Two persistent dilemmas haunt school reform: curriculum politics and classroom constancy. Both undermined the 1960s' new social studies, a dynamic reform movement centered on inquiry, issues, and social activism. Dramatic academic freedom controversies ended reform and led to a conservative restoration. On one side were teachers and curriculum developers; on the other, conservative activists determined to undo the revolutions of the 1960s. The episode brought a return to traditional history, a turn away from questioning, and the re-imposition of authority. Engagingly written and thoroughly researched, The Tragedy of American School Reform offers a provocative perspective on current trends.

Based on almost 200 previously unpublished letters and extensive interviews with their closest associates, Walker's biography of Margaret Mitchell and her husband, John Marsh, offers a new look into a devoted marriage and fascinating partnership that ultimately created a Pulitzer Prize-winning novel. This edition of Walker's biography celebrates the seventy-fifth anniversary of the publication of Gone With the Wind in 1936. In lively extracts from their letters to family and friends, John and Margaret, who also went by Peggy, describe the stormy years of their courtship, their bohemian lifestyle as a young married couple, the arduous but fulfilling years when Peggy was writing her famous novel, the thrill of its acceptance for publication and its literary success, and the excitement of the making of the movie. In telling the private side of this twenty-four-year marriage, author Marianne Walker reveals a long-suspected truth: Gone With the Wind might have never been written were it not for John Marsh. He was Peggy's best friend and constant champion, and he became her editor, proofreader, researcher, business manager, and the inspiration and motivation behind her writing. At every point, including the turbulent years of Mitchell's first marriage to Red Upshaw, it was John who provided the intellectual stimulation, emotional support, and editorial insights that allowed Peggy to channel her talents into the creation of her astounding Civil War epic. From years of meticulous research, Marianne Walker details the intimate and moving love story between a husband and wife, and between a writer and her editor.

A stunning follow-up to Carmen Aguirre's bestselling and Canada Reads-winning first book, Something Fierce. Mexican Hooker #1 is a powerful, heartfelt and grippingly honest memoir of finding meaning in life and one's voice as an artist, and of developing the strength to confront and overcome a childhood trauma. Carmen Aguirre has lived many lives, all of them to the full. At age six she was a Chilean refugee adjusting to life as a Latina in North America. At eighteen she was a revolutionary dissident married to a generous-hearted man she couldn't fully love. In her early twenties she fought to find her voice as an actress and to break away from the stereotypical roles thrust upon her--Housekeeper, Hotel Maid, Mexican Hooker #1--all the while navigating the complex paths of lust and heartbreak. As she grew in her career, Aguirre became a writer, a director, an actress, and then a mother, but alongside her many multi-faceted identities was another that was unbearable to embrace yet impossible to escape; that of the thirteen-year-old girl attacked by one of Canada's most feared rapists. Thirty-three years after the assault, Aguirre decided it was time to meet the man who changed her life. Fierce, funny and enlightening, Aguirre interweaves her account of coming to grips with the attack that shook her world with a host of stories of life and love. From her passionate but explosive relationship with a gorgeous Argentinian basketball player to the all-consuming days at drama school in Vancouver; from the end of the Chilean revolutionary dream to life among the Chicano theatre scene of Los Angeles; from the child who was made the victim of a terrible crime to the artist who found the courage to face her assailant, Aguirre tells a story of strength and survival that will leave you speechless.

Peggy Orenstein, acclaimed author of the groundbreaking New York Times bestsellers Girls & Sex and Schoolgirls, offers a radical, timely wake-up call for parents, revealing the dark side of a pretty and pink culture confronting girls at every turn as they grow into adults. Sweet and sassy or predatory and hardened, sexualized girlhood influences our daughters from infancy onward, telling them that how a girl looks matters more than who she is. Somewhere between the exhilarating rise of Girl Power in the 1990s and today, the pursuit of physical perfection has been recast as the source of female empowerment. And commercialization has spread the message faster and farther, reaching girls at ever-younger ages. But how dangerous is pink and pretty, anyway? Being a princess is just make-believe; eventually they grow out of it . . . or do they? In search of answers, Peggy Orenstein visited Disneyland, trolled American Girl Place, and met parents of beauty-pageant preschoolers tricked out like Vegas showgirls. The stakes turn out to be higher than she ever imagined. From premature sexualization to the risk of depression to rising rates of narcissism, the potential negative impact of this new girlie-girl culture is undeniable—yet armed with awareness and recognition, parents can effectively counterbalance its influence in their daughters' lives.

With her celebrated humor, insight, and heart, beloved New York Times bestseller Emma Straub offers her own twist on traditional time travel tropes, and a different kind of love story. On the eve of her 40th birthday, Alice's life isn't terrible. She likes her job, even if it isn't exactly the one she expected. She's happy with her apartment, her romantic status, her independence, and she adores her lifelong best friend. But her father is ailing, and it feels to her as if something is missing. When she wakes up the next morning she finds herself back in 1996, reliving her 16th birthday. But it isn't just her adolescent body that shocks her, or seeing her high school crush, it's her dad: the vital, charming, 40-something version of her father with whom she is reunited. Now armed with a new perspective on her own life and his, some past events take on new meaning. Is there anything that she would change if she could?

"Wrenching . . . powerfully sensuous." — New York Times "As searing and unforgettable as an electric shock." —Kirkus Reviews At the age of eight Brian Lackey is found bleeding under the crawl space of his house, having endured something so traumatic that he cannot remember an entire five-hour period of time. During the following years he slowly recalls details from that night, but these fragments are not enough to explain what happened to him, and he begins to believe that he may have been the victim of an alien encounter. Neil McCormick is fully aware of the events from that summer of 1981. Wise beyond his years, curious about his developing sexuality, Neil found what he perceived to be love and guidance from his baseball coach. Now, ten years later, he is a teenage hustler, unaware of the dangerous path his life is taking. His recklessness is governed by idealized memories of his coach, memories that unexpectedly change when Brian comes to Neil for help and, ultimately, the truth.

Everyone eats, but rarely do we investigate why we eat what we eat. Why do we love spices, sweets, coffee? How did rice become such a staple food throughout so much of eastern Asia? Everyone Eats examines the social and cultural reasons for our food choices and provides an explanation of the nutritional reasons for why humans eat what they do, resulting in a unique cultural and biological approach to the topic. E. N. Anderson explains the economics of food in the globalization era; food’s relationship to religion, medicine, and ethnicity; and offers suggestions on how to end hunger, starvation, and malnutrition. This thoroughly updated Second Edition incorporates the latest food scholarship, most notably recognizing the impact of sustainable eating advocacy and the state of food security in the world today.

Anderson also brings more insight than ever before into the historical and scientific underpinnings of our food customs, fleshing this out with fifteen new and original photographs from his own extensive fieldwork. A perennial classic in the anthropology of food, Everyone Eats feeds our need to understand human ecology by explaining the ways that cultures and political systems structure the edible environment.

Everything You Need to Know to Make Your Favorite Layers, Bundts, Loaves, and More [A Baking Book]

This book describes the 1873 voyage of the British explorer Benjamin Leigh Smith, based on the diaries and photographs of Lieutenant Herbert C. Chermside, who joined the expedition of the seas around Svalbard. Chermside’s photographs, long believed lost, have recently been uncovered in Sweden and are being curated there by the Grenna Museum. The three unpublished diaries of Herbert Chermside were lent to the Scott Polar Research Institute in 1939 by Mrs. Benjamin Leigh Smith. For the first time, Chermside’s diaries are published in their entirety, with the original photographs shown alongside modern images of the same locations. This includes the first photographic record of the north coast of Svalbard, images that are today being used as comparative data for the study of climate change in the archipelago. The diaries have been fully transcribed and edited. Introductory chapters are included, written by specialists in the history of exploration, history of science, and the history of photography from Penn State University, the University of Gothenburg, and UiT, the Arctic University of Norway, as well as contributors from the UK and Germany. This volume is published in association with Grenna Museum, which will present Chermside’s photographs in a 2022 exhibit on Leigh Smith and A.E. Nordenskiöld.

How the extraordinary multisensory phenomenon of synesthesia has changed our traditional view of the brain. A person with synesthesia might feel the flavor of food on her fingertips, sense the letter “J” as shimmering magenta or the number “5” as emerald green, hear and taste her husband's voice as buttery golden brown. Synesthetes rarely talk about their peculiar sensory gift—believing either that everyone else senses the world exactly as they do, or that no one else does. Yet synesthesia occurs in one in twenty people, and is even more common among artists. One famous synesthete was novelist Vladimir Nabokov, who insisted as a toddler that the colors on his wooden alphabet blocks were “all wrong.” His mother understood exactly what he meant because she, too, had synesthesia. Nabokov's son Dmitri, who recounts this tale in the afterword to this book, is also a synesthete—further illustrating how synesthesia runs in families. In Wednesday Is Indigo Blue, pioneering researcher Richard Cytowic and distinguished neuroscientist David Eagleman explain the neuroscience and genetics behind synesthesia's multisensory experiences. Because synesthesia contradicted existing theory, Cytowic spent twenty years persuading colleagues that it was a real—and important—brain phenomenon rather than a mere curiosity. Today scientists in fifteen countries are exploring synesthesia and how it is changing the traditional view of how the brain works. Cytowic and Eagleman argue that perception is already multisensory, though for most of us its multiple dimensions exist beyond the reach of consciousness. Reality, they point out, is more subjective than most people realize. No mere curiosity, synesthesia is a window on the mind and brain, highlighting the amazing differences in the way people see the world.

The day that you gave your life to Christ, you received a priceless gift. This gift is immediately available the moment you receive Christ as your personal savior. When people give gifts, they give gifts that are representative of themselves. God provided this awesome gift because He wants you to realize He is an awesome God. You should expect supernatural experiences when you are in relationship with a supernatural God. This gift must be opened and used. It takes faith to use this gift. As you begin to use this gift, you will appear strange to some and unrealistic to others. Yes, some have missed great opportunities because they were afraid or didn't know how to use the gift. Some have lived defeated lives because they did not know that the use of the gift would cause them to be victorious. Your mind can convince you that the gift only works in certain situations. Some have used the gift for a few days and decided it does not work; not realizing that this gift is extremely effective in both the spiritual and earthly realm; not realizing that the gift begins to work the moment it is put to use. As you open your gift, I hope you will not be too quick to give up on the gift. Its value is beyond comprehension. Its power is not easily articulated because you don't always know how much is being changed and resolved through the use of this gift. Read on to discover the peace, joy, and miracles that were experienced by those who believed in the power of the Awesome Gift. Belief combined with application brings about supernatural results.

In this New York Times Editor's Pick, the brilliant founder of MuslimGirl.com shares her harrowing and candid account of what it's like to be a young Muslim woman in the wake of 9/11, during the never-ending war on terror, and through the Trump era of casual racism. At nine years old, Amani Al-Khatahtbeh watched from her home in New Jersey as two planes crashed into the World Trade Center on September 11, 2001. That same year, she heard her first racial slur. At thirteen, her family took a trip to her father's native homeland of Jordan, and Amani experienced firsthand a culture built on the true peaceful nature of Islam in its purest form, not the Islamic stereotypes she heard on the news. Inspired by her trip and after years of feeling like her voice as a Muslim woman was marginalized during a time when it seemed all Western media could talk about was, ironically, Muslim women, Amani created a website called Muslim Girl. As the editor-in-chief, she put together a team of Muslim women and started a life dedicated to activism. Muslim Girl: A Coming of Age is the extraordinary account of Amani's journey through adolescence as a Muslim girl, from the Islamophobia she's faced on a daily basis, to the website she launched that became a cultural phenomenon, to the nation's political climate in 2016 as Donald Trump wins the presidency. While dispelling the myth that a headscarf signifies neither radicalism nor oppression, she shares both her own personal accounts and anecdotes from the "sisterhood" of writers that serve as her editorial team at Muslim Girl. Amani's "blunt...potent message...is a skillful unraveling of the myth of the submissive Muslim woman" (The New York Times Book Review) and a deeply necessary counterpoint to the current rhetoric about the Middle East.

From Beth Harbison, the New York Times bestselling author of When in Doubt, Add Butter and Shoe Addicts Anonymous, comes Chose the Wrong Guy, Gave Him the Wrong Finger, a delightful new novel that will make you look at second chances in a whole new way. Ten years ago, Quinn Barton was on her way to the altar to marry Burke Morrison, her high school sweetheart, when something derailed her. Rather, someone derailed her—the Best Man who at the last minute begged her to reconsider the marriage. He told her that Burke had been cheating on her. For a long time. Quinn, stunned, hurt, and confused, struggled with the obligation of fulfilling her guests' expectations—providing a wedding—and running for her life. She chose running. With the Best Man. Who happened to be Burke's brother, Frank. That relationship didn't work either. How could it, when Quinn had been engaged to, in love with, Frank's brother? Quinn opted for neither, and, instead, spends the next seventeen years working in her family's Middleburg, Virginia, bridal shop, Talk of the Gown, where she subconsciously does penance for the disservice she did to marriage. But when the two men return to town for another wedding, old anger, hurt, and passion resurface. Just because you've traded the good guy for the bad guy for no guy doesn't mean you have to stay away from love for the rest of your life, does it? Told with Beth Harbison's flair for humor and heart, Chose the Right Guy will keep you guessing and make you believe in the possibilities of love.

Love on the LinksAmerican attorney Julie Leonard has come to Scotland on a working holiday, determined to improve her golf game and earn a leg up in the judgeship sweepstakes. As if a stubborn lady lawyer weren't enough trouble, Niall's neighbor-turned-nemesis, Declan MacPherson, has finally found an old Last Will and Testament that could wreck Niall's plans to expand his golf course.Julie thought she wanted to wear that black judicial robe, but when Niall and Declan ask her to resolve their land dispute, Julie realizes she'd rather wear Niall's ring. Will she steal Niall's dream, or will he fulfill hers?My Heartthrobs in the HighlandsMegan Leonard travels to Scotland to arrange the flowers for her sister's wedding, though it's crunch time for Megan's business, with the loan that will allow her to buy a second flower shop nearing approval. Best man Declan MacPherson is a Scottish farmer who strikes Megan as married to the land himself. She so diligently, despite his enthusiasm for Megan's company during the wedding preparations.Megan and Declan's interest blossoms into romance, but one of them will have to give up everything they've ever worked for if that romance is to have a happily ever after. Can true love put down roots in Scotland, or will the maid of honor return home without her best Scotsman?

This early work by Ring Lardner was originally published in 1925 and we are now republishing it with a brand new introduction. 'Haircut' is a dark satire about moral blindness. Ring Lardner was born in Niles, Michigan in 1885. He studied engineering at the Armour Institute of Technology in Chicago, but did not complete his first semester. In 1907, Lardner obtained his first job as journalist with the South Bend Times. Six years later, he published his first successful book, You Know Me Al, an epistolary novel written in the form of letters by 'Jack Keefe', a bush-league baseball player, to a friend back home. A huge hit, the book earned the appreciation of Virginia Woolf and others. Lardner went on to write such well-known short stories as 'Haircut', 'Some Like Them Cold', 'The Golden Honeymoon', 'Alibi Ike', and 'A Day with Conrad Green'.

A shocking insider's look at how global giants conspire to obscure the truth and manipulate our minds. Marketing visionary Martin Lindstrom has been on the front lines of the branding wars for over twenty years. Here, he turns the spotlight on his own industry, drawing on all he has witnessed behind closed doors, exposing for the first time the full extent of the psychological tricks and traps that companies devise to win our hard-earned dollars. Picking up from where Vance Packard's bestselling classic, The Hidden Persuaders, left off more than half-a-century ago, Lindstrom reveals: New findings that reveal how advertisers and marketers intentionally target children at an alarmingly young age - starting when they are still in the womb! Shocking results of an fMRI study which uncovered what heterosexual men really think about when they see sexually provocative advertising (hint: it isn't their girlfriends). How marketers and retailers stoke the flames of public panic and capitalize on paranoia over global contagions, extreme weather events, and food contamination scares. The first ever neuroscientific evidence proving how addicted we all are to our iPhones and our Blackberry's (and the shocking reality of cell phone addiction - it can be harder to shake than addictions to drugs and alcohol). How companies of all stripes are secretly mining our digital footprints to uncover some of the most intimate details of our private lives, then using that information to target us with ads and offers 'perfectly tailored' to our psychological profiles. How certain companies, like the maker of one popular lip balm, purposely adjust their formulas in order to make their products chemically addictive. What a 3-month long guerrilla marketing experiment, conducted specifically for this book, tells us about the most powerful hidden persuader of them all. And much, much more. This searing expose introduces a new class of tricks, techniques, and seductions - the Hidden Persuaders of the 21st century- and shows why they are more insidious and pervasive than ever.
