PENGUIN RANDOM HOUSE IS PROUD TO PUBLISH ANTI-CLOCK, WINNER OF THE O.V. VIJAYAN AWARD AND THIKKURISSI AWARD 'A philosophical novel that discusses the mysterious problems of life and death' BENYAMIN "'Time is everything, man is nothing; he is, at most, time's carcass.'" V.J. James's novel Anti-Clock has given an extremely creative twist to these words by Karl Marx' O.V. VIJAYAN PRIZE Hendri, the coffin maker, has one goal in life: to see the dead body of his nemesis Satan Loppo being lowered into the coffin he has painstakingly carved. For it was Loppo who defiled his beloved Beatrice, and let loose his hellhound Hitler upon Hendri, giving him a permanent limp. From inside his coffin shop, Hendri watches the world go by even as he prepares to deliver justice upon Loppo. He is confronted by the son of his best friend becoming enamoured with Loppo's wealth, Loppo's evil designs towards the hills of Aadi Nadu, and his own Christian guilt that regularly comes to haunt him. Until he meets Pundit, a 112-year-old watchmaker who was part of Bose's Indian National Army and is building an 'Anti-Clock', which can turn back time. When Loppo too hears of the Anti-Clock and desires to possess it, the inevitable battle becomes a reality.

WINNER, Edward Stanford Travel Writing Awards 2022: Illustrated Travel Book of the Year. From Stephen King's Salem's Lot to the superhero land of Wakanda, from Lilliput of Gulliver's Travels to Springfield in The Simpsons, this is a wondrous atlas of imagined places around the world. Locations from film, tv, literature, myths, comics and video games are plotted in a series of beautiful vintage-looking maps. The maps feature fictional buildings, towns, cities and countries plus mountains and rivers, oceans and seas. Ever wondered where the Bates Motel was based? Or Bedford Falls in It's a Wonderful Life? The authors have taken years to research the likely geography of thousands of popular culture locations that have become almost real to us. Sometimes these are easy to work out, but other times a bit of detective work is needed and the authors have been those detectives. By looking at the maps, you'll find that the revolution at Animal Farm happened next to Winnie the Pooh's home. Each location has an extended index entry plus coordinates so you can find it on the maps. Illuminating essays accompanying the maps give a great insight into the stories behind the imaginary places, from Harry Potter's wizardry

to Stone Age Bedrock in the Flintstones. A stunning map collection of invented geography and topography drawn from the world's imagination. Fascinating and beautiful, this is an essential book for any popular culture fan and map enthusiast.

This book looks at how legal frameworks can and do reduce risks arising out of disasters.

The volume: analyses existing disaster laws and the challenges on the ground; brings together case studies from some of the most vulnerable regions; and proposes solutions to avert existing and possible future crises. The book offers appropriate legal frameworks for disaster management which could not only offer sustainable institutional reforms towards community resilience and preparedness but also reduce risk within the frameworks of justice, equity and accountability. It examines the intricacies of governance within which governments function and discusses how recent trends in infrastructure development and engineering technology could be balanced within the legal principles of ethics, transparency and integrity. The chapters in the volume suggest that legal frameworks ought to resonate with new challenges of resource management and climate change. Further, these frameworks could help secure citizens' trust, institutional accountability and effective implementation through an unceasing partnership which keeps the community better prepared and more resilient. This volume will be indispensable to scholars and researchers of disaster management, law, public policy, environment and development studies as well as policymakers and those in administrative, governmental, judicial and development sectors.

Earliest Indian Biographies of Karl Marx, by Lala Hardayal and Swadeshbhimani Ramakrishna Pillai, with Critical Introductions

Ann Marie reads fragments of her dead husband's unfinished book, and the many love letters he sent her, and in them the social and political events of the time. As she ponders over the writing and the years that the brilliant Jithendran squandered working for a toy company that makes drum-playing monkeys, the narrative gives way to the sweeping saga of a village by the river Periyar. Grappling with issues of equality, love, caste, religion and politics, Thachanakkara is a microcosm of twentieth-century Kerala. Told through the history of three generations of a feudal Nair family, this sprawling story is reminiscent of the craft of Gabriel Garcia Marquez's *One Hundred Years of Solitude* and has the scale of Sunil Gangopadhyay's *Those Days*. *Manushyanu Oru Amukham* is an artistic meditation on human existence and is a contemporary classic.

The Story Of This Novel Is Woven Round A Mosque And Its Surroundings. The Author Introduces The Reader To A Burial Ground Where Many Extinguished Lives Have Found Their Lives And Resting Place. Bovine Bugles is the author's own English translation of his novel Aarohanam , which won him the Kerala Sahitya Academy Award. V K N was a path breaking and celebrated Malayalam writer, noted mainly for his high brow satire.

Journeying from the green, rain-soaked Kerala into the amphitheatre of the Sun, our traveller-journalist finds that there is no better metaphor than the desert to instil the lessons of life and death, love and hatred, thirst and water. From a single shower of rain which brings the gaaf tree back to life after a decade to the ever-shifting dunes of gold and thousand-year-old sand palaces, the mysterious poetry of the desert is everywhere on display, if one but has the eye and heart to see it. As the deserts of Nafud, Dahna, and Rub' al Khali in Arabia both embrace and trap the travellers, the outpouring of the landscape's longing for rivers recalls a past filled with water. This narrative describes the history, prehistory, archaeology, legends, folklore, and travails of the émigré Asian work force that tames the harsh desert as never before.

This book addresses the historical, social, colonial, and administrative contexts that determine today's U.S. actor training, as well as matters of identity politics, access, and marginalization as they emerge in classrooms and rehearsal halls. It considers persistent, questioning voices about our nation's acting training as it stands, thereby contributing to the national dialogue the diverse perspectives and proposals needed to keep American actor training dynamic and germane, both within the U.S. and abroad. Prominent academics and artists view actor training through a political, cultural or ethical lens, tackling fraught topics about power as it plays out in acting curricula and classrooms. The essays in this volume offer a survey of trends in thinking on actor training and investigate the way American theatre expresses our national identity through the globalization of arts education policy and in the politics of our curriculum decisions.
