A MUCH-LOVED CAMPUS NOVEL, SET IN BANARAS HINDU UNIVERSITY WRITTEN BY THE WINNER OF THE SHRI DWARKA PRASAD AGARWAL AWARD 2018, AUTHOR OF DILLI DURBAAR, CHAURASI, BAAGHI BALLIA Bhagwandas Hostel at Banaras Hindu University can be mistaken as being like any other college hostel, but that would be a gross error. For, among the corridors of BD Hostel roam never-before-seen characters: Suraj the narrator, whose goal is to woo a girl, any girl; Anurag De, for whom cricket is life, literally, and Jaivardhan, whose melancholia gets him to answer every query with 'ghanta'. Follow the adventures of the three friends and others as they navigate undergraduate life in one of India's most vibrant colleges, plan to steal exam papers, struggle to speak to women, find friends in corridors lined with dirty linen, and forge lifelong bonds amid bad mess food. First published in Hindi in 2015, Banaras Talkies has remained on the bestseller list since then. A slice-of-life novel, it captures college life with all its twists and turns. Written with the idiomatic flourish that is

the hallmark of Banarasi colloquialism, this comic novel is one of India's great coming-of-age novels.

The book aims to assess whether the musicians of Varanasi are Traditional or modern. In this context, the generation gap hypothesis was psychologically tested. It appeared that the musicians of Varanasi upheld the traditional values of music as a whole. However, the older and younger generations differed significantly in the context of their professional attitude and outlook.

A psychedelic odyssey like no other, spanning the exotic foothills of the eastern Himalayas. In the summer of 2011, two bleary-eyed kids, teetering on the cusp of adulthood, decide to drop out of the daily grind and just travel. But once they hit the road, their plans go out the window. Soon, they are barreling over potholes the size of lunar craters in Nepal, bungee jumping in Rishikesh, waking up to Buddhist chants in Sikkim and cycling down the world's highest motorable pass in Ladakh. On the way is a constant stream of oddballs, like the five-second-tea lady, the flute-playing hotel manager, flying Sonam, reggae junkies and many more - this journey is all about rolling with the punches. Special Lassi is one part funny, two parts crazy and a whisper of wistful

- for the best things are ephemeral and a lust for life is a dangerous thing. AMRITA CHATTERJEE is a unicorn who likes to frolic in her mythical la-la-land, and surfaces occasionally to check on the real world. But the lights are brighter on the other side and she hopes you will follow her there, if only for a while.

Decoding Destiny is the story of Yana, Sanaya and Ritu, who live in Dubai - the City of Dreams. Yana, an ex-airhostess, has given up her glamorous job in the skies to follow her two goals; one, to start her own event management company and two, to find the old-fashioned bookish kind of love. She lands in a complete mess when she is smitten by Abhilash, whose friend, Kapil, ends up having a crush on her. In the midst of all this drama, Ritu, who hails from a traditional Gujarati family, and had almost been married at eighteen, ends up having a secret affair with an upcoming model. Sanaya, who has put her dreadful past behind, is now a certified counselor, who doesn't like risking anything in life. Will she be able to guide her friends through their mess? Will Ritu's involvement cost her more than she bargained for? Will Yana find her old-fashioned, bookish kind of love while focusing on her career goals?

BollySwar is a decade-wise compendium of information about the music of Hindi films. Volume 7 chronicles the Hindi film music of the decade between 1991 and 2000. This volume catalogues more than 1000 films and 7000 songs, involving more than 1000 music directors, lyricists and singers. An overview of the decade highlights the key artists of the decade

- music directors, lyricists and singers - and discusses the emerging trends in Hindi film music. A yearly review provides listings of the year's top artists and songs and describes the key milestones of the year in Hindi film music. The bulk of the book provides the song listing of every Hindi film album released in the decade. Basic information about each film's cast and crew is provided and detailed music credits are provided. Where available, music credits go beyond information regarding music directors, lyricists and singers, and include the names of session musicians, assistants, programmers, arrangers, mixers, recordists, etc. Where applicable, music related awards are listed. Interesting trivia is listed for most films. This includes information about artist debuts, plagiarised or sampled songs, controversies and stories behind the making of the film and its music. This book is primarily meant as a quick reference for people looking for information related to a Hindi film or a song, but readers can also browse through the book to get an overview of the events that shaped Bollywood music in the decade. Given that Hindi films are a reflection of the Indian society, the reader can also glean insights about the country's socio-political and cultural environment from the book.

Jawar Dil is the influential and charismatic leader of a powerful Hindu clan

in Khyber. His skill in maintaining peace and harmony between many different factions and amidst the complex relationships that abound in the region are legendary, but after the death of his beloved wife, he decides to retreat from public life and live as a spiritual recluse in Jalalabad. With the clan now left dependent on Jawar's untested son, Jai, it isn't long before radical elements emerge to take advantage. Encouraged by Jai's inexperience, Arfan, a Mullah with a lust for power provokes conflicts between Muslim warlords and the Hindu tribes, aided by his grandson, Ali. It isn't long before Jai is completely cut off and out of his depth and is unable to deal with the escalating conflict. With the rising death toll of his people, Jawar returns with his brother Journail and their childhood friend, Dostan, to defeat their enemies. But there are greater problems looming. As the political situation in India hangs on a knife-edge and Muslims are calling for their own country, Arfan and Ali use it as a pretext to return and continue their war against the Dils. Do the Dils have the power to defeat them again and see peace returned to their lands? Will the clan heed Jai's advice and relocate to a place where they will be safe? Or will their desire to live and die in the lands they were born in be too strong to overcome? Although we have been successful in our careers, they have not turned out

quite as we expected. We both have changed positions several times-for all the right reasons-but there are no pension plans vesting on our behalf. Our retirement funds are growing only through our individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school. He was bored and tired of studying. "Why should I put time into studying subjects I will never use in real life?" he protested. Without thinking, I responded, "Because if you don't get good grades, you won't get into college." "Regardless of whether I go to college," he replied, "I'm going to be rich."

An Indian-American anthropologist, whose own dramatic marriage was arranged

in his non-vegetarian polygamous priestly family background, struggles to find a vegetarian and sexy bride for his U.S.-born lawyer son. The long journeys from America to India move the bride search, through social-cultural ups and downs, with girls after girls, and their spicy episodes, stirring up the anthropologist's own bittersweet memoirs. A wife begs a man to spare her abusive husband's life; a bride at the altar refuses to marry due to greed; a woman drinks cow urine because a low-caste man saved her; a man urinates over a wild tiger; a girl disappears minutes before the parents want to introduce her to the visiting bride searchers; a bridegroom is beaten by his relatives hours before the marriage; policeman on orders to stop marchers beat, rape and shoot women; and deeper discoveries. Some are highly controversial as they involve big political, historical and international names and events. Then the search takes an abrupt turn. Overall, this provocatively entertaining novel offers intercultural education by interweaving religion and mythology, folklore and literature, historical accounts and personal philosophy of fair human contact. Anoop Chandola, born in India, presently a professor of East Asian Studies at the University of Arizona in Tucson, Arizona. Nita Kumar offers an evocative and sensitive portrayal of rarely explored aspects of Hindu culture through her analysis of the way leisure time is used by Hindu and Muslim artisans of Banaras--the weavers, metalworkers, and woodworkers. Music, festivals, the place of physical culture, and the importance of going "to the outer side" all are examined as Kumar looks at

changes that have occurred in leisure-time activities over the last century. The discussion raises questions of the cultural and conceptual aspects of working-class life, the role of fun and play in Indian thought, the importance of public activities in terms of personal identity, and the meaning of an Indian city to its residents. This analysis turns away from the usual models of Hindu-Muslim conflict by seeing divisions based on occupation, income level, education, and urban neighborhood as more relevant for the construction of identity than those based on religion or community. Kumar draws her information from police station records, Hindi newspapers and periodicals, publications of local individuals and organizations, oral history, and ethnographic data. Originally published in 1988. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Drawing on ethnographic research spanning ten years, Antoinette Elizabeth

DeNapoli offers a new perspective on the practice of asceticism in India today. Her work brings to light the little known and often marginalized lives of female Hindu ascetics (sadhus) in the North Indian state of Rajasthan. Examining the everyday religious worlds and practices of the mostly unlettered female sadhus, who come from a number of castes, Real Sadhus Sing to God illustrates that these women experience asceticism in relational and celebratory ways. They construct their lives as paths of singing to God, which, the author suggests, serves as the female way of being an ascetic. Examining the relationship between asceticism (sannyas) and devotion (bhakti) in contemporary contexts, the book brings together two disparate fields of study-yoga/asceticism and bhakti-using the singing of bhajans (devotional songs) as an orienting metaphor. This is the first book-length study to explore the ways in which female sadhus perform and thus create gendered views of asceticism through their singing, storytelling, and sacred text practices, which DeNapoli characterizes as their "rhetoric of renunciation."

In Mountain, Water, Rock, God, Luke Whitmore situates the disastrous flooding that fell on the Hindu Himalayan shrine of Kedarnath in 2013 within a broader religious and ecological context. Whitmore explores the longer story of this powerful realm of the Hindu god Shiva through a holistic theoretical perspective that integrates phenomenological and systems-based approaches to the study of religion, pilgrimage, place, and ecology. He argues that close attention to places of religious significance offers a model for thinking through connections between ritual, narrative, climate destabilization, tourism, development, and disaster, and he shows how these critical components of human life in the twenty-first century intersect in the human experience of place.

A god transforms into a nymph and enchants another god. A king becomes pregnant. A prince discovers on his wedding night that he is not a man. Another king has children who call him both father and mother. A hero turns into a eunuch and wears female apparel. A princess has to turn into a man before she can avenge her humiliation. Widows of a king make love to conceive his child. Friends of the same sex end up marrying each other after one of them metamorphoses into a woman. These are some of the tales from Hindu lore that this unique book examines. The Man Who Was a Woman

and Other Queer Tales from Hindu Lore is a compilation of traditional Hindu stories with a common thread: sexual transformation and gender metamorphosis. In addition to the thought-provoking stories in *The Man Who Was a Woman and Other Queer Tales from Hindu Lore*, you'll also find: an examination of the universality of queer narratives with examples from Greek lore and Irish folklore a comparison of the Hindu paradigm to the biblical paradigm a look at how Hindu society and Hindu scripture responds to queer sexuality a discussion of the Hijras, popularly believed to be the "third gender" in India--their probable origin, and how they fit into Hindu society With the telling of each of these tales, you will also learn how the author came upon each of them and how they relate to the context of dominant Hindu attitudes toward sex, gender, pleasure, fertility, and celibacy.

Whether spurred by religious images or academic history books, hardly a day goes by in South Asia without an incident or court case occurring as a result of hurt religious feelings. The sharp rise in blasphemy accusations over the past few decades calls for an investigation into why offence politics has become so pronounced, and why it is observable across religious and political differences. *Outrage* offers an interdisciplinary study of this growing trend. Bringing together researchers in Anthropology, Religious Studies, Languages, South Asia Studies and History, all with rich experience in the variegated ways in which religion and politics intersect in this region, the volume presents a fine-grained analysis that navigates and unpacks the religious sensitivities and political concerns under discussion. Each chapter focuses on a recent case or context of alleged blasphemy or desecration in India, Pakistan, Bangladesh and

Myanmar, collectively exploring common denominators across national and religious differences. Among the common features are the rapid introduction of social media and smartphones, the possible political gains of initiating blasphemy accusations, and the growing self-assertion of marginal communities. These features are turning South Asia into a veritable flash point for offence controversies in the world today, and will be of interest to researchers exploring the intersection of religion and politics in South Asia and beyond.

The first insider account of an ancient and secretive tradition • By the first foreigner to become a member, and later an elder, of the Juna Akhara, the oldest and largest grouping of Naga Babas • Filled with true accounts of magic, miracles, ghosts, and austerities • With lessons on Hindu gods, ayurveda, and Indian culture woven throughout After traveling at age 18 from his native California to India in 1969, Rampuri was drawn to the Naga Babas, an ancient and wild order of naked yogis whom he calls the "Hell's Angels of Indian Spirituality." Organized into a sect by Adi Shankara in the 5th century BC, the Naga Babas see themselves as the ultimate protectors of the Sanatan Dharma, or what we call the Hindu religion. Rampuri became a disciple of a Naga Baba--a master shaman sadhu--from Rajasthan and, as foretold by astrological prophecy, soon found himself the first foreigner to become an initiate of the Juna Akhara, the oldest and largest grouping of Naga Babas with more than 50,000 sadhu members. From drinking the "Nectar of Immortality" at the source of the Ganges River to allegations of tantric murder, this autobiography is filled with true accounts of magic, miracles, ghosts, and austerities, with lessons on Hindu gods, ayurveda, mantra, and

Indian culture woven throughout. Through his journey of extremes, Rampuri takes us into the mystic heart of India.

Understanding Kedarnath in the Twenty-First Century

In this book, I bring to you some family recipes made and perfected over three decades by my mother and aunt. This is a collection of snacks, preserves (loosely used to include pickles and accompaniments) and sweets. My mother, Mrs. Renu Rajesh and aunt Mrs. Kshama Chandra were the first generation of women in their family to have graduated from high school. They learned and evolved these recipes over time when there was not much information or classes available in Patna, the city where they spent some years of their youth together. Over the years, they traveled around the country and lived in different towns, picking and curating recipes from friends and neighbors, tweaking and innovating them over time. Festivals and auspicious occasions being the theme of the book, I have included some exclusive recipes that my mother and aunt ritually made at home during such times. All across the country, festivals and auspicious events (like marriages, childbirth, house-warming, etc.) in families are

times to indulge in exquisite dishes with our families and friends as part of sharing nature's abundant blessings. We are presenting an assortment for the Indian version of a High Tea Table.

This book offers a translation of the seven thousand verses of the second book of the medieval Hindu text, the Ganesa Purana, one of two Puranas dedicated to the important elephant-headed god. In this book the reader is given many narratives about Ganesa's ascent to earth in order to kill demonic figures who threaten to overthrow the correct world order. In addition, these narratives contain myths about Ganesa's birth and family as well as some extended and quite humorous myths about ideal devotees of the god. The translation is preceded by a long introduction offering a geographical and historical context for the Ganesa Purana. Following the translation are very extensive notes which bring our points of philological interest, but focus mainly on the literary structure of the text and the methods used to present the many myths and narratives in a coherent and fully integrated manner.

Amish Tripathi devoted years to the research of Hindu mythological stories and history, and discussions with his family about the destiny of the human body, mind and soul to create this sweeping and fascinating adaptation of ancient Hindu mythology for modern fantasy readers. 1900 BC in what modern Indians call the Indus Valley Civilization and the inhabitants called the land of Meluha: a

near-perfect empire created many centuries earlier by Lord Ram--one of the greatest monarchs that ever lived--faces peril as its primary river, the Saraswati, is slowly drying to extinction. The Suryavanshi rulers are challenged with devastating terrorist attacks from the east, the land of the Chandravanshis. To make matters worse, the Chandravanshis appear to have allied with the Nagas, an ostracized and sinister race of deformed humans with astonishing martial skills. The only hope for the Suryavanshis is an ancient legend: When evil reaches epic proportions, when all seems lost, a hero will emerge. Is the unexpected, rough-hewn Tibetan immigrant Shiva that hero? Drawn suddenly to his destiny, duty, and by love, Shiva will attempt to move mountains and lead the Suryavanshi to destroy evil.

How can religion help to understand and contend with the challenges of climate change? *Understanding Climate Change through Religious Lifeworld*, edited by David Haberman, presents a unique collection of essays that detail how the effects of human-related climate change are actively reshaping religious ideas and practices, even as religious groups and communities endeavor to bring their traditions to bear on mounting climate challenges. People of faith from the low-lying islands of the South Pacific to the glacial regions of the Himalayas are influencing how their communities understand earthly problems and develop meaningful responses to them. This collection focuses on a variety of different aspects of this critical interaction, including the role of religion in ongoing debates about climate change, religious sources of environmental

knowledge and how this knowledge informs community responses to climate change, and the ways that climate change is in turn driving religious change. Understanding Climate Change through Religious Lifeworlds offers a transnational view of how religion reconciles the concepts of the global and the local and influences the challenges of climate change.

BA-pass Brajesh sold bras in Manphodgunj. Perhaps his destiny was sealed the day Babuji named him Bra-jesh. Under normal circumstances, Brahmins were not supposed to be businessmen. But Kumud Bajpai had brought along a hosiery shop as dowry and there was no looking back. Only front. One glance and Brajesh could estimate, 'Madam, 38D will be perfect.' Together, they had produced and raised Binny, their twenty-year-old daughter who they lovingly called a 'happy-go-lucky' girl: happy to spend her father's money while different fellows got lucky. Binny was now an undergraduate student at the University of Allahabad and classmate Gajendra-going-bald was besotted with her. He would smile in her general direction throughout the entire lecture. One day at the lab, she had leaned over his workbench, letting her dupatta slip to allow a peek at her cleavage and had pouted,

'What is in your hands?' A lot was in his hands later that evening. Now, Binny was in love with Rahul, or, to be more precise, his situation. You see, Rahul was a rich man's son and stayed in a palatial bungalow with an army of alert minions. When they yelled, 'Ramu, Tiwari, Jagdamba', servants would jump out of the pores of the house in an instant to serve them. But, unknown to Binny, Raja was in love with her and had won over Brajesh's heart by eliminating goon Ramlal from the encroachment next to Kumud Hosiery and Bedding. To complicate things further, her parents were looking for a suitor. She had asked best friend, Manjul with feigned exasperation, 'Marriz... marriz... why human beens need to do a marriz? Why?' But Manjul was a pious girl, easily outraged into calling out to God. Let's help Chumki elope with Azhar. Hey Bhagwaan. Let's eat two-two ice-creams. Hey Bhagwaan. Binny's latest plan was so alarming that Manjul was compelled to summon all possible gods, some even borrowed from other religions, to express her utter and complete shock. Will Binny choose 'gorment'-job-holder Tarun or Sanskari-N.R.I Harsh? Would Raja be able to win her heart? How long will Brajesh be able to keep the suitors on hold with excuses like:

'My mother's death-birthday is coming', 'Kumud's chacha has become a widow', or 'Our family pandit himself is in Planet Saturn'? Will Binny execute her dangerous plan? Band, Bajaa, Boys! is here to take you on the laugh-o-coaster of your life! Yesterday's Melodies Today's Memories is a rare collection of profiles of all important music-makers of the Hindi Film Industry between 1931 and 1970. It not only gives a biographical background of each music artiste, but it goes further to interview many of the surviving giants and completes the task by listing some of the best songs with which that person is associated. Here are singers that include the whole gamut from KL Saigal to Asha Bhosle, lyricists that include Sahir and Gulzar, music composers from Naushad to RD Burman, artistes that were part-time singers and full time actors like Ashok Kumar, melody queens like Noor Jahan and Lata Mangeshkar, gentlemen lyricists like Prem Dhawan and gentlemen singers like Manna Dey, mischief-makers like Kishore Kumar and rebels without pause like OP Nayyar and Majrooh Sultanpuri. In fact, this book is a house in which all these great talents live happily, each in a separate room, given space for self-expression. The serious

research that has gone into this book is evident as you move from one chapter to another, opening layers after layers presented non-seriously. Over 100 music makers are presented this way and many more in a huge single chapter.
