Collects over one thousand entries that provide insight into international views, experiences, and expertise on the topic of disability. This is an excellent book which significantly contributes to tourism research and education. It takes a rigorous yet readable style to address twenty five of the most pertinent quantitative and qualitative techniques applied in tourism research. The book will appeal to a wider readership of social scientists as well as to scholars of tourism as each chapter provides a thorough overview and explanation of the techniques irrespective of their tourism application.'-- Dimitrios Buhalis, Bournemouth University, UK This insightful book explores the most important established and emerging qualitative and quantitative research methods in tourism. the authors provide a detailed overview of the nature of the research method, its use in tourism, the advantages and limitations, and future directions for research. Each chapter is structured to provide information on: the nature of the technique and its evolution; background and types of problems that the technique is designed to handle; applications of the technique to tourism, including discussion of studies that have used the technique and their findings; advantages and limitations of the technique conceptually and for policy formulation; and further developments and applications of the technique in tourism research. Handbook of Research Methods in Tourism will appeal to social scientists, students as well as researchers in tourism who use quantitative and qualitative research techniques.

Expanded Cinema and Postwar Art

Achieve Your Goals • Express Your Creativity • Realize your Potential

A single book might not change the world. But this utterly original meditation on art and war might transform the way you see the world—and that makes all the difference. “How to live in the face of so much suffering? What difference can one person make in this beautiful, imperfect, and imperiled world?” Through a dazzling combination of memoir, history, reporting, visual culture, literature, and theology, Sarah Sentilles offers an impassioned defense of life lived by peace and principle. It is a literary collage with an urgent hope at its core: that art might offer tools for remaking the world. In **Draw Your Weapons**, Sentilles tells the true stories of Howard, a conscientious objector during World War II, and Miles, a former prison guard at Abu Ghraib, and in the process she challenges conventional thinking about how war is waged, witnessed, and resisted. The pacifist and the soldier both create art in response to war: Howard builds a violin; Miles paints portraits of detainees. With echoes of Susan Sontag and Maggie Nelson, Sentilles investigates images of violence from the era of slavery to the drone age. In doing so, she wrestles with some of our most profound questions: What does it take to inspire compassion? **What impact can one person have? How should we respond to violence when it feels like it can't be stopped? Praise for Draw Your Weapons** “A collage of death, savagery, torture, and trauma across generations and continents, Sarah Sentilles’s **Draw Your Weapons** is painful to read, hard to put down, and impossible to forget.”—O. The Oprah Magazine “In her dynamic, impressionistic (and cleverly titled) book, Sentilles focuses on language and images—particularly photography—and considers what role they play in peace and war. Eschewing a traditional narrative, Sentilles focuses on two men—one a World War II conscience objector who makes violins, and the other an Abu Ghraib prison guard who paints detainee portraits. In brief, delicately layered pieces rather than a narrative, Sentilles has created a collage that explores art, violence, and what it means to live a principled life.”—The National Book Review “It’s the kind of book that, after reading just half, you have to stop and catch your breath, because reading it changes you, not just in terms of what you know-it changes the way you think and how you feel—so much so that, halfway in, I wanted to go back and start again because I felt I was already a different person to the person I was when I began.”—Turnaround

A dazzling and darkly comic memoir about coming of age in a black funeral home in Baltimore Sheri Booker was only fifteen when she started working at Wylie Funeral Home in West Baltimore. She had no idea her summer job would become nine years of immersion into a hidden world. Reeling from the death of her beloved great aunt, Sheri found comfort in the funeral home and soon had the run of the place. **With AIDS and gang violence threatening to wipe out a generation of black men, Wylie was never short on business. As families came together to bury one of their own, Booker was privy to their most intimate moments of grief and despair. But along with the sadness, Booker encountered moments of dark humor: brawls between mistresses and widows, and car crashes at McDonald’s with dead bodies in tow. While she never got over her terror of the embalming room, Booker learned to expect the unexpected and to never, ever cry. Nine Years Under** offers readers an unbelievable glimpse into an industry in the backdrop of all our lives.

Reconstructing the Native South

Judo is a fighting sport, calling for courage and endurance, but it also teaches both mental and physical control and balance. Divided into a series of sixteen graded lessons, this book is designed as a basic introduction to Judo. Each stage is carefully and clearly explained with the aid of illustrations, as the beginner is taken through the various moves, holds, and falls. The result is an invaluable book for the beginner, practicing either on his own or at his club.

A beautiful daily journal to lead your journey in the art of living—and an instant WSJ bestseller! For more than two thousand years, Stoic philosophy has been the secret operating system of wise leaders, artists, athletes, brilliant thinkers, and ordinary citizens. With the acclaimed, bestselling books *The Obstacle Is the Way*, *Ego Is the Enemy*, and *The Daily Stoic*, Ryan Holiday and Stephen Hanselman have helped to bring the Stoicism of Marcus Aurelius, Seneca, and Epictetus to hundreds of thousands of new readers all over the world. Now Holiday and Hanselman are back with *The Daily Stoic Journal*, a beautifully designed hardcover journal that features space for morning and evening notes, along with advice for integrating this ancient philosophy into our 21st century lives. Each week readers will discover a specific powerful Stoic practice, explained and presented with related quotations to inspire deeper reflection and application, and each day they will answer a powerful question to help gauge their progress. Created with a durable, Smyth-sewn binding and featuring a helpful introduction explaining the various Stoic tools of self-management, as well as resources for further reading, this is a lasting companion volume for people who already love *The Daily Stoic* and its popular daily emails and social media accounts. It can also be used as a stand-alone journal, even if you haven’t read the previous books. For anyone seeking inner peace, clarity, and effectiveness in our crazy world, this book will help them immensely for the next year—and for the rest of their lives.

From bestselling author Todd Parr, a poignant and reassuring story about loss. Through the lens of a pet fish who has lost his companion, Todd Parr tells a moving and wholly accessible story about saying goodbye. Touching upon the host of emotions children experience, Todd reminds readers that it’s okay not to know all the answers, and that someone will always be there to support them. An invaluable resource for life’s toughest moments.

Completely updated and expanded with over 50 new entries and 300 new photos, *The Disneyland Encyclopedia* spans the entire history of the park, from its founding more than 50 years ago to the present day. This fascinating book features detailed explorations of 600 Disneyland topics, including lands, attractions, restaurants, stores, events, and significant people. Each of the main encyclopedia entries illuminates the history of a Disneyland landmark, revealing the initial planning strategies for the park’s iconic attractions and detailing how they evolved over the decades. Enriching this unique A-to-Z chronicle are profiles of the personalities who imagined and engineered the kingdom known as “The Happiest Place on Earth.” Discover unbuilt concepts, including Liberty Street, Rock Candy Mountain, and Chinatown, and delight in fascinating trivia about long-lost Disneyland features, from the real rifles in the shooting gallery that was once located on Main Street to the jet-packed Rocket Man who flew above Tomorrowland. The new “Mouscellary” feature adds fun facts, hidden secrets, and odd trivia to the third edition. Overflowing with meticulously researched details and written in a spirited, accessible style, *The Disneyland Encyclopedia* is a comprehensive and entertaining exploration of the most-influential, most-renovated, and most-loved theme park in the world!

Creativity in Product Innovation describes a remarkable new technique for improving the creativity process in product design. Certain “regularities” in product development are identifiable, objectively verifiable and consistent for almost any kind of product. These regularities are described by the authors as Creativity Templates. This book describes the theory and implementation of these templates, showing how they can be used to enhance the creative process and thus enable people to be more productive and focused.

Representing the culmination of years of research on the topic of creativity in marketing, the Creativity Templates approach has been recognized as a breakthrough in such journals as *Science*, *Journal of Marketing Research*, *Management Science*, and *Technological Forecasting and Social Change*.

This enlightening study employs the tools of archaeology to uncover a new historical perspective on the Underground Railroad. Unlike previous histories of the Underground Railroad, which have focused on frightened fugitive slaves and their benevolent abolitionist accomplices, Cheryl LaRoche focuses instead on free African American communities, the crucial help they provided to individuals fleeing slavery, and the terrain where those flights to freedom occurred. This study foregrounds several small, rural hamlets on the treacherous southern edge of the free North in Illinois, Indiana, and Ohio. LaRoche demonstrates how landscape features such as waterways, iron forges, and caves played a key role in the conduct and effectiveness of the Underground Railroad. Rich in oral histories, maps, memoirs, and archaeological investigations, this examination of the “geography of resistance” tells the new powerful and inspiring story of African Americans ensuring their own liberation in the midst of oppression.

An experienced psychotherapist and writing coach, Alyss Thomas explains how these various approaches to journaling can be adapted and combined in innovative ways to create a unique, personalized method that works for your life and your goals. You do not need to use any other journaling books or use any pre-printed journals. Instead, you can use any blank notebook, or set up your journal on specifically meet your needs. The result is the only guide you’ll ever need to achieving personal and professional success the journaling way!

This exciting new resource is designed to assist undergraduate physiotherapy students and new graduates in confidently treating patients in a range of physiotherapy areas outside the ‘core’ areas of practice. Areas covered include paediatrics, geriatrics, mental health and rheumatology. Valuable content is easily accessible in a small portable format which will be an invaluable reference during placement or practice. Each chapter provides a concise overview of the philosophy and online learning resources are also available with the Guide, these include access to case studies, multiple-choice questions and a reference list for each chapter. In addition there is a bank of downloadable photographs and line drawings relating to each of the 17 chapters. Used along with *The Concise Guide to Physiotherapy: Volume 1* Assessment, *Volume 2* Treatment will be an indispensable tool for any physiotherapist. A blend of resources providing an insight into the ‘non core’ order to feel confident about approaching the treatment of patients in practice areas not previously encountered. Easy access to nuggets of information on 17 ‘non core’ speciality areas, including burns and plastics, learning disabilities and rehabilitation A handy quick reference tool for both students and physiotherapists Access to online resources including, reference lists, an image bank, 51 cases studies and over 300 MCOs!

A bold work of feminist international relations that contributes to our understanding of the gendered, racialized, and heteronormative dynamics of U.S. foreign policy, both in relations with Russia and in the invasion of Iraq.

The Unofficial, Unauthorized, and Unprecedented History of Every Land, Attraction, Restaurant, Shop, and Major Event in the Original Magic Kingdom

Daily Planner Journal: Notebook Planner, to Do List, Daily Organizer, 118 Pages (6 X 9)

Today, the moving image is ubiquitous in global contemporary art. The first book to tell the story of the postwar expanded cinema that inspired this omnipresence, *Between the Black Box and the White Cube* travels back to the 1950s and 1960s, when the rise of television caused movie theaters to lose their monopoly over the moving image, leading cinema to be installed directly alongside other forms of modern art. Explaining that the postwar expanded cinema was a response to both developments, Andrew V. Uroskie argues that, rather than a formal or technological innovation, the key change for artists involved a displacement of the moving image from the familiarity of the cinematic theater to original spaces and contexts. He shows how newly available, inexpensive film and video technology enabled artists such as Nam June Paik, Robert Whitman, Stan VanDerBeek, Robert Breer, and especially Andy Warhol to become filmmakers. Through their efforts to explore a fresh way of experiencing the moving image, these artists sought to reimagine the nature and possibilities of art in a post-cinematic age and helped to develop a novel space between the “black box” of the movie theater and the “white cube” of the art gallery. Packed with over one hundred illustrations, *Between the Black Box and the White Cube* is a compelling look at a seminal moment in the cultural life of the moving image and its emergence in contemporary art.

In *Reconstructing the Native South*, Melanie Benson Taylor examines the diverse body of Native American literature in the contemporary U.S. South—literature written by the descendants of tribes who evaded Removal and have maintained ties with their southeastern homelands. In so doing Taylor advances a provocative, even counterintuitive claim: that the U.S. South and its Native American survivors have far more in common than mere geographical proximity. Both cultures have long been haunted by separate histories of loss and nostalgia, Taylor contends, and the moments when those experiences converge in explicit and startling ways have yet to be investigated by scholars. These convergences often bear the scars of protracted colonial antagonism, appropriation, and segregation, and they share preoccupations with land, sovereignty, tradition, dispossession, subjugation, purity, and violence. Taylor poses difficult questions in this work. In the aftermath of Removal and colonial devastation, what remains—for Native and non-Native southerners—to be recovered? Is it acceptable to identify an Indian “lost cause”? Is a deep sense of hybridity and intercultural affiliation the only coherent way forward, both for the New South and for its oldest inhabitants? And in these newly entangled, postcolonial environments, has global capitalism emerged

as the new enemy for the twenty-first century? *Reconstructing the Native South* is a compellingly original work that contributes to conversations in Native American, southern, and transnational American studies.
