This textbook serves as a guide to design and evaluate evidence-based programs intended to prevent or counter violent extremism (P/CVE). Violent extremism and related hate crimes are problems which confront societies in virtually every region of

File Type PDF Social Psychology 4th Edition File Type

the world; this text examines how we can prevent or counter violent extremism using a systematic, evidence-based approach. The book, equal parts theoretical, methodological and applied, represents the first science-based

File Type PDF Social Psychology 4th Edition File Type

guide for understanding “what makes hate,” and how to design and evaluate programs intended to prevent this. Though designed to serve as a primary course textbook, the work can readily serve as a how-to guide for self-study, given its
