Sociology By Cn Shankar Rao

This study of Durkheim seeks to help the reader to achieve a historical understanding of his ideas and to form critical judgments about their value. To some extent these two aims are contradictory. On the one hand, one seeks to understand: what did Durkheim really mean, how did he see the world, how did his ideas relate to one another and how did they develop, how did they relate to their biographical and historical context, how were they

Download Free Sociology By Cn Shankar Rao

received, what influence did they have and to what criticism were they subjected, what was it like not to make certain distinctions, not to see certain errors, of fact or of logic, not to know what has subsequently become known? On the other hand, one seeks to assess: how valuable and how valid are the ideas, to what fruitful insights and explanations do they lead, how do they stand up to analysis and to the evidence, what is their present value? Yet it seems that it is only by inducing oneself not to see and only by seeing them that one can make a critical assessment.

Download Free Sociology By Cn Shankar Rao

The only solution is to pursue both aims--seeing and not seeing--simultaneously. More particularly, this book has the primary object of achieving that sympathetic understanding without which no adequate critical assessment is possible. It is a study in intellectual history which is also intended as a contribution to sociological theory. Contains over 2,500 alphabetically arranged entries providing definitions of terms and ideas related to sociology, along with cross-references, and biographical sketches of key individuals in the field.

questions provided in the book, and prepare them to face their exam with confidence. TOC Indian Banking and its History, Indian Banking Structure, Reserve Bank of India, Banking Regulation System, Banking Innovation in India, Banking Services in India, Financial Reforms in Banks, Banking Committees and Financial Standards, Financial Institutions in India, Money and Financial Market, Capital Market, Insurance and NBFCs, Tax System in India, Public Finance and Budget, Indian Economy, Industry and Trade, International Organisation and World Bank, Important Government Schemes, Practice Sets (1-3), Abbreviation, Glossary, Financial and Banking Current Affairs.

A Corporate Professional is required to equip himself with regard to

Download Free Sociology By Cn Shankar Rao

corporate compliances on day- to-day basis. There are number of compliances which are required to be complied with depending on the event , whether it is incorporation / conversion / change , etc., not only from Company Law point of view but also from SEBI Regulations point of view (in case of a listed company). To assist the professional in this endeavour, this book is yet another attempt to provide all related procedures at one place along with the resolutions to make it handy and easy to use. The Book has been divided into two parts. Division-I contains Company Law Procedures of more than 115 events. Each procedure has been divided into following heads: - Applicable Section of the Companies Act, 2013 - Applicable Company Rule - Applicable

Regulation in case of listed company - SEBI (Listing Obligations and Disclosure Requirements)

Regulations, 2015 - Synopsis (giving background of the section of the Companies Act, 2013) - Procedure (step by step, including various Government approvals and filing of Forms, etc.) - Compliance by a listed company in accordance with SEBI (LODR) Regulations, 2015 - Draft Board resolutions - Draft General Meeting resolutions (Special/Ordinary resolution) Division-II contains updated Company Rules as issued by the Ministry of Corporate Affairs from time to time and which are referred under various procedures of the Book.

Peter L. Berger is arguably the best-known American sociologist living today. Since the 1960s he has been

Download Free Sociology By Cn Shankar Rao

publishing books on many facets of the American social scene, and several are now considered classics. So it may be hard to believe Professor Berger's description of himself as an "accidental sociologist." But that in fact accurately describes how he stumbled into sociology. In this witty, intellectually stimulating memoir, Berger explains not only how he became a social scientist, but the many adventures that this calling has led to. Rather than writing an autobiography, he focuses on the main intellectual issues that motivated his work and the various people and situations he encountered in the course of his career. Full of memorable vignettes and colorful characters depicted in a lively narrative often laced with humor, Berger's memoir conveys the

Download Free Sociology By Cn Shankar Rao

excitement that a study of social life can bring. The first part of the book describes Berger's initiation into sociology through the New School for Social Research, "a European enclave in the midst of Greenwich Village bohemia." Berger was first a student at the New School and later a young professor amidst a clique of like-minded individuals. There he published The Social Construction of Reality (with colleague Thomas Luckmann), one of his most successful books, followed by The Sacred Canopy on the sociology of religion, also still widely cited. The book covers Berger's experience as a "globe-trekking sociologist" including trips to Mexico, where he studied approaches to Third World poverty; to East Asia, where he discovered the potential of capitalism to improve

Download Free Sociology By Cn Shankar Rao

social conditions; and to South Africa, where he chaired an international study group on the future of post-Apartheid society. Berger then tells about his role as the director of a research center at Boston University. For over two decades he and his colleagues have been tackling such important issues as globalization, the secularization of Europe, and the ongoing dialectic between relativism and fundamentalism in contemporary culture. What comes across throughout is Berger's boundless curiosity with the many ways in which people interact in society. This book offers longtime Berger readers as well as newcomers to sociology proof that the sociologist's attempt to explain the world is anything but boring.

content which is now contemporary while also being timeless. A large number of words are explained with the help of examples and their lineage which helps the reader understand their individual usage and the ways to use them on the correct occasion.

This book assists in understanding the various perspectives of Indian society, which has passed through a long evolutionary process, from monarchy to feudalism, colonialism, and democracy. Officially, India is now a plural, democratic,

technological, industrial, and capitalistic society. Numerous sociological thinkers from India are discussed in the book, as well as a few Western sociologists who have done research in India and have developed their own perspectives on Indian society. The main perspectives are structural-functional, dialectical-historical, cultural, and subaltern. This second edition has been thoroughly updated and revised to include extended discussions on Irawati Karve and AndrÃ©©

diversities. These diversities are also reflected in its social problems. This book covers social problems which are general in nature and common to the whole nation such as population problem, poverty, unemployment, child labour, urbanization, youth unrest, problems of the aged, family disorganization, corruption, crime and delinquency, etc. This book is prepared mainly to cater to the needs of the undergraduate and postgraduate students. Most of the universities in India have prescribed one paper on 'Indian Social Problems' either at the undergraduate or postgraduate level. The book also covers topics that are included in the syllabi of IAS, NET, SLET, KAS and other

national- and state-level competitive examinations. It also contains lessons that form part of MBA, nursing and fiveyear law courses. Such students and examinees will definitely find the book highly helpful.

This book proposes a new representation of Emile Durkheim, as the philosopher and moralist who wanted to renovate rationalism, challenge positivism, reform sociology, and extend Schopenhauer's philosophy to the new domain of sociology. Above all, it highlights Durkheim's vision of sociology as the 'science of morality' that would eventually replace moralities based on religion.

The Uses of Sociology discusses whether sociological knowledge

Download Free Sociology By Cn Shankar Rao

is important. It introduces students to the main ways in which sociology is practised in the world and explores the major debates concerning its social purposes. Explores questions concerning the usefulness of sociology and the problems involved in engaging in social intervention. Includes readings which students can use to evaluate the usefulness of different sociological perspectives. Compares and contrasts different sociological traditions, and their engagements with 'the social'. Forms part of a four-book series on sociology and society. The revised edition of Robert Stern's book brings India's story up to date. Since its original publication in 1993, much has altered and yet central to the author's argument remains his belief in the remarkable continuity and vitality of India's social systems and its resilience in the face of change. This is a colourful, readable and comprehensive introduction to modern India. In a journey through its family households

Download Free Sociology By Cn Shankar Rao

and villages, the author explains its long-lived and little understood caste and class systems, its venerable faiths and extraordinary ethnic diversity, its history as 'the jewel in the crown' of British imperialism and its post-Independence career as a major agricultural and industrial nation. While paradoxes abound in an India which is constantly transforming, Stern demonstrates how and why it remains the largest and most enduring democracy in the developing world. The bravest and most successful attempt yet to bring what is happening in academic sociology
