*The Sufis are as diverse as the countries in which they've flourished—from Morocco to India to China—and as varied as their distinctive forms of art, music, poetry, and dance. They are said to represent the mystical heart of Islam, yet the term Sufism is notoriously difficult to define, as it means different things to different people both within and outside the tradition. With that fact in mind, Carl Ernst explores the broadest range of Sufi philosophies and practices to provide one of the most complete and comprehensive introductions to Sufism available in English. He traces the history of the movement from the earliest days of Islam to the present day, along the way examining its relationship to the larger world of Islam and its encounters with both fundamentalism and secularism in the modern world.*

*The international bestselling YA thriller by acclaimed author, Karen M. McManus - NOW A MAJOR NETFLIX SERIES. Five students go to detention. Only four leave alive. Yale hopeful Bronwyn has never publicly broken a rule. Sports star Cooper only knows what he's doing in the baseball diamond. Bad boy Nate is one misstep away from a life of crime. Prom queen Addy is holding together the cracks in her perfect life. And outsider Simon, creator of the notorious gossip app*

*at Bayview High, won't ever talk about any of them again. He dies 24 hours before he could post their deepest secrets online. Investigators conclude it's no accident. All of them are suspects. Everyone has secrets, right? What really matters is how far you'll go to protect them. 'Tightly plotted and brilliantly written, with sharp, believable characters, this whodunit is utterly irresistible' - HEAT 'Twisty plotting, breakneck pacing and intriguing characterisation add up to an exciting single-sitting thrillerish treat' -THE GUARDIAN 'A fantastic murder mystery, packed with cryptic clues and countless plot twists. I could not put this book down' - THE SUN 'Pretty Little Liars meets The Breakfast Club' - ENTERTAINMENT WEEKLY*

*Peritoneal malignancy is a rapidly growing field within surgical oncology. National and International treatment programmes and training curricula are being established worldwide to co-ordinate treatment and management of these challenging clinical problems. A large body of evidence now exists, but the practical implications of this evidence base remain unclear. The Peritoneal Malignancy Institute in Basingstoke, the largest centre in the world, is at the forefront of new developments and techniques. This manual combines the experience of the PMI with the latest evidence to provide a practice-oriented guide to the successful set up and running of a peritoneal malignancy unit.*

Keeping a sharp mind is a great idea for people of any age. The Learn with Word Search Puzzle Series has been revised and

expanded to 18 exciting languages.

The Wanderer's H á vam á l features Jackson Crawford's complete, carefully revised English translation of the Old Norse poem H á vam á l, newly annotated for this volume, together with facing original Old Norse text sourced directly from the Codex Regius manuscript. Rounding out the volume are Crawford's classic Cowboy H á vam á l and translations of other related texts central to understanding the character, wisdom, and mysteries of Ó ð inn (Odin). Portable and reader-friendly, it makes an ideal companion for both lovers of Old Norse mythology and those new to the wisdom of this central Eddic poem wherever they may find themselves.

Planning algorithms are impacting technical disciplines and industries around the world, including robotics, computer-aided design, manufacturing, computer graphics, aerospace applications, drug design, and protein folding. This coherent and comprehensive book unifies material from several sources, including robotics, control theory, artificial intelligence, and algorithms. The treatment is centered on robot motion planning, but integrates material on planning in discrete spaces. A major part of the book is devoted to planning under uncertainty, including decision theory, Markov decision processes, and information spaces, which are the 'configuration spaces' of all sensor-based planning problems. The

last part of the book delves into planning under differential constraints that arise when automating the motions of virtually any mechanical system. This text and reference is intended for students, engineers, and researchers in robotics, artificial intelligence, and control theory as well as computer graphics, algorithms, and computational biology.

Rely on Teach Yourself, trusted by language learners for over 75 years.

This book is the culmination of educational know-how and systematic grammar organization acquired by the three authors from their experience actually teaching Korean to foreigners in the classroom. In focusing strictly on Korean grammar, this series represents a departure from most current integrated teaching materials, allowing foreign learners to more easily concentrate on grammar in their study of Korean. The authors have included real dialogues and illustrations to make the study of Korean more interesting, especially for those students who have heretofore felt Korean grammar to be difficult. Further, this series equally serves as a general Korean grammar reference that can be used by Korean language instructors both in Korea and abroad who regularly experience the difficulty of teaching Korean grammar first-hand.

Korean Grammar in Use - Beginning (English ver.) ( )

From Start to Finnish

This thoroughly revised third edition of *Finnish: An Essential Grammar* is grounded in fundamental insights of modern linguistics and incorporates some of the latest achievements in the description of written and spoken Finnish. It gives a systematic account of the structures of the written language and offers increased attention to the key characteristics of present-day colloquial Finnish. No prior knowledge is assumed on the part of the reader and grammatical rules are clearly explained without jargon. Features of this new edition include:

- pronunciation guide, including the tendencies in present-day colloquial Finnish
- thorough descriptions of morphology (word

structure) and syntax (sentence structure) • clear rules and an abundance of concrete examples, from both written and colloquial Finnish • updated vocabulary in the examples • an effective new scheme for detecting the morphological structure of any word form • subject index. This is the ideal reference source both for those studying Finnish independently and for students in schools, colleges, universities and adult classes of all types. This second edition of Finnish: An Essential Grammar has undergone profound revisions. The chapter on basic sentence structure has been rewritten and syntax has been given more space. Sections have been added on phrase types, simple clause types, and types of complex sentences. A section on discourse particles has been added. The vocabulary of the copious example sentences has been updated to give it a touch of the twenty-first century. The section on modern colloquial Finnish has been considerably expanded. Internet addresses helpful for any learner of Finnish are provided which make it possible to automatically analyse the grammatical structure of any Finnish words and sentences. It gives not only a systematic account of the structures of the written language, but also features the characteristics of colloquial Finnish. No prior knowledge is assumed on the part of the reader and grammatical rules are clearly explained without jargon. Features include:

pronunciation guide, including the tendencies in present-day colloquial Finnish thorough descriptions of morphology (word structure) and syntax (sentence structure) clear rules and an abundance of concrete examples inflection tables subject index internet addresses to online software for grammatical analysis of Finnish. This is the ideal reference source both for those studying Finnish independently and for students in schools, colleges, universities and adult classes of all types.

Includes autobiographical fragment (memories of Batman and Buckley); settlement and conflict; Langhorne's mission school; Port Phillip Native Police Corps; tribal gatherings; Scheme of Protection; history of reserves and missions (Goulburn, Narre Narre Warren, Acheron Station); detailed history of Coranderrk; legends.

Write in English like a native speaker! Taking a developmental approach to improving writing skills, *Writing Better English* helps you increase your levels of proficiency in both grammar and vocabulary. Before tackling sentence structures, the book helps you reinforce those grammar elements you may have trouble with, like verb tenses and pronouns. You'll then expand your written communication abilities through comprehensive explanations, skill-building exercises, and practical writing activities.

Earth, in common use for architectural construction for thousands of years, has in the past thirty years attracted renewed attention as a healthy, environment-friendly and economical building material. What needs to be considered in this context? The manual *Building with Earth*, which has been translated into many languages, describes the building technology of this material. The physical properties and characteristic values are explained in a hands-on manner: With proper moisture protection, earth buildings are very durable, and in particular the combination with wood or straw allows a wide spectrum of design options. Numerous built examples demonstrate the range of applications for this fully recyclable material.

An unmissable collection of eight unconventional and captivating short stories for young and adult learners. "I love Olly's work - and you will too!" - Barbara Oakley, PhD, Author of New York Times bestseller *A Mind for Numbers* Short Stories in Russian for Beginners has been written especially for students from beginner to intermediate level, designed to give a sense of achievement, and most importantly - enjoyment! Mapped to A2-B1 on the Common European Framework of Reference, these eight captivating stories will both entertain you, and give you a feeling of progress when reading. What does this book give you? · Eight stories in a variety of exciting genres, from science fiction and crime to history and thriller - making reading fun, while you learn a wide range of new vocabulary · Controlled language at your level, including the 1000 most frequent words, to help you progress confidently ·

*Bestselling language courses! From Danish to Spanish, Swahili to Brazilian*

*Portuguese, the languages of the world are brought within the reach of any beginning student. Learners can use the Teach Yourself Language Courses at their own pace or as a supplement to formal courses. These complete courses are based on the very latest learning methods and designed to be enjoyable and user-friendly. "Prepared by experts in the language, each course begins with the basics and gradually promotes the student to a level of smooth and confident communication, including: "Up-to-date, graded interactive dialogues Graded units of culture notes, grammar, and exercises Step-by-step guide to pronunciation Practical vocabulary Regular and irregular verb tables Plenty of practice exercises and answers Bilingual glossary "The new editions also feature: "Clear, uncluttered, and user-friendly layout Self-assessment quizzes to test progress Website suggestions to take language study further From America's preeminent columnist, named by the Financial Times the most influential commentator in the nation, a must-have collection of Charles Krauthammer's essential, timeless writings. A brilliant stylist known for an uncompromising honesty that challenged conventional wisdom at every turn, Krauthammer dazzled readers for decades with his keen insight into politics and government. His weekly column was a must-read in Washington and across the country. Don't miss the best of Krauthammer's intelligence,*

*erudition and wit collected in one volume. Readers will find here not only the country's leading conservative thinker offering a passionate defense of limited government, but also a highly independent mind whose views—on feminism, evolution and the death penalty, for example—defy ideological convention. Things That Matter also features several of Krauthammer's major path-breaking essays—on bioethics, on Jewish destiny and on America's role as the world's superpower—that have profoundly influenced the nation's thoughts and policies. And finally, the collection presents a trove of always penetrating, often bemused reflections on everything from border collies to Halley's Comet, from Woody Allen to Winston Churchill, from the punishing pleasures of speed chess to the elegance of the perfectly thrown outfield assist. With a special, highly autobiographical introduction in which Krauthammer reflects on the events that shaped his career and political philosophy, this indispensable chronicle takes the reader on a fascinating journey through the fashions and follies, the tragedies and triumphs, of the last three decades of American life. This book seeks to understand the obligations of the international community to promote and protect state and human security in situations of international humanitarian crises. In Iraq and Syria, as well as in neighbouring states, the rise of ISIL has raised serious state and human security challenges. This study*

*explores the relationships between the Global-Regional Partnership, the United Nations and nine organizations in their attempt to deal with the challenges presented by ISIL. Each organization is analyzed in terms of how it has responded in the past and how it is now responding to the ISIL threat based on three perspectives; resource capacities (military, political, economic, technological, normative); willingness and readiness; and impediments to capacity and abilities. The overall aim is to discern what capacities and abilities international organizations have to protect state and human security and prevent civilians from mass atrocities inflicted by ISIL forces. The study addresses the role of international organizations when the UNSC is unable or unwilling to uphold the most fundamental norms and values in the UN Charter. This approach acknowledges that within the international community there is an overall acceptance on security for a partnership between the UN and regional organizations, but that there is also a contested call for a renegotiated international contract on state and human security. This volume will be of much interest to students of international relations, human rights, peace and conflict studies, terrorism studies and International Relations.*

*Suomen mestari*

The arrival of the Reformation was the decisive impetus for literary development in Finland. The principle of Lutheranism was that the people had to get to hear and read the word of God in their own mother tongue. If there previously was no literary language, it had to be created. The first Finnish books were produced by Mikael Agricola. He was born an ordinary son of a farmer, but his dedication to his studies opened up the road to leading roles in the Finnish Church. He was able to bring a total of nine works in Finnish to print, which became the foundation of literary Finnish. This book describes the historical background of Mikael Agricola, his life, his personal networks, the Finnish works published by Agricola, research on Agricola

and Agricola's role in contemporary Finnish culture. The most extensive chapter is a depiction of Agricola's Finnish. The book was written with a broad audience in mind, as a work of non-fiction for anyone interested in these subjects. This beautiful notebook makes studying a pleasure! Each double page spread has squared paper on the right-hand side for practicing formation of the Japanese characters, and lined paper on the left-hand side for note-taking. A ten-page reference section at the back of the notebook gives hiragana and katakana charts, a list of the 100 most common kanji; key vocabulary, and basic grammar tips. Contents:  
Pages 1-118 Alternate Pages of lined and squared paper for note-taking and handwriting practice  
Pages 119-120 Hiragana alphabet charts  
Pages 121-122 Katakana alphabet charts  
Page 123 100 most common kanji  
Pages 124-125 Key vocabulary lists

***From World Fantasy Lifetime Achievement Award winner Michael Moorcock comes the first book in his famous Elric of Melniboné series, brought to vivid new life with stunning illustrations. In one of the most well-known and well-loved fantasy epics of the 20th century, Elric is the brooding, albino emperor of the dying Kingdom of Melnibone. With Melnibone's years of grandeur and decadence long since passed, Elric's amoral cousin Yrkoon sets his eyes on the throne. Elric, realizing he is his country's best hope, must face his nefarious cousin in an epic battle for the right to rule. Elric of Melnibone is the first in Michael Moorcock's incredible series, which created fantasy archetypes that have echoed through the genre for generations.
