed light on what forms the foundation of todays Iran and helpbring some understanding of Iranians and their culture. The fall of Nahavand in 642 CE marked the end of a glorious fourteenth-century history of Iran—a fascinating and dynamic history spanning the years from 700 BCE to 700 CE. For two centuries thereafter, a brutally long, chilling silence cast its shadow over the history and language of Iran. Professor Zarinkoob explores the reason behind the Sasanian downfall and how the uncouth Bedouins triumphed over an immense and glorious civilization such as that? During these two centuries– about which our recent historians have remained silent–why did Farsi become a "lost" language, obscure and traceless? In the time when Iranian swordsmen revolted against the Arabs under any pretext, fighting the Arabs and Muslims, how did Zoroastrian priests argue and debate in the light of knowledge and wisdom against the Muslim faith? Finally, why a book that tells the tale of a most turbulent period of Iran's history is titlesTwo Centuries of Silenceand not Two Centuries of Chaos and Uproar? Prof. Zarinkoob's colorful narrative unravels these mysteries through Iranian eyes and is delivered here only as they may.*

*Silence Descends is a startling imagined history of the future - in which the author, writing at the end of the twenty-fifth century, looks back on the transgressions and assorted acts of madness of the previous five hundred years which have collectively led to the end of the Information Age. Its story dates back to Volgograd, Russia in 2004, when the city was devastated by a nuclear bomb, an event which the author cites as the beginning of the Information Age's demise; technology could not properly convey the horror and magnitude of the disaster, and "for the first time, the airwaves of the world were struck dumb." From there, he describes a series of events that creates a "gluttony of data" designed to save the world but instead leaves nothing but silence in its wake.*

When Jessica Reed, her life partner Kaylyn, their five foster daughters, and their family's seven honorary grandmothers inherit a devastating prophecy, they quickly realize that they have neither the skills nor the resources to survive the end of their era. As they prepare to flee to the forest and live as their ancestors did, they must call upon the better part of human nature to band together and subsist in the wilderness. But is collaboration enough? Or do they need a deeper well to draw from to sustain them through this time of disaster? In an age of apprehension about humanity's impact on the earth, Before the Silence, the first book of the Dragon's Flare Chronicles, explores humanity's greatest strength in times of crisis: interconnection, with each other and with the earth. Emotionally resonant, deep-rooted while simultaneously sweeping and tender, Before the Silence plants a seed of hope just when we need it the most.

Cristina Archetti started researching childlessness after being diagnosed with "unexplained infertility". She soon discovered that, although involuntary childlessness affects an increasing number of women and men across the world, this topic is shrouded taboo and shame. This book is both a first-person reflection about the existential questions posed by involuntary childlessness and a readable account of the way the silence surrounding this topic is socially and politically constructed. Revealing the invisible mechanisms that, from the microscopic details of everyday life to policy, make up the structure of silence around childlessness, Archetti demonstrates what it means not to have children in a society that is organized around families. Through a prose that mixes analysis, excerpts of interviews, media fragments, and evocative writing, she develops a new language of feeling-in-the-body fit for the twenty-first century and exposes the devastating effects infertility has on relationships, identity, health and well-being, in societies that fetishize parenthood. Childlessness in the Age of Communication draws upon a range of disciplines and fields including sociology, health, gender and sexuality studies, communication, politics and anthropology. It is a book for all those interested in childlessness and innovative qualitative research methodologies.

The highly anticipated second—and final—book in the immersive fantasy duology inspired by West African folklore that began with the New York Times bestselling A Song of Wraiths and Ruin, from author Roseanne A. Brown. Perfect for fans of Tomi Adeyemi, Renée Ahdieh, and Sabaa Tahir. Karina lost everything after a violent coup left her without her kingdom or her throne. Now the most wanted person in Sonande, her only hope of reclaiming what is rightfully hers lies in a divine power hidden in the long-lost city of her ancestors. Meanwhile, the resurrection of Karina's sister has spiraled the world into chaos, with disaster after disaster threatening the hard-won peace Malik has found as Farid's apprentice. When they discover that Karina herself is the key to restoring balance, Malik must use his magic to lure her back to their side. But how do you regain the trust of someone you once tried to kill? As the fabric holding Sonande together begins to tear, Malik and Karina once again find themselves torn between their duties and their desires. And when the fate of everything hangs on a single, horrifying choice, they each must decide what they value most—a power that could transform the world, or a love that could transform their lives.

In Philosophy for Polar Explorers, Erling Kagge, renowned explorer and acclaimed author of Silence and Walking, provides a thoughtful and eloquent meditation on adventure and discovery. Erling Kagge is one of the world’s most accomplished explorers. He was the first to conquer all three poles on foot, by climbing Mount Everest and walking to the North and South Poles. In this thought-provoking and inspiring book, he uses the wisdom and expertise he has gained on his travels to reflect on life, nature, and humanity. Simple things like getting up early and accepting failure can make a difference, whether battling an arctic storm or stuck in traffic. And practices such as cultivating optimism and being open-minded when pursuing goals can benefit our lives enormously, wherever our paths may take us. Punctuated with lyrical stories from his own experience and travels, Philosophy for Polar Explorers invites us to treat life like a grand exploration and illuminates the possibilities that await us when we do.

*A Novel*

At seventeen, Alex feels as if her life is over. She will never recover from the trauma of the car accident that took the life of her best friend, Cali. All joy left when Cali died, including their shared love of singing. Why even bother speaking? Alex blames herself for the accident, and no one would want to hear what she has to say anyway. Ordered by a judge to do community service, she must spend time at a hospital with a girl named Joanie, who has minimal control of her body and no speech. Never having known another way of being, Joanie has an extraordinary internal life. She has been listening and watching as the world goes on around her, but Joanie is so full of words, thoughts and images that if she could ever figure out a way to let them loose, they would come swirling out in a torrent of syllables. She would fill every room with the colors of her dreams until the whole world became a rainbow of her making. Brought together by accident, Alex and Joanie have experienced the helplessness of silence. Their growing connection may lead them both to find the power of their voices.

SilenceIn the Age of NoiseViking

There are only few human beings who can adapt, survive and thrive in the coldest regions on earth. And below a certain temperature, death is inevitable. Sir Ranulph Fiennes has spent much of his life exploring and working in conditions of extreme cold. The loss of many of his fingers to frostbite is a testament to the horrors man is exposed to at such perilous temperatures. With the many adventures he has led over the past 40 years, testing his limits of endurance to the maximum, he deservedly holds the title of 'the world's greatest explorer'. Despite our technological advances, the Arctic, the Antarctic and the highest mountains on earth, remain some of the most dangerous and unexplored areas of the world. This remarkable book reveals the chequered history of man's attempts to discover and understand these remote areas of the planet, from the early voyages of discovery of Cook, Ross, Weddell, Amundsen, Shackleton and Franklin to Sir Ranulph's own extraordinary feats: from his adventuring apprenticeship on the Greenland Ice Cap, to masterminding over the past five years the first crossing of the Antarctic during winter, where temperatures regularly plummeted to minus 92°C. Both historically questioning and intensely personal, Cold is a celebration of a life dedicated to researching and exploring some of the most hostile and brutally cold places on earth.

It is Super Bowl Sunday in the year 2022. Five people are due to have dinner in an apartment on the east side of Manhattan. The hosts are a retired physics professor and her husband; they are joined by one of her former students and await the arrival of another couple, delayed by what becomes a dramatic flight from Paris. In the apartment, talk ranges widely. The opening kickoff is one commercial away. Then something happens and the digital connections that have transformed our lives are severed. What follows is a dazzling and profoundly moving conversation about what makes us human. Never has the art of fiction been such an immediate guide to our navigation of a bewildering world. Never have DeLillo's prescience, imagination and language been more illuminating and essential.

The Weight of Silence

*At nineteen Bieke Vandekerckhove fell ill. The diagnosis was devastating: the fatal motor neuron disease ALS. Life expectancy: two to five years. So what did she do with the paltry bit of life that was left? By force of circumstance she was led to Saint Lioba Convent in Egmond-Binnen. There she learned Benedictine*

spirituality and to pray the psalms, which influenced her life for good. Three years later she learned that her illness had gone into remission but that it could flare up again at any time. She has been living with ALS for twenty years now. She is married and has two assistants to help her as necessary. Ten years ago she found the silence of Zen. This encounter also proved decisive. The Taste of Silence reflects what she experienced, saw, and tasted in the stillness of life: "Benedictine spirituality and Zen Buddhism became the two lungs through which I breathe." Where is God today? How can he allow evil and suffering in the world? Have miracles ceased? Sir Robert Anderson, one of the most popular lay preachers at the turn of the 20th century, devoutly believed that the Bible was the inerrant word of God, and in this classic of Christian apologetics, first published in 1907, he attempts to answer these conundrums for the faithful through appeal to Scripture. Seekers after spiritual succor will find comfort in Anderson's arguments, while anyone interested in the rise of fundamentalist Christianity in the 21st century will find a fascinating illustration of the movement's beliefs. While at Scotland Yard, Irish police official and religious scholar SIR ROBERT ANDERSON (1841-1918) helped investigate the Jack the Ripper murders, but he is best remembered for his works of Bible study, including *Forgotten Truths*, *Daniel in the Critics' Den*, and *The Coming Prince*. The experimentalist phenomenon of 'noise' as constituting 'art' in much twentieth-century music (paradoxically) reached its zenith in Cage's ('silent' piece) 4'33 . But much post-1970s musical endeavour with an experimentalist telos, collectively known as 'sound art', has displayed a postmodern need to 'load' modernism's 'degree zero'. After contextualizing experimentalism from its inception in the early twentieth century, Dr Linda Kouvaras's *Loading the Silence: Australian Sound Art in the Post-Digital Age* explores the ways in which selected sound art works demonstrate creatively how sound is embedded within local, national, gendered and historical environments. Taking Australian music as its primary - but not sole - focus, the book not only covers discussions of technological advancement, but also engages with aesthetic standpoints, through numerous interviews, theoretical developments, analysis and cultural milieux for a contemporary Australian, and wider postmodern, context. Developing new methodologies for synergies between musicology and cultural studies, the book uncovers a new post-postmodern aesthetic trajectory, which Kouvaras locates as developing over the past two decades - the altermodern. Australian sound art is here put firmly on the map of international debates about contemporary music, providing a standard reference and valuable resource for practitioners in the artform, music critics, scholars and educators. Ilya Kaminsky's astonishing parable in poems asks us, What is silence? *Deaf Republic* opens in an occupied country in a time of political unrest. When soldiers breaking up a protest kill a deaf boy, Petya, the gunshot becomes the last thing the citizens hear—they all have gone deaf, and their dissent becomes coordinated by sign language. The story follows the private lives of townspeople encircled by public violence: a newly married couple, Alfonso and Sonya, expecting a child; the brash Momma Galya, instigating the insurgency from her puppet theater; and Galya's girls, heroically teaching signing by day and by night luring soldiers one by one to their deaths behind the curtain. At once a love story, an elegy, and an urgent plea, Ilya Kaminsky's long-awaited *Deaf Republic* confronts our time's vicious atrocities and our collective silence in the face of them. *The Power of Quiet in a World Full of Noise*
