

Solo Guitar Playing Frederick Noad

These 65 pieces and 6 études are originally found in Ferdinando Carulli's Complete Method for the Guitar, op. 241. This method is the last iteration of his original guitar method (op. 27), the first modern method for guitar. Originally published as 44 Progressive Pieces and 6 Studies, the present edition (based on an edition published by Oliver Ditson Company, Boston) in fact yields the following: 56 numbered studies, 2 slur studies, 1 rondo for all positions, 4 intervalstudies, 2 studies in harmonics and the 6 (rather didactic) études. (Not included in the present volume are numerous short scale exercises and cadences. These can be found in more complete and thorough treatments in numerous modern methods.) These studies clearly demonstrate Carulli's familiarity with his Italian operatic heritage. They are nearly all in recognizable song forms and the compositional style is simple melody with harmonic accompaniment. Counterpoint is almost totally absent. Yet within these limits Carulli creates very fine music indeed.Great care was taken to make this a performing edition. All of the pieces fit on 1 or 2 pages. The few that take 3 pages have page turns inserted in logical places. The few fingerings presented are found in the Ditson edition and are logical and obvious. It is hoped that these pieces will present a delightful anduseful supplement to the studies of Sor and Giuliani published during the same period. They are truly progressive: the first 10 or so are in the keys of C, G or D (and their relative minors), all in first position, using mostly tonic and dominant harmony and can be learned by most students in just a few lessons. They continue to increase in complexity and difficulty through the final 16 (studies 41- 56), which are some of the most delightful music written for guitar. I hope you all enjoy working on and performing these works as much as I have!

Frederick Noad, author of the successful classical guitar tuition series Solo Guitar Playing Vol.1 and Vol.2, here presents the Classical Guitar Treasury for guitar duets. This unique collection of guitar music spans the late Renaissance to the late Classical period, including new and unusual repertoire as well as popular works and showpieces - Suitable for intermediate players. Songlist: - Allegro Maestoso [J. B. Marella] - Gilarde 2 [M. Praetorius] - Sonata In G Minor, Courante [H.Eccles] - Bransle Double [M. Praetorius] - My Lord Chamberlain [John Dowland] - Andante [J. B. Marella] - Gilarde 1 [M. Praetorius] - March [J. B. Marella] - Minuetto [J. B. Marella] - Andantino [J. B. Marella] - My Lord Willoughby's Welcome Home [John Dowland] - Gilarde 3 [M. Praetorius] - Volte 2 [M. Praetorius] - Musette [George Frideric Handel] - Pavane De Spaigne [M. Praetorius] - Giga [J. B. Marella] - L'encouragement, Op.34 [Ferdinando Sor] - Grand Duo Concertante [Mauro Giuliani] - Pieces From Opera Aline [Ferdinando Carulli] - Gilarde 4 [M. Praetorius] - Spagnoletta [Michael Praetorius] - Opertura [J. B. Marella] - Siciliana [J. B. Marella] - Menuet [George Frideric Handel]

This book, which contains more than 40 pieces, is intended for those guitarists who have broad interests. Based mainly in the traditional "classical" guitar style exemplified by Andres Segovia, the book also explores a variety of other genres, from the syncopated Brazilian rhythms of Bossa Nova to American blues, ragtime, and jazz. It is intended to give the student a systematically presented technical foundation, while also building an enjoyable repertoire of attractive musical selections in a variety of traditional and contemporary styles. Titles include: Pump and Circumstance * Habanera * The Can Can * Carcassi Nova * Romance of the Roses * The Trumpet Voluntary * Winter (from Vivaldi's Four Seasons) * Danny Boy * Pavane * South Beach Rumba, Part 1 * Chromatic Rag * Telemann Canon and many more. All titles in the book are also included on the CD.

The guitar lessons of Julio Sagreras are among the most universally used collections of guitar music and represent a milestone in didactic guitar literature. This book, which includes the first three volumes of the original six-volume series, is an ideal introduction to classical guitar playing as well as to Latin American guitar music. Text written in English and Spanish with French and German translations in an appendix at the back of the book. Aaron Shearer's Classic Guitar Technique has long been the core method used by generations of classic guitarists. Alfred Music is proud to present the third edition, and first major revision, of Volume 1 of this benchmark work. Completely re-edited and updated in collaboration with Thomas Kikta (one of Aaron's former students and the head of Duquesne University's Classic Guitar Department), the third edition maintains the character and appeal of the original book while providing new critical insights into core techniques that had not been addressed in previous editions. Also, for the first time, companion online audio recordings are included with the book, providing demonstrations, play-along tracks, and duet opportunities to ensure students correctly emulate the tone and feel of the music.

Mapping the Guitar Fingerboard is a unique and concise guide to learning the fingerboard of the guitar. Regular practice will produce instant recall of every note on the guitar fingerboard in all locations of occurrence. No claim is made of trivial learning ease, all worthwhile endeavors require work. Instead, I assert instead that the study material presented is efficient. Vertical and horizontal note patterns play notes across the strings and along their lengths in the key of C. Mapping exercises play equivalent notes everywhere they appear on the keyboard in the context of triples: first in the key of C, then in C-flat and C-sharp. I originally created the beginning of these exercises for my own use after being admonished in the book Solo Guitar Playing One by Frederick Noad of the importance of the mastery of the entire guitar fingerboard. After proving these exercises in those positions easily accessible to a classical guitar without a cutaway - positions allowing a reach to fret 12 and little beyond - I thought they would be useful to others. To this end, I wrote a computer program to generate the data for the exercises then validated the program against the original material prepared manually. Then I used the same program to generate the data for wider ranges on the guitar, ranges for lower notes on all guitars and to the upper notes of both classical and 24-fret electric guitars. The data was then mapped to standard music notation using a music editor. Conveniently, the scientific music notation output by the program translates directly into material benefiting students without knowledge of standard notation as well.

World-class classical guitarist and well-respected educator Scott Tennant presents the most comprehensive technique handbook available for classical guitarists. This complete edition combines all three volumes of Scott's best-selling Pumping Nylon series. In addition to technical information not available elsewhere, it includes classic études by Carcassi, Giuliani, Sor, and Tarrega; musical examples by Bach, Turina, and Rodrigo; and original compositions by Andrew York and Brian Head. Learn easy to advanced repertoire pieces that are selected and designed to work with the various techniques addressed, including arpeggios, tremolo, scale velocity, and more. The included DVD features Scott Tennant, and the MP3 CD features the playing of Scott Tennant and Adam del Monte. --

"Renowned luthier John S. Bogdanovich crafted the project shown inside for his own personal use. The design he presents is simple but elegant and is a composite of ideas borrowed from several different guitars admired for their tonal qualities and aesthetic details. In close-up photographs Bogdanovich invites you to stand by his side and follow the entire process from start to finish. He offers guidance through every step, and explains every decision, from the arrangement of his workbench and the selection of the wood, to tuning and setting up the instrument. Bogdanovich also offers a choice of alternative methods and materials -- to help you find your own style of working, and to enable you to add your personal touches to your project. By the time your instrument is finished, you'll have acquired a world of knowledge, from the difference between quartersaws and flat-sawn wood to the pros and cons of lacquer versus French polish. You'll have mastered dozens of skills, including bending and aminating wood and cutting and seating wire frets. Best of all, you'll have a beautiful instrument, designed to meet your own specifications, that will give pleasure to everyone who hears it." -- Book jacket.

Classical Guitar Making

Upon its first publication in 1995, Pumping Nylon became an instant classic and a must-have technique handbook for all classical guitarists--and many guitarists of other styles as well. This complete edition includes additional early intermediate through advanced repertoire. Scott Tennant's encouraging style, sense of humor, and unique approach to technical training helped Pumping Nylon gain countless devotees throughout the world. At the heart of Pumping Nylon is the famous Daily Warm-Up Routine, which includes 11 clever, helpful exercises to get both hands in shape and ready to play while also improving your technical skills. These invaluable technique lessons are supplemented by Giuliani's 120 Right-Hand Studies, Tarrega arpeggio studies, and music examples from Bach, Turina, and Rodrigo. In addition, original compositions by guitar luminaries Brian Head and Andrew York reinforce the material while also providing concert-worthy repertoire. This second edition of Pumping Nylon Complete incorporates even more great material with new pieces by Evan Hirschelman, Giuliani's Left Hand Studies, Op. 1, and new technical exercises in tremolo and balancing chord voicings. The music engravings have been improved for easier readability, and a brand-new correlating video, available to download or stream, has been included. If Pumping Nylon Complete is already in your library, it's time to upgrade to this second edition, which is even better than the original. If you are just now discovering Scott Tennant's masterpiece, this is a great opportunity to jump on board and start enjoying this classic. Your practice routine and technical prowess will improve, and you'll have fun as you learn. *Complete Second Edition Features* * All of the original complete edition content, including easy-to advanced repertoire * Three new performance pieces * Giuliani's Left-Hand Studies, Op. 1 * New lesso (Guitar Book). From Merle Travis and Chet Atkins to Vince Gill and Brad Paisley, this book/audio pack offers an inside look at the genesis of country guitar. Provides solo transcriptions in notes & tab, lessons on how to play them, guitarist bios, equipment notes, photos, history, and much more. The audio contains full-band demos of every solo in the book! Songs include: Country Boy * Foggy Mountain Special * Folsom Prison Blues * Hellecaster Theme * Hello Mary Lou * I've Got a Tiger by the Tail * The Only Daddy That Will Walk the Line * Please, Please Baby * Sugarfoot Rag * and more.

Taken from original sources, and carefully fingered for the modern player, this guitar anthology is as faithful as possible to the original while offering a practical performing score. All the pieces are graded in difficulty, and some are appropriate for beginners. Includes works by Sor, Giuliani and other guitar masters from the early 19th Century.

A comprehensive, exploration of the requirements for developing effortless and musically sensitive guitar technique.

The premise of Kitharologus is that Guitar technique is made up of a limited number of procedures with an unlimited number of applications. Therefore, a sound technical methodology is not one that tries to cover all possible forms of a given procedure, but rather one that identifies and trains the essential mechanism which makes the procedure, in all its forms, possible. Covering all grades from novice to expert, this book is certain to be enthusiastically embraced by any classical guitarist wishing to maximize his technique.

Here in a single volume is the original guitar method of Mateo Carcassi (1792-1853) translated to ENGLISH and SPANISH and published with his famous 25 Studies. Although regarded as moderately archaic in terms of modern guitar technique, Carcassi's time- proven method is second to none in its presentation of a graded learning system featuring scales, exercises, and engaging compositions in various keys. Written in standard notation only.

One of the most popular classical guitar methods ever written. A basic and orderly presentation of the necessary information and exercises essential to beginning guitar instruction. A Federation Festivals 2020-2024 selection.
