"Sex change" is a very broad term that refers to the process of a person or animal changing sex. This occurs naturally in some species of animals, but more often the term is used to mean sex reassignment surgery. The term can refer to either male sexual characteristics being substituted for female ones, or vice versa. The male to female substitution is much more common because it is by far the simpler of the two. Intersexual individuals may undergo some form of sex change, most often as children, to take on a clearly defined gender identity. In adults, the process is usually taken by transsexual individuals. Transsexuality occurs when a person's brain identifies with one gender (either male or female) but his or her body's anatomy displays the sexual characteristics of the opposite role. This is called Gender Identity Disorder and undergoing the sex change process is one way to correct this condition. This is a very large and complex topic that has been broken down into five subtopics for this e-book. In the following e-book we will survey the various procedures, not all of them medical, that can come under the heading of "sex change;" take a more in depth look at the sex change operation; cover the differences in making the transition from male to female versus female to male; and look at the topic of forced sex changes that still go on in some countries. While this is still a very controversial subject, it is becoming more and more accepted that Gender Identity Disorder is a medical birth condition that leads to confusion, depression, and frustration in individuals who are born with it. Using therapy or medical procedures to bring the body and brain back into agreement with each other often allows these individuals to lead fuller, happier lives. It is our hope that at the end of this short e-book you have a fuller understanding of this topic, and a broader knowledge base on which to build your own opinions.

Keep a progress report or photos when applicable for yourself and your Mistress/Master to go over at a later date. In these reports, you should note how you felt before the task, during completion of the task, and how you feel now that you have completed the task. They may decide that it is best for you to repeat several of these sissy tasks before moving onto the next chapter in your sissy transformation.

Transgender is not the same as being transsexual. A transsexual was born one gender and transitions to the other. A transgendered person can be a man who is married to a woman. This man may dress in women's clothing, expressing himself as a woman at times. Gender has its roots in the mind, if you will. The Transgendered person doesn't relate only to the sex they were born into. They may not feel comfortable in identifying with a sexual identity at all. They can see themselves not as a man or woman, just as a human. Transgendered people have their identity in many facets. A transgendered woman may dress like a man. She may feel a stronger foundation within a suit and tie. She can be gay, straight or bi-sexual. The confinement of a term at all may seem limiting to a transgendered person. Can we just be who we are, not what our sex makes us?

Nowadays many people are becoming more and more aware to the concept that not all relationships are the same. What works for some people certainly does not suit others. Love and affection need not be confined to labels and strict definitions, because the spectrum of what constitutes a relationship is broader than many people imagine. The foundation of a great relationship is built on a solid platform comprised of love, trust, respect and above all, communication. But there are so many different ways of expressing these things, and no relationship is "one size fits all." For many people, the phrase "traditional relationship" conjures an image of a subordinate woman, with the man ruling the roost. While this is no longer seen as an absolute standard, it still has resonance with lots of people. And while a large majority of people prefer a more egalitarian approach to relationships, that doesn't work for everyone either. Female led relationships are often misunderstood, but are more common than you might think. In this type of relationship, the woman is the dominant partner and her partner is the willing subordinate. We'll be exploring the dynamics of this type of relationship in this guide, and the various aspects and benefits it has to offer. You may find yourself more intrigued than ever before.

Are you emotionally exhausted trying to hide your feelings from everyone? Do you feel that you identify better with a woman's gender role than a man's? Have you thought about what it would be like to wear women's clothing, or engage in activities that women predominately do? Do you believe that you have more effeminate traits than masculine traits? If you answered yes to any of these questions then perhaps you should look into becoming sissy. Transitioning into your true gender role can sometimes be emotionally challenging but it can also be quite rewarding. Once you have completed your transformation into becoming a sissy boy you will feel free to be your true self. You will feel more comfortable breaking the traditional stereotypes that society has placed upon us as a whole. With the help of your sissy trainer or Mistress you will feel more emotionally fulfilled in a woman's role.

Whether you are just now beginning to explore your sissy tendencies or if you are simply in need of a refresher course into your sissy femdom, this is the right book for you. Lavinia Bottomley's tale for turning slowly, good-for-nothing boyfriends into hard-working, thoroughly-domesticated sissy maids is put to good use when Carole decides that she has had enough of her toy boy Steve's lackadaisical ways. She places Steve in the experienced hands of Mrs Bottomley, and is well-pleased with the humble and obedient 'Maid Stephanie' that she gets back! (femdom, female domination, forced feminization, male maid, sissy maid, domestic discipline, chastity, 24/7)

Feminization, service and discipline for the aspiring sissy maid. When you enroll in Mistress Lorelei's Charm School, you will be controlled completely. In a unique daily-submission format, Mistress Lorelei (author of Greenery Press's The Mistress Manual) provides commands, exercises and hints for successful service to even the most demanding of Mistresses. Any submissive male willing to follow this program can be transformed into a dedicated panty slave and a winsome, fetching sissy maid. You'll be amazed at the change in yourself!

A few years back the term "sissy" was used in a pejorative manner to describe a man who was a "little feminine", had a "girly taste" in colors and style, and was interested in things considered to be meant "only for women". If you are saying, "What's wrong with that"...well, there is nothing wrong with that...but it was considered to be wrong in the past. Things have changed now. Gender identities are no longer confined to "male" and "female". You could be a cross-dresser or a transgender or a transsexual and you are absolutely fine and have the same legal rights as those who conform with the two main gender identities of male and female. Sissy is no longer a negative word. People are actually proud to be a sissy. But what about you? Are you a sissy?

Are you confused? May be you are not sure whether you are a sissy or not? Well, don't you worry...take this quiz and find out whether you are a sissy or not? Once you are through answering the questions, check out the scoring chart at the end and tally up your scores to find out where you stand on the macho and sissy scale. Good luck!
