Raised from childhood as an assassin, Claire finds her world knocked off kilter when Theo Kevonis, a rich, ex-Air Corp nobleman, rescues her from an airship crash. Being a soldier of a hostile nation she cannot reveal her identity, but Theo sinks his steely Dom fingers into her heart and soul, showing her the pleasures to be found in surrendering to his touch. Captivated, Claire cannot help but bind herself in lie after lie rather than risk losing the one man who's ever loved her. When her loathsome commander returns from the dead, her deceit is uncovered. Somehow, Claire must find a way to win back Theo's trust and destroy the man who threatens them both. "Publisher's Note: This book contains explicit sexual content, graphic language, and situations that some readers may find objectionable: anal play/intercourse, BDSM theme and elements, violence."

*A beautiful visual history book of fantasy art from Romanticism and steampunk to modern illustrations from novels. Art has always been one of the most vivid ways to express people's imagination. Fantasy art illustrates the full range of human fears and dreams, from mythology, the Bible, and the artist's own original and exciting stories. This book describes the history of fantasy art from Romanticism in the 18th century to the modern era by exploring the masterpieces of fantasy artists: William Blake, John Martin, Albert Robida, Jules Gabriel Verne, H.G. Wells, and more. It also shows illustrations from science fiction and fantasy novels such as Mary Shelley's *Frankenstein*, poems and stories by Edgar Allan Poe, mystery novels by Agatha Christie, and contemporary fantasy novelists such as J.R.R. Tolkien and Michael Ende. This book illustrates the remarkable transition of fantasy art that occurred in 19th century when steampunk was introduced to the fantasy art world. Steampunk was unique because it was a fantasy-based style that was inspired by a real event, the Industrial Revolution. Today, the influence of steampunk can be seen in everywhere, from legendary films by Walt Disney and Hayao Miyazaki's Studio Ghibli. This book will surely satisfy all lovers of fantasy art and literature.*

*From the great minds who brought you *A Steampunk's Guide to the Apocalypse* now comes *A Steampunk's Guide to Sex*. Your guide to the sexy side of steampunk, covering everything*

from kinky Victorian sexuality to contemporary subcultural sex. Covers such hot topics as erotica, sex work, burlesque, BDSM, alternative sexualities, consent, sexual health, sex devices, and historical attitudes on sex; plus how-to guides on DIY floggers, steam-powered vibrators, Victorian aphrodisiacs, and more! Profusely illustrated with steampunk erotic diagrams, illustrations, and tintypes!

Shattered by betrayal, Aria's Companions have separated. Aven and Del have retreated to the safety of the Water tribe, leaving Owyn and Treesi behind on land to stand with Aria and help their wounded Heir heal. Despite their best efforts, Aria retreats, rejecting them both. Owyn knows that he and Treesi can't do this alone. He starts riding out to the coastal villages surrounding Terraces, sending messages out to the deep, begging Aven to come back, telling him that the Heart can reach the Heir. Then he returns from one such trip to find Aria and Treesi have left Terraces, leaving him behind. Abandoned, Owyn leaves Terraces. Instead of following Aria, he goes north, trying to find a way to contact the Water tribes. Trying to find a way to save everything before it's too late. To do that, he must face his deepest fear, risk losing his heart, and accept help from the most unlikely of allies.

The Mammoth Book Of Weird Records

Co-winner, Ray & Pat Browne Award for Best Edited Collection in Popular Culture and American Culture Once a small subculture, the steampunk phenomenon exploded in visibility during the first years of the twenty-first century, its influence and prominence increasing ever since. From its Victorian and literary roots to film and television, video games, music, and even fashion, this subgenre of science fiction reaches far and wide within current culture. Here Rachel A. Bowser and Brian Croxall present cutting-edge essays on steampunk: its rise in popularity, its many

manifestations, and why we should pay attention. Like *Clockwork* offers wide-ranging perspectives on steampunk's history and its place in contemporary culture, all while speaking to the "why" and "why now" of the genre. In her essay, Catherine Siemann draws on authors such as William Gibson and China Miéville to analyze steampunk cities; Kathryn Crowther turns to disability studies to examine the role of prosthetics within steampunk as well as the contemporary culture of access; and Diana M. Pho reviews the racial and national identities of steampunk, bringing in discussions of British chap-hop artists, African American steamfunk practitioners, and multicultural steampunk fan cultures. From disability and queerness to ethos and digital humanities, *Like Clockwork* explores the intriguing history of steampunk to evaluate the influence of the genre from the 1970s through the twenty-first century. Contributors: Kathryn Crowther, Perimeter College at Georgia State University; Shaun Duke, University of Florida; Stefania Forlini, University of Calgary (Canada); Lisa Hager, University of Wisconsin-Waukesha; Mike Perschon, MacEwan University in Edmonton, Alberta; Diana M. Pho; David Pike, American University; Catherine Siemann, New Jersey Institute of Technology; Joseph Weakland, Georgia Institute of Technology; Roger Whitson, Washington State University.

Four swords imbued with incredible power that can be used to save the world... or destroy it. After a thousand years, the race to find the swords has begun again, setting apprentice-mage Douglas Keith and newly-awakened mage Margaret Prentice on a path that reveals the secrets locked within their minds and their magic In order to save their future, they must first look to their past.

What would today's technology look like with Victorian-era design and materials? That's the world steampunk envisions: a mad-inventor collection of 21st century-inspired contraptions powered by steam and driven by gears. In this book, futurist Brian David Johnson and cultural historian James Carrott explore steampunk, a cultural movement that's captivated thousands of artists, designers, makers, hackers, and writers throughout the world. Just like today, the late 19th century was an age of rapid technological change, and writers such as Jules Verne and H.G. Wells commented on their time with fantastic stories that jumpstarted science fiction. Through interviews with experts such as William Gibson, Cory Doctorow, Bruce Sterling, James Gleick, and Margaret Atwood, this book looks into steampunk's vision of old-world craftsmen making beautiful hand-tooled gadgets, and what it says about our age of disposable technology. Steampunk is everywhere—as gadget prototypes at Maker Faire, novels and comic books, paintings and photography, sculptures, fashion design, and music. Discover how this elaborate view of a history that never existed can help us reimagine our future.

Examining the global dimensions of Neo-Victorianism, this book explores how the appropriation of Victorian images in contemporary literature and culture has emerged as a critical response to the crises of decolonization and Imperial collapse. Neo-Victorianism and the Memory of Empire explores the phenomenon by reading a range of popular and literary Anglophone neo-Victorian texts, including Alan Moore's Graphic Novel *From Hell*, works by Peter Carey and Margaret Atwood, the films of Jackie Chan and contemporary 'Steampunk' science fiction. Through these readings Elizabeth Ho explores how constructions of popular memory and fictionalisations of the past reflect political and psychological engagements with our contemporary post-Imperial circumstances.

Having slipped through Mannon's fingers, Heir to the Firstborn Aria and her two Companions – Waterborn Aven and Fireborn Owyn – have left Forge behind and are on the road to the Earth tribe lands. There they'll find the heart of the resistance. At least, that's what they've been told by Memphis, Owyn's adoptive father and Companion to Aria's father, Heir to the Firstborn Milon. They will also find Aria's Earthborn Companion, and take another step toward fulfilling the cryptic Vision of the Dove. The Earth tribe lands are nothing like they were led to believe. The Healing centers have been destroyed, and Mannon's men are out in force, with orders to bring the Waterborn to Mannon. To evade the guards, Aria, Aven, Owyn and Memphis follow a young healer back to her home – a healing center hidden in the cliffs overlooking the sea. There, they find the surviving healers, the Chieftess of the Earth tribe, and the Senior Healer. They are offered sanctuary, and the Senior Healer offers to complete Aven's training as a healer. The Chieftess offers Owyn more – a link to his unknown past. But not everything is what it seems, and their safe haven may not be as safe as they thought. Memphis goes off to seek visions, and doesn't return. Then, in an instant, Aria and Aven both vanish, leaving Owyn racing against treachery and time to find them and uncover the truth.... A truth that might destroy their hopes for a future.

Astrid Bailey is content living alone, balancing her career as a contract machinist with her true passion: making "felicitation devices" for her discerning female clients. The upcoming World's Fair, with its substantial cash prize, is an opportunity for her to open the shop she's always imagined and solve her financial woes. With questionable credentials, though, she's unable to enter without a reputable businessman to vouch for her. Eli Rutledge, noted watchmaker, needs to enter the World's Fair to maintain his reputation as an innovator, but he's fresh out of ideas. With no other options, he agrees to Astrid's proposal, lending his good name to her scandalous invention. When construction heats up, so does their chemistry--and the complications. Astrid is unaccustomed to accepting help, especially from a privileged businessman like Eli, even if she can't keep her hands off him. Eli is losing his fight to an attraction that could spell professional disaster and heartbreak. As the Fair date approaches, Astrid and Eli must decide how far they'll go for the business...and for each other. Warning: contains scandalous "product testing," steamy f/f and m/f encounters, and gratuitous liberties with an alternative-history Steampunk London, all in the quest for happily ever after.

Mary has trained for years to become the next Lamplighter of London. When her chance comes, however, she realizes the massive

difference engines of the Lampworkers' guild would be a cold substitute indeed for the passion she's begun to explore with the current Lamplighter, Nicholas. But Fate, it seems, is determined to separate them. A rival threatens to upset all Mary's hopes and dreams within the guild, and with her newfound love. Even as snow blankets London in readiness for Christmas, intrigue blazes in the secret labyrinths of the Lampworkers' guild below. Through bitter deception and scorching erotic discovery, Mary and Nicholas must find a way to shine a light on a new future--one they can spend together. The Lamplighter's Love is a 20,000 word erotic romance novella.

Everyone's heard of Usain Bolt, but how many people know about Dineka Maguire? Like Bolt,
the Irish woman is a world record holder but in the rather lesser known sport of bog

snorkelling. She is just one of the hundreds of unsung heroes featured in this book chronicling the people who go to bizarre lengths to break world records in the weirdest categories; people who devote hours of intense training to spitting dung, eating cockroaches, sniffing feet or tossing tuna in the hope of one day being recognised as the best in the world. This astonishing compendium of the weirdest, wackiest and most disgusting world records will amuse and astound in equal measure. Entries include: Longest ear hair Fastest marathon while wearing a deep-sea diving suit Fastest bog snorkeller Farthest distance skateboarding by a goat Most bees on body Most milk crates balanced on head Fastest 5-km run while dressed as a penguin and juggling Heaviest airplane pulled with teeth Fastest shopping trolley Longest backwards motorcycle ride Most stairs climbed by bicycle Fastest 30 metres on a scooter by a dog First water-skiing squirrel

In an alternative past, where modern technology exists with Victorian values, Mina Trelawney is caught between demure social convention and the desire to live her life to her full sexual and personal potential. When her parents are murdered by a madman who plans to rule the country, Mina finds her potential stretched to the limit as she battles the chilling schemes and philosophy of the mysterious alliance. In the fight to the death, who will live to create the future? Will Mina's individuality or the alliance's desire for mass conformity and oppression triumph? Victorian innovation wedded to high technology. Diabolical masterminds, derring-do and sexual experimentation combine in a new type of adventure: Steampunk Erotica. Rounding out the collection is an adult take on the classic Alice in Wonderland, laced with erotica and steampunk elements. Alice Totti, frowned-upon daughter of the stuffy Lord and Lady Totti, is a young lady hiding in her books and art when she is kidnapped by an insane mechanical centipede and taken to Wonderland. There she finds a kingdom ripped apart by oppression and mechanization, coordinated by the tyrannical Queen of Hearts and her mysterious ally, the Bush. Will the timid Alice survive her ordeal? Will she find the strength to fight for what's right? Will she find the strength to simply be herself?

Blending science fiction and dark fantasy, this monumental Victorian thriller is a dazzling feast for the senses: an action-packed roller-coaster ride of suspense, betrayal, and richly fevered dreams. It starts with a simple note. Roger Bascombe regretfully wishes to inform Celeste Temple that their engagement is forthwith terminated. Determined to find out why, Miss Temple takes the first step in a journey that will propel her into a dizzyingly seductive, utterly shocking world beyond her imagining. Nothing could have prepared Miss Temple for the things she would find behind the closed doors of forbidding Harschmort Manor: men and women in provocative disguise, acts of licentiousness and violence, heroism and awakening. But she will also find two allies: Cardinal Chang, a brutal assassin with the heart of a poet, and a royal doctor named Svenson, at once fumbling and heroic—both of whom, like her, lost someone at Harschmort Manor. As the unlikely trio search for answers, hurtling them from elegant brothels to gaslit alleyways to shocking moments of self-discovery, they are confronted by puzzles within puzzles. And the closer they get to the truth, the more their lives are in danger. For the conspiracy they face—an astonishing alchemy of science, perverted religion, and lust for power—is so terrifying as to be beyond belief. Praise for *The Glass Books of the Dream Eaters* “The most original thing I’ve read in years: deftly executed, relentlessly inventive, and with a trio of the most unusual and engaging heroes who ever took on a sinister cabal out to rule the world by means of sex and dreams.”—Diana Gabaldon “A tale that combines swashbuckling adventure, a big dose of science fiction and burgeoning romance.”—USA Today “Rich . . . studded with treats . . . beautifully written.”—Entertainment Weekly “Sweeping, highly original and absorbing . . . defies categorization.”—The Dallas Morning News

Warning: This book contains too many sex variations to list. The alliance killed her family and wants to take over the country. Lady Mina Trelawney is going to stop them. Armed with steam-powered technology, the latest in Laserton weaponry, and her loyal friends, Mina finds a clue that can lead her to the alliance--but has she got the skills and the courage to survive? Against her is Government indifference, mysterious assassins, and a ruthless, well-equipped enemy. Can the small band of intimate friends win against the odds? And what price will Mina have to pay in her life, relationships and sexuality? Steampunk Erotica II: Fight for the Future.

In a Victorian world with steampunk sensibilities, the adventures and misadventures of inventors, domestics, explorers, and aristocrats intermingle with sometimes humorous, but always amorous, results. From merely steamy, to highly erotic, to downright graphic, the engaging characters of these 14 interrelated stories find paths to satisfaction in a world replete with bustles, cogs, top hats, and train whistles. Get ready for action, for these stories are Steam Geared!

Neither kink nor curse can stop a woman with a mission. Cecily Harrowsmith, secret agent extraordinaire, is a woman on a mission. When the remote Indian kingdom of Rajasthan refused to remit its taxes to the Empire, Her Majesty imposed an embargo. Deprived of the energy-rich mineral viridium, essential for modern technology and development, Rajasthan was expected to quickly give in and resume its payments. Yet after three years, the rebellious principality still has not knuckled under. Cecily undertakes the difficult journey to the rugged, arid land of the Raj puts to determine just how it has managed to survive, and if possible to convince the country to return to the Empire's embrace. Instead, she's taken

captive by a brigand who turns out to be the ruler's half-brother Pratan and delivered into the hands of the sexy but sadistic Rajah Amir, who expertly mingles torture and delight in his interrogation of the voluptuous interloper. Cursed before birth by Amir's jealous mother, Pratan changes to a ravening wolf whenever the moon is full. Cecily uncovers the counter-spell that can reverse the effects of the former queen's hex and tries to trade that information for her freedom. Drawn to the fierce wolf-man and sympathising with his suffering, she volunteers to serve as the sacrifice required by the ritual—offering her body to the beast. In return, the Rajah reveal Rajasthan's amazing secret source of energy. In the face of almost impossible odds, Cecily has accomplished the task entrusted to her by the Empire. But can she really bear to leave the virile half-brothers and their colourful land behind and return to constraints of her life in England?

Swords of Charlemagne: The Complete Series

The Victorians wrote some of the best and most enduring erotica. For such a reputedly tightly-laced age, people were certainly spending a lot of time thinking about all things carnal. The rich and slightly decadent visuals of the steam age lend themselves perfectly to the new carnality of the post-punk era. And, of course, what was formerly repressed is even more exciting once the corset is unlaced! Carnal Machines, a heady collection of steampunk erotica, shows sex at its steamiest - literally!

The stories are usually about 5,000 words long (20 pages) and include a romance story as well as the hot sex and steampunk, SF, or fantasy setting. In this collection of five erotic short stories for women (and their men) are: 1. Dragon Squeezes Rimonia is a rebel. When the old ones forbid her from visiting the dragon's cave, she must prove them wrong. Will the old dragon hoist her on a shaft and then eat her like the old tales say? Will it prove as dangerous a trip to the young, virginal Fairy as the old ones believe? Read Dragon Squeezes and find out. (MF, dragon sex, fantasy erotica) 2. Bad Day/Good Day T'Calah has had a really bad day. Between lost males, an arrogant space captain, and angry colonists she's about ready to chuck it all and run away. When her slave L'dar won't make up his mind, she loses control. How will L'dar save himself? How will L'dar calm his angry mistress? (FM, D/S, BDSM, science fiction erotica) 3. Hen Party Duchess Margaret is out for a good time with her friends. Lady DesLondres has the solution. A dinner party with male slaves as the desert. How many ways can you use a male? There's seven courses to find out. A novella. (MMMMMF, Domme, Female Domination, Menage, Orgy, D/S, BDSM, steampunk erotica) 4. The Collection Cherry wakes up hanging from a hook in the metal ceiling. Around her are a collection of women and men in the same predicament. Who is the strange, funny man? What does he want with them? What is that tube-like instrument he's carrying? How will Cherry

escape his clutches? (MF, BDSM, Shibari, alien sex, tentacle sex, science fiction erotica) 5. Captured This is the first chapter of the third (unreleased) book in the Chasing Fae Romance series. The Kitsune, Moriko, has lost Sarah and Robin in the tavern. They've been stolen right from under her. Where are they? Sarah awakens to find herself in the clutches of the dragon Nidhug. Out of the dreams of the Mother Goddess came the four tribes of Adavar, each born from of the elements. And since the beginning, the tribes of Adavar have been ruled by the Firstborn, the descendants of Axia, the firstborn daughter of the Mother Goddess. And as Axia had her four companions by her side throughout her life, so to does the Firstborn have their Companions, chosen one from each tribe, so that each tribe has a voice. On the day that the Firstborn takes the throne, their Heir is chosen by the Mother Goddess herself, and no one would dare to challenge that divine choice Until the usurper Mannon turns on Firstborn Tirine, her Council, and Milon, her Heir, stealing the throne of Adavar and throwing the world into chaos. Twenty-

five years later, Waterborn Aleia and her mate, Earthborn Jehan, survive alone far out at sea, maintaining little contact with the Water tribe. It is the only life their son, Aven, has ever known. Then the storm comes, driving a storm-damaged ship into the deep waters. The only survivor on the deserted ship? A girl with wings, who Jehan and Aven discover unconscious and imprisoned in the hold. When she wakes, she knows Aleia and Jehan on sight, and what she tells them turns Aven's life upside down. Her name is Aria. She is Milon's daughter. She is the Heir to the Firstborn, charged by the Goddess to take back what was stolen. And Aven is her first Companion.

An anthology focusing on newer elements of steampunk, one which deconstructs the staples of the genre and expands on them, rather than simply repeating them, with a greater spread both in terms of location and character. This is steampunk with a modern, post-colonial sensibility. Contributors include: Jeff VanderMeer, Caitlín Kiernan, Mary Robinette Kowal, Jay Lake, Cherie Priest, Cat Rambo, Catherynne M. Valente, Genevieve Valentine and many more.

edited by Cecilia Tan and J. Blackmore. Five erotic steampunk stories. Lust & leaping 'technologie' meet in a Victorian era that never was. Jason Rubis, Thomas S. Roche, Vanessa Vaughn, Peter Tupper, and Kaysee Renee Robichaud create fascinating tales of airships, corsetry, mad scientists, and drama. [Warning: explicit sexuality.]

Presents a collection of essays looking at the social and cultural aspects of steampunk and its relationship to popular culture.

A naughty Victorian scientist tries to create a supernatural love slave and gets more than he bargained for, when magic and machines are mixed! Inspired by stories of Frankenstein's monster, arrogant, womanizing London inventor Wallace Thorndon sets out to create the perfect girlfriend—a clockwork maiden to slavishly satisfy all his erotic desires. Soon he has fashioned Celeste, a beautiful mechanical girl that is lifelike in almost every way. Except she has no soul. And no passion. Frustrated, he turns to the famed medium Madame Chaurade, who agrees to help him capture a slutty female spirit from the aether and install it within his nubile robotic creation. But the mischievous clairvoyant has other plans for Mr. Thorndon, and the ghost they harness isn't the docile, submissive

wench she first appears to be. All too soon, Wallace realizes he has met his match in Celeste, and the clockwork lady can give as good as she gets . . .

Steamlust is romantic erotica that reflects the excitement, fantasy and rebellion of steampunk. Not sure what steampunk is? Think Victorian elegance and aesthetics meets futuristic invention and exploration. The genre of steampunk itself has transcended the Victorian (or Edwardian) eras — in Kristina Wright's inventive anthology, it can be any time period, real or imagined, that blends elements of science, history, fantasy and technology. Until Steamlust, the genre had been missing romantic relationships and erotic encounters. Steampunk erotic romance is shiny brass and crushed velvet; mechanical inventions and romantic conventions; sexual fantasy and kinky fetish. It's steam powered sexy romance! Editrix extraordinaire Kristina Wright creates a lush and fantastical world of women-centered stories and romantic scenarios, first for steampunk fiction. Fetishizing the wardrobe, language, fantasy and rituals of steampunk, Steamlust includes alternate histories, second worlds, time travel and contemporary settings.

Ten fresh erotic tales with a wry new twist on the future, and on the past as well. Astoundin' Erotica is packed with hot sex and fiery fantasy as we travel behind the scenes with rock's raunchiest superstar, Rick Ramrod and the Hard-Ons; head out for lunch at The Penis Diner, America's steamiest fast food franchise; and onto the floor at the Olympics, where the best are Blowing for Gold. Three Martians and a Motorcycle proves that teens can get into trouble on any planet; Stop The World - I'm Cumming, delivers a delicious new take on ecology; and in The Violet Vixen, we meet Got'em Ciy's most provocative super-heroine. Plus, Ambrose Horne, the man who put the "shock" in "SHerLOCK"; a Lord, a librarian and some very peculiar reading material; incredible sex in a virtual universe; and more!
