

Strategic Advertising Management

Strategic Marketing Management: Theory and Practice offers a systematic overview of the fundamentals of marketing theory, defines the key principles of marketing management, and presents a value-based framework for developing viable market offerings. The theory presented stems from the view of marketing as a value-creation process that is central to any business enterprise. The discussion of marketing theory is complemented by a set of practical tools that enable managers to apply the knowledge contained in the generalized frameworks to specific business problems and market opportunities. The information on marketing theory and practice contained in this book is organized into eight major parts. The first part defines the essence of marketing as a business discipline and outlines an overarching framework for marketing management that serves as the organizing principle for the information presented in the rest of the book. Specifically, we discuss the role of marketing management as a value-creation process, the essentials of marketing strategy and tactics as the key components of a company's business model, and the process of developing an actionable marketing plan. Part Two focuses on understanding the market in which a company operates. Specifically, we examine how consumers make choices and outline the main steps in the customer decision journey that lead to the purchase of a company's offerings. We further discuss the ways in which companies conduct market research to gather market insights in order to make informed decisions and develop viable courses of action. Part Three covers issues pertaining to the development of a marketing strategy that will guide the company's tactical activities. Here we focus on three fundamental aspects of a company's marketing strategy: the identification of target customers, the development of a customer value proposition, and the development of a value proposition for the company and its collaborators. The discussion of the strategic aspects of marketing management includes an in-depth analysis of the key principles of creating market value in a competitive context. The next three parts of the book focus on the marketing tactics, viewed as a process of designing, communicating, and delivering value. Part Four describes how companies design their offerings and, specifically, how they develop key aspects of their products, services, brands, prices, and incentives. In Part Five, we address the ways in which companies manage their marketing communication and the role of personal selling as a means of persuading customers to choose, purchase, and use a company's offerings. Part Six explores the role of distribution channels in delivering the company's offerings to target customers by examining the value-delivery process both from a manufacturer's and a retailer's point of view. The seventh part of the book focuses on the ways in which companies manage growth. Specifically, we discuss strategies used by companies to gain and defend market position and, in this context, address the issues of pioneering advantage, managing sales growth, and managing product lines. We further address the process of developing new market offerings and the ways in which companies manage the relationship with their customers. The final part of this book presents a set of tools that illustrate the practical application of marketing theory. Specifically, Part Eight delineates two workbooks: a workbook for segmenting the market and identifying target customers and a workbook for developing the strategic and tactical components of a company's business model. This part also contains examples of two marketing plans—one dealing with the launch of a new offering and the other focused on managing an existing offering.

"Cases in Advertising Management" offers a wide range of short, medium-length, and longer cases, all designed to illuminate the topics covered in an Advertising Management course. The book can stand alone, or, for instructors who wish to incorporate a combined casebook and textbook approach, it can be adapted along with any standard text, including Advertising Management by the same authors. The book features actual real-life cases that reflect current trends in the advertising and promotion industry, with a strong emphasis on digital media and integrated marketing communications. A detailed introduction (How to Analyze a Case Study) is followed by 30 cases, covering a full range of topics for a semester-long course, including financial management, business planning, strategic planning, budgeting, human resource management, and managing change. Dieses Lehrbuch führt in verständlicher, systematischer und knapper Form in die Problemfelder der Marketingplanung ein. Sowohl die Marketingplanung auf der Unternehmens- und Geschäftsebene als auch die Planung des Marketing-Mix werden behandelt. Mit Hilfe von zahlreichen kurzen Fallbeispielen werden wesentliche Aspekte des Inhaltes veranschaulicht. Die Autoren haben in der 7. Auflage alle Kapitel überarbeitet und diverse neue Praxisbeispiele aufgenommen. Bei der Markenführung wurden einige Grundlagen ergänzt.

This text discusses how companies create competitive advantage through strategic management. Using established frameworks and concepts, it examines aspects of marketing strategy and thinking. It provides examples to facilitate the understanding of theoretical concepts.

The book includes: ✓ All relevant Marketing Theories are explained in a understandable way ✓ Over 65 images as an overview ✓ Practical examples, tips and summaries The book is already

A comprehensive book covering all areas of integrated marketing communications and combining rigorous empirical research with a wider perspective on the social and cultural aspects of advertising. Percy and Elliott deal with advertising from a strategic rather than simply a descriptive standpoint, starting out with a broad look at what advertising is meant to do and then explaining what it takes to develop effective advertising and promotion. The book contains numerous examples of successful advertising images alongside accompanying commentary to illustrate what goes into making an effective advertisement. Case studies are used to illustrate the application of the various theories discussed and each chapter concludes with a number of empirical exercises and a range of discussion and essay questions.

Presents a process based approach that integrates Marketing with other aspects of Management such as strategy, organisational theory, strategic financial management and management accounting. This work presents a process-based approach that draws heavily on Business Process Re-engineering (BPR).

The Quintessence of Strategic Management

Marketing Your Business

Strategic Marketing Planning

Business Planning and Market Strategy

A practical guide for providing exceptional client service Most advertising and marketing people would claim great client service is an elusive, ephemeral pursuit, not easily characterized by a precise skill set or inventory of responsibilities; this book and its author argue otherwise, claiming there are definable, actionable methods to the role, and provide guidance designed to achieve more effective work. Written by one of the industry's most knowledgeable client services executives, the book begins with a definition, then follows a path from an initial new business win to beginning, building, losing, then regaining trust with clients. It is a powerful source of counsel for those new to the business, for industry veterans who want to refresh or validate what they know, and for anyone in the middle of the journey to get better at what they do.

Strategic Marketing Planning concentrates on the critical planning aspects that are of vital importance to practitioners and students alike. It has a clear structure that offers a digest of the five principal dimensions of the strategic marketing planning process. Leading authors in this sector, Gilligan and Wilson offer current thinking in marketing and consider the changes it has undergone over the past few years. Updated information in this new edition includes: * Changing corporate perspectives on the role of strategic marketing activity * Changing social structures and the rise of social tribes * The significance of the new consumer and how the new consumer needs to be managed * New thinking on market segmentation * Changing routes to market * Developments in e-marketing * Changing environmental structures and pressures Having read this book: You will have a basic understanding of strategy and the process of strategic management. You will know the most important strategy tools (incl. the respective original literature) and how they interact. You will be able to analyze and consider the focus areas and considerations of strategy in practice. You will be able to analyze and interpret business information with regard to the underlying strategic notions.

This exciting new textbook is built on the belief that strategic management principles are more straightforward than they seem. Unlike other textbooks, Essentials of Strategic Management does not overcomplicate the discussion with enigmatic layers of theory or irrelevant perspectives from other disciplines. Instead you will find focused, clearly articulated coverage of the key topics of strategic management, encouraging critical reflection and deeper exploration on your own terms. Fully developed to cover the essentials of any strategic management course, authors Martyn R. Pitt and Dimitrios Koutopoulos not only create understanding of the principles of strategy, but shows you how to apply them constructively in the face of real-world practicalities.

The Classic Guide, Updated for Today's Marketers and Advertisers

A Business Process Approach

Strategic Marketing Management

Strategic Advertising Management

The Blueprint for Strategic Advertising

This resource offers a comprehensive framework for strategic planning and outlines a structured approach to identifying, understanding, and solving marketing problems. For business students, this book is an essential tool for understanding the logic and the key aspects of the marketing process. For managers and consultants, it presents a conceptual framework that will help develop a strategy for day-to-day decisions.

Integrated Marketing Communications is one of the hottest ideas in marketing today - and for good reason. Marketers today no longer feel limited to traditional ways of doing things. More and more marketers, both large and small, are realizing there is a wide range of ways to reach potential customers. This means you can better target your marketing communications strategy by first looking to your customers and asking what is the best way of reaching them. That is why Strategies for Implementing Integrated Marketing Communications was written. In 10 comprehensive but concise and easy-to-read chapters the author outlines approaches for developing the most effective IMC strategies and then tailoring the tactics needed to implement them effectively. With 224 pages of easy-to-use, practical advice and common-sense models and forms for guidance, including detailed cases showing step-by-step how several leading marketers have used this forward-looking approach to develop their own successful programs, Strategies for Implementing Integrated Marketing Communications will be the most powerful tool in your marketing and communications arsenal.

The CIM Handbook of Strategic Marketing targets senior executives responsible for shaping and managing the company's strategic direction. The strategic dimensions of marketing management are emphasised along with the critical importance of matching the company's capabilities with genuinely attractive market sectors. The Handbook's strategic perspective and pragmatic outlook pervade the text and underpin its practical foundations. The rise of global competition and continuous innovation have redefined market structures, reshaped industries and given customers unprecedented value and choice. In this era of customer sovereignty there is a tremendous amount of pressure on organizations to adopt the principles of the marketing concept and to develop a much sharper strategic focus. The CIM Handbook of Strategic Marketing is a reference source to guide effective marketing practice. It provides supportive material for managers and employees who are building their marketing competence by attending training programmes, and includes contributions from leading academics - such as, Peter Doyle, Malcolm McDonald, Nigel Piercy The book amounts to a firm blueprint written by leading marketing thinkers for designing and implementing effective marketing strategies and improving business performance. Colin Egan is Professor of Strategic Management at Leicester Business School. Michael J Thomas is Professor of Marketing at the University of Strathclyde Business School.

This comprehensive book is designed to serve as a primary text for the Advertising Management course that follows the more general Principles of Advertising course. It can stand alone, or, for instructors who prefer a case-based approach, it can be adopted together with "Cases in Advertising Management" (978-0-7656-2261-7) by the same authors. "Advertising Management" covers a full range of topics for a semester-long course, including financial management, business planning, strategic planning, budgeting, human resource management, ethics, and managing change. There is even a unique section on "managing yourself" and your own career in advertising. The text includes plentiful figures, tables, and sidebars, and each chapter concludes with useful learning objectives, summaries, discussion questions, and additional resources.

Market-Oriented Corporate and Business Unit Planning

Strategic Marketing Management, 6th Edition

CIM Handbook of Strategic Marketing

Strategic Marketing Management - The Framework, 10th Edition

Strategic Marketing Management - Marketing Planning and Strategy

With strong foundations in theory and featuring a wide range of current and international examples, Strategic Advertising Management presents an overview of how advertising works and what is required from a manager's perspective, in the development of an effective communication plan.

Strategic Advertising Management offers a systematic look at advertising within a theoretical and strategic planning framework. The authors present an overview of 'how advertising works' and what is required from a manager's perspective, in the development of an effective communication plan.

Advertising Management in a Digital Environment: Text and Cases blends the latest methods for digital communication and an understanding of the global landscape with the best practices of the functional areas of management. Divided into three core sections, the book provides a truly holistic approach to Advertising Management. The first part considers the fundamentals of advertising management, including leadership, ethics and corporate social responsibility, and finance and budgeting. The second part considers human capital management and managing across cultures, whilst the third part discusses strategic planning, decision making and brand strategy. To demonstrate how theory translates to practice in advertising, each chapter is illustrated with real-life case studies from a broad range of sectors, and practical exercises allow case analysis and further learning. This new textbook offers an integrated and global approach to Advertising Management and should be core or recommended reading for undergraduate and postgraduate students of Media Management, Advertising, Marketing Management and Strategy, Communications and Public Relations. **The**

applied approach provided by case study analysis makes it equally suitable for those in executive education and studying for professional qualifications.

This book presents a collection of articles addressing a range of marketing strategies unique to emerging economies. It describes the component of strategic and tactical marketing, including the marketing mix, segments and targeting, product and market orientation, employing the Internet and social media, penetration and loyalty strategies and innovation, and other strategy issues in a marketing context. In addition, the book focuses on creating, communicating, and delivering customer value to emerging market consumers through diverse marketing strategies, processes, and programs in the context of emerging markets' dynamics, consumer diversity, and competitors. Bringing together contributors from industry and academia to explore key marketing issues prevalent in India and other emerging economies, the book offers a unique and insightful read for a global audience. "This book, edited by Dr. Atanu Adhikari, offers important analytical and managerial insights into consumer behavior, firm strategy, market dynamics and marketing instruments (price, promotion, distribution and product). While marketing and management disciplines have developed useful empirical generalizations, the context is critical. This book does exactly that – place the generalized results in the context of emerging markets and India. Accordingly, this is a valuable resource for scholars and practitioners." – Dr. Gurumurthy Kalyanaram, Professor, City University of New York, USA and Tata Institute of Social Sciences, Mumbai, India; US Editor, International Journal of Learning and Change; and President, MIT South Asian Alumni Association "This book is a must-read for anyone interested in marketing to less-developed countries. While the focus of the chapters is on India, the lessons learned can be generally applied. The 32 chapters represent comprehensive coverage of nearly every topic related to marketing with many examples. Any manager interested in doing business in emerging markets, Professors who want a better knowledge of these markets, or students who want an excellent reference should acquire this book." – Dr. Russel S. Winer, William Joyce Professor of Marketing, Stern School of Business, New York University, USA.

The Art of Client Service

Creating Customer Value Through Strategic Marketing Planning

Strategies for Implementing Integrated Marketing Communications

A Management Approach

What You Really Need to Know to Survive in Business

It is the first time that the different strategic advertising mechanisms are explained in a single book. And this is also the first time that a book has brought together the most important and transcendent (for its applicability to the advertising market) strategic advertising mechanisms. The text explains from classic mechanisms such as Rosser Reeves's USP or Procter & Gamble's copy strategy to modern mechanisms such as Kevin Roberts's Lovemarks or Douglas Holt's iconic brands. It also considers European mechanisms such as Jacques Séguéla's star strategy or Henri Joannis's psychological axis. The book has the most complete academic review. Strategic Advertising Mechanisms: From Copy Strategy to Iconic Brands, integrates the most important strategic advertising mechanisms developed throughout the time: USP, brand image, positioning, Lovemarks... This is the first and only book to date that compiles the most consolidated methods by advertisers or advertising agencies (P&G, Bates, Ogilvy or Euro) in the history of modern advertising. Primary readership will be among practitioners, researchers, scholars and students in a range of disciplines, including communication, advertising, business and economic, information and communication, sociology, psychology and humanities. There may also be appeal to the more general reader with an interest in how advertising strategic planning works.

Examine essential marketing disciplines and weapons! This essential book will show you how to design a strategic marketing plan for any brand, product, service, or business! It explains all of the major marketing disciplines and familiarizes you with the marketing "weapons arsenal." It also teaches you to conduct a marketing audit, provides helpful sample worksheets and forms and includes case examples, a glossary of marketing terms, and appendices discussing sources of "marketing intelligence" and professional marketing associations. This single volume provides a step-by-step process (with short, clear examples) of how to develop a custom plan to fit any business. In addition, it defines all of the business terms you'll find inside and lists additional resources to draw upon. With Marketing Your Business: A Guide to Developing a Strategic Marketing Plan, you will explore: the process of selecting the right strategy by defining your business strategy, assessing the most relevant focal points, and choosing the marketing strategy that will work best for you; the arsenal of current marketing weaponry--advertising, budgeting, promotions, pricing, sales, database marketing, public relations, packaging, legal issues, and more! the nature of strategic marketing plans-competitive and environmental assessments, mission statements, slogans, budgeting, goals and objectives, etc. key checklists and 13 sample work forms that will help you formulate your plan and much more! Ideal for use by educators and students as well as businesspeople, Marketing Your Business brings together everything

you need to know to develop an effective strategic marketing plan and put it into action!

Strategic Marketing: planning and control covers contemporary issues by exploring current developments in marketing theory and practice including the concept of a market-led orientation and a resource/asset-based approach to internal analysis and planning. The text provides a synthesis of key strategic marketing concepts in a concise and comprehensive way, and is tightly written to accommodate the reading time pressures on students. The material is highly exam focused and has been class tested and refined. Completely revised and updated, the second edition of Strategic Marketing: planning and control includes chapters on 'competitive intelligence', 'strategy formulation' and 'strategic implementation'. The final chapter, featuring mini case studies, has been thoroughly revised with new and

an essential book for today's marketer now that integrated marketing communications form a critical success factor in building strong brands and strong companies. This new edition is still the only textbook on the market to deal with all aspects of IMC from a strategic perspective Corporate image, identity and reputation have never been more important and this book unlocks the key factors in achieving and enhancing this integrated Marketing Communications is not just about utilizing different communication options in your marketing campaign; it is about planning in a systematic way to determine the most effective and consistent message for your target audience. As such, it depends upon identifying the best positioning, generating positive brand attitude, a consistent reinforcement of the brand's message through IMC channels, and ensuring that all marketing communication supports the company's overall identity, image, and reputation. This textbook is a roadmap to achieving this, thoroughly updated to reflect the dynamic changes in the area since the first edition was published. New to this edition: New sections on social media and now to integrate them into your marketing function New chapter on message development and an enhanced chapter on the IMC plan Robust pedagogy to help reinforce learning and memory Enhanced teaching materials online to help lecturers prepare their courses Brand new real-life case study vignettes

Strategic Marketing

The Routledge Companion to Strategic Marketing

Strategic Marketing Management, 9th Edition

The Routledge Companion to Strategic Marketing offers the latest insights into marketing strategy. Bodo Schlegelmilch and Russ Winer present 29 specially commissioned chapters, which include up-to-date thinking on a diverse range of marketing strategy topics. Readers benefit from the latest strategic insights of leading experts from universities around the world. Contributing authors are from, among others, the U.S. (Berkeley, Cornell, MIT, New York University, Texas A&M, Europe (the Hanken School of Economics, INSEAD, the University of Oxford, the University of Groningen, WU Vienna) and Asia (the Indian School of Business, Tongji University). The topics addressed include economic foundations of marketing strategy, competition in digital marketing strategy (e.g. mobile payment systems and social media strategy), marketing strategy, and corporate social responsibility, as well as perspectives on capturing the impact of marketing strategy. Collectively, this authoritative guide is an accessible tool for researchers, students, and practitioners.

Creating and delivering superior customer value is essential for organizations operating in today's competitive environment. This applies to virtually any kind of organization. It requires a profound understanding of the value creation opportunities in the marketplace, choosing what unique value to create for which customers, and to deliver that value in an effective and efficient way. Strategic marketing management helps to execute this process successfully and to achieving sustainable competitive advantage in the market place. Creating Customer Value Through Strategic Marketing Planning discusses an approach that is both hands-on and embedded in marketing and strategy theory. This book is different from most other marketing strategy books because it combines brief discussions of the underlying theory with the presentation of a selection of useful strategic marketing tools. The structure of the book guides the reader through the process of writing a strategic marketing plan. Suggestions for using the tools help to apply them successfully. This book helps students of marketing strategy to understand strategic marketing planning at work and how to use specific tools. Furthermore, it provides managers with a practical framework and guidelines for making the necessary choices to create and sustain competitive advantage for their organizations.

Fully updated and revised to include the latest case studies and examples from a broad range of industry sectors, this second edition of Strategic Marketing: An Introduction is a concise, thorough and enlightening textbook that demonstrates how organizations can cope with a myriad of demands by better understanding themselves, their products or services, and the world around them. From assessing internal relationships to planning and implementing marketing strategies, and featuring analysis of relationship marketing and strategic alliances, Proctor uses insights from a range of key models and theoretical frameworks to illustrate how an organization can successfully take advantage of 'strategic windows' to improve its position. Core issues covered include: marketing strategy analyzing the business environment the customer in the market place targeting and positioning marketing mix strategy. This textbook is the complete guide to assessing and imposing a realistic and successful marketing strategy to fit an organization, its resources and objectives, and the environment in which it operates. Accessibly written and supported by a user-friendly companion website, this new edition of Strategic Marketing: An Introduction is an essential resource for all students of marketing and business and management. A companion website provides additional material for lecturers and students alike: www.routledge.com/textbooks/9780415458160/

The Blueprint for Strategic Advertising's step-by-step approach takes a comprehensive and exclusive look into the strategic use of visual, verbal, social media, integrated, and global of advertising communication. Its deconstructive process analyzes one aspect at a time, creating an invaluable research tool that students, professors, small business owners and entrepreneurs will refer to, time and again. This useful guide will concentrate on how strategy is integrated into visual and verbal ideation. Bernan's compact, content-rich guide offers chapters detailing social media, user-centered interactive advertising, and presentation strategy, closing with the creation of a "blueprint" to strategizing globally. Features include a handy reference guide to powerful strategy, an exploration of strategies for myriad media and messaging vehicles, and an examination of the strategic implementation of the visual and verbal union. This guide will be useful to students in advertising, marketing, and business courses as well as advertising professionals and entrepreneurs, outside the classroom.

From Copy Strategy to Iconic Brands

Creating Competitive Advantage

How Critical Thinking Builds Successful Campaigns

The Routledge Companion to Strategic Marketing

Strategic Social Media Management

This third edition of Strategic Marketing Management confirms it as the classic textbook on the subject. Its step-by-step approach provides comprehensive coverage of the five key strategic stages: * Where are we now? - Strategic and marketing analysis * Where do we want to be? - Strategic direction and strategy formulation * How might we get there? - Strategic choice * Why is this way? - Strategic evaluation * How can we ensure arrival? - Strategic implementation and control This new revised and updated third edition has completely new chapters on 'The Nature and Role of Competitive Advantage' and 'The Strategic Management of the Expanded Marketing Mix', and extensive new material covering: * Approaches to analysing marketing capability * E-marketing * Branding * Customer relationship management * Relationship management myopia * The decline of loyalty The book retains the key features that make it essential reading for all those studying the management of marketing - a strong emphasis on implementation, up to date mini cases, and questions and summaries in each chapter to reinforce key points. Widely known as the most authoritative, successful and influential text in the sector, the new edition remains an irreplaceable resource for undergraduate and graduate students of business and marketing, and students of the CIM Diploma.

In the marketplace of the 21st century, the critical form of customer communication will be broader than advertising and promotional messages. Customers have relationships with the brand, combining all the forms of communication that give meaning to products and services. Brand communication creates an interactive relationship between the product or service and consumers, which is a major change in the way advertisers and marketers have traditionally viewed customer communication. Authors Don Schultz and Beth Barnes have built on the foundation of their best-selling text, Strategic Advertising Campaigns, to create a book that embodies this new approach to advertising and marketing communication. Strategic Brand Communication Campaigns. This innovative text focuses on the messages and incentives customers receive, rather than what marketers send out, which differentiates brand communication management from advertising management. The brand will drive the 21st century marketplace, and students need to develop the skills necessary to plan and execute brand communication campaigns. Strategic Brand Communication Campaigns shows students how to produce successful campaigns in the dynamic marketplace of the future. The book Emphasizes the identification and management of the many ways customers come in contact with a brand and how they relate to it. Explores the interactive relationship between customers and the marketing messages and incentives that are created through brand communication. Provides students with the fundamentals of developing and executing comprehensive and contemporary campaigns with an emphasis on brand building. Reflects changes in the marketplace, consumers, technology, media, marketing, and advertising to keep students' knowledge current and applicable. Addresses the role of advertising planning as a part of brand communication campaigns. Features more real-world examples so students can see how professional advertisers and marketers conduct effective campaigns. Presents practical guidelines and applications for preparing successful campaigns in a concise, visually appealing text that will capture students' attention. Parts 1 and 2 of the text introduce students to the brand concept, how it has evolved, and why it is critical to successful marketing in today's environment. Students also gain an understanding of the relationship between consumer behavior and brands and discover how to apply brand-building concepts to achieve brand value. Parts 3 and 4 provide a handbook for creating, implementing, and evaluating cohesive brand communication campaigns. Advertising, media, public relations, direct response, and sales promotion strategies are examined. Students learn how to deliver forceful messages and incentives and how to measure their effectiveness.

This textbook provides a lively introduction to the fast-paced and multi-faceted discipline of social media management with international examples and perspectives. Aside from focusing on practical application of marketing strategy, the textbook also takes students through the process of strategy development, ethical and accurate content curation, and strategy implementation, through detailed explanations of content creation. Combining theory and practice, Strategic Social Media Management teaches students how to take a strategic approach to social media from an organisational and business perspective, and how to measure results. Richly supported by robust and engaging pedagogy and cases in each chapter, it integrates perspectives from public relations, marketing and advertising, and examines key topics such as risk, ethics, privacy, consent, copyright issues, and crises management. It also provides dedicated coverage of content strategy and campaign planning and execution. Reflecting the demands of contemporary practice, advice on self-care for social media management is also offered, helping to protect people in this emerging profession from the negativity that they can experience online when managing an organisation's social media presence. After reading this textbook, students will be able to develop a social media strategy, curate accurate and relevant content, and create engaging social media content that tells compelling stories, connects with target audiences and supports strategic goals and objectives. This is an ideal textbook for students studying social media strategy, marketing and management at undergraduate level. It will also be essential reading for marketing, public relations, advertising and communications professionals looking to hone their social media skills and strategies.

The MCGRAW-HILL EXECUTIVE MBA SERIES Readers look to The McGraw-Hill Executive MBA series for straight-talking, technique-filled books written by frontline executive education professors and modeled after the programs of top business schools. Strategic Marketing Management provides a logical approach for developing and positioning corporate and product brands and skillfully managing those brand positions over time. Case studies and examples illustrate how to maximize benefits from a "first-mover" strategy, navigate a brand extension, set priorities when establishing brand meanings, and more.

Cases in Advertising Management

Strategic Marketing: Planning and Control

Strategic Marketing Issues in Emerging Markets

Theory and Practice

Advertising Management

Strategic Advertising Management

Strategic Marketing Management is a post-introductory text in Marketing which is thoroughly European - the French language edition is already the best-selling marketing textbook in France. Comprising sixteen chapters carefully structured within five parts, this book offers innovative and comprehensive coverage of strategic marketing management. In Part 1 the distinction between operational marketing and strategic marketing is made, and the reader is shown why, in the new European macromarket, strategy is most important and why the entire organization must be market-oriented. Part 2 opens with an analysis of the needs of individuals and organizations in order to establish the buyer's purchase and response behaviour, and examines the vital role of market research in this process. Part 3 is devoted to the tasks of strategic marketing. Part 4 looks closely at issues of implementation. Finally, in Part 5 there are fifteen topical case studies with follow-up questions which have been specially selected to illustrate and examine a wide range of strategic marketing management issues.

This book is a unique collection of comprehensive cases that explore concepts and issues surrounding strategic marketing. Chapters explain what strategic marketing is, and then discuss strategic segmentation, competitive positioning, and strategies for growth, corporate branding, internal brand management, and corporate reputation management. With case studies from a broad range of global contexts and industries, including Burger King, FedEx, and Twitter, readers will gain a working knowledge of developing and applying market-driven strategy. Through case analysis, students will learn to: examine the role of corporate, business, and marketing strategy in strategic marketing, recognize the implications of markets on competitive space with an emphasis on competitive positioning and growth; interpret the various elements of marketing strategy and apply them to a particular real-world situation; apply sound decision-making strategies and analytical frameworks to specific strategic marketing problems and issues; apply ethical frameworks to strategic marketing situations. Strategic Marketing: Concepts and Cases is ideal for advanced undergraduate and postgraduate students, as well as those studying for an MBA or executive courses in strategic marketing or marketing management.

Strategic Marketing Management: The Framework outlines the essentials of marketing theory and offers a structured approach to identifying and solving marketing problems. This book presents a strategic framework to guide business decisions involving the development of new offerings and the management of existing products, services, and brands.

Business Planning and Market Strategy offers students, entrepreneurs, and executives penetrating insights into developing business plans and market strategies that bolster the odds of succeeding in today's highly competitive marketplace. Rather than reduce the planning process to mechanistic, step-by-step instructions, which promote "thinking inside the box," author E.K. Valentin provides practical planning guidelines that encourage creative strategic problem solving. Drawing on both his business experience and the business literature, he explains not only what entrepreneurs and executives should look at when pondering plans and strategies, but also what they should look for. The book's unique applied perspective, sets Business Planning & Market Strategy apart from conventional "how to" planning guides.
