The Basics of Sociology

Readings to Accompany *Sociology, a Down-to-earth Approach*, Eighth Edition

Down to Earth Sociology

A Down-To-Earth Approach

Marriage and Family in a Changing Society

This best-selling comprehensive book conveys the relevance of sociology by presenting a timely collection of theories, research, and examples -- including its signature first-person accounts that open many chapters. These lived experiences are relevant to students and introduce themes that provide a framework for learning the chapter material. Kendall's vivid and inviting writing style, emphasis on applications, and eye for compelling current examples further highlight sociology's relevance to all students. Now in its eleventh edition, *SOCIOLOGY IN OUR TIMES* is acclaimed for being the first textbook to integrate race, class, and gender issues, and for its thorough presentation of sociological theory, including contemporary perspectives such as feminism and postmodernism. This edition focuses more on social/global change and on the contemporary world, presenting such current debates as bullying and social media abuse, digital-age methods to increase school attendance, food trucks and the spread of culture, modern slavery, and weight bias. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Get Closer. Your Course. Your Way. A vibrant new learning program designed to engage students every step of the way with a modular approach and a dynamic digital experience. Mastering Sociology provides a friendly and accessible introduction to the discipline. MySocLab for Mastering Sociology features engaging student learning experiences including an interactive eText, the New Core Concepts Video Series, and the New Social Explorer. For thirty-five years and through thirteen editions, Jim Henslin's *Down to Earth Sociology* has opened new windows onto the social realities that shape our world. Now in its fourteenth edition, the most popular anthology in sociology includes new articles on our changing world while also retaining its classic must-read essays. Focusing on social interaction in everyday life, the forty-six selections bring students face-to-face with the twin projects of contemporary sociology: understanding the individual's experience of society and analyzing social structure. The fourteenth edition's exceptional new readings include selections on the role of sympathy in everyday life, mistaken

perceptions of the American family, the effects of a criminal record on getting a job, and the major social trends affecting our future. Together with these essential new articles, the selections by Peter Berger, Herbert Gans, Erving Goffman, Donna Eder, Zella Luria, C. Wright Mills, Deborah Tannen, Barrie Thorne, Sidney Katz, Philip Zimbardo, and many others provide firsthand reporting that gives students a sense of "being there." Henslin also explains basic methods of social research, providing insight into how sociologists explore the social world. The selections in Down to Earth Sociology highlight the most significant themes of contemporary sociology, ranging from the sociology of gender, power, politics, and religion to the contemporary crises of racial tension, crime, rape, poverty, and homelessness.

The Sociological Imagination

Introduction to Sociology 2e adheres to the scope and sequence of a typical, one-semester introductory sociology course. It offers comprehensive coverage of core concepts, foundational scholars, and emerging theories, which are supported by a wealth of engaging learning materials. The textbook presents detailed section reviews with rich questions, discussions that help students apply their knowledge, and features that draw learners into the discipline in meaningful ways. The second edition retains the book's conceptual organization, aligning to most courses, and has been significantly updated to reflect the latest research and provide examples most relevant to today's students. In order to help instructors transition to the revised version, the 2e changes are described within the preface. The images in this textbook are grayscale. Authors include: Heather Griffiths, Nathan Keirns, Eric Strayer, Susan Cody-Rydzewski, Gail Scaramuzzo, Tommy Sadler, Sally Vyain, Jeff Bry, Faye Jones

Sociology, Ninth Canadian Edition, Loose Leaf Version

Introduction to Sociology

Criminal Law

Essentials of Sociology, Books a la Carte Edition

Sociology: A Down to Earth Approach

A latest edition of readings for the Introductory Sociology college market features thirty percent new articles that address current issues of contemporary sociology, from gender and politics to religion and AIDS, in a collection complemented by correlating charts that list key introductory textbooks. Original. 20,000 first printing.

Providing the undergraduate criminal law course with a nationally acclaimed blend of analysis and illustrative cases, Joel Samaha's CRIMINAL LAW has been the textbook of choice among instructors for more than 30 years. Praised for his clear, concise, and engaging writing style, Samaha presents criminal law using a combined text/casebook approach. The text is known for its methodical, careful explanations of traditional law categories as well as its inclusion of both classic and contemporary cases. Packed with the latest topics and cases, new You Decide critical thinking features, and new Criminal Law in Focus discussions, the Twelfth Edition is even more effective in helping students understand and think analytically about the underlying principles and policies that specific cases illustrate. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

For more than thirty years and through eleven editions, James Henslin's Down to Earth Sociology has opened new windows onto the social realities that shape our world. Now in its twelfth edition, the most popular anthology in all of sociology includes new articles on our changing world while also retaining its classic, must-read essays. Focusing on social interaction in everyday life, the forty-five selections bring students face-to-face with the twin projects of contemporary sociology: understanding the individual's experience of society and analyzing social structure. The twelfth edition's exceptional new readings include selections on the unspoken rules of social interaction, the shocking disparities between upper- and lower-class life, America's changing attitudes toward work and family and the roles they fulfill, and the "McDonaldization" of American society. Together with these essential new articles, the selections by Peter Berger, Herbert Gans, Erving Goffman, Donna Eder, Zella Luria, C. Wright Mills, Deborah Tannen, Barrie Thorne, Sidney Katz, Philip Zimbardo, and many others provide firsthand reporting that gives students a sense of "being there." Henslin also explains basic methods of social research, providing insight into how sociologists explore the social world. The selections in Down to Earth Sociology highlight the most significant themes of contemporary sociology, ranging from the sociology of gender, power, politics, sports, and religion, to the contemporary crises of racial tension, crime, rape, poverty, and homelessness.

A sociological understanding of social problems. Social Problems: A Down to Earth Approach, 11/e is a theoretically balanced text that provides the latest research and a consistent structure to help students analyze critical social problems facing the United States. The author presents both sides of an argument with a neutral voice and uses a "down-to-earth" writing style. By using this text, not only do students gain a sociological understanding of social problems, but also they are able to explore and evaluate their own opinions about specific social problems. They will gain a greater awareness of the social forces that shape their orientations to social problems and their perspectives on social life. The ideas in this book penetrate students' thinking and help give shape to their views of the world. MySocLab for Social Problems features an engaging student experience including an interactive eText, the New Core Concepts Video Series, the New Social Explorer. Teaching & Learning Experience Personalize Learning - MySocLab is an online homework, tutorial, and assessment program. It helps students prepare for class and instructor gauge individual and class performance. Improve Critical Thinking - Thinking Critically About the Chapter - At the end of each chapter are several questions designed to help students evaluate what they have read. These questions also lend themselves well for stimulating class discussions. Engage Students -Opening Vignette - Intended to arouse student interest in the social problem and to stimulate the desire to read more, this brief opening story presents essential elements of the social problem. Explore Research -Spotlight on Research boxes - Major researchers in social problems share an insider's perspective of how they became interested in a social problem and how they did their research Explore Theory - The three basic theories - Symbolic interaction theory, functional theory, and conflict theory— are introduced early in the text; giving students the opportunity to immediately grasp the differences of these theories. Support Instructors - MySocLab, Instructor's eText, Instructor's Manual, Test Item File, Electronic "MyTest" Test Bank, PowerPoint Presentation Slides, and Pearson Custom course material are available. Down to Earth Sociology: 14th Edition

Core Concepts

Core Concepts, Books a La Carte Edition + New Mysoclab Access Card

The challenges of teaching a successful introductory sociology course today demand materials from a publisher very different from the norm. Texts that are organized the way the discipline structures itself intellectually no longer connect with the majority of student learners. This is not an issue of pandering to students or otherwise seeking the lowest common denominator. On the contrary, it is a question of again making the practice of sociological thinking meaningful, rigorous, and relevant to today's world of undergraduates. This comparatively concise, highly visual, and affordable book offers a refreshingly new way forward to reach students, using one of the most powerful tools in a sociologist's teaching arsenal—the familiar stuff in students' everyday lives throughout the world: the jeans they wear to class, the coffee they drink each morning, or the phones their professors tell them to put away during lectures. A focus on consumer culture, seeing the strange in the familiar, is not only interesting for students; it is also (the authors suggest) pedagogically superior to more traditional approaches. By engaging students through their stuff, this book moves beyond teaching about sociology to helping instructors teach the practice of sociological thinking. It moves beyond describing what sociology is, so that students can practice what sociological thinking can do. This pedagogy also posits a relationship between teacher and learner that is bi-directional. Many students feel a sense of authority in various areas of consumer culture, and they often enjoy sharing their knowledge with fellow students and with their instructor. Opening up the sociology classroom to discussion of these topics validates students' expertise on their own life-worlds. Teachers, in turn, gain insight from the goods, services, and cultural expectations that shape students' lives. While innovative, the book has been carefully crafted to make it as useful and flexible as possible for instructors aiming to build core

sociological foundations in a single semester. A map on pages ii–iii identifies core sociological concepts covered so that a traditional syllabus as well as individual lectures can easily be maintained. Theory, method, and active learning exercises in every chapter constantly encourage the sociological imagination as well as the "doing" of sociology.

A Down-to-Earth Approach James Henslin shares the excitement of sociology, with his acclaimed "down-to-earth" approach and personal writing style that highlight the sociology of everyday life and its relevance to students' lives. With wit, personal reflection, and illuminating examples, he shares with readers his passion for sociology. In addition to this trademark down-to-earth approach, other distinctive features include: comparative perspectives, the globalization of capitalism, and visual presentations of sociology. Teaching & Learning Experience Personalize Learning -- The new MySocLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals. Improve Critical Thinking - Learning Objectives & Questions on each page reinforce key concepts and build critical thinking skills. Engage Students - Personal narrative from the perspective of an international field researcher invites students on a sociological journey. Explore Theory - Offers a balanced approach; relevant theories are discussed in each chapter. Understand Diversity - Global, national, and personal material combine to present a complete view of the world. Support Instructors - Written activities and assessment in MySocLab engage students and help them succeed. Note: MySocLab does not come automatically packaged with this text. To purchase MySocLab, please visit: www.mysoclab.com or you can purchase a ValuePack of the text + MySocLab (at no additional cost): ValuePack ISBN-10: 0205252281 / ValuePack ISBN-13: 9780205252282

This classic introduction to sociology as a "perspective" gives readers a sound understanding of key sociological concepts as well as insight into how sociologists view society and human beings. Clearly written and organized, it shows readers how the various aspects of sociology fit together and are relevant to their own lives. The volume addresses the discipline of sociology, sociology as a perspective, how sociologists think, social structure, inequality in society, culture, social institutions, the interrelationships among organizations, social order, control, deviance and power, social change, the family in society and the meaning and uses of sociology. For those interested in the sociology of humans.

A Down to Earth Approach

Life in Society

Sociology

Essentials of Sociology

Providing an understanding of the relationship with death, both as an individual and as a member of society. This book is intended to contribute to your understanding of your relationship with death, both as an individual and as a member of society. Kastenbaum shows how individual and societal attitudes influence both how and when we die and how we live and deal with the knowledge of death and loss. Robert Kastenbaum is a renowned scholar who developed one of the world's first death education courses and introduced the first text for this market. This landmark text draws on contributions from the social and behavioral sciences as well as the humanities, such as history, religion, philosophy, literature, and the arts, to provide thorough coverage of understanding death and the dying process. Learning Goals Upon completing this book, readers should be able to: -Understand the relationship with death, both as an individual and as a member of society -See how social forces and events affect the length of our lives, how we grieve, and how we die -Learn how dying people are perceived and treated in our society and what can be done to provide the best possible care -Master an understanding of continuing developments and challenges to hospice (palliative care). -Understand what is becoming of faith and doubt about an afterlife

James Henslin has always been able to share the excitement of sociology, with his acclaimed "down-to-earth" approach and personal writing style that highlight the sociology of everyday life and its relevance to students' lives. Adapted for students studying within Australia, this text, now in a second edition, has been made even more relevant and engaging to students. With wit, personal reflection, and illuminating examples, the local author team share their passion for sociology, promote sociology to students and entice them to delve deeper into this exciting science. Six central themes run throughout this text: down-to-earth sociology, globalisation, cultural diversity, critical thinking, the new technology, and the growing influence of the mass media on our lives. These themes are especially useful for introducing the controversial topics that make studying sociology such a lively, exciting activity.

Comprehensive coverage of all aspects of deviance; this book is noted for its blend of readability and scholarship. Deviant Behavior covers a wide spectrum of theories of deviance, and analyzes specific deviant behaviors. The author utilizes an abundance of research data, including much that debunks our common assumptions about deviant behavior. Thus readers are not only exposed to the full range of theories and data about deviance, but are challenged to think about and evaluate their own biases and preconceptions. For anyone interested in sociology and deviant behavior.
