Inside each of us is the promise of a tutor. If you've ever taught a child to tie her shoe, or helped a friend with his homework, or even helped a stranger understand a posted sign, you have it in you to empower others through learning. Tutors are allowed to do what teachers and parents are often not able to do. They can be patient, observe, question, support, challenge, and applaud. They can move towards nurturing the true and total intelligence of their tutees. Learning to tutor is simply overcoming fears, sharing and acquiring knowledge, and appreciating the potential and wisdom in each other. Tutoring Matters is the authoritative manual for both the aspiring and seasoned tutor. Using firsthand experiences of over one hundred new and experienced tutors, this long-awaited guide offers chapters on attitudes and anxieties, teaching techniques, and building relationships. It educates the tutor on how to handle and appreciate social and language differences; how to use other adults—teachers, administrators, parents, employers—to a student's advantage; and, when your student or circumstances determine that it's time, how to put a positive and supportive end to the tutor-tutee relationship. Written by experienced tutors and tutoring educators, Tutoring Matters celebrates—and provides just the right tools for—an individualized and successful tutoring relationship and shows just how much you can learn—about the world and yourself—through teaching others. Author note: Jerome Rabow, the recipient of numerous distinguished teaching awards, is co-author of Cracks in the Classroom Wall: An Analysis with Readings. He is Professor Emeritus of Sociology at the University of California, Los Angeles. Tiffani Chin is an experienced tutor and Ph.D. Candidate researching education and sociology at UCLA. Originally published in 1958, The Professional is the story of boxer Eddie Brown's quest for the middleweight championship of the world. But it is so much more. W. C. Heinz not only serves up a realistic depiction of the circus-like atmosphere around boxing with its assorted hangers-on, crooked promoters, and jaded journalists, but he gives us two memorable characters in Eddie Brown and in Brown's crusty trainer, Doc Carroll. They are at the heart of this poignant story as they bond together with their eye on the only prize that matters—the middleweight championship. The Professional is W. C. Heinz at the top of his game—the writer who covered the fights better than anyone else of his era, whose lean sentences, rough-and-ready dialogue, dry wit, and you-are-there style helped lay the foundation for the New Journalism of Jimmy Breslin, Gay Talese, and Tom Wolfe. And all the trademark qualities of W. C. Heinz are on ample display in this novel that Pete Hamill described as "one of the five best sports novels ever written."

For the first twenty years of her life, Ember thought she was just your average, everyday teenage girl. Now a young adult, she has decided that it's time to learn the secret of why her father abandoned her before she was even born. What she learns in the process shatters her world—and even make her question her definition of reality. Spared from a brutal attack by an enigmatic vampire named Arystar, Ember sets out on a strange journey of self-discovery. On the night she could have lost her life, Arystar saved her for a very specific purpose. He believes ember is destined to be a great leader among vampires, one who will save the world for vampires and humans alike. In this new world, myth and legend are realities—and Ember begins to learn that not all monsters are evil. Tasked with the seemingly impossible challenge of bringing together the fiercely independent vampires she meets, Ember must find a way to inspire this group to cooperate for the common good. Can she find the common thread to unite a London sewer rat, a Victorian duchess, a Civil War general, a 1920s Chicago mobster, an orphaned Catholic girl, and a headstrong twentieth-century doctor—let alone the newest additions? If they have any hope of survival, they must put their past differences aside to save their future. Volume 1 of 2. Max Hoffmann was Chief of Staff to Von Prittwitz, the aristocratic General charged with defending Germany's East Prussian heartland at the outbreak of the Great War. Prittwitz was as inept as his name suggests, and when the Russians steamrolled west far faster than the Germans had expected, he panicked and sought permission to retreat behind the River Vistula. But Hoffman kept his head and conceived a bold scheme to attack and annihilate the Russian advance. This was the operational plan that was already being put into effect when the dynamic duo of Hindenburg and Ludendorff arrived in the east to take over from the disgraced Prittwitz in late August 1914. The result was the total triumph of Tannenberg, soon followed by the twin victory at the Masurian Lakes. Hindenburg and Ludendorff got the credit for Tannenberg rather than its real author, the brilliant Hoffmann, who continued to be a tower of strength on the Eastern front, being part of the German delegation which negotiated the harsh Treaty of Brest-Litovsk which eliminated Russia from the war early in 1918. These two volumes of memoirs comprise (Vol 1) Hoffmann's War Diaries and (Vol II) his reflections which are summed up in his title 'The War of Lost Opportunities'. Hoffmann believed that the Great War could have been won by Germany in the east in 1914-15, and that Falkenhayn made a major mistake by concentrating on the west. Hoffmann's frank and rather salty comments on Falkenhayn and his other brother officers - including Ludendorff of whom he was a critical admirer - are valuable and revealing, coming as they do from one of the brightest minds among Germany's supreme commanders. Warning against the Bolsheviks, Hoffmann lived after the war in Berlin and Bavaria, where he died at Berchtesgaden in 1927.
