A fascinating deep dive on innovation from the New York Times bestselling author of *How We Got To Now* and *Unexpected Life* The printing press, the pencil, the flush toilet, the battery--these are all great ideas. But where do they come from? What kind of environment breeds them? What sparks the flash of brilliance? How do we generate the breakthrough technologies that push forward our lives, our society, our culture? Steven Johnson's answers are revelatory as he identifies the seven key patterns behind genuine innovation, and traces them across time and

NEW YORK TIMES BESTSELLER • “An impassioned book, laced with anger and indignation, about how our public education system scorns so many of our children.”—The New York Times Book Review In 1988, Jonathan Kozol set off to spend time with children in the American public education system. For two years, he visited schools in neighborhoods across the country, from Illinois to Washington, D.C., and from New York to San Antonio. He spoke with teachers, principals, superintendents, and, most important, children. What he found was devastating. Not only were schools for rich and

Access Free Sunflower That Went Flop Text

poor blatantly unequal, the gulf between the two extremes was widening—and it has widened since. The urban schools he visited were overcrowded and understaffed, and lacked the basic elements of learning—including books and, all too often, classrooms for the students. In *Savage Inequalities*, Kozol delivers a searing examination of the extremes of wealth and poverty and calls into question the reality of equal opportunity in our nation's schools. Praise for *Savage Inequalities* “I was unprepared for the horror and shame I felt. . . . *Savage Inequalities* is a savage indictment. . . . Everyone should read this important book.”—Robert Wilson, *USA Today* “Kozol has written a book that must be read by anyone interested in

Kozol has written a searing exposé of the extremes of wealth and poverty in America’s school system and the blighting effect on poor children, especially those in cities.”—Emily Mitchell, Time “Easily the most passionate, and certain to be the most passionately debated, book about American education in several years . . . A classic American muckraker with an eloquent prose style, Kozol offers . . . an old-fashioned brand of moral outrage that will affect every reader whose heart has not yet turned to stone.”—Entertainment Weekly

The story of Oscar Wilde's landmark 1882 American tour explains how this quotable literary eminence became famous for being famous. On January 3, 1882, Oscar Wilde, a twenty-seven-year-old "genius"—at least by his own reckoning—arrived in New York. The Dublin-born Oxford man had made such a

Access Free Sunflower That Went Flop Text

spectacle of himself in London with his eccentric fashion sense, acerbic wit, and extravagant passion for art and home design that Gilbert & Sullivan wrote an operetta lampooning him. He was hired to go to America to promote that work by presenting lectures on interior decorating. But Wilde had his own business plan. He would go to promote himself. And he did, traveling some 15,000 miles and visiting 150 American cities as he created a template for fame creation that still works today. Though Wilde was only

Access Free Sunflower That Went Flop Text

the author of a self-published book of poems and an unproduced play, he presented himself as a “star,” taking the stage in satin breeches and a velvet coat with lace trim as he sang the praises of sconces and embroidered pillows—and himself. What Wilde so presciently understood is that fame could launch a career as well as cap one. David M. Friedman’s lively and often hilarious narrative whisks us across nineteenth-century America, from the mansions of Gilded Age Manhattan to roller-skating rinks in Indiana, from an

opium den in San Francisco to the bottom of the Matchless silver mine in Colorado—then the richest on earth—where Wilde dined with twelve gobsmacked miners, later describing their feast to his friends in London as “First course: whiskey. Second course: whiskey. Third course: whiskey.” But, as Friedman shows, Wilde was no mere clown; he was a strategist. From his antics in London to his manipulation of the media—Wilde gave 100 interviews in America, more than anyone else in the world in 1882—he designed every move

to increase his renown. There had been famous people before him, but Wilde was the first to become famous for being famous. Wilde in America is an enchanting tale of travel and transformation, comedy and capitalism—an unforgettable story that teaches us about our present as well as our past.

In the years following World War II a group of gay writers established themselves as major cultural figures in American life. Truman Capote, the enfant terrible, whose finely wrought fiction and nonfiction captured the nation's imagination. Gore Vidal, the wry,

Access Free Sunflower That Went Flop Text

withering chronicler of politics, sex, and history. Tennessee Williams, whose powerful plays rocketed him to the top of the American theater. James Baldwin, the harrowingly perceptive novelist and social critic.

Christopher Isherwood, the English novelist who became a thoroughly American novelist. And the exuberant Allen Ginsberg, whose poetry defied censorship and exploded minds. Together, their writing introduced America to gay experience and sensibility, and changed our literary culture. But the change was only

Access Free Sunflower That Went Flop Text

beginning. A new generation of gay writers followed, taking more risks and writing about their sexuality more openly. Edward Albee brought his prickly iconoclasm to the American theater. Edmund White laid bare his own life in stylized, autobiographical works. Armistead Maupin wove a rich tapestry of the counterculture, queer and straight. Mart Crowley brought gay men's lives out of the closet and onto the stage. And Tony Kushner took them beyond the stage, to the center of American ideas. With authority and humor,

Christopher Bram weaves these men's ambitions, affairs, feuds, loves, and appetites into a single sweeping narrative. Chronicling over fifty years of momentous change—from civil rights to Stonewall to AIDS and beyond—EMINENT OUTLAWS is an inspiring, illuminating tale: one that reveals how the lives of these men are crucial to understanding the social and cultural history of the American twentieth century. This supplemental text provides a collection of three dozen real-world case studies in

The cases explore a wide-range of diversity issues at the elementary (Pre-K-5) level, including culture, academic performance and expectations, safety and prosocial behaviors, social issues, special needs, and issues surrounding the family. The approach organizes discussion around defining problems, identifying alternatives, and proposing solutions to the issues presented in

The goal of the text is not to pose a single solution, but rather to learn how to analyze situations involving diverse individuals, evaluate a variety of solutions, and evaluate the consequences of those solutions. Vignettes in each chapter present real-world situations by which teachers can make decisions. Provides guidelines for the use of cases to ensure

The New York Times bestselling debut book of poetry from Lana Del Rey, *Violet Bent Backwards Over the Grass*. “Violet Bent Backwards Over the Grass is the title poem of the book and the first poem I wrote of many. Some of which came to me in their entirety, which I dictated and then typed out, and some that I worked laboriously picking apart each word to make the perfect poem. They are eclectic and honest and not trying to be anything other than what they are and for that reason I’m proud of them, especially because the spirit in which they were written was very authentic.” —Lana Del Rey Lana’s breathtaking first book solidifies her further as “the essential writer of her times” (The Atlantic). The collection features

more than thirty poems, many exclusive to the book: Never to Heaven, The Land of 1,000 Fires, Past the Bushes Cypress Thriving, LA Who Am I to Love You?, Tessa DiPietro, Happy, Paradise Is Very Fragile, Bare Feet on Linoleum, and many more. This beautiful hardcover edition showcases Lana's typewritten manuscript pages alongside her original photography. The result is an extraordinary poetic landscape that reflects the unguarded spirit of its creator. Violet Bent Backwards Over the Grass is also brought to life in an unprecedented spoken word audiobook which features Lana Del Rey reading fourteen select poems from the book accompanied by music from Grammy Award-winning musician Jack Antonoff. Ancient tradition suggests that this world-weary lament is the work of Solomon in old age. Casting its eye over the transient nature of life, the book questions the striving for wisdom and the truth,

choosing instead to espouse the value of living for the moment. The text is introduced by Doris Lessing.
