

Start Your Own Consulting Business Rakf

ABOUT THE BOOK Starting a consulting business is one of the best ways to leverage your expertise into a profitable career. According to the Bureau of Labor Statistics, consulting is predicted to be the industry with the largest growth from 2008 to 2018. Depending on your skills and experience, starting a consulting business can be done quickly and affordably. In his book, *Getting Started as A Consultant*, Alan Weiss, Ph.D. defines consulting as the application of talents, expertise, experiences and other relevant attributes, which results in an improvement in the clients condition, (p. 1). In essence, a consultant uses his knowledge to identify problems, recommend solutions, and assist in making change.

MEET THE AUTHOR Leslie Truex is a freelance writer and author on the subjects of small business, telecommuting and marketing. Her books include *The Work-At-Home Success Bible* (Adams Media, 2009) and *Jobs Online: How to Find and Get a Work-At-Home Job*. She's the owner of the 14 year old WorkAtHomeSuccess.com, which has been recognized by telework and small business associations as a quality resource for work-at-home information. She has appeared on *The Daily Buzz*, CNN.com, *Women's World Magazine*, *Redbook*, and in a host of other media outlets.

EXCERPT FROM THE BOOK You have a business license, a contract and an office, but without clients, you dont have a business. Once youve done the busy work to establish your business, your most important task is marketing. Even when you have clients, marketing is crucial to ensuring you always have enough work to stay in business. The first rule of marketing is realize that its not about you. That might sound like a contradiction since marketing is about enticing clients to hire you. But clients dont buy you for how great you are or how many letters appear after your name. They buy the results you can give them.

CHAPTER OUTLINE Start Your Own Consulting Business + Introduction to Starting a Consulting Business + How to get started + Business Structure + Marketing + ...and much more

Consultants work in all fields. They operate from offices and from home, work for investment firms and as personal trainers, or have expertise as accountants and wedding planners. The independence, flexibility, and potential income it brings make for an exciting and satisfying career. And it's an increasingly popular one for highly skilled, motivated professionals who've been laid off in this unstable economy. This guide features tips and tricks to help beat the competition, including how to: Set-and keep-personal and financial goals Organize important paperwork Price and market specific services Create advertising and publicity plans Grow a business, from finding a partner to managing employees Minimize and eliminate business risks Consultants are paid well for their advice-if they know how to operate a successful business. With advice from experts in a variety of areas, this valuable guide helps you create the business of your dreams!

NEW YORK TIMES BESTSELLER • The groundbreaking investigation of how the global elite's efforts to "change the world" preserve the status quo and obscure their role in causing the problems they later seek to solve. An essential read for understanding some of the egregious

abuses of power that dominate today's news. "Impassioned... Entertaining reading." -The Washington Post Anand Giridharadas takes us into the inner sanctums of a new gilded age, where the rich and powerful fight for equality and justice any way they can—except ways that threaten the social order and their position atop it. They rebrand themselves as saviors of the poor; they lavishly reward “thought leaders” who redefine “change” in ways that preserve the status quo; and they constantly seek to do more good, but never less harm. Giridharadas asks hard questions: Why, for example, should our gravest problems be solved by the unelected upper crust instead of the public institutions it erodes by lobbying and dodging taxes? His groundbreaking investigation has already forced a great, sorely needed reckoning among the world's wealthiest and those they hover above, and it points toward an answer: Rather than rely on scraps from the winners, we must take on the grueling democratic work of building more robust, egalitarian institutions and truly changing the world—a call to action for elites and everyday citizens alike.

‘I have never seen such a book about management consulting before: this sets a new standard. This book is extremely thorough and addresses all of the relevant topics.’ - Sander van 't Noordende, Group Chief Executive Products Operating Group, Accenture Whether you are looking to build on your management studies or experience of working in business, you are likely to have come across management consultancy and will need a clear and concise introduction to this area to help you understand its practices and techniques in order to hire and implement management consultancy in the future. This text provides you with these essentials for success in your studies and later industries when working with and not just for consultancy firms. The text is built around learning objectives to empower your understanding of the 'what', 'how', 'when' and 'why' at macro and micro levels of management consultancy and its stakeholders, and provides you with engaging real life examples and extra web materials for study. As well as full courses on management consultancy, this text will be invaluable to your management knowledge and skill-set across strategy, change, analytics, problem-solving, solution implementation and decision-making as applied by the world's top management consulting firms, such as McKinsey & Company, The Boston Consulting Group, and Bain & Company. The Elite Charade of Changing the World
Consulting Success

The Practice of Professional Consulting Flying Solo

Successful QuickBooks Consulting Starting, Growing, and Selling Your Expertise

This book provides consultants with a career framework to build, grow, and transform their consulting businesses by becoming brilliant at the basics. The Odyssey process challenges current thinking and offers a methodology to help readers rise to the top of the profession by applying leading-edge techniques and methodologies. An ideal companion to the Odyssey Consulting Institute's suite of learning materials, this book details a proven system designed for consultants who want to work at the highest levels and achieve greater rewards. The consultant's growth path outlined in the book demonstrates how a successful consultant builds a sustainable career by working through the Odyssey process. Explaining what consultants must do to join the top 10 percent of the profession and be rewarded accordingly, this book delivers both the tools and the confidence to develop powerful relationships with the right people and drive greater value-based revenue.

A guide to putting cognitive diversity to work Ever wonder what it is that makes two people click or clash? Or why some groups excel while others fumble? Or how you, as a leader, can make or break team potential? Business Chemistry holds the answers. Based on extensive research and analytics, plus years of proven success in the field, the Business Chemistry framework provides a simple yet powerful way to identify meaningful differences between people's working styles. Who seeks possibilities and who seeks stability? Who values challenge and who values connection? Business Chemistry will help you grasp where others are coming from, appreciate the value they bring, and determine what they need in order to excel. It offers practical ways to be more effective as an individual and as a leader. Imagine you had a more in-depth understanding of yourself and why you thrive in some work environments and flounder in others. Suppose you had a clearer view on what to do about it so that you could always perform at your best. Imagine you had more insight into what makes people tick and what ticks them off, how some interactions unlock potential while others shut people down. Suppose you could gain people's trust, influence them, motivate them, and get the very most out of your work relationships. Imagine you knew how to create a work environment where all types of people excel, even if they have conflicting perspectives, preferences and needs. Suppose you could activate the potential benefits of diversity on your teams and in your organizations, improving

collaboration to achieve the group's collective potential.

Business Chemistry offers all of this--you don't have to leave it up to chance, and you shouldn't. Let this book guide you in creating great chemistry!

Another extraordinary business fable from the New York Times bestselling author Patrick Lencioni Written in the same dynamic style as his previous bestsellers including *The Five Dysfunctions of a Team*, Lencioni illustrates the principles of inspiring client loyalty through a fascinating business fable. He explains the theory of vulnerability in depth and presents concrete steps for putting it to work in any organization. The story follows a small consulting firm, Lighthouse Partners, which often beats out big-name competitors for top clients. One such competitor buys out Lighthouse and learns important lessons about what it means to provide value to its clients. Offers a key resource for gaining competitive advantage in tough times Shows why the quality of vulnerability is so important in business Includes ideas for inspiring customer and client loyalty Written by the highly successful consultant and business writer Patrick Lencioni This new book in the popular Lencioni series shows what it takes to gain a real and lasting competitive edge.

New York Times Bestseller. "A superb book. . . . [Lewis] makes Silicon Valley as thrilling and intelligible as he made Wall Street in his best-selling *Liar's Poker*."—Time In the weird glow of the dying millennium, Michael Lewis set out on a safari through Silicon Valley to find the world's most important technology entrepreneur. He found this in Jim Clark, a man whose achievements include the founding of three separate billion-dollar companies. Lewis also found much more, and the result—the best-selling book *The New New Thing*—is an ingeniously conceived history of the Internet revolution.

From the creator of the popular website *Ask a Manager* and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll

learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you’re being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate’s loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green’s advice boils down to the idea that you should be professional (even when others are not) and communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author’s friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers’ lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green’s Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

The Practice of Professional Coaching Change is the life-blood of consulting just as organizations endure only through successful change. The reality of this mutual need lies at the heart of what consulting is all about. Consultants solve problems created by the powerful forces of change in an organization’s environment and in so doing, create change themselves. *The Practice of Professional Consulting* is a comprehensive examination of what has been called “the world’s newest profession.” In this practical resource Edward Verlander offers an overview of the industry and includes the most useful processes, tools, and skills used by successful consultants to produce solutions for their clients. The book also reveals why consulting is a growing and attractive career option. The best practices used by leading consulting firms are included in the book as well as the capabilities skillful consultants use in each stage of engagement. Verlander recommends ways to ensure a consultant can solve a client’s problems in a systematic, professional way. At the very heart of the book is the emphasis he puts on what is needed to become a trusted consultant. Filled with a wealth of must-have information from a wide range of consulting professionals, the book includes: a model of the consulting cycle; a diagnostic instrument for assessing consulting roles; ideas of how to develop political intelligence to navigate client organizations; tools for managing consulting meetings, risk assessment, and skills transfer; techniques in communications, emotional intelligence, presentations, and listening; and much more. Written for anyone wishing to start a consulting business, new employees at established consulting firms, facilitators of consulting training programs, and faculty at business schools, this important resource provides an easy way to understand the stages, roles, and tasks of consulting found in any type of consulting and it provides simple and easy-to-use techniques and templates for implementation.

This book will help you start earning money in your OWN business with the wealth of information it provides. It includes steps to start your own business (and estimated start up costs); how to define your services and set billing rates (includes average billing rates); how to improve your knowledge and experience; obtain new clients and effective marketing ideas; details about websites, client engagements, market opportunities, growing the business, and MUCH more. This book includes results of a national survey of QuickBooks ProAdvisors about their annual income, use of engagement letters, over 300 comments and advice on things they wish they had known sooner or done differently, their KEYS to SUCCESS and more! Bookkeepers, accountants, tax preparers, and consultants will all find beneficial information in the book. With your own business, you can decide what hours you want to work, services to provide, and work from home if you choose! This book will help you SUCCEED!

Leading entrepreneurs into the multi-billion dollar consulting industry, the experts at Entrepreneur show you how to capitalize on your talents to help others achieve their business goals. Coached by experts, learn to define your market, find and keep clients, obtain licenses, set rates, monitor cash flow, hire staff, prepare contracts, agreements, and reports, and more. Includes new interviews with successful consultants, updated answers to frequently asked questions, and a completely refreshed list of the top 20 consulting businesses.

An Insider's Guide to Building a Successful Consulting Practice

Expert, step-by-step advice for a successful and profitable career

How to Navigate Clueless Colleagues, Lunch-Stealing Bosses, and the Rest of Your Life at Work

Start Your Own Senior Home Safety Consulting Business

Your Step-By-Step Guide to Success

The Profitable Consultant

Building a Successful Consulting Practice

This guide is designed to provide readers with the methodology to set up and run their own consulting business. The author offers advice on practical issues such as raising finances, maintaining financial control, implementing a marketing strategy and delivering on-going business.

Consulting Start-up and Management: A Guide for Evaluators and Applied Researchers addresses the unique issues faced by evaluators and applied researchers who are interested in becoming independent consultants, as well as by those who need to re-tool their professional practice. This text will be used as a supplementary text in courses in evaluation and applied research in which consulting work is addressed, in addition to its use as a professional text by current and would be practitioners.

Your step-by-step guide to starting a profitable senior home safety business in just 30 days. Nine out of ten seniors over 65 wants to "age in place" and live independently in their own home as long as possible. But as seniors age, they are at higher risk for in-home injuries, as their balance, eyesight and flexibility are reduced. As a result, one in three seniors has a serious fall each year. Here's the good news - With just basic home modifications, injuries can largely be prevented, allowing seniors to age in place safely in the comfort of their own home. Helping seniors stay safe in their own home is vital as the senior population grows. That's why this is a wonderful opportunity for those who can do home safety checks so seniors can be safe at home. This is an ideal part-time or full-time business if you enjoy helping others. You're your own boss, your hours are flexible, the business is home-based and, best of all, there is little or no competition. Also, because no formal training or expensive equipment is needed, you can get started with just a few hundred dollars. In this guidebook, you'll discover: How to set your rates. 12 free sources for local referrals. Secrets of six-figure home safety businesses. All the forms you need to get started. Best 3 "add-on" profit centers for additional income.

7 Steps for Starting a Profitable Consulting Business, Get Clients and Make Money Without a Website

The Consultant's Handbook

Learn How To Start A Consulting Business

Consulting For Dummies

Business Chemistry

Thanks to today ' s busy lifestyles, nearly 4,500 institutions of higher learning, and more than 21 million students, the need for college admissions consulting services continues to grow. The experts at Entrepreneur detail how education enthusiasts and/or those with a passion for counseling others can take advantage of this home-based business opportunity. Coached by our experts, entrepreneurs learn how to identify their specialty or services—from steering high school students towards acceptance to assisting in filing admission and financial applications and other market needs. They also learn business basics such as establishing their company as a legal entity, outfitting a home office, handling the finances, promoting your services and the like. Given contact lists, resource lists, sample documents, and even interviews from practicing entrepreneurs sharing money-saving tips, pitfalls to avoid, and tricks of the trade, entrepreneurs gain all the intel they need to make their business startup and launch a success.

The International Bestseller "This book blew my mind. More importantly, it made financial independence seem achievable. I read Financial Freedom three times, cover-to-cover." —Lifehacker Money is unlimited. Time is not. Become financially independent as fast as possible. In 2010, 24-year old Grant Sabatier woke up to find he had \$2.26 in his bank account. Five years later, he had a net worth of over \$1.25 million, and CNBC began calling him "the Millennial Millionaire." By age 30, he had reached financial independence. Along the way he uncovered that most of the accepted wisdom about money, work, and retirement is either incorrect, incomplete, or

so old-school it's obsolete. Financial Freedom is a step-by-step path to make more money in less time, so you have more time for the things you love. It challenges the accepted narrative of spending decades working a traditional 9 to 5 job, pinching pennies, and finally earning the right to retirement at age 65, and instead offers readers an alternative: forget everything you've ever learned about money so that you can actually live the life you want. Sabatier offers surprising, counter-intuitive advice on topics such as how to: * Create profitable side hustles that you can turn into passive income streams or full-time businesses * Save money without giving up what makes you happy * Negotiate more out of your employer than you thought possible * Travel the world for less * Live for free--or better yet, make money on your living situation * Create a simple, money-making portfolio that only needs minor adjustments * Think creatively--there are so many ways to make money, but we don't see them. But most importantly, Sabatier highlights that, while one's ability to make money is limitless, one's time is not. There's also a limit to how much you can save, but not to how much money you can make. No one should spend precious years working at a job they dislike or worrying about how to make ends meet. Perhaps the biggest surprise: You need less money to "retire" at age 30 than you do at age 65. Financial Freedom is not merely a laundry list of advice to follow to get rich quick--it's a practical roadmap to living life on one's own terms, as soon as possible.

Whether you 're a beginner just starting up a consulting practice, or a veteran looking for ways to invigorate your existing business, An Insider 's Guide to Building a Successful Consulting Practice is an invaluable resource. Featuring real stories from consultants in diverse industries, the book offers simple yet powerful ways to: Identify a market and narrow your focus • Make a smooth transition from employee to independent consultant • Sell effectively even if you 've never sold before • Establish visibility through speaking, writing, and networking • Build credibility by leveraging the credibility of others • Set prices based on value • Develop a marketing strategy and divide your time between marketing and delivering your services • Keep plenty of work in your pipeline • Adapt and thrive in any market condition • And much more Complete with the results of an original survey of 200 successful independent consultants, this handy guide provides the kind of real-life advice you need to build a thriving business.

do more of the work I love? Is it possible to have both a career and a life? Then this book is for you In *Owning It*, Kris Taylor shares candid insights on how she leveraged her professional expertise into a consulting business that has provided her with a six figure income for over 15 years. As the founder of Evergreen Leadership and now LEAP, LLC, Kris has built two consulting practices that enables her to do meaningful work, an income potential that exceeds what she ever expected and the freedom and flexibility to live life on her own terms. Warning: If you are happy with your career, your earning power and your ability to integrate your work with the rest of your life, this is not the book for you. This is also not a book about selling in a multi-level marketing scheme. *Owning It* is for professionals who want to launch their own professional consulting business and who want to learn from someone who has had a successful small consulting business working with companies, big and small, across the globe. In this book you'll learn why over 50% of the professionals in the workplace will be working independently in by 2028 and why those who are currently independent say they would not go back to full time employment at any salary Pick up this book to learn about the workplace trends that make starting your own consulting firm a great choice for so many high performing professionals. You'll be able to assess your readiness for making the leap to independence and identify any problem areas that you'll need to overcome. And the best part is that Kris shares practical tips that took years to her to learn. In this book you'll discover: 10 trends affecting white collar workers that threaten traditional employment Six personal and practical reasons professionals choose independence Making room in the middle: the sweet spot between the big 4 consulting groups and temporary workers Four ways to start your own small consulting business Five must have skills for independents Seven warning signs that independence might not be for you Ten things to know before you go independent Compelling reasons companies work with independent professionals Overcoming your own resistance and fears when doing something big How to get started as an independent professional consultant As a special bonus, when you purchase *Owning It*, you'll have access to download these free valuable tools to help you get off to a good start: The Biz 101 Checklist which gives you the 10 steps to successfully launch a small consulting business A recorded webinar: 10 Steps to Starting Your Own Consulting Business A recorded webinar: Your Income Potential as an Independent Consultant Delivers the essential practical skills needed to consult and make sharp, well prepared interactions in a wide range of business situations This comprehensive handbook covers the fundamental skills and attitudes required by successful consultants from novice to practitioner level, irrespective of their specialist area. It untangles the key variables present in any consulting service and introduces practical ways to improve their effectiveness based upon the author's experience of helping consulting organisations to develop and excel in the marketplace. The book explores consulting 'from the ground up' steering away from theory and focusing instead on practical application, providing a solid platform upon which to build further domain-specific competence. The *Consultant's Handbook* provides: An understanding of the key variables that can be addressed in order to improve one's own consulting performance A set of simple practices that can be implemented with immediate benefit to the reader Practical insight into day-to-day real

life consulting interactions Confidence to implement the new ideas and approaches "Start & Run a Profitable Consulting Business is packed with expert advice on how to set up and operate a new consultancy and, more importantly, ensure its survival." "Fully revised and updated, this long-awaited new edition includes comprehensive and practical guidance on all aspects of the consultancy process, from marketing and selling your service to seeing through projects."--Jacket.

Inside the Technical Consulting Business

Communication is essential in a healthy organization. But all too often when we interact with people—especially those who report to us—we simply tell them what we think they need to know. This shuts them down. To generate bold new ideas, to avoid disastrous mistakes, to develop agility and flexibility, we need to practice Humble Inquiry. Ed Schein defines Humble Inquiry as “ the fine art of drawing someone out, of asking questions to which you do not know the answer, of building a relationship based on curiosity and interest in the other person. ” In this seminal work, Schein contrasts Humble Inquiry with other kinds of inquiry, shows the benefits Humble Inquiry provides in many different settings, and offers advice on overcoming the cultural, organizational, and psychological barriers that keep us from practicing it. Selling can be uncomfortable for professional business consultants and executive coaches. The two biggest problems are generating more qualified leads, and turning those leads into actual paying clients. Taking traditional beliefs about how best to "sell" and turning them completely upside down, author Jay Niblick rewrites the sales playbook for the consulting and coaching industry. His proven five-step sales process is specifically designed for independent business consultants and coaches, serving as a common set of rules to grow their practice, deliver more value and generate more revenue. The Profitable Consultant delivers a suite of ready-to-launch tools that will automate readers ' marketing efforts, so they can focus more time delivering revenue-generating services -- to even more clients.

« This is a must read for every B2B entrepreneur, SaaS creator or consultant and business school student. It's the kind of book you don't read once, you go back to it on a regular basis. » - Carmen Gereá, CEO & Co-founder, UsabilityChefs Lean B2B helps entrepreneurs and innovators quickly find traction in the enterprise. Packed with more than 20 case studies and used by thousands around the world, Lean B2B consolidates the best thinking around Business- to-Business (B2B) customer development to help entrepreneurs and innovators focus on the right things each step of the way, leaving as little as possible to luck. The book helps: • Assess the market potential of opportunities to find the right opportunity for your team • Find early adopters, quickly establish credibility and convince business stakeholders to work with you • Find and prioritize business problems in corporations and identify

the stakeholders with the power to influence a purchase decision • Create a minimum viable product and a compelling offer, validate a solution and evaluate whether your team has found product-market fit • Identify and avoid common challenges faced by entrepreneurs and learn ninja techniques to speed up product-market validation « The book will pay itself off in the first couple of pages! » - Ben Sardella, Co-Founder, Datanyze 86% of Readers Rated it 5-Stars

« Treat this book like a map to show you where you are and a compass to show you the direction. I wish I could have read it 2 or 3 years ago. » – Jonathan Gebauer, Founder, exploreB2B « Lean B2B is filled with rock-solid advice for technology entrepreneurs who want a rapid-growth trajectory. Read it to increase your certainty and your success rate. » - Jill Konrath, Author of AGILE SELLING and Selling to Big Companies « Probably the most slept on book in the Lean startup market right now.... There is no sugarcoating here. Garbugli tells you exactly what needs to happen and how to make it happen... literally holds your hand and spells it out. I was really impressed with the overall depth and advice presented. » - AJ, B2B Entrepreneur « The book I read of which I have learned the most. » - Etienne Thouin, Founder and CTO, SQLNext Software « This book is essential reading for would-be entrepreneurs who face the daunting task of entering B2B markets. » – Paul Gillin, Co-Author, Social Marketing to the Business Customer

Consulting For Dummies, 2nd Edition includes a reorganization and narrower focus of the topic, with new or updated information that delves into the specifics of running your own consulting business. There is greater emphasis on the business of consulting, along with financial and legal issues involved in setting up a consulting business, deepening coverage of consulting proposals, and entirely new chapters on higher-level consulting issues that more-established consultants are demanding.

Getting Started in Consulting

The Unbeatable, Updated, Comprehensive Guidebook For First-Time Consultants Getting Started In Consulting More people than ever are making the jump from corporate offices to home offices, taking control of their futures, being their own bosses, and starting their own consultancies. Consulting is a bigger business than ever and growing every day. For almost a decade, Alan Weiss's Getting Started in Consulting has been an indispensable resource for anyone who wants to strike out on his own and start a new consulting business. It provides a rich source of expert advice and practical guidance, and it shows you how you can combine low overhead and a high degree of organization to add up to a six- or even seven-figure income. You'll learn everything you need to know about financing your business, marketing your services, writing winning proposals, meeting legal requirements, setting fees, keeping the books, and much more. This new Third Edition of Getting Started in Consulting is more comprehensive, up to date, and practical than ever. In addition to the nuts-and-bolts basics, you'll also get a wealth of new information and resources: How to

leverage new technologies to lower your business costs and increase your profits A budget sampler that shows you how best to maximize an initial start-up investment of \$5,000, \$10,000, or \$20,000 Free downloadable tools and forms to help you design and start your business quickly and easily New interviews with consultants who achieved rapid success, including their personal stories and most effective techniques Brand-new references, examples, and appendices If your dream in life is to get out of the office and out on your own, consulting is a great way to make it happen. Make sure you do it right—and do it profitably—with Getting Started in Consulting, Third Edition.

Management consulting is a growing industry in the U.S. as the number of consultants employed from 2012 to 2018 has gone from 540K to 684K and is steadily increasing. But today's client perceptions are reshaping the consulting industry and a savvier client base wants low-cost, solution-driven advisors. This updated edition of Start Your Own Consulting Business teaches new and experienced consultants how to leverage digital tools and their unique talents to narrow their niche, attract new clients, and earn a steady stream of referrals.
