Like many younger Korean poets, SHIM BO-SEON writes in an

allusive, indirect style about topics that are in themselves familiar, eating rice, taking off clothes, living in an apartment block, struggling with human relationships. He captures some sparkling moments of joys and sorrows, hopes and frustrations that have been concealed in daily life in rather modest and witty words. The circular movements of concealment and revelation of the mystery that an individual experiences are evoked in turn, always lightly. As a poet-critic, Shim fills his lines with the melodies of plain speech, with subtle thoughts about relationships in the world. Shim made his poetic debut in 1994, but he only published his first collection fourteen years later in 2008. FIFTEEN SECONDS WITHOUT SORROW is a translation of that first volume, containing the poet's earliest, freshest poems.

North Korea. A woman in her thirties comes to a courthouse petitioning for a divorce. As the judge who hears her statement begins to investigate the case, the story unfolds into a broader consideration of love and marriage. The novel delves into its protagonists' past, describing how the couple first fell in love and then how their marriage deteriorated over the years. It chronicles the toll their acrimony takes on their son and their careers alongside the story of the judge's own marital troubles. A best-seller in North Korea, where Paek continues to live and write, *Friend* illuminates a side of life in the DPRK that Western readers have never before encountered. Far from being a propagandistic screed in praise of the Great Leader, *Friend* describes the lives of people who struggle with everyday problems such as marital woes and workplace conflicts. Instead of socialist-realist stock figures, Paek depicts complex characters who wrestle with universal questions of individual identity, the split between public and private selves, the unpredictability of existence, and the never-ending labor of maintaining a relationship. This groundbreaking translation of one of North Korea's most popular writers offers English-language readers a page-turner full of psychological tension as well as a revealing portrait of a society that is typically seen as closed to the outside world.

Always, she believed in herself. Her determination, along with guidance from generous mentors and the unwavering love of her extended Puerto Rican family, propelled her ever forward. Eventually, all of Sonia's hard work led to her appointment as an Associate Justice of the United States Supreme Court in 2009, a role that she has held ever since. My First 500 Korean Words

The inspiring and timely story of Sonia Sotomayor, who rose up from a childhood of poverty and prejudice to become the first Latino to be nominated to the US Supreme Court. Before Supreme Court Justice Sonia Sotomayor took her seat in our nation's highest court, she was just a little girl in the South Bronx. Justice Sotomayor didn't have a lot growing up, but she had what she needed -- her mother's love, a will to learn, and her own determination. With bravery she became the person she wanted to be. With hard work she succeeded. With little sunlight and only a modest plot from which to grow, Justice Sotomayor bloomed for the whole world to see.

Antes de que la magistrada de la Corte Suprema Sonia Sotomayor llegara al máximo tribunal de nuestra nación, no era más que una niña en el South Bronx. La magistrada Sotomayor no tuvo mucho durante sus primeros años, pero sí tuvo lo que contaba -- el amor de su madre, la voluntad de aprender y su propia determinación. Con valentía se hizo la persona que quería ser. Con trabajo arduo triunfó. Con un poquito de sol en un solarcito donde crecer, la magistrada

Sotomayor floreció para que todo el mundo la vea.

In this investigation of the contemporary notion of evil, C. Fred Alford asks what we can learn about this concept, and about ourselves, by examining a society where it is unknown—where language contains no word that equates to the English term "evil." Does such a society look upon human nature more benignly? Do its members view the world through rose-colored glasses? Korea offers a fascinating starting point, and Alford begins his search for answers there. In conversations with hundreds of Koreans from diverse religions and walks of life—students, politicians, teachers, Buddhist monks, Confucian scholars, Catholic priests, housewives, psychiatrists, and farmers—Alford found remarkable agreement about the nonexistence of evil. Koreans regard evil not as a moral category but as an intellectual one, the result of erroneous Western thinking. For them, evil results from the creation of dualisms, oppositions between people and ideas. Alford's interviews often led to discussions about imported ways of thinking and the impact of globalization upon society at large. In particular, he was struck by how Koreans' responses to globalization matched Westerners' views about evil. In much of the world, he argues, globalization is the ultimate dualism—attractive for the enlightenment and freedom it brings, terrifying for the great social and personal upheaval it can cause.
