

Six Days Of War June 1967 And The Making Modern Middle East Michael B Oren

The June 1967 war was a watershed in the history of the modern Middle East. In six days, the Israelis defeated the Egyptian, Syrian and Jordanian armies, seizing large portions of their territories. Two veteran scholars of the Middle East bring together some of the most knowledgeable experts in their fields to reassess the origins and the legacies of the war. Each chapter takes a different perspective from the vantage point of a different participant, those that actually took part in the war and also the world powers that played important roles behind the scenes. Their conclusions make for sober reading. At the heart of the story was the incompetence of the Egyptian leadership and the rivalry between various Arab players who were deeply suspicious of each other's motives. Israel, on the other side, gained a resounding victory for which, despite previous assessments to the contrary, there was no master plan.

In this book, we have hand-picked the most sophisticated, unanticipated, absorbing (if not at times crackpot!), original and musing book reviews of "Six Days of War: June 1967 and the Making of the Modern Middle East." Don't say we didn't warn you: these reviews are known to shock with their unconventionality or intimacy. Some may be startled by their biting sincerity; others may be spellbound by their unbridled flights of fantasy. Don't buy this book if: 1. You don't have nerves of steel. 2. You expect to get pregnant in the next five minutes. 3. You've heard it all.

From the bestselling author of *Gates of Fire* and *Killing Rommel*, the thrilling true story of one of the most unlikely and astonishing military victories in history. June 5, 1967. Israel is surrounded by enemies who want nothing less than her utter extinction. The Soviet-equipped Egyptian Army has massed a thousand tanks on the nation's southern border. Syrian heavy guns are shelling her from the north. To the east, Jordan and Iraq are moving mechanized brigades and fighter squadrons into position to attack. June 10, 1967. The Arab armies have been routed, their air forces totally destroyed. Israel's citizen-soldiers have seized the Gaza Strip and the Sinai Peninsula from Egypt, the Golan Heights from Syria, East Jerusalem and the West Bank from Jordan. Moshe Dayan has entered the Lion's Gate of the Old City of Jerusalem to stand with the paratroopers who have liberated Judaism's holiest site—the Western Wall. Drawing on hundreds of hours of interviews with veterans of the war—fighter and helicopter pilots, tank commanders and Recon soldiers, paratroopers, as well as women soldiers, wives, and others—bestselling author Steven Pressfield tells the story of the Six Day War as you've never experienced it before.

Return to the golden age of adventure with this gorgeously wrought, action-packed, globetrotting tale that combines the bravura storytelling of Kipling with the irresistible, illustrative style of Hergé's *Adventures of Tintin*. Behind the staid public rooms of an old world gentlemen's club operates a more mysterious organization: The Explorers Guild, a clandestine group of adventurers who bravely journey to those places in which light gives way to shadow and reason is usurped by myth. The secrets they seek are hidden in mountain ranges and lost in deserts, buried in the ocean floor and lodged deep in polar ice. The aim of The Explorers Guild: to discover the mysteries that lie beyond the boundaries of the known world. This beautifully produced combination graphic novel and adventure tale, set against the backdrop of World War I, concerns the Guild's quest to find the golden city of Buddhist myth. The search will take them from the Polar North to the Mongolian deserts, through the underground canals of Asia to deep inside the Himalayas, before the fabled city finally divulges its secrets and the globe-spanning journey plays out to its startling conclusion. "With its colorful cast, exotic locales, and intertwined fates, the book slowly addicts. A rousing throwback whose spinning plates never stop, even at the end," (Kirkus Reviews), *The Explorers Guild* is perfect for fans of the adventures of J.J. Abrams and C.S. Lewis.

The Six Day War 1967

Israel, Jordan, and the Palestinians in the Aftermath of the June 1967 War

The war of June 1967 between Israel and Arab states was widely perceived as being forced on Israel to prevent the annihilation of its people by Arab armies hovering on its borders. Documents now declassified by key governments question this view. The UK, USSR, France and the USA all knew that the Arab states were not in attack mode and tried to dissuade Israel from attacking. In later years, this war was held up as

a precedent allowing an attack on a state that is expected to attack. It has even been used to justify a pre-emptive assault on a state expected to attack well in the future. Given the lack of evidence that it was waged by Israel in anticipation of an attack by Arab states, the 1967 war can no longer serve as such a precedent. This book seeks to provide a corrective on the June 1967 war.

From Israel's leading historian, a sweeping history of 1967—the war, what led up to it, what came after, and how it changed everything Tom Segev's acclaimed works *One Palestine, Complete* and *The Seventh Million* overturned accepted views of the history of Israel. Now, in 1967—a number-one bestseller in Hebrew—he brings his masterful skills to the watershed year when six days of war reshaped the country and the entire region. Going far beyond a military account, Segev re-creates the crisis in Israel before 1967, showing how economic recession, a full grasp of the Holocaust's horrors, and the dire threats made by neighbor states combined to produce a climate of apocalypse. He depicts the country's bravado after its victory, the mood revealed in a popular joke in which one soldier says to his friend, "Let's take over Cairo"; the friend replies, "Then what shall we do in the afternoon?" Drawing on unpublished letters and diaries, as well as government memos and military records, Segev reconstructs an era of new possibilities and tragic missteps. He introduces the legendary figures—Moshe Dayan, Golda Meir, Gamal Abdul Nasser, and Lyndon Johnson—and an epic cast of soldiers, lobbyists, refugees, and settlers. He reveals as never before Israel's intimacy with the White House as well as the political rivalries that sabotaged any chance of peace. Above all, he challenges the view that the war was inevitable, showing that a series of disastrous miscalculations lie behind the bloodshed. A vibrant and original history, 1967 is sure to stand as the definitive account of that pivotal year.

Russia's forceful re-entry into the Middle Eastern arena, and the accentuated continuity of Soviet policy and methods of the 1960s and '70s, highlight the topicality of this groundbreaking study, which confirms the USSR's role in shaping Middle Eastern and global history. This book covers the peak of the USSR's direct military involvement in the Egyptian-Israeli conflict. The head-on clash between US-armed Israeli forces and some 20,000 Soviet servicemen with state-of-the-art weaponry turned the Middle East into the hottest front of the Cold War. The Soviets' success in this war of attrition paved the way for their planning and support of Egypt's cross-canal offensive in the 1973 Yom Kippur War. Ginor and Remez challenge a series of long-accepted notions as to the scope, timeline and character of the Soviet intervention and overturn the conventional view that détente with the US induced Moscow to restrain that a US-Moscow détente led to a curtailment of Egyptian ambitions to recapture of the land it lost to Israel in 1967.

Between this analytical rethink and the introduction of an entirely new genre of sources-- memoirs and other publications by Soviet veterans themselves---The Soviet-Israeli War paves the way for scholars to revisit this pivotal moment in world history.

A controversial examination of the internal Israeli debate over the Israeli-Palestinian conflict from a best-selling Israeli author Since the Six-Day War, Israelis have been entrenched in a national debate over whether to keep the land they conquered or to return some, if not all, of the territories to Palestinians. In a balanced and insightful analysis, Micah Goodman deftly sheds light on the ideas that have shaped Israelis' thinking on both sides of the debate, and among secular and religious Jews about the Israeli-Palestinian conflict. Contrary to opinions that dominate the discussion, he shows that the paradox of Israeli political discourse is that both sides are right in what they affirm—and wrong in what they deny. Although he concludes that the conflict cannot be solved, Goodman is far from a pessimist and explores how instead it can be reduced in scope and danger through limited, practical steps. Through philosophical critique and political analysis, Goodman builds a creative, compelling case for pragmatism in a dispute where a comprehensive solution seems impossible.

Six-Day War 1967

Why did the Soviet Union spark war in 1967 between Israel and the Arab states by falsely informing Syria and Egypt that Israel was massing troops on the Syrian border? Based on newly available archival sources, The Soviet Union and the June 1967 Six Day War answers this controversial question more fully than ever before. Directly opposing the thesis of the recently published Foxbats over Dimona by Isabella Ginor and Gideon Remez, the contributors to this volume argue that Moscow had absolutely no intention of starting a war. The Soviet Union's reason for involvement in the region had more to do with enhancing its own status as a Cold War power than any desire for particular outcomes for Syria and Egypt. In addition to assessing Soviet involvement in the June 1967 Arab-Israeli Six Day War, this book covers the USSR's relations with Syria and Egypt, Soviet aims, U.S. and Israeli perceptions of Soviet involvement, Soviet intervention in the Egyptian-Israeli War of Attrition (1969-70), and the impact of the conflicts on Soviet-Jewish attitudes. This book as a whole demonstrates how the Soviet Union's actions gave little consideration to the long- or mid-term consequences of their policy, and how firing the first shot compelled them to react to events.

The national bestselling and "compulsively readable" history of late 19th century American war fever "is hard to forget and hard to put down" (The New York Times Book Review). On February 15, 1898, the American ship USS Maine mysteriously exploded in the Havana Harbor. Some in the United States greeted the event with more enthusiasm than alarm. Dismayed by the "closing" of the Western frontier, politicians Theodore Roosevelt and Henry Cabot Lodge wanted to see their country exert its muscle overseas. The sinking of the Maine would provide the excuse they'd been waiting for, especially when newspaper mogul William Randolph Hearst falsely announced in the New York Journal that Spain's "secret infernal machine" had destroyed the battleship. Meanwhile, the philosopher William James, Roosevelt's former teacher, and Thomas Reed, the powerful Speaker of the House, stood against what would become the Spanish-American War. At stake was not only sending troops to fight Spain in Cuba and the Philippines, but the friendships between these men. Now, bestselling historian Evan Thomas examines this monumental turning point in American history. Epic in scope and revelatory in detail, The War Lovers takes us from Boston mansions to the halls of Congress to the beaches of Cuba and the jungles of the Philippines. It is landmark work with an unforgettable cast of characters—and provocative relevance today.

A journalist for Science and Talk magazines probes the ongoing elusive search for an AIDS vaccine, confronting the often conflicting interests that have stymied the effort. Reprint.

This is the original classic work by one of America's most respected modern military historians. It is a thrilling account of six extraordinary days in June 1967 when Israel embarked on a bold, risky war of national survival—and won! Hammel decisively disproves the myth that Israel's stunning victory was a miracle or a fluke and reveals how a tiny nation was able to, in secret, develop a First-World military force that has become the envy of nations around the world.

When the surviving members of the 133rd Infantry Battalion come together for a reunion in the village of Saint-Vith, Belgium, their commemoration of the 50th anniversary of the Battle of the Bulge finds the effects of war still linger.

On one day in June, the balance of air power in the Middle East was turned upside down by perhaps the most ruthlessly effective air superiority campaign in history – Operation Moked, or Focus. In 1967, the Israeli Air Force was outnumbered more than two to one by the jets of hostile Egypt, Syria, Jordan and Iraq. Operation Focus was Israel's ingenious strike plan to overturn the balance. At 0745hrs on June 6, Israeli jets hit Egypt's airfields simultaneously, first bombing runways and then strafing aircraft. Another 20 follow-up missions were already in the air, initially scheduled to hit every five minutes. This new history of Operation Focus explains how the concept for Focus was devised and meticulously planned, the astonishing rate of serviceability and turnaround speed it required from ground crews, and how the relentless tempo of strikes shattered one air force after another. It is the story of how Israel's victory in the Six-Day War began with a single, shocking day.

A comprehensive account of the 1973 Arab-Israeli war describes the military events of the conflict; the daily political actions of such principal characters as Anwar Sadat, Golda Meir, and Henry Kissinger; the high-stakes diplomatic maneuverings of the UN, the U.S., and the Soviet Union; and more. R

The myths—and reality—behind the state of Israel In this groundbreaking book, published on the fiftieth anniversary of the Occupation, the outspoken and radical Israeli historian Ilan Pappé examines the most contested ideas concerning the origins and identity of the contemporary state of Israel. The "ten myths" that Pappé explores—repeated endlessly in the media, enforced by the military, accepted without question by the world's governments—reinforce the regional status quo. He explores the claim that Palestine was an empty land at the time of the Balfour Declaration, as well as the formation of Zionism and its role in the early decades of nation building. He asks whether the Palestinians voluntarily left their homeland in 1948, and whether June 1967 was a war of "no choice." Turning to the myths surrounding the failures of the Camp David Accords and the official reasons for the attacks on Gaza, Pappé explains why the two-state solution is no longer viable.

The USSR's Military Intervention in the Egyptian-Israeli Conflict

Origins and Consequences

Nasser's Gamble

The Yom Kippur War

Nasser's Gamble draws on declassified documents from six countries and original material in Arabic, German, Hebrew, and Russian to present a new understanding of Egypt's disastrous five-year intervention in Yemen, which Egyptian president Gamal Abdel Nasser later referred to as "my Vietnam." Jesse Ferris argues that Nasser's attempt to export the Egyptian revolution to Yemen played a decisive role in destabilizing Egypt's relations with the Cold War powers, tarnishing its image in the Arab world, ruining its economy, and driving its

rulers to instigate the fatal series of missteps that led to war with Israel in 1967. Viewing the Six Day War as an unintended consequence of the Saudi-Egyptian struggle over Yemen, Ferris demonstrates that the most important Cold War conflict in the Middle East was not the clash between Israel and its neighbors. It was the inter-Arab struggle between monarchies and republics over power and legitimacy. Egypt's defeat in the "Arab Cold War" set the stage for the rise of Saudi Arabia and political Islam. Bold and provocative, Nasser's Gamble brings to life a critical phase in the modern history of the Middle East. Its compelling analysis of Egypt's fall from power in the 1960s offers new insights into the decline of Arab nationalism, exposing the deep historical roots of the Arab Spring of 2011.

The author of *Origins of the Suez Crisis* "mak[es] us look afresh at the events that led to conflict between Israel and its neighbors" (Financial Times). One fateful week in June 1967 redrew the map of the Middle East. Many scholars have documented how the Six-Day War unfolded, but little has been done to explain why the conflict happened at all. Now, historian Guy Laron refutes the widely accepted belief that the war was merely the result of regional friction, revealing the crucial roles played by American and Soviet policies in the face of an encroaching global economic crisis, and restoring Syria's often overlooked centrality to events leading up to the hostilities. The Six-Day War effectively sowed the seeds for the downfall of Arab nationalism, the growth of Islamic extremism, and the animosity between Jews and Palestinians. In this important new work, Laron's fresh interdisciplinary perspective and extensive archival research offer a significant reassessment of a conflict—and the trigger-happy generals behind it—that continues to shape the modern world. "Challenging . . . well worth reading."—Moment "A penetrating study of a conflict that, although brief, helped establish a Middle Eastern template that is operational today . . . The author looks beyond Cold War maneuvering to examine the conflict in other lights . . . Readers with an interest in Middle Eastern geopolitics will find much of value."—Kirkus Reviews

Israel's victory in the June 1967 Six Day War provided a unique opportunity for resolving the decades-old Arab-Zionist conflict. Having seized the West Bank, the Gaza Strip, the Sinai Peninsula, and the Golan Heights, Israel for the first time in its history had something concrete to offer its Arab neighbors: it could trade land for peace. Yet the political deadlock persisted after the guns fell silent. This book sets out to find out why. Avi Raz places Israel's conduct under an uncompromising lens. He meticulously examines the critical two years following the June war and substantially revises our understanding of how and why Israeli-Arab secret contacts came to naught. Mining newly declassified records in Israeli, American, British, and UN archives, as well as private papers of individual participants, Raz dispels the myth of overall Arab intransigence and arrives at new and unexpected conclusions. In short, he concludes that Israel's postwar diplomacy was deliberately ineffective because its leaders preferred land over peace with its neighbors. The book throws a great deal of light not only on the post-1967 period but also on the problems and pitfalls of peacemaking in the Middle East today. Examines the history behind the 1967 war between Israel and its surrounding Arab neighbors, Egypt, Syria, and Jordan, plus biographical notes on important figures and a look at the effects of this war.

The Breaking of the Middle East

A Novel

Six Days

"The Six Day War, which broke out on the morning of June 5, 1967, was a formative event that changed the face of the State of Israel and, to a large extent, the entire Middle East. Prior to the war, Israel had been under existential threat and in six days, the Israel Defense Forces succeeded in removing the threat by achieving a decisive military victory and positioning Israel as a significant force in the region. This victory was accompanied by new complexities, and fifty years after the war, some of its implications still remain as heavy dilemmas, which the Israeli public and the state institutions must address. Five decades later, the events directly related to the war and its long-term implications can be examined more broadly and more rationally than was possible in the period immediately after the war. The study of the past and the drawing of insights from the war and its results enable us to analyze the complex security, political, and social challenges currently facing the State of Israel, as well as assess those inherent in future scenarios. On the fiftieth anniversary of the war, the Institute for National Security Studies (INSS) chose to publish this book devoted to the war and its lessons, which was written by researchers from the institute and outside of it. Together these articles present a comprehensive and in-depth picture of the Six Day War, its results, and its implications"--Publisher's website.

"Brings the subject alive in the same multifaceted way that the real-life crisis was lived. . . . It probably will not be possible again to assemble this many individuals who were in policy-making positions during the 1967 war. The interaction among them is invaluable. . . . Only a book of this kind . . . could convey that sense of partial knowledge, sharply conflicting perspectives, irrational actions, divided governments, even the closest friends not understanding each other."--Harold H. Saunders (National Security Council staff member at the White House during the Six-Day War), Kettering Foundation Former Ambassador Richard B. Parker gathered representatives from the Israeli, Arab, Russian, and U.S. military, government, and academe, many of whom were participants in the 1967 crisis, to reexamine the steps and missteps that led to the conflict. Developed from a State Department conference marking the 25th anniversary of the war, this analysis and discussion provide the most authoritative account we have of the genesis of the Arab-Israeli war. Contents Origins of the Crisis: L. Carl Brown The United Nations Response: I. William Zartman The Israeli Response: Bernard Reich The Other Arab Responses: E. NEW YORK TIMES BESTSELLER • Includes a new afterword about the Iran nuclear agreement, the 2016 presidential race, and the future of the

U.S.-Israel alliance Michael B. Oren's memoir of his time as Israel's ambassador to the United States—a period of transformative change for America and a time of violent upheaval throughout the Middle East—provides a frank, fascinating look inside the special relationship between America and its closest ally in the region. Michael Oren served as the Israeli ambassador to the United States from 2009 to 2013. An American by birth and a historian by training, Oren arrived at his diplomatic post just as Benjamin Netanyahu, Barack Obama, and Hillary Clinton assumed office. During Oren's tenure in office, Israel and America grappled with the Palestinian peace process, the Arab Spring, and existential threats to Israel posed by international terrorism and the Iranian nuclear program. Forged in the Truman administration, America's alliance with Israel was subjected to enormous strains, and its future was questioned by commentators in both countries. On more than one occasion, the friendship's very fabric seemed close to unraveling. *Ally* is the story of that enduring alliance—and of its divides—written from the perspective of a man who treasures his American identity while proudly serving the Jewish State he has come to call home. No one could have been better suited to strengthen bridges between the United States and Israel than Michael Oren—a man equally at home jumping out of a plane as an Israeli paratrooper and discussing Middle East history on TV's Sunday morning political shows. In the pages of this fast-paced book, Oren interweaves the story of his personal journey with behind-the-scenes accounts of fateful meetings between President Obama and Prime Minister Netanyahu, high-stakes summits with the Palestinian leader Mahmoud Abbas, and diplomatic crises that intensified the controversy surrounding the world's most contested strip of land. A quintessentially American story of a young man who refused to relinquish a dream—irrespective of the obstacles—and an inherently Israeli story about assuming onerous responsibilities, *Ally* is at once a record, a chronicle, and a confession. And it is a story about love—about someone fortunate enough to love two countries and to represent one to the other. But, above all, this memoir is a testament to an alliance that was and will remain vital for Americans, Israelis, and the world.

Winner of the Everett Family Jewish Book of the Year Award (a National Jewish Book Award) and the RUSA Sophie Brody Medal. In *Like Dreamers*, acclaimed journalist Yossi Klein Halevi interweaves the stories of a group of 1967 paratroopers who reunited Jerusalem, tracing the history of Israel and the divergent ideologies shaping it from the Six-Day War to the present. Following the lives of seven young members from the 55th Paratroopers Reserve Brigade, the unit responsible for restoring Jewish sovereignty to Jerusalem, Halevi reveals how this band of brothers played pivotal roles in shaping Israel's destiny long after their historic victory. While they worked together to reunite their country in 1967, these men harbored drastically different visions for Israel's future. One emerges at the forefront of the religious settlement movement, while another is instrumental in the 2005 unilateral withdrawal from Gaza. One becomes a driving force in the growth of Israel's capitalist economy, while another ardently defends the socialist kibbutzim. One is a leading peace activist, while another helps create an anti-Zionist terror underground in Damascus. Featuring an eight pages of black-and-white photos and maps, *Like Dreamers* is a nuanced, in-depth look at these diverse men and the conflicting beliefs that have helped to define modern Israel and the Middle East.

Jordan and Syria

My Journey Across the American-Israeli Divide

Ethical Principles and Guidelines for the Protection of Human Subjects of Research : Appendix

Covering more than two hundred years of history, a study of American involvement in the Middle East examines the diverse of American statesmen, merchants, soldiers, missionaries, explorers, and others in shaping this troubled region.

Offers a definition of crisis, a theoretical model of crisis decision making, and a study of Israel's responses to crisis situations how they were determined

In May 1967, Egypt expelled the United Nations peacekeeping forces stationed in the Sinai desert and deployed its army along the border with Israel, its moves coordinated with those of Jordan and Syria. By June, Israel realized that the international community would not act, and so it launched a pre-emptive strike against the combined Arab forces. The ensuing Six Day War was a crushing defeat for the Arab world, one that tripled the area controlled by Israel and which sowed the seeds for the Yom Kippur War and the continuing strife in the region. Written by the author of Osprey's *Yom Kippur War*, this volume covers the background of the war and the campaign against the Egyptians in the Sinai Peninsula, including the initial devastating air assault that showed the world how vital air supremacy was in modern combat.

NEW YORK TIMES BESTSELLER • The first comprehensive account of the epoch-making Six-Day War, from the author of *Ally*—now featuring a fiftieth-anniversary retrospective Though it lasted for only six tense days in June, the 1967 Arab-Israeli war never really ended. Every crisis that has ripped through this region in the ensuing decades, from the Yom Kippur War of 1973 to the ongoing intifada, is a direct consequence of those six days of fighting. Writing with a novelist's command of narrative and a historian's grasp of fact and motive, Michael B. Oren reconstructs both the lightning-fast action on the battlefields and the shocks that electrified the world. Extraordinary personalities—Moshe Dayan and Gamal Abdul Nasser, Lyndon Johnson and Aleksei Kosygin—rose and toppled from power as a result of this war; borders were redrawn; daring strategies brilliantly succeeded or disastrously failed in a matter of hours. And the balance of power changed—in the Middle East and in the world. A towering history and an enthralling human narrative, *Six Days of War* is the most important book on the Middle East conflict to appear in our generation. Praise for *Six Days of War* “Powerful . . . A highly readable, even gripping account of the 1967 conflict . . . [Oren] has woven a seamless narrative out of a staggering variety of diplomatic and military strands.”—The New York Times “With a remarkably assured style, Oren elucidates nearly every aspect of the conflict. . . . Oren's [book] will remain the authoritative chronicle of the war. His achievement as a writer and a historian is awesome.”—The Atlantic Monthly “This is not only the best book so far written on the six-day war, it is likely to remain the best.”—The Washington Post Book World “Phenomenal . . . a breathtaking history . . . a profoundly talented writer. . . . This book is not only one of the best books on this critical episode in Middle East history; it's one of the best-written books I've read this year, in any genre.”—The Jerusalem Post “[In] Michael Oren's richly detailed and lucid account, the familiar story is thrilling once again. . . . What makes this book important is the breadth and depth of the research.”—The New York Times Book Review “A first-rate new account of the conflict.”—The Washington Post “The definitive history of the Six-Day War . . . [Oren's] narrative is precise but written with great literary flair. In no one else's study is there more understanding or more surprise.”—Martin Peretz, Publisher, The New Republic “Compelling, perhaps even vital, reading.”—San Jose Mercury News

The Long War for Freedom

Decisions in Crisis

For those who have suffered the loss of a loved one, here are strength and thoughtful words to inspire and comfort.

An updated edition that sheds new light on one of the most dramatic reversals of military fortune in modern history. The easing of Israeli military censorship after four decades has enabled Abraham Rabinovich to offer fresh insights into this fiercest of Israel-Arab conflicts. A surprise Arab attack on two fronts on the holiest day of the Jewish calendar, with Israel's reserves un-mobilized, triggered apocalyptic visions in Israel, euphoria in the Arab world, and fraught debates on both sides. Rabinovich, who covered the war for The Jerusalem Post, draws on extensive interviews and primary source material to shape his enthralling narrative. We learn of two Egyptian nationals, working separately for the Mossad, who supplied Israel with key information that helped change the course of the war; of Defense Minister Moshe Dayan's proposal for a nuclear "demonstration" to warn off the Arabs; and of Chief of Staff David Elazar's conclusion on the fifth day of battle that Israel could not win. Newly available transcripts enable us to follow the decision-making process in real time from the prime minister's office to commanders studying maps in the field. After almost overrunning the Golan Heights, the Syrian attack is broken in desperate battles. And as Israel regains its psychological balance, General Ariel Sharon leads a nighttime counterattack across the Suez Canal through a narrow hole in the Egyptian line -- the turning point of the war.

This study considers the war from the Jordanian perspective.

Suicide attacks on Israelis, bombings, assassinations, and bloodshed in Jerusalem, Gaza, and the West Bank dominate the news from the Middle East. It is the most troubled region on earth. At its heart is the conflict between Palestinians and Israelis - and the legacy of six days of war in 1967. After the state of Israel emerged from war in 1948, both sides knew more battles were coming. In June 1967, years of slow-burning tension exploded. In six extraordinary days, Israel destroyed the armed forces of Egypt, Jordan, and Syria. But far from bringing peace, as many Israelis hoped, their stunning victory turned into a curse. From the initial battle order issued to the Israeli air force on Monday June 5, 1967 to the final ceasefire on the evening of Saturday the 10th, the Six-Day War was a riveting human drama. Building on his first-hand experience of the region after his five years as the BBC's Middle East Correspondent, as well as extensive original research, Jeremy Bowen presents a compelling new history of the conflict. Six Days recreates day by day, hour by hour, the bullying and brinkmanship that led four nations to war, interweaving testimonies of combatants from all sides in a seamless narrative. A rigorous and original piece of modern history is as vivid as fiction, Six Days not only sheds new light on one of the key conflicts of the twentieth century, it explains much about the Middle East and the problems the region still faces today.

Ally

How the 1967 War Shaped the Middle East

Many Americans feel swamped by immigrants with alien cultures, languages, and customs apparently flooding into our country.

Following the lightning destruction of the Egyptian forces at the outbreak of the Six Day War, Israel turned to the forces of Jordan and Syria, with whom Egypt had signed a mutual-defence pact, and which had now entered the war. Jordan's army moved against West Jerusalem and central Israel, while Syria began shelling Israeli towns from the seemingly impregnable Golan Heights. The IDF's invasion of the Golan was as daring and successful as its more famous Egyptian victory, but its success in Jordan - taking the West Bank - sowed the seeds of its future troubles. Comprehensively illustrated with artwork, maps and battlefield views, this new history brings one of the most important of 20th century campaigns to life.

During the first Palestinian uprising in 1990, Jeffrey Goldberg - an American Jew - served as a guard at the largest prison camp in Israel. One of his prisoners was Rafiq, a rising leader in the PLO. Overcoming their fears and prejudices, the two men began a dialogue that, over more than a decade, grew into a remarkable friendship. Now an award-winning journalist, Goldberg describes their relationship and their confrontations over religious, cultural, and political differences; through these discussions, he attempts to make sense of the conflicts in this embattled region, revealing the truths that lie buried within the animosities of the Middle East.

June 1967 and the Making of the Modern Middle East That Even the Cia Doesn't Know

For six tense days between June 5 and 10, 1967, war raged between Israel and its neighbors, Egypt, Jordan, and Syria. There are many contexts in which this story makes sense, but only Michael Oren, a widely published American-born Israel scholar and historian, has so far knitted the diverse strands into a cohesive fabric that remains vital and relevant today. With educated authority and authorial integrity, Oren manages to sketch out facts and motives with the same intrigue as battles and strategies. Escalating territorial and populist tensions in the Middle East only serve to make this title more relevant. Anyone who wants to have a grasp of Middle Eastern politics or political tensions involving Israel must read this title. Six Days of War was a New York Times Bestseller and Washington Post Best Book Award Winner in 2002 and has gone on to be an internationally acclaimed bestseller. The book has been widely recognized as the definitive telling of the Six Day War.

"Rubin's key insight is that the dynamic isn't a simple two-way fight - as it was with democratic reformers in Communist countries whom the Arab liberals are often compared to - between hardliners and reformers. Instead, the interplay is among the rulers, the religious radicals, and the reformers, who constantly pair off in different ways in different countries." "Yet the questions remain: How receptive are Arab states to reform? What are the obstacles that stand in the way of its establishment there, and how can they be overcome? Would any further actions taken by the United States or Israel do more harm than good?"--BOOK JACKET.
