

## Spiritual Seed The Church Of The Valentinians

90 days of spiritual food, where the writer has provided Scriptures of The Living Word (Seed), and her commentary (Fruit). In addition to the reader's personal Bible study time; the writer hopes to provide the reader with a word of relational commentary. A reminder for the reader to remember where our help and strength comes from. To endure all things, and to stay in the race for The Christ.

Thomas explores the path of spiritual development illustrating that human beings already possess the potent seeds for unfolding into more highly developed beings and that spiritual practices can shape the mind into an instrument for facilitating spiritual growth and experience -- often referred to as continuing from "grace to grace."

Spiritual warfare is a reality that faces Christians every day. Their daily walk with the Lord and fight with Satan affects every aspect of their life: their personal victory, the state of their families, their interaction with the world around them, and their ultimate service and performance on earth. Every Christian finds himself harassed and under the relentless hand of the enemy. Spiritual casualties surround us on every side. Luke warmth, defeat, and compromise seem to be the order of day. Deep within the heart of every true Christian stands a hunger to please his Master. This book focuses on that deep cry-the spiritual seed within. It equips the child of God and steadies him to a life of spiritual fulfillment in Christ as he fights and wins spiritual battles. Nobody is born a natural spiritual fighter. Like any army which recruits soldiers and trains them before releasing them to the battle field, the Christian soldier likewise has to be trained. His training is crucial knowing that the enemy he is fighting does not give him a chance to train before launching his attacks. Prayer and Spiritual Warfare equips and encourages the believer to effectively stand against the deceptive schemes of Satan by applying scriptural truths. It teaches the nature of the spiritual battle, what it takes to win battles, and weapons that are used to fight in this warfare. It trains God's soldiers to receive and obey orders from the war General-God. It discloses the deceptive schemes of the enemy and equips believers to deal with opposition and stand their ground in battle. It exalts Christ and points to His role in spiritual warfare. It weaves practical modern day- 21st century- struggles that face Christians and the church as a whole with scriptural truths of God's Word to combat spiritual apathy. Yes! Christians can fight the enemy with courage and be the light of the world today.

In Christian history spiritual awakenings are a recurring and important phenomenon. The Blantyre Spiritual Awakening was characterized by an overt evangelistic fervour among bands of people that belonged to an ever growing Born Again Movement in the city, from 1974 into the 1980s. This history covers The Blantyre Awakening which revived Evangelical Christianity in Malawi and prepared the way for the emerging Charismatic Movement.

This book is the first comprehensive study of the doctrines and history of "Valentinianism," making full use of the documents from Nag Hammadi as well as the reports of the Church Fathers.

"INSPIRED BY A FOREVER LIFE-CHANGING EXPERIENCE" LIVING LIFE WITH PURPOSE You are no accident; in fact, God has a purpose for everything He has created. You can rest in the knowledge that God has great and mighty plans for you; however, these plans can only come to fruition when you follow His path. David Baldwin, inspired by the most profound event of his life, will walk you through the Scriptures discussing why you were born, God's expectations for your life, how to stay connected to God, and how to maintain your life so that when your life is over, you will hear the words "Well done, good and faithful servant." "Spiritual Seeds to be Planted is a must read for anyone who wants to understand the power of the seeds that they have been given. Dave will give you the knowledge and tools you need to better steward what God has given you. I urge you to read this engaging and insightful book." Rich Pennington, Founding and co-pastor, Horizons Church David Baldwin was born and raised in Virginia. Professionally, David is a partner in the accounting firm of Rice and Baldwin, L.L.P. As a volunteer, he has served in an assortment of ministries and in a variety of capacities. His greatest passions are encouraging and assisting others with their calling.

Both natural and spiritual law operates through seedtime and harvest. The earth was created by God to reproduce and bring forth abundance through seedtime and harvest with every seed producing after its kind. The Kingdom of God was set by the Lord Jesus to work the same way. Every spiritual seed we sow will produce after its kind in the Kingdom of God.

In *Spiritual DNA of the Church On Mission*, author Bob Burton compares the missional foundation of the early church to human DNA. He argues that understanding the Church's missional DNA is the most effective starting point in engaging your church members on God's mission for the sake of total gospel transformation.

*The cover picture and the title go hand in hand. The person who goes out and casts seed has in him the hope that the kingdom of God will be expanded. He possesses at minimum, faith the size of a mustard seed. He believes that the all-powerful God whom he serves will release His power in what the picture portrays. The servant of God cast the seed, not knowing but believing that the purposes of God will become evident. Why? Because faith is the substance of things hoped for, the evidence of things not seen (Hebrews 11:1). So in his labors, some seed finds residence in a hard and dark heart of stone. God is working His miracle of regeneration or drawing that hard-hearted individual to Himself. The seed of the eternal Word is cracking and breaking up the hard heart. Sometimes, the person of faith observes something happening. He witnesses what was once a hard and depraved heart is now being softened toward God. If he is involved in up-close evangelism, he is blessed to witness the spiritual miracle of salvation as depicted in the picture as becoming a heart of flesh. That once-hard-hearted person is now able to move in God's direction rather than continuing in his own depraved way. The eternal seed that has been implanted in the heart by God now begins to sprout out with life, demonstrating the life of the Lord Jesus Christ, growing and producing spiritual fruit unto his King; this is his reasonable service.*

*I say, the established title, "The Acts," is limiting, and, to some extent, misleading for this reason - that it puts all the emphasis upon activity, and in so doing obscures the nature of the activity, the real character of what had been brought in, the very essence of things; that is, it very largely obscures the fact that this new dispensation is absolutely spiritual in every sense. We know how "the baptism of the Spirit," "the filling of the Spirit," all that is meant by the use of the word "Pentecost", has been taken up by men and interpreted in terms of manifestations, things that can be outwardly noted - activities, works, done in a certain kind of heat and enthusiasm and strength and assertiveness. ...At once our minds leap to certain forms of manifestation. But that is not the basic thing. The basic fact is that something has changed altogether, and there is a new character given to the new age; and that is that, for this age, everything is essentially and absolutely spiritual.*

*Seeds are cast today to all people constraining The Church Within to prevent them from relying on the Word of God. Author Betsy Cobb Wise identifies seven Seeds of Spirituality that attempt to lodge themselves in our hearts. The Seeds of Spirituality of The Church Within are distinctive in description, personality, and spiritual nature as they manifest themselves to world. Test your heart and see what grows there. Let God, as seedsman, produce a protective seed coat over you, and enter into His manufacturing threshold of spirituality. Wear the seed coat (God's Word), dispel the infested Germ Seed (satan's lies), and walk past the gatepost shutting darkness behind you forever. Abiding in Christ daily and identifying The Seeds of Spirituality of The Church Within-in you-will be God's threshing floor of deliverance.*

*The ancient heresy of Gnosticism has seeped into the church and is being taught in our most influential seminaries today. This can be seen most readily in the willingness-and even determination-of leading scholars and theologians to force the doctrines of evolution into the sacred text of the Scriptures. This book looks closely at the Bible to determine whether or not evolution can be endorsed by the Word of God. It then moves on to examine how today's theologians have played tricks with the text in order to seduce ordinary Christians into embracing Gnosticism. This book is a call to God's people to eradicate this heresy and return to an honest reading of the Bible. "These 'higher critics' have castrated Christianity; they themselves are spiritual eunuchs, incapable of producing any spiritual seed with which to grow the church in the coming generations. They hope to bring some reconciliation between the teachings of modern science and the traditional teachings of Scripture, but instead they only serve to instill doubt in the ordinary Christian-doubt that an ordinary believer can ever again trust his own uneducated reading of the Bible. It is sad to think that William Tyndale was martyred for bringing the Bible to the common man, while modern theologians are being praised for taking it away again."*

Herbert G. Scholes II, born in Kansas City, Kansas, raised in the abandoned Township of Zodiac Springs, Mo. made his professional career as a truck driver. After his salvation in December 2004, through the Holy Spirit, created the design known as "The Seed", adopted the spiritual name Priest Nation, and with the assistance of his wife Pamela Kay Scholten began to publicize, and founded the Priest Nation Ministries in 2014. In 2016 they created the H5G, The Five Gospel. Since that time the author and his wife have been attending local events sharing the gospel of Jesus Christ, and asking the Christian community; "The Question" What is the Gospel?

The book, Planting Spiritual Seeds and Uprooting Spiritual Trees: A to Z Prayer Points, is an inspirational spiritual book of prayer. This is a book that compares physical seeds with spiritual seeds, with the aim to enlighten the eyes of understanding of readers that nothing happens by chance. What you sow, you reap—both in the physical and in the spiritual. If you sow good seeds, you reap good harvest. Conversely, if you sow bad seeds, you reap bad harvest. Therefore, consciousness of the nature of seeds one sows and receives is very important because life and death are the power of the tongue. Furthermore, the book teaches us to uproot what we do not want and establish what we want in our lives through prayers.

All growth starts with a seed. Jesus/Yeshua came to teach us that the way in which we interpret the Bible determines whether we get the carnal seed or the spiritual seed implanted in us. This foundational teaching will explain exactly what the carnal seed is and what is the spiritual seed. Anyone serious about getting spiritual eyes to see and ears to hear, can come into a new realm of existence by using the eye salve given out in this teaching to start them on the path of living in the Spirit realm. Our hope is that the Lord will bring about a paradigm shift in the lives of all who hear and that He will start manifesting Himself to them. About the Author - Dr. Michael J. Petro is the Founder and Head Pastor of Forerunner Ministries International, based in Southern California. He is a prophetic evangelist, whom the Lord charged with trumpeting the Prophetic and Apostolic message of "Holiness" and "Awake, the Bridegroom is coming." Many signs, wonders, and miracles manifest plainly at Michael's conferences, such as gold and silver flakes, diamonds and precious stones, golden oil, and radical supernatural healings. Countless people with various diseases received healing including cancers, mental illnesses, deafness, blindness, HIV, and paralysis to name a few. In these gatherings Yeshua (Jesus) reveals himself, and many believers experience heavenly visitations and even face to face encounters with our Lord. These testimonies of supernatural experiences have led to revival in various parts of the world. Michael has led major conferences and healing meetings in more than fifty countries, bringing the message of the power of God and the true spiritual Torah, a message that is undistinguishable from the teachings of the Early Church fathers before 325 A.D. Michael is also the author of "Access Behind the Veil, The Coming Glory," available on all major online repositories. Prophet Michael explains the next move of God where his people step into their inheritance, the Elijah and Melchizedek priestly anointing. These forerunners will take the Church through the veil, an apocalypse preparing her for the worldwide outpouring of the Glory of God. The message Michael brings is simple: "Get ready the Bridegroom is coming." Keywords - Forerunner, Ministries, Workbook, Spiritual, Growth, Carnal Seed, Christian Teachings

"Valentinus, an Egyptian Christian who traveled to Rome to teach his unique brand of theology, and his followers, the Valentinians, formed one of the largest and most influential sects of Christianity in the second and third centuries. But by the fourth century, their writings had all but disappeared suddenly and mysteriously from the historical record, as the newly consolidated imperial Christian Church condemned as heretical all forms of what has come to be known as Gnosticism. Only in 1945 were their extensive original works finally rediscovered, and the resurrected "Gnostic Gospels" soon rooted themselves in both the scholarly and popular imagination. Valentinian Christianity: Texts and Translations brings together for the first time all the extant texts composed by Valentinus and his followers. With fresh, carefully annotated translations throughout and new transcriptions of the original Greek, Latin, and Coptic on facing pages, Geoffrey S. Smith provides an illuminating, balanced overview of Valentinian Christianity and its formative place in Christian history"--Provided by publisher.

Our spiritual life as a son of God is always a personal journey. Even so, God the Father never intended it to be an individual endeavor. Rather He designed it to be nurtured via the provision of the Spirit, fostered in His Household as a member of His Family, and established in the Kingdom of Jesus Christ, the Son of God. Through these writings, I hope to offer a sketch of true spiritual life from its infancy, "seed" unto its fruition in the elder of the Family and Kingdom Culture of God. --Immanuel Sun (Author) ----- "Content expressing pure spiritual truth is hard to find in modern Christianity. Many agendas and perspectives of man have infiltrated modern day teachings about the "truth" of the Gospel, making the real and pure truth about God and his ultimate purpose for mankind unclear and confusing. The Seed has been a huge help to me in cutting through the "religious mindsets" of man to get to the pure truth of who God the Father really is, His intent for sending his Son, Jesus Christ, to redeem mankind back to himself, and the ultimate purpose God has for those who call upon His name. While this process of transformation of my spiritual life is a journey still ongoing that will never stop, The Seed series of teachings have been a valuable help to me along the way." --John C. ----- "The teaching within The Seed has set the stage in many ways for a radical change in my perspective over the last few years of my life. It is easy when being brought up with a religious or church-based background to assume an understanding of the basic way and move of God. Unfortunately these assumptions can lead us to a life empty and even robbed of the power of God. The Seed is an excellent overview and starting point to recognize the much bigger, much greater way of the Lord. As is implied in the title, the truths presented in The Seed do not start and end with the words written here. They come from the ancient way, the true and

original way, and set a foundation or starting point into the many wonderful plans that the Lord God has for His people and His Kingdom. It is a great treasure and has been a mighty blessing in my life." --Ben L.

Fasten your seatbelt -- we're in a battle with a real spiritual enemy. The enemy is a liar and a deceiver. His method of operation is to "steal, kill, and destroy" (John 10:10). But God has already provided us with gifts of grace and faith, in addition to the supernatural power of the Holy Spirit. Do you need a miracle or a healing? It might surprise you, but God has already given you His way to plant spiritual seeds that will bring your harvest of healing. God's way is just as sure as planting a crop of corn! In this book you'll learn: Jesus said God's Word is a seed. Speaking God's Word is like planting seeds. Your heart is the ground that produces a good harvest. Healing is your good harvest. Healing is and has always been God's Will. Ron Craycraft is senior pastor of Forecast For Life Church in Southgate, Michigan. Ron is super-motivated to present the truth of God's Word in an easy-to-understand style. The 18th century was a wealth of knowledge, exploration and rapidly growing technology and expanding record-keeping made possible by advances in the printing press. In its determination to preserve the century of revolution, Gale initiated a revolution of its own: digitization of epic proportions to preserve these invaluable works in the largest archive of its kind. Now for the first time these high-quality digital copies of original 18th century manuscripts are available in print, making them highly accessible to libraries, undergraduate students, and independent scholars. The Age of Enlightenment profoundly enriched religious and philosophical understanding and continues to influence present-day thinking. Works collected here include masterpieces by David Hume, Immanuel Kant, and Jean-Jacques Rousseau, as well as religious sermons and moral debates on the issues of the day, such as the slave trade. The Age of Reason saw conflict between Protestantism and Catholicism transformed into one between faith and logic -- a debate that continues in the twenty-first century. ++++ The below data was compiled from various identification fields in the bibliographic record of this title.
