

Skellig

The beautiful and haunting novel that launched David Almond as one of the best children's writers of today When a move to a new house coincides with his baby sister's illness, Michael's world seems suddenly lonely and uncertain. Then, one Sunday afternoon, he stumbles into the old, ramshackle garage of his new home, and finds something magical. A strange creature - part owl, part angel, a being who needs Michael's help if he is to survive. With his new friend Mina, Michael nourishes Skellig back to health, while his baby sister languishes in the hospital. But Skellig is far more than he at first appears, and as he helps Michael breathe life into his tiny sister, Michael's world changes for ever . . . Skellig won the Carnegie Medal and the Whitbread Children's Book Award and is now a major Sky1 feature film, starring Tim Roth and John Simm. David Almond is also winner of the 2010 Hans Christian Andersen award. Powerful and moving - The Guardian This newly jacketed

edition celebrates 15 years of this multi-award-winning novel.

On its surface *Skellig Michael* reads like a fast-paced international thriller involving crimes in high office, terrorism threats, espionage, corporate takeover battles, sex, lust, poignant romance, chase scenes, and shootouts. But readers who probe deeper may find the novel more provocative and complex than they initially thought. And in the end they may decide as the protagonists themselves do that the rocky landscape of the novel is a metaphor for life.

'There were twenty-five hours in my day then ... any job or challenge that the ocean or the harbour might offer was an option. I undertook them all.' Des Lavelle was born on Valentia Island in County Kerry in 1934, surrounded by the wild Atlantic waters. Known to the world for his passion for the nearby Skellig Islands, Des has led a fascinating and varied life, but his heart forever draws him back to Valentia. His wide-ranging memoir takes us on an extraordinary journey from an idyllic childhood on Valentia,

through a short-lived 'permanent, pensionable job' with the Western Union Telegraph Company to a rich and fascinating life where the sea always offered opportunities. When the movie *Ryan's Daughter* needed marine advice in 1968, they came to Des. In 1974 a North Sea oil rig sought him out to help with a giant safety net, and a few years later his special skills came to the fore once more as Telecom Éireann laid their cables under the waves. From sea-faring on his beloved 32ft Béal Bocht to pioneering deep-sea diving, running a ferry, campaigning for his beloved island outpost, crewing with the Valentia lifeboat and travelling to far-flung places, Des Lavelle shares his ups and downs on his road to becoming a renowned author and expert on the historical and wildlife riches of Kerry's intriguing Skellig Islands. *Island Boy* is the compelling story of a man born and raised in Valentia and of a unique life that he continues to live to the full.

The Skellig is a woman. Most of the time. On the black of the moon she's another creature altogether. Insectoid. A deal

she made, with the soul of earth known as the Grace, a few thousand years ago. Sometimes, over a couple of days, she's a bit of both. A desperate escape north is the only hope for thousands of runaways. Guided by an indigenous and immortal starman, the shape-shifting skellig, a Maori mystic named Mukata and Terrence, a scientist who should be the enemy but is not, make the journey. Bull and Rattlesnake Lil drive the silver bullet called the Midnight Express, packed to the rafters with escapees and hybrids. Alice, in his armored all-terrain, raises his rainbow pennant on a fifteen foot high middle-finger to the drone swarms overhead. A militarised force not far into their dust is intent on annihilation. The only escape is beyond the northern border a mighty, raging river, guarded by a mythic race called Álfur. It is live free or die. The year is 2156. Dystopia. Misrule. Pirates, badlands, transdrones, cowboys, rebellion. The story The Skellig tells is one of hope and redemption where hard tech and stainless steel meets legend and myth.

David Almond's Printz Honor-winning novel celebrates its 10th anniversary! Ten-year-old Michael was looking forward to moving into a new house. But now his baby sister is ill, his parents are frantic, and Doctor Death has come to call. Michael feels helpless. Then he steps into the crumbling garage. . . . What is this thing beneath the spiders' webs and dead flies? A human being, or a strange kind of beast never before seen? The only person Michael can confide in is his new friend, Mina. Together, they carry the creature out into the light, and Michael's world changes forever. . . .

The first complete guide-for use by adults and children-to creating fun and educational book clubs for kids. As authors of *The Book Club Cookbook*, the classic guide to integrating great food and food-related discussion into book club gatherings, Judy Gelman and Vicki Levy Krupp hear a common refrain from parents, librarians, teachers, community leaders and kids themselves: "How about

writing a book for kids' book clubs?" Indeed, in recent years youth organizations, parents, libraries, schools, and our local, state, and federal governments have launched thousands of book clubs for children as a way to counter falling literacy rates and foster a love of reading. Based on surveys representing five hundred youth book clubs across the country and interviews with parents, kids, educators, and librarians, *The Kids' Book Club Book* features: _- the top fifty favorite book club reads for children ages eight to eighteen; _- ideas and advice on forming great kids' book clubs-and tips for kids who want to start their own book clubs; _- recipes, activities, and insights from such bestselling children's book authors as Christopher Paolini, Lois Lowry, Jerry Spinelli, Nancy Farmer, Christopher Paul Curtis, Andrew Clements, Laurie Halse Anderson, Norton Juster, and many others. From recipes for the Dump Punch and egg salad sandwiches included in Kate DiCamillo's *Because of Winn-Dixie* to instructions on how to make soap carvings like the ones left in the knot-hole of a tree in Harper Lee's *To Kill a Mockingbird*, this book provides a bounty of ideas for making every kids' book club a success.

The landscape of Ireland is rich with ancient carved stone crosses, tomb-shrines, Romanesque churches, round towers, sundials, beehive huts, Ogham stones and other monuments, many of them dating from before the 12th century. The purpose and function of these artifacts have often been the subject of much debate. Peter Harbison proposes in this book a radical hypothesis: that a great many of these relics can be explained in terms of ecclesiastical pilgrimage. He has constructed a fascination theory about the palace of pilgrimage in the early Christian period,

placing it right at the center of communal life. The monuments themselves make much better sense if it looked at in this light—as having come into existence not through the practices of ascetic monks but because of the activities of pilgrims. He begins by searching the historical sources in detail for evidence of early pilgrimage sites. By examining their monuments he projects the findings to other locations where pilgrimage has not been documented. He goes on to describe monument-types of every kind and to identify pilgrims in sculpture surviving from before AD 1200. The Dingle Peninsula in Kerry proves to be a microcosm of pilgrimage monuments, enabling the author to reconstruct a tradition of maritime pilgrimage activity up and down the west coast of Ireland. Indeed, the famous medieval traveler's tale of the fabulous voyage of the St Brendan the Navigator can now be seen as the literary expression of a longstanding maritime pilgrimage along the Atlantic seaways of Ireland and Scotland, reaching Iceland, Greenland, and even North America.

This book features a cutting edge approach to the study of film adaptations of literature for children and young people, and the narratives about childhood those adaptations enact.

Historically, film media has always had a partiality for the adaptation of 'classic' literary texts for children. As economic and cultural commodities, McCallum points out how such screen adaptations play a crucial role in the cultural reproduction and transformation of childhood and youth, and indeed are a rich resource for the examination of changing cultural values and ideologies, particularly around contested narratives of childhood. The chapters examine various representations of childhood: as shifting states of innocence and wildness, liminality, marginalisation and invisibility. The book focuses on a range of literary and film genres, from 'classic' texts, to experimental, carnivalesque, magical realist, and cross-cultural texts.

Discusses how Almond's major themes relate specifically to the development of selfhood in his adolescent characters and explores the four major themes that are evident in all of his works. Back Roads of Ireland opens with a brief portrait of the country and then moves on to provide all the practical information required to plan a driving vacation: how to get there, bringing your own vehicle and options for renting, and detailed driving advice. The main section divides into numbered drives, following a logical progression around the country. Each drive features highlights and itinerary spreads for an overview and planning, followed by extensive descriptions of each sight and activity with clear driving instructions between. A language section at the back of the guide lists essential words and phrases, with a particular emphasis on road signs and driving-related vocabulary.

There's an empty notebook lying on the table in the moonlight. It's been there for an age. I keep on saying that I'll write a journal. So I'll start right here, right now. I open the book and write the very first words: My name is Mina and I love the night. Then what shall I write? I can't just write that this happened then this happened then this happened to boring infinitum. I'll let my journal grow just like the mind does, just like a tree or a beast does, just like life does. Why should a book tell a tale in a dull straight line? And so Mina writes and writes in her notebook, and here is her journal, Mina's life in Mina's own words: her stories and dreams, experiences and thoughts, her scribbles and nonsense, poems and songs. Her vivid account of her vivid life. In this stunning book, David Almond revisits Mina before she has met Michael, before she has met Skellig. Shortlisted for the 2012 Carnegie Medal.

Rooted in the oral traditions of cultures worldwide, fairy tales have long played an integral part in children's upbringing. Filled with gothic and fantastical elements like monsters, dragons, evil step-parents and fairy godmothers, fairy tales remain important tools for teaching children about themselves, and the dangers and joys of the world around them. In this collection of new essays, literary scholars examine gothic elements in more recent entries into the fairy tale genre—for instance, David Almond's *Skellig*, Neil Gaiman's *The Graveyard Book* and *Coraline* and Lemony Snicket's *A Series of Unfortunate Events*—exploring such themes as surviving incest, and the capture and consumption of children. Although children's literature has seen an increase in reality-based stories that allow children no room for escape from their everyday lives, these essays demonstrate the continuing importance of fairy tales in helping them live well-rounded lives. This revision guide for Key Stage 3 English contains in-depth course coverage and advice on how to get the best results in the Year 9 National Test.
