conclusion. Speed Reading: Triple Your Reading Speed: Proven Hacks We live in an incredibly fast paced society. Whether we are at work, playing around with social media, or working on school, you are spending your days reading. You might be reading instructions, you might be reading reports or data, or you might just be

catching up with the family, but either way, you are reading. But, did you know there is a trick to reading? That's right.

There tend to be one of two reactions to the content people are reading. The first is that they take too long to read through it, and are often left feeling like they are behind. Or, they do read through it

quickly, but they are then left with a feeling that they didn't catch everything they were supposed to. It's true, when you read something, you want to do it both quickly and effectively, and those are skills that need to be learned. You may be able to read just fine, and you may have excellent comprehensive skills, but if you

don't pick up the pace, you are going to be left feeling behind. That is where this book comes in. In it, I am going to teach you how to not only read faster, or even twice as fast, but I am going to show you how to read three times as quickly as you do right now, and teach you how to retain and learn from what you read.
