The Hound of the Baskervilles By Arthur Conan Doyle

From the strange case of 'The Red-Headed League' to the extraordinary tale of 'The Engineer's Thumb', Sherlock Holmes and his assistant Dr Watson grapple with treachery, murder, and ingenious crimes of all kinds. But no case is too challenging for the immortal detective's unique power of deduction.

'Mr. Holmes, they were the footprints of a gigantic hound!' The death, quite suddenly, of Sir Charles Baskerville in mysterious circumstances is the trigger for one of the most extraordinary cases ever to challenge the brilliant analytical mind of Sherlock Holmes. As rumours of a legendary hound said to haunt the Baskerville family circulate, Holmes and Watson are asked to ensure the protection of Sir Charles' only heir, Sir Henry - who has travelled all the way from America to reside at Baskerville Hall in Devon. And it is there, in an isolated mansion surrounded by mile after mile of wild moor, that Holmes and Watson come face to face with a terrifying evil that reaches out from centuries past . . .

In a tradition that stretches from Gulliver's Travels to Jurassic Park, The Lost Worlds the first of Conan Doyle's stories to feature Professor Challenger.

When Sir Charles Baskerville is found dead on the wild Devon moorland with the footprints of a giant hound nearby, the blame is placed on a family curse. It is left to Sherlock Holmes and Doctor Watson to solve the mystery of the legend of the phantom hound before Sir Charles' heir comes to an equally gruesome end.

Greatest Cases of Sherlock Holmes

There is no braver officer in Napoleon's cavalry than Étienne Gérard – especially in his own opinion. Whether kidnapped by gangs of brigands or outnumbered by enemy troops, the plucky little soldier is constantly gallant, chivalrous and ready to face any danger, even if he doesn't always think before he acts. With great gusto Gérard recounts the swashbuckling exploits and adventures of his glittering military career – carrying out secret missions for Napoleon, eluding capture by the Duke of Wellington, making a daring break from an English prison, rescuing ladies in distress, duelling to the death against the dastardly Baron Straubenthal and even saving the day at the Battle of Waterloo.

'We must fall back upon the old axiom that when all other contingencies fail, whatever remains, however improbable, must be the truth.' Sherlock Holmes's fearless chronicler Dr Watson once again opens his notebooks to bring to light eight further tales of some of the strangest and most fascinating cases to come before the enquiring mind of London's most famous detective. These mysteries involve the disappearance of secret plans as well as of a lady of noble standing; the curious circumstances of Wisteria Lodge and of the Devil's Foot; as well as the story His Last Bow, the last outing of Holmes and Watson on the eve of the First World War.

In The Lost World, the first in a series of books to feature the bold Professor Challenger—a character many critics consider one of the most finely drawn in science fiction—Challenger and his party embark on an expedition to a remote Amazonian plateau where, as the good professor puts it, “the ordinary laws of Nature are suspended” and numerous prehistoric creatures and ape-men have survived. “Just as Sherlock Holmes set the standard—and in some sense established the formula—for the detective story . . . , so too has The Lost World set the standard and the formula for fantasy-adventure stories” Michael Crichton writes in his Introduction. “The tone and techniques that Conan Doyle first refined in The Lost World have become standard narrative procedures in popular entertainment of the present day.”

The terrible spectacle of the beast, the fog of the moor, the discovery of a body, this classic horror story pits detective against dog. It is left to Sherlock Holmes and Doctor Watson to solve the mystery of the legend of the phantom hound before Sir Charles' heir comes to an equally gruesome end. The Hound Of The Baskervilles gripped readers when it was first serialised and has continued to hold its place in the popular imagination.

The Return of Sherlock Holmes

I, A SCANDAL IN BOHEMIA To Sherlock Holmes she is always the woman. I have seldom heard him mention her under any other name. In his eyes she eclipses and predominates the whole of her sex. It was not that he felt any emotion akin to love for Irene Adler. All emotions, and that one particularly, were abhorrent to his cold, precise but admirably balanced mind. He was, I take it, the most perfect reasoning and observing machine that the world has seen, but as a lover he would have placed himself in a false position. He never spoke of the softer passions, save with a gibe and a sneer. They were admirable things for the observer—excellent for drawing the veil from men's motives and actions. But for the trained reasoner to admit such intrusions into his own delicate and finely adjusted temperament was to introduce a distracting factor which might throw a doubt upon all his mental results. Grit in a sensitive instrument, or a crack in one of his own high-power lenses, would not be more disturbing than a strong emotion in a nature such as his. And yet there was but one woman to him, and that woman was the late Irene Adler, of dubious and questionable memory. ===== IV. THE BOSCOMBE VALLEY MYSTERY We were seated at breakfast one morning, my wife and I, when the maid brought in a telegram. It was from Sherlock Holmes and ran in this way: "Have you a couple of days to spare? Have just been wired for from the west of England in connection with Boscombe Valley tragedy. Shall be glad if you will come with me. Air and scenery perfect. Leave Paddington by the 11:15." "What do you say, dear?" said my wife, looking across at me. "Will you go?" "I really don't know what to say. I have a fairly long list at present." "Oh, Anstruther would do your work for you. You have been looking a little pale lately. I think that the change would do you good, and you are always so interested in Mr. Sherlock Holmes' cases." "I should be ungrateful if I were not, seeing what I gained through one of them," I answered. "But if I am to go, I must pack at once, for I have only half an hour." My experience of camp life in Afghanistan had at least had the effect of making me a prompt and ready traveller. My wants were few and simple, so that in less than the time stated I was in a cab with my valise, rattling away to Paddington Station. Sherlock Holmes was pacing up and down the platform, his tall, gaunt figure made even gaunter and taller by his long grey travelling-cloak and close-fitting cloth cap.

The Penguin English Library edition As usual with the Sherlock Holmes stories it is very hard to say which are the best - but there are many stories here which would get the vote - ranging from The Boscombe Valley Mystery to the wonderful Adventure of Silver Blaze, from the Adventure of the Norwood Builder to A Case of Identity, but above to the uniquely strange and macabre Adventure of the Engineer's Thumb.

Detective Sherlock Holmes and Dr John Watson are summoned to a south London house where they find a dead man whose contorted face is a twisted mask of horror. The body is unmarked by violence but on the wall a mysterious word has been written in blood.

The Hound of the Baskervilles is the third of the four crime novels written by Sir Arthur Conan Doyle featuring the detective Sherlock Holmes. Originally serialised in The Strand Magazine from August 1901 to April 1902, it is set largely on Dartmoor in Devon in England's West Country and tells the story of an attempted murder inspired by the legend of a fearsome, diabolical hound of supernatural origin. Sherlock Holmes and his companion Dr. Watson investigate the case. This was the first appearance of Holmes since his apparent death in "The Final Problem", and the success of The Hound of the Baskervilles led to the character's eventual revival
