

Speed Learning How To Become An Expert In Just About Anything Business School Life

Learning Paths is a down-to-earth practical resource that is filled with illustrative examples, methods, techniques, strategies, processes, and tools for making company-wide, real-time training possible. Created to be flexible, the Learning Path approach can be customized to fit your organization no matter what its type or size. Learning Paths is divided into three sections: The Learning Path Methodology: Walks the reader through the major steps and strategies needed for building Learning Paths. Doing the Right Training: Offers a wide-range of strategies, methods and techniques that can be targeted to the training within a Learning Path and tied to an organization's particular business needs. Do the Training Right: Shows how to ensure the training within a Learning Path is delivered in the most cost-effective manner and introduces methods for structuring training so that it transfers to the job easily and effectively.

Buy the Paperback Version of this Book and get the Kindle Book version for FREE Do you want to learn how to improve your skills quickly and easily to get the success you deserve? The curiosity of learning has always been a key element of human evolution. However, the technology development and the busy life we are committed to decreased chances to learn and improve our skills. Nowadays, we are so focused on following the crowd we do not realize we need to Get off the Hamster Wheel. We feel we need to do something, but we are so bombarded by information from everywhere we prefer to close our eyes and just keep running on the wheel. Some people think the only way to get off it's not affordable. They believe the only way is to stop everything, go back to study as hard as possible and then get the knowledge they need to be successful in their life. This is too much they think. "I can't quit my job. I can't find time for improving myself". The only true is that they don't want it. They don't want to improve their life because they lack the will to transform their life. Just few years ago I was in the same situation. I wasn't 100% aware of it, but the reality is that I was struggling. I was the puppet of everybody both at office and home. I felt I needed to do something but I didn't know what. One day I decided It was enough. So I started to invest in myself with the only goal to improve my life. So, I bought the main self-help and personal development books. And I understood the problem was me and my lack of awareness. Starting this path, I immediately found a problem: there were so many books and so many information. I needed to face the problem. And that's why I started looking at new ways to learn. My life changed completely, just increasing my ability to acquire and digest information. And the best part was that the more my knowledge increased the better things started to go in my life. At the end I quit my previous job - I now run my own business in the self- help industry. Not only I changed my professional life but also my private one. I changed the way to look at people and improved my skills to get what I wanted from any relationships. I also lost 40 pounds. I am so happy and grateful now. But I still keeping the curiosity to learn and improve! So now I would like to share my experience with you. In this book you will get three main benefits: The sole technique can really help you to become successful Two main weapon you need to build and strengthen in your personal growth arsenal A practical approach to improve your skills You might be thinking "Can I make this book work for me?" Even if you are in the most troubled and complicated situation you will find here something for you. You need to understand your problems are not different from the others. You are not less capable than others. Don't worry, I will not just tell you to do something, I provide to you a practical and learn-able approach that can help you. Would you like to know more? How to Become a Better, Faster Reader

How to Increase Your Reading Speed, Learning Abilities and Comprehension

Proven Advanced Scientific Strategies and Techniques for Speed Reading, Comprehension and Memorization. Watch Your Productivity Skyrocket (Memory Training)

In today's busy and complex world, rapid and efficient reading is not only a useful skill, it is a must for everyone who wants to succeed. The big switch in business and industry has been from brawn jobs to brain jobs -- and it is the person who knows how to read swiftly and intelligently who will reap the profit of this new era. Here are the secrets of a dynamic new reading technique that will enable you to read in half the time with better comprehension -- in only 10 days! In fact with just a few simple exercises your reading will improve 10% or more on the very first day! Spend just a few minutes a day with this book and you will not only double your reading speed but also your chances for success in any walk of life.

Speed reading is an area that involves deliberate effort. No one can force you to read fast. You only make this effort and commit yourself by consuming significant resources of time, money and energy if you consider speed reading to be a medium to long-term investment. You feel you really have to do something with your life or not and you determine the level of adrenaline you feel.

Speed reading is pure adrenaline - being able to run at fantastic speeds over pages with superior comprehension. What could be more exhilarating than reading a book in ten minutes and being able to understand it? If you don't believe it's possible, there will be people who do. If you don't try, there will be people who will try and who will succeed as so many others have succeeded and are succeeding all over the globe because speed reading works for every person who practices it. When you know you can control the flow of information you feel powerful and in control of your own life, at that point you bring more value to your life. The technique of speed reading can be learned quite quickly. It is not difficult to understand how you can read much faster and

*understand much more and better. The really hard part is applying this information to your life so that something positive happens to you. If you're going to use speed reading just to demonstrate to others how fast you can get through a text, know that you won't get very good results. Speed-reading is the help you can rely on when you may have no other personal or professional resources. Speed reading can make all the difference at important, key moments in your life. That's why I urge you once again to follow this six-week programme with care and determination. You will find so much valuable information so that you can make your own speed reading style, adapt this information to what you already know and master. To add personal value and be able to grow step by step until you can reach the goals you have set for yourself. This program can help you create your own speed reading. You should accept, as millions of people around the world have already done, that speed reading is the future and that without it you will find it quite difficult to evolve and get to the place where you will achieve AUTHENTIC SUCCESS. Other books: Speed Reading, your Inner Revolution Speed Reading by the CLARA Method SILVER COURSE * Speed Reading GOLD COURSE ** Speed Reading DIAMOND COURSE *** Speed Reading The Courage To Be A Leader The Role of Goal Setting Vital Time Management Win-Win Negotiation Charisma Exams and Speed Reading The Power To Be A Leader Effective Goal Setting Expert Time Management Proactive Communication Passionate Public Speaking Professional Public Speaking Persuasion Speed Reading for Parents and Children What No One Tells You About Speed Reading Speed Reading and Memory Have you ever heard of those people who can read one whole page in just a few seconds? I'm talking about people who can read 700, 900, or even more words per minute. Doesn't that sound so cool? When you compare your 250-300 words per minute, you seem to be reading at a snail's pace. But not to worry, you can learn how to read that fast too! This book is designed to take you through an easy-to-follow speed reading course, and by the end of it, you will be able to read much faster than you do now while at the same time fully comprehending every word. First, I'm going to share with you insight into the basics of speed reading. Then, you will be instructed to prepare for the course and I'll show you some exercises and techniques that will help train your eyes and mind which will consequently increase your reading speed. That's not all! You will even get one bonus chapter that will reveal tips that will help you whenever you need to read something without enough time to read the material in its entirety. What are you waiting for? With this book you have all you need to become a true speed reader. Let's get started!*

Learn 300% FASTER, Retain Information LONGER - Guaranteed Do You Want to Unlock The Hidden Potential of Your Brain? Then, Keep Reading... * * * LIMITED TIME OFFER! 40% OFF! (Regular Price \$10.99) * * * Let me start with a bold statement: if you want to be successful in life, then you NEED to hack your learning. Yes, you do are. It doesn't matter what you do: maybe you work at a retail company, maybe you're a lawyer trying to close a deal, or a college student hoping to pass that exam. We are ALL in the same game, and yet most people don't even realize it. Most people don't even take the time to get better at one of the most important life skills there could ever be! That's precisely why at least 80% of the world population absolutely SUCK at learning properly. They SUCK at applying the right methods, and instead rely on hard effort. And so I did, back when I started acquiring the right skills. It took me time to learn the right secrets. It took me a lot of time and errors to build the mindset of a learning hacker. And now, I'm willing to share those secrets with you. I wrote this book for a reason. I wrote this book to show you the way to take your learning skills out of the park. I wrote it to show you how you can skip the averages and go the whole way. You see, I may not know you, but I certainly know something about you: both you and me are alike. Whether you are just getting started at the study of learning (and have no idea how to even talk to people) or even if you are an experienced student with TONS of big books on your track record, I know you don't settle for average. I know you want something better. You won't stop until you become the absolute best you can become. You won't stop until you leave the pack behind, hacking every aspect of your learning. And guess what? That's precisely what we will go for on this book! Hey, I'm not saying this is easy peasy. There's a bit of learning we have to go through first. And there's

a lot of UNLEARNING we have to go through. Wrong methods, making excuses, self limiting beliefs, we will throw all that stuff AWAY and replace them with new, empowering beliefs. This is absolutely key! Don't worry, I've got you covered; we'll get everything right before carry on comprehend each and every aspect of the Art of Learning. Yes, I said "ART"! What is learning, if not an art? It's our way of painting. It's our way of expressing through our thoughts and words. I'm so glad to be here to share this journey with you! My goal is simple. I will help you become the absolute BEST student of life you can become. The absolute BEST learner you can become. Sounds too difficult? It's not. I will show you how. I will take you through a step by step guide where you simply can't get lost! Together, we will go to the roots of Learning, Speed Reading & Memory Improvement and transform that knowledge into an incredibly journey that will forever change the way you approach life. So let's go for it! Here Is A Preview Of What You'll Learn Inside... Introduction: Ditch the Old Methods, It's Time to Learn FAST Let's Start by Improving The Fundamentals: Your Memory The Basis For Super Learning - Mental Markers Pre-Reading, that Little Piece of Advice That Changes Everything STOP Reading The Way You Read, Do THIS Instead! In today's fast-paced world with its unprecedented rate of change, how will you keep up? Would you like to improve your learning speed and ability to recall what you've learned? Do you want to enhance your memory and learn how to become a human calculator? If you're seeking to expand your mind by applying faster methods for learning and retaining new information, this is the perfect book for you. Keep reading! The amount of information in the world is ever increasing in today's digital age. The ability to continuously grow is an essential skill for people of all ages. The human brain is naturally designed to learn. Patterns help the mind see concepts and connections between what you are learning and how you can use it. The mind will likely recall the pattern rather than the lesson fundamentals. Just like the body, the brain must be exercised regularly. Without regular use, it will weaken and become ineffective. Additionally, an emotional experience will be remembered much more quickly than one that you were not emotionally invested in. Because stress can inhibit the learning process, your emotional and mental state should be as positive and upbeat as possible. The author of this book, a highly successful psychologist, has developed a unique six-step framework for rapid skill acquisition that has helped hundreds of people from all walks of life improve their approach to learning. Jimmie Powell's clear, expert voice walks you through the process of developing an effective, lifelong learning habit. No matter what field, subject or topic you need to study, you can acquire the necessary knowledge in a swift and stress-free manner. In Accelerated Learning: Proven Scientific Advanced Techniques for Speed Reading, Comprehension, Photographic Memory, Mental Math & Lasting Retention, you will find out how to: Cut down on your hours of study time by applying 6 proven steps to faster learning Access the key trait needed to develop your ability to concentrate Discover your authentic intelligence and learning strengths Proven techniques to reinforce your learning and recall stored information for years to come Apply the core skills needed to become a faster, more skillful learner Speed read, develop a photographic memory and become a master of mental math And much more! Learning is not just about knowing the correct answers to questions. It's about learning how to think and where to look for information. If you're looking for key strategies on how you can transition from being an occasional learner to a lifelong learner, this book is a great fit. Even if you've been conditioned to dread the amount of time you need to acquire new information, following the guidelines in this book can bring out your inner child and his or her natural drive to learn. Learn scientifically proven methods for how to effectively retain and recall knowledge whenever it's needed. To facilitate your growth and witness your productivity skyrocket, SCROLL UP AND CLICK THE BUY BUTTON NOW!

Speed learning is a set of learning strategies that aim to achieve higher learning levels without unacceptably reducing understanding or retention. It is closely connected with speed reading but involves other learning techniques such as evaluation, listening, discussion, questioning and reflective analysis. The traditional approach is to use methods or a series of procedures that have been proven to provide a more effective roadmap to achieving the same objective. Some of the methods have persisted since ancient times, such as Mnemonics, while others have been the consequence of more recent scientific work such as Forgetting Curves. Speed listening is a sub-classification of speed learning where students try to increase the pace at which they can listen while maintaining complete understanding. It allows students to absorb more details while listening in a shorter span of time. It is most widely used when using text-to-speech applications such as Speechify, audiobook services such as Audible, or Apple iTunes Podcast apps, etc. Entrepreneur Cliff Weitzman and speed learner Max Deutsch have made their marks to be credited with redeeming this learning type.

Develop the Skills to Learn Anything Faster, Easier, and More Effectively Written by the creators of the #1 bestselling course of the same name, this book will teach you how to "hack" your learning, reading, and memory skills, empowering you to learn everything faster and more effectively. What Would You Do If You Could Learn Anything 3 Times Faster? In our rapidly changing and information-driven society, the ability to learn quickly is the single most important skill. Whether you're a student, a professional, or simply embarking on a new hobby, you are forced to grapple with an every-increasing amount of information and knowledge. We've all experienced the frustration of an ever-growing reading list, struggling to learn a new language, or forgetting things you learned in even your favorite subjects. This Book Will Teach You 3 Major Skills: Speed reading with high (80%+) comprehension and understanding Memory techniques for storing and recalling vast amounts of information quickly and accurately Developing the cognitive infrastructure to support this flood of new information long-term However, the SuperLearning skills you'll learn in this course are applicable to many aspects of your every day life, from remembering phone numbers to acquiring new skills or even speaking new languages. Anyone Can Develop Super-Learning Skills This course is about improving your ability to learn new skills or information quickly and effectively. We go far beyond the kinds of "speed reading" (or glorified skimming) you may have been exposed to, diving into the

actual cognitive and neurological factors that make learning easier and more successful. We also give you advanced memory techniques to grapple with the huge loads of information you'll soon be able to process. "This book should be the go-to reference for anyone looking to upgrade their mind's firmware!" -Benny Lewis, Language Learning Expert
Learn How to Absorb and Retain Information in a Whole New Way - A Faster, Better Way The Authors' Proprietary Method for Teaching Speed Reading & Memory Improvement
You may have even taken a normal speed reading course in the past, only to realize that you didn't retain anything you read. The sad irony is that in order to properly learn things like speed reading skills and memory techniques in the past, you had to read dozens of books and psychological journals to decode the science behind it. Or, you had to hire an expensive private tutor who specializes in SuperLearning. That's what I did. And it changed my life. Fortunately, my co-authors (experts and innovators in the fields of superlearning, memory improvement, and speed reading) agreed to help me transform their materials into the first ever digital course. Over 25,000 satisfied students later, we have transformed our course into a book you can enjoy anywhere. Our teaching methodology relies heavily on at-home exercises. The chapters themselves are only part of what you're buying. You will be practicing various exercises and assignments on a regular basis over the course a 7 week schedule. In addition to the lectures, there are hours of supplemental video and articles which are considered part of the curriculum. "This vital book contains all the tools needed to learn, memorize, and reproduce anything you want with the joy that ease brings. Don't take another class until you've read it!" -Dr. Anthony Metivier, Author & Memory Expert
If you wish to improve memory and concentration, learn more effectively, read faster, and learn the techniques of memory champions - look no further! An awesome read that will push the limits of your brain. Levi does an incredible job of guiding you through, to bring your brain from average to UNSTOPPABLE!" -Nelson Dellis, 4-Time USA Memory Champion

Double Your Reading Speed

Fast learning is one of the keys to success. But this seems an intimidating task as it involves both understanding and retaining of the new information. Reading longer is not the one and only way of learning; instead, it comes in a variety of forms. For example, if reading is accompanied by workshop and other similar activities, the result becomes much more fruitful. Learning faster is also attained through several techniques and processes. In other words, speed learning is a process that uses several techniques and processes to learn and absorb new information quickly and make things much simpler.

??BUY THE PAPERBACK VERSION, AND GET THE KINDLE EBOOK FOR FREE?? Don't have enough time in the day to read your favorite books? Want to get ahead of the competition? With this bundle, you'll be getting Accelerated Learning: Proven Scientific Techniques to Learn Absolutely Anything and Speed Reading and Unlimited Memory How to Double Your Reading Speed and Improve Memory in Under 2 Hours! Learn Faster, Improve Productivity and Accelerate Learning. How much easier would your life be if you could blaze through emails at work, read through your newspaper in minutes or retain every piece of information in a long textbook? Speed reading has many practical uses in this busy world. It can help someone advance in their career, get a college student through graduate school, or make reading a more enjoyable and meaningful experience. Speed reading IS the most important skill you can have in this day and age, where information is so readily available, but time is not. But speed reading isn't everything, what's the point in reading fast if you can't retain all that information? This is why this book will not only teach you how to speed read BUT it will also teach you how you can retain and recall information from your brain. Did you know that most people never tap into even 10% of their potential for memory? With the help of this book, you'll become an information consuming MACHINE. What you'll learn: Speed reading defined and how it has changed since its inception in the late 1950s The benefits this skill brings to daily life, as well as to careers An understanding of how the mind processes information and what happens when a person reads Why what you may have heard about speed reading is most likely untrue Ways to adapt speed reading techniques based on learning styles A primer on the most often used techniques and methods How to use these proven methods to ensure a faster and more efficient How to hack your brain into memorizing and recalling anything you desire The specifics on how your brain learns and processes information. Once you've learned about the brain, you can learn about anything Why you should be learning throughout your entire life What is exactly memory is and how you can expand your memory in ways you've never thought of before Advanced learning techniques you'll only find in this book What you can learn from Albert Einstein, Issac Newton, Richard Feynman and some of the greatest thinkers in history This book contains all of the information that you need to learn how to become a speed reader in no time. So many people waste their time reading at a slow pace, using many of the techniques that they learned as children in their reading even when they are adults. This is slowing them down so much, and they are missing out on some of the great things that they could be learning in the process. Speed reading could be the answer that they are looking for. It is simple to

learn, and if you are willing to work on it each day, you will see the result in no time. This guidebook will talk about some of the basics of speed reading that you need to know, including how to strengthen your eyes so that you can read faster, how to stop reading words in your head along the way and so much more. When you are ready to increase your reading speed and see some results while saving yourself time and opening up more opportunities in the world, then make sure to check out this guidebook and learn everything that you need to know to become an expert speed reader in no time.

90- Is reading every letter and every word better than speed reading? 91- Does speed reading reduce knowledge of words and terms? 92- Does speed reading help to build my character and my children? 93- What is the essential difference between a practitioner and a trainer? 94- Is reading a hobby, a habit, or something else? 95- What are the training levels of speed reading? 96- How do I start learning the skill of speed reading? 97- How to develop myself in a speed reading? 98- What is the speed reading Technique 3X2? 99- Can I use speed reading in studying? 100- How to identify the internationally accredited certificate? 101- Why do I find that the officially approved curricula have fewer exercises than the fraud? 102- Why do we find that the most famous are the pretenders and not those with experience and real knowledge? 103- What is the secret of speed learning?

Do you find yourself consistently forgetting things, both the minor and the major details? Do you want to learn skills and process information at a faster pace? Or do you want to harness and maximize your mind power for increased productivity? Then this book is what you need. Without a doubt, your mind is capable of amazing things- it is the hub and incubator for every kind of possibility and vision. There is, therefore, no understatement to say that the key to your greatness lies in unlocking the true potential of your mind. How do you unlock your mind power if you do not know how to do it? From birth to death, your memory holds the key to who you have been, who you are, and who you will become. In this fast-paced era of the knowledge economy where we interact daily with facts, numbers, figures, and myths, having a photographic memory can be an absolute advantage. The dread of exams easily takes a walk out of the door when you can clearly remember everything you have read. Accelerated learning is more than a concept, it is a needed skill to master if you are to achieve your highest results and reach your fullest potential. If you truly want to take a journey into getting the power needed to master other skills within the shortest time frame, then this detailed guide is what you need. Here is what you will learn: Five practical and step-by-step techniques for improving your memory (2 simple and three advanced) Four techniques to exercise photographic memory and how to make progress in learning using these tips The importance of colors for memory and how to use them to improve your memory How to harness the power of your conscious and subconscious mind and how to free your mind of useless information while maximizing your mind's capacity Three simple and two advanced techniques to improve your brain capacity The varying effects of your emotions and your brain's capacity and how to use this information to your advantage How to use the eyes correctly when reading? A test to measure your level of speed of reading and three exercises to train your ability to read faster. Practical tips on how to read quickly and study in a short time Position yourself for all-round success in your business, career, and relationships by putting to work the techniques in the book. Get yourself a copy today!

Describes a systematic approach to reducing time to proficiency. The book is divided into three sections : 1. The Learning Path Methodology which walks the reader through the major steps and strategies needed for building Learning Paths; 2. Doing the Right Training : the reader is presented with a wide-range of strategies, methods and techniques that can be targeted to the training within a Learning Path and tied to an organization's particular business needs; 3. Do the Training Right : in conclusion shows how to ensure the training within a Learning Path is delivered in the most cost-effective manner and introduces methods for structuring training so that it transfers to the job easily and effectively.

Is the world full of so many wonders that you are finding it hard to study them all? Do you want to be able to learn faster than your current rate? This is the perfect book for you to change the way you absorb information forever! Most of us enjoy learning new things. We all have some subject that we take pleasure in, or a skill that we are interested in developing and enhancing. But learning anything new, or improving on what we already know, can be a time consuming business, and time is something that many of us have in short supply. You can change that with this great book bundle, How To Improve Your Mind, which comprises three stunning titles, Accelerated Learning, Mind Maps and Speed Reading, with which you can begin to change your speed of learning across a wide variety of subjects, with chapters that cover: How the brain learns and understanding your mind An introduction to mind mapping Introduction about visual learning methods and Tony Buzan, the father of modern mind mapping How to generate a mind map. Examples that explain about mind map as a tool in the workplace for giving presentations, training new employees, and listening in meetings Using mind maps in everyday life Develop a perfect, computer-like memory in just 5 minutes a day Speed reading mindset and habits to develop Learning to use your eyes, uncover the factors you need to read for speed The critical steps to become adept at speed reading Memory enhancement and brain exercises Learn the difference between the art of skimming and scanning The history of accelerated learning and how it came to be the skill we know today Step-by-step easy-to-understand methods for turning even the worst memory into a powerful one And much more... By increasing the speed in which you learn you can improve many areas of your life, whether it is for pleasure or for work. These books offer you an in-depth examination of three amazing skills and show exactly how you could implement each one of them into your daily life. This is NOT a study manual! NOT a textbook! There are no lectures - not a single "blue-sky" or other strange theories to ponder over or memorize in this program! If you apply the strategies inside, inevitably - hour after hour - day after day - week after week - you will find yourself in command of ever-increasing powers of Rapid Learning, Vocabulary Building, Problem Solving, Clear-thinking, Friend-Making and much more Simple and effective learning at a speed you would never have believed! What are you waiting for?

Accelerated Learning and Speed Reading

Speed Writing - the 21st century alternative to shorthand Most people need a note taking system for work or study but few people have the time or inclination to spend a year or two learning shorthand. BakerWrite Speed Writing enables you to learn a new system in a matter of hours and become proficient within weeks. This book is laid out in 6 easy to follow lessons, that take about an hour each. Practical guided

exercises, with full answers, in each chapter and each session is rounded off with a dictation passage. Save time and become more efficient taking dictation, in meetings, on the telephone, in lectures or interviews. No strange squiggles to learn - just different ways to use the letters you already know. Your notes will be easy to transcribe. Enhance your career with a new skill. Save time by reducing your written text by an average of 33% - often more. Adapt the system to suit your needs. Free downloadable dictionary and workbook, available from <http://www.UoLearn.com> A terrific opportunity to save time and change your working practises - for the better! What do people think of this speed writing system? "BakerWrite is the easiest shorthand system I have come across. Having studied all the major shorthand systems and even other speed writing courses, I find BakerWrite a sheer delight." "I will use this system all the time." "Your system is so easy to learn and use." "I will recommend this course to everyone who takes notes." "I am 51 years old and have been a secretary more or less since I left school. I took the requisite Pitmans shorthand course whilst at school and have never been able to understand it, all those squiggles and lines. I have used my own speed writing version of words through the years and have managed to get by (as long as I dealt with the notes as soon as I had written them and the dictator wasn't too quick - so it was half memory and half being able to read my own shorthand version). But now, everything is so clear and makes complete sense. I take your book on the train every morning and even after the first reading it completely made sense and I could even remember most of what I had read in the first chapter and believe me my memory at retaining new info is not as it used to be. Even when I was reading your abbreviations I was able to see what they were in a lot of cases before I checked the meaning. I am thoroughly enjoying learning a new "skill" from a book that is so simple to understand and I have already started to implement my new dictionary of words when taking notes. A great big thank you for developing a system that is so easy to understand and completely workable and I looking forward to "showing off" my new skills when taking notes (which I will actually be able to understand) at the next board meeting." Ann, Knightsbridge, London About the author - Heather Baker Heather had over twenty years' experience as a secretary and PA before setting up Baker Thompson Associates Limited in 2000. The company specializes in the training and development of secretarial and administrative staff, www.bakerthompsonassoc.co.uk. She now travels all over the UK working with large and small companies to enable their office staff and PAs to work more effectively and efficiently. She also delivers courses in the Middle and Far East. She worked for ICI Pharmaceuticals (now AstraZeneca) and Hewlett Packard; she spent 5 years in France working for the Commercial Director of Cognac Hine and then 10 years with Granada Media working up to Personal Assistant to the Managing Director, commuting regularly between their offices in Manchester and London. She developed this speed writing system to fulfil a requirement by many companies for a quick and easy way for their employees to take notes.

Accelerated Learning Learn How to be a Better Learner Now and Get This Great Book Today! Are you part of the 90% of people that still don't work their dream job? Having studied all the major shorthand systems and even other speed writing courses, I find BakerWrite a sheer delight." "I will recommend this course to anyone who takes notes."

"Ed Hess's Hyper-Learning is uniquely practical and is the essential starting point for charting new ways of thinking, living, working, leading, and being fulfilled in our new world." —Gary Roughead, Admiral, US Navy (retired) former Chief

of Naval Operations The Digital Age will raise the question of how we humans will stay relevant in the workplace. To stay relevant, we have to be able to excel cognitively, behaviorally, and emotionally in ways that technology can't. Professor Ed Hess believes that requires us to become Hyper-Learners: continuously learning, unlearning, and relearning at the speed of change. To do that, we have to overcome our reflexive ways of being: seeking confirmation of what we believe, emotionally defending our beliefs and our ego, and seeking cohesiveness of our mental models. Hyper-Learning requires a new way of being and a radical new way of working. In Part 1 of this how-to book, Hess takes a practical workbook approach and helps readers create their Hyper-Learning Mindset, choose and embrace their needed Hyper-Learning Behaviors, and adopt their daily Hyper-Learning Practices. In Part 2, Hess focuses on how to humanize the workplace to optimize Hyper-Learning. Featuring case studies of three business leaders and two public companies, this book shows how to harness the power of human emotions, choices, and behaviors to enable the highest levels of human cognitive, emotional, and behavioral performance—individually and organizationally.

Accelerated Learning, Memory Improvement and Speed Reading To Learn, Memorize and Read Faster, Map Your Brain and Be More Productive

Become a SuperLearner

How to Read Faster

Speed reading is the pave of the glorious 2

Simple Ways to Train Yourself to Learn Faster, Sharpen Your Memory and Become More Productive

Increase Profits by Reducing the Time It Takes Employees to Get Up-to-Speed

Speed Reading: How to Increase Your Reading Speed, Learning Abilities, and Comprehension is your ticket to better reading. By reading this book, you will learn what speed reading is, how to break bad reading habits, techniques on how to successfully speed read, tips on reading effectively, and maintaining good reading comprehension. The reasons to learn how to speed read are numerous and include: Better reading comprehension Better long-term memory of what you read Get better grades and prepare for tests and projects more effectively Better focus Get organized Learn valuable study skills Increased productivity in less time Aid in a new career or getting that promotion Get back your personal time Reduce frustration and learn to love reading This book will help you in all those ways by showing you how to build a speed-reading toolkit and showing you how and when to use each tool for the most effective speed reading results. If you follow the directions, you should see results in a few days of practice and be well on your way to becoming a master speed reader in just a few months. You might even be surprised by the ways speed reading will affect your life for the better. Reading quicker will mean less time reading subtitles, labels, phone books, and more. You will be able to organize and find items in notes easier, and you will research more effectively as well. There are no limits to the benefits of speed reading.

If I told you that you could read an entire digital book in an afternoon, would you believe me? When we were taught how to read growing up, we were taught to read slowly. These poor reading habits hold us back, and it's why so many people don't enjoy reading. But reading can be faster, more fun, and more fulfilling than ever before once you learn the best reading strategies for your [learning type?]. In this short book, you'll discover proven strategies to read faster WITHOUT having to: Practice speed-reading techniques for hours and hours Skim text and risk missing crucial information Read cliff notes or shortened versions of a book This book combines the best lessons from speed reading techniques, neuroscience, and modern technology to allow you to read faster and comprehend more than you ever thought possible—and you will start reading faster today! Say Goodbye to Slow Reading Forever! I have always been a slow reader. I could never focus long enough to read an entire book. I often forgot what I had just read, and had to re-read sentences over and over again. Reading was a frustrating, slow, and painful experience, so I tried to make up for my poor reading skills by studying more and working harder. And it worked... but I wanted more. I wanted to be able to read more, learn more, and, most importantly, remember more. If you've quit reading more books than you can remember because of boredom or frustration, this quick read will change your life—and every book from now on will be a "quick read" for you. Everything changed when I developed this new way to get through entire books very fast... My Results: I was able to read 4 books in my first week of using the method - including the first Harry Potter Book (a book I never had time to read and would never imagine getting through the entire thing). In SPEED READING IN THE ELECTRONIC WORLD you will discover: The exact method to read books faster than you would have ever imagined Stop getting discouraged about books taking too long to get through Start reading more books your friends and colleagues recommend to you No more going back to re-read the same content over and over because you can't concentrate or focus (this won't happen anymore) How to comprehend and retain more of what you are reading Specific techniques to use so you remember what you're reading Method reduces zoning out and losing focus so reading content the first time will stick more in your brain How to accelerate your learning Fast readers have a huge advantage to

learn faster and become more successful as a result Utilize your new superpower to learn anything you've always wanted to learn Impress your friends and your colleagues with the new you This is perfect if you: Need to study for an exam Need to learn new business skills for your career Or...if you just want to breeze through your favorite fiction books so you can read more of them in a shorter amount of time. Make the small investment in you to gain this new superpower you can use for the rest of your life. This will open up an entire new world for you and it's just one click away - BUY NOW

If you've always wanted a simple way to learn faster and improve your memory but find learning difficult then keep reading... Do you feel like you spend a lot of time easily distracted on things other than what you're meant to really be focusing on? Have you ever tried learning something new only to forget the information as fast as you read it? Would you like to improve your brain's ability to learn? You see, learning and improving your memory doesn't have to be difficult. Even if you've tried other solutions which didn't work before. In fact, it's easier than you think. This is the power of Accelerated Learning. Accelerated learning programs are one of the fastest growing transformations in higher education. For four consecutive semesters it has doubled the number of writers who succeed in passing first-year compositions. Accelerated learning fills a much-needed role for nontraditional learners. Which means you can learn faster and improve your memory without tedious hours of practice every day. Inside this book are powerful learning techniques that will drive an exponential growth in your career, business, and personal life. Here's just a tiny fraction of what you'll discover: Make Learning Painless, Exciting, Habitual & Fun Learn Anything At 10x The Speed Optimise Your Strengths & Build Up Your Weaknesses Boost Productivity With a Step by Step Blueprint Filter The Junk To Give You A Laser-Focus Optimal Brain States For Learning The Surprising Truth About Multitasking Learning Techniques Used, by Steve Jobs, Salvador Dali, Leonardo DaVinci & Many More Double Your Reading Speed & Read Books Even Faster Absorb Info Like A Human Sponge ...and much, much more! Are you ready to accept the challenge to become the best you, you can be? And if you have a burning desire to never forget anything again, and transform yourself into a "super learner" then scroll up and click "add to cart"

When you see the words "speed learning," do images of people who have photographic memory or little kids who have an IQ higher than any of us flash across your mind? Or do you have images of geniuses like Albert Einstein, Thomas Edison and Leonardo Da Vinci swimming in your imagery? Those geniuses that I have mentioned above, their accomplishments and IQ seem like a faraway dream to most people. But if I were to say that it is possible for people to become smart, maybe not as smart as Thomas Edison and Albert Einstein, would you believe me? In fact, both Albert Einstein and Thomas Edison were seen as dim witted while they were in school. Most average people in the world were brought up in an education system whereby we were forced fed information after information, bits and pieces of knowledge in math, science and history etc. However, we were not equipped with the right tools to retain this information .Even if we managed to retain some of this knowledge, how many of us could actually access this knowledge and put it to practical use "Speed Learning: Tips & Techniques for Speed Reading, Learning and Memory Boosting" will teach how to learn new things or better yet how to learn new things quickly! In this book you will discover about: What is speed learning? Factors that hinder speed learning Brain super learning tool -Mind designing using Visualization techniques Remodeling your mental state Association of dissociation? Brain super tool two- Using mnemonics to master your memory The 12 memory techniques Memorizing names, faces and facts about people Brain super tool three- Using Mind Maps The bigger picture-Speed reading Common reading problems Speed reading technique- using guides Speed reading technique- Meta guiding techniques Speed reading technique- advanced skimming and scanning skills Speed reading technique- Metronome method Understand structure of paragraphs to improve comprehension Additional technique to boost your brain Grab a copy of this book and learn and harness the benefits of speed learning today!

Speed Learning: How To Improve Your Ability To Learn

Comprehensive Beginner's Guide to Effective Speed Reading

#9733 #9733 Buy the Paperback version of this book, and get the kindle eBook version included for FREE** Have you ever wondered how those freaks of nature known as "human machine" do what they do? How they are able to learn everything they read, heard or see within minutes? Well, there is a method to their madness! And in this book, I am going to

spill all the beans. We all have infinite potential and ability hidden in the deepest recesses of our brains: the ability to absorb an endless flow of information from the world around us. The author of this book, a highly successful psychologist, has developed a unique six step framework for rapid skill acquisition that has already helped hundreds of people from all walks of life to improve their approach to learning.>br>Through the pages of this book, you will be able to bring out the inner child that once was curious about the world around him and apply his natural drive to learn in this modern world. Here you will learn not just how to absorb the essential information you need to make your way in this endless evolving day and age but tricks on how to retain it and recall it whenever needed, even if it is years later. No matter what you need to study, analyze, or research, there is a way for you to acquire it, without the added stress and anxiety that is often associated with study. In this book you will find how to: Create a more positive image of how you should learn Gain a more intense level of concentration by using your five sense Reduce the amount of time you have to spend studying with the proven 6 steps to faster learning Tap into your real brain power in order to speed up the learning process Discover your real intelligence and use it to facilitate what you learn Reinforce that learning so that it will stay with you for years to come Once you have learned to unlock the secrets already hidden inside of you, your learning will become a more enjoyable experience that you will look forward to each day. You'll learn faster than you ever have before, and you'll be happy doing it. If you're a student that is preparing for an exam or competitions, an employee that is dreaming to climb up the organization ladder faster or a professional that simply wishes to dazzle clients with one's expert knowledge or finally a caring parent who is concerned about their kid's future career then this book perfectly fits you. So, stop dreading the amount of time you need to acquire new information, [CLICK ON BUY NOW](#) and catapult you into a very promising future!

#1 Speed Reading Book on Amazon for 2 Straight Years This book has quickly become the go to standard for rapidly improving reading speed. It offers simple tips to not only accelerate your reading, but comprehension and memory. Unlike other books that merely teach you to skim & scan, this book taps into your brain and eyes' amazing power to naturally read more words in a shorter time. Please Note There are a growing number of trolls and copycats on Amazon. They copy hard work of legitimate authors and post malicious reviews on their book to boost their own ranking. They don't take the time to understand a topic, only copy what others have written to make money. In fact, much of their content is taken directly from here as I've spent the last 15 years understanding how to optimize performance of the mind to enhance these areas & more. You will see that in the types of tips this book offers and how they are offered. In fact, it is the only speed reading book that presents practice drills at the end of every chapter, so by the time you get to the last page, you will have double or tripled your reading, learning, and memory of written information.

To succeed in today's ever-accelerating world, speed is the name of the game. Forget "slow and steady wins the race." The key to getting ahead is not fighting or hiding from speed, but embracing speed and using its power to your advantage. As Vince Poscente demonstrates in this rewarding and, yes, fast-paced book, speed has a unique ability to enrich your life. He empowers you to take control of your time, your tasks, your priorities, and your talents, and start making life everything you want it to be. Twenty new tips-exclusive to this paperback edition-show you how to:

- recognize the difference between repetitive chores and passionate pursuits, and assign the appropriate amount of time and energy to each
- mentally shatter the outdated idea that work, home, and leisure should be completely separate, and create a new, purpose-driven model of organizing your time
- discover how to control interruptions, including how and when to accept them-by learning when to multitask and when to focus

Speed provides amazing benefits-you become more conscious of how you spend your time, understand your authentic purpose, and find yourself more flexible and open to new opportunities. When you harness the power of speed, your life and work become less stressful, less busy, and more balanced. What are you waiting for? Praise for *The Age of Speed*: "The Age of Speed is your bible to surf the speed tsunami that's overtaking business and life." -Scott Cook, chairman and co-founder, Intuit "Thought-provoking . . . It's time to make peace with the whoosh of your 24/7 lifestyle." -Time "[Vince Poscente's] counterintuitive notion of embracing speed rather than coping with it will change the way people live and work." -Stephen M. R. Covey, author of *The Speed of Trust*

Master Speed Reading With a Few Simple Techniques and Save Time by Tripling Your Reading Speed! What if you were able to get through your study books three times faster? Imagine

how much time you would save that could be spent elsewhere. The MMA has created the perfect guide to ensure you read fast and memorize what you read. The curriculum is divided into three sections: 1-Beginners section. 2- Professional section. 3-Specialist Section. These sections can be for more detailed refer to the book "Speed Reading Question and Answer" Question No. 7 and Question No. 95. The structure of each practical day in the book: Practical skill: a practical training to clear the mind of distractions and prepare you for the daily reading. Values of the glorious: Every day we take a value of the glorious and its meaning. Goal of the Day: Here's what you'll gain in your day. Supporting Topics: This content varies from day to another depending on the purpose of the day. My advice to you today: This advice depends on the most important thing to be a glorious speed reader. One of the reasons for slow reading: You need to know what makes you slowdown in order to get rid of it. Deceived you by saying: They are some of the dicta that have been echoed in our ears and include misconceptions. The glorious skill: Here we talk about the glorious skills and how they can apply them within their lives. Quick information: we demonstrate Quick information unaware of many. Practical skill: is the practical application of the day. Learn a new language: In this section of each day you will learn a new letter from the hieroglyphic language to be able to read the letters at the end of the series. Stop: This is a stage where you should stop reading and return to it again before bed. Dessert of the day before bed: This is a very important stage to gain the habits of the glorious. Information of the Day: It is information about your latent strength within you to make a decision to be glorious and use this skill. What does each practical day contains? Each day is divided into several sections as we mentioned, but below we will focus on the practical skill of speed reading and skills of the glorious. The First day: The first day focuses on a simple definition of speed reading skill, as well as the definition of writing. It also puts you at the beginning of the glorious path and teaches you their values and goals. On this day you will learn about your reading speed. This is in addition to learning the first important skill in speed reading which is Mind clearing. The Second day: It is the beginning of the journey of the glorious; the day

will take you through the training systematically to climb the first steps of speed reading pave of the glorious. You will get to know the glorious up close and discover a lot about their habits. Here we highlight the way the eyes work, their movement, and how they pick up words and objects in general. As well as learning a simple eye exercise that helps you feel comfortable when you are tired. This day features the first actual applications of Speed reading by balancing and stimulation of right and left brain hemispheres, such as the Eye Saccades skill. The Third day: What is the field of vision and what is the scope of vision, and what are the limits of the eye vision for the average person and the speed reader, and can the scope of vision be expanded to 200 degrees? All these and more you will know on this day. The Fourth day: How to get rid of boredom when you are reading? On this day, you will learn how to read with the pacer and how it will affect your reading speed. You'll also be able to determine your reading speed with the provided quiz and you'll see the difference yourself. The Fifth day: On this day, you will realize the importance of goals, how to set them, and have a great experience with mind programming on the glorious journey. This is in addition to knowing the correct way to nourish the nervous system and important tips to work in the best possible way. The Sixth day: Today will be a special day on your path in the glorious journey, it will encourage you to be diligent in seeking knowledge and learning skill, the day will demonstrate group of excises to perfect the speed reading skill. Be aware that the more you excise the more skill you have. The Seventh day: This day will take you on a tour about goals, their definition and types. Also teaches you how to make the most of any book you intend to read. You will learn how to set goals for the material you are reading, as well as some important criteria that will benefit you tremendously when buying books. The Eighth day: How to achieve your dream and reach the speed required in speed reading. You will learn the secrets of reaching the desired speed that will make you feel good about yourself, and learn a great way to calculate your reading speed in general in any text you read, in addition to various practical exercises that will raise your skill significantly and make you rise in the path of the glorious. The Ninth day: This day focuses on success, fame and the difference between them, and tends to the importance of real training. It gives you a lot of information and tips to help you choose your teacher or the person from whom you will learn, the day will highlight the importance of patience and not to rush, and you will discover the secret of speed learning. The Tenth Day: How to get rid of internal sound or internal repetition while reading? This day will answer you in detail and solve the problem that makes you slowdown in speed reading. You will learn about comprehension and this day will offer you a comparison between verbal reading and silent reading, and the choice will definitely be yours according to your goal. The Eleventh Day: It addresses the memory and how it works, and the problem facing us in remembering, you will learn the problem causes and discover the stages of information storage and types of memory and how to develop and improve. You will write your journey with the glorious and your training in this book. The Twelfth day: You will reap the rewards of your first glorious journey on this day. Success capsules will also be awarded to continue on the path of the glorious you have begun, certainly you will notice the great difference in the way you apply the skill, and in the way you think in general, the path of the glorious must be distinctive and will affect those who behave in a positive way. The thirteenth day: This day aims to focus on your continuity in the path of the glorious; it serves as an organizational and complementary tool in your path of achievement, to sharpen your skill. Scientific recommendations chapter: It serves as messages for those who are interested in science, and will build a lot of principles within you and will make you aware of many facts around you. These are simple recommendations, which have a profound impact on oneself. It will help you to rethink many science-specific matters, and encourage you to be the source to verify honesty. Tests chapter: The completion of the days of training in the book does not mean the end of your trip but it is the beginning, because it will continue with us in the tests chapter, which will play a big role in raising your skill. Any skill develops by training and fades by not training, so these tests will be your companion and will help you continue on the path of the glorious. Be sure to pass them, and don't forget to measure your speed and comprehension from time to time to encourage yourself to always develop. ***
