-- Clear step-by-step Illustrations -- Lesson-based projects -- Utilizes best stitches and presser feet for each machine -- Teaches beginners how to use their machine -- Assists advanced sewers in learning more about the capabilities of their machine

If you've ever made your own clothes, you know how empowering it can be. That awesome skirt in a fabric you adore. The blouse that fits perfectly. The one-of-a-kind dress you just knew would look cuter with a few extra details at the neck and hem. All made by you. Creating fashionable, custom-fitted clothing is often much easier than aspiring fashion designers and style-savvy sewers—will show you how. Packed with easy-to-follow tutorials, five adaptable sewing patterns for a skirt, blouse, dress, coat, and bag, and fifteen step-by-step sewing projects, this book gives you the basic building blocks to begin sewing and the tools you need to move beyond the basics to do a needle before, you'll find essential information on setting up a studio, using your sewing machine and other tools, working with patterns, and getting the perfect fit. For experienced sewers, the book offer tips and tricks for mastering techniques, as well as tons of design inspiration from seventy-eight BurdaStyle members from all over the world. How, The BurdaStyle Sewing Handbook is the ultimate guide to sewing with style.

First published twenty years ago, this bestselling home sewing volume is known as the essential reference for all home sewers. Mindful of the fact that today's sewers want to be sure that they have access to the very latest developments, all material has been fully revised and updated. New sewing techniques and time-saving ideas have been added to reflect current fashion trends with even more children's clothing ideas included. This is the book for today's sewers – the most comprehensive source for sewing information for both new and experienced sewers. Word count: 60,000

Sewing Made Simple

Catalog of Copyright Entries, Third Series

"In this book, I relate the pleasures, as well as the virtues and difficulties of a perhaps simpler than average North American life." So begins ecological thinker and writer Stephanie Mills's Epicurean Simplicity, a thoughtful paean to living, like Thoreau, a deliberate life.Mills's account of the simple life reaches deep into classical sources of pleasure -- good food, good health, good friends, and particularly the endless delights of the natural world. Her musings about the life she desires -- and the life she has created -- ultimately led her to the third century Greek philosopher Epicurus, whose philosophy was premised on the trustworthiness of the senses, a philosophy that Mills wholeheartedly embraces. While later centuries have come to associate Epicurus's name with hedonism, Mills discovered that he extolled simplicity and prudence as the surest means to pleasure, and his thinking offers an important philosophical touchstone for the book.As the author explains, one of the primary motivations for her pursuit of simplicity is her concern about the impacts of a consumerist lifestyle on the natural world. Mills touches on broad range of topics relating to that issue -- social justice, biological extinctions, the global economy, and also more personal aspects such as friendship, the process of country living, the joys of physical exertion, the challenges of a writer's life, and the natural history and seasonal delights of a life lived close to nature. An overarching theme is the destructiveness of consumerism, and how even a simple life affects a wide range of organisms and adds strain to the earth's systems. The author uses her own experience as an entry point to the discussion with a self-effacing humor and lyrical prose that bring big topics to a personal level.Epicurean Simplicity is beautifully crafted, fluid, inspiring, and enlightening, examining topics of critical importance that affect us all. It celebrates the pleasures, beauty, and fulfillment of a simple life, a goal being sought by Americans from all walks of life, from harried single parents to corporate CEOs. For fans of natural history or personal narrative, for those concerned about social justice and the environment, and for those who have come to know and love Stephanie Mills through her speaking and writing, Epicurean Simplicity is a rare treasure.

Simplicity Sewing Book for Young Fashion DesignersRead Books Ltd

Sewing is the perfect hobby ☺ it is relaxing, creative and extremely useful! But sewing machines can seem complicated. This book has everything you need to know to choose, use and look after your sewing machine with confidence. The first chapters will help you choose a machine, explaining which features to look out for. Once you've got your machine home, the step-by-step instructions will help you get to grips with everything. Learn how to set up your machine and its basic functions including: winding a bobbin, threading up and adjusting tension and stitch size. With plenty of information on basic dressmaking techniques, you will soon be tackling seams and hems, zips and buttonholes, gathers and pleats, binding and trimming. Feeling creative? Try out some decorative techniques ☺ with machine embroidery, appliqué, patchwork and quilting. And if you get stuck, there is an invaluable trouble shooting section along with a jargon busting glossary. So whether you want to use your sewing machine to carry out simple repairs, customize and alter your vintage finds, create a whole new wardrobe from scratch, or make a stylish curtains and cushions for your home, be sure to have this manual by your side at all times!
