Jackson Bishop is your typical playboy. Unpredictable, charming, and overly confident. Growing up in Texas, the ranch life is all he's ever known. Horses and late night partying are his lifestyles, and all the local girls know it too. Riding lessons aren't the only things taught at the stables, and he makes sure clients never leave unsatisfied. Everyone knows Jackson's a wild card, but not everything is as it seems. He may be a womanizer on the surface, but he's hiding deep feelings about the one who's had his heart since he was a teen. Unfortunately, it's not as simple as roping her in and claiming her as his. Kiera Young is well-known for her sassy nature and outgoing personality. Though she's one of the best horse trainers in the area, she's never been able to tame her best friend and the man she's secretly loved since she was fifteen-Jackson Bishop. She's waited years for him to confess his true feelings but as time goes on, she decides she's done waiting. Kiera finally meets a man who promises to give her the world, and when he pops the question, she says yes-knowing they're both ready to settle down and start a family. Even if her heart beats for another man. Jackson's certain he's lost Kiera for good and has no one to blame but himself. However, on the day of her wedding, he can't bring himself to watch the woman he loves walk down the aisle to someone else. Kiera's already having second thoughts and knows she can't get married without his support. It's not until she's at the altar that she realizes she can't let Jackson go and will do whatever it takes to keep him-even if it means running out on her own wedding.

Courtney Bishop is as sugary sweet as her famous blueberry muffins. Southern belle at heart, Cali girl by choice. She barged into my life and easily became my best friend. All was great as roommates and just friends, but then I fell for the girl who could chop firewood, deliver baby calves, and bail hay without breaking a sweat. She's the perfect mixture of sugar and spice, and I love her. Being more than friends and trying to build our future isn't as easy as it sounds. Moving forward and creating memories is all I want for us, but when the past continues to come back and haunt me, I'm not so sure she'll stay for the ride. Loving her is easy, but losing her will break me. Burning passion combined with an undeniable chemistry constantly pushes and pulls us together. In the end, I'll prove we're worth the fight, even when the game is far from over. Checkmate, Sweetheart. This is book 2 in the Drew & Courtney duet and must be read in order. Logan Knight is a real-life knight in shining armor. A detective godsend in a sleek black suit has me thinking less than secretive thoughts. Brooding and mysterious, he's the kind of guy every girl instantly notices. Between his seductive smirk and charming good looks, it's no wonder I can't help the way he makes me feel whenever I'm near him. Too bad he's unavailable-or so he says. He thinks I'm a do-gooder who shouldn't get involved with a guy like him. His past is messy and relationships just add to that. He insists the timing is all wrong and he's devoted to his career, but I don't buy that excuse for a second. I see the way his body tenses and his jaw ticks every time another guy is around me. He just won't admit it, but I'm more determined than ever to show him what he's missing. I'm a devoted animal rescuer and I'll risk everything to save them, but when a dramatic turn of events puts both our lives at risk, I'm positive Logan will write me off for good. But when he asks for my help with a personal crisis, I know it's my last chance to finally show him I can handle anything he throws my way-messy past and all. He might think he has me all figured out, but I'll prove him wrong no matter what he thinks. This game of push and pull has me running in circles. One wrong move and we could both lose. Checkmate, Knight. This is book 1 in the Logan & Kayla duet and must be read first. Suggested for mature readers only.

Sweet Dreams

This groundbreaking novel is considered by many to be one of the most important early entries in the western genre. Recounting in rich detail the daily life of a foreman on a vast ranch in Wyoming, this gripping tale has sparked imaginations for more than a century, inspiring at least six film and television versions.

He's sexy, charming, and has a panty-melting smirk. She's swearing off men. Two weeks on the beach is what they both need.No strings attached, no expectations, no broken hearts. Alex Bishop is every girl's wet fantasy and he knows it too.ĒAfter wining and dining his dates, he always sends flowers and calls the next day--even if it's to say.Ēlet's just be friends.ĒHis mama taught him manners after all and his Southern blood knows how to be a gentleman. Still, that isn't enough to tame his wild ways. River Lancaster has a broken heart and decides to fly to Key West, Florida. Tired of cheaters and liars, she's set on escaping to forget he ever existed. Who needs a man when there's an all-you-can-drink margarita bar, anyway? That's what she tells herself until she bumps into the right guy who can make all those bad memories disappear. Even if it's only temporarily. Too bad the universe has other plans--one that'll change the entire course of their lives in just nine short months.

Never trust a man who wears nothing more than a cowboy hat and ripped jeans who asks if you'd like to save a horse and ride a . . . well, you get the picture. That should've been enough for me to walk away. I've been warned on several occasions about southern men—with their sexy accents, charming manners, and the ability to easily get any woman in bed—which is something I'll be avoiding. Being a professional photographer has many perks—traveling around the world, calling all the shots, and working with subject matter that isn't bad to look at—but Colton Langston with his washboard abs and baby blue eyes, could care less about my current project. He's trouble, I know it, and he's determined to make me work for every single photo. When I'm forced into riding lessons, I get way more than I ever bargained for, and by the time my trip is over, I'm in too deep. Being with him was thrilling, but falling for him was unpredictable. And ignoring him will be impossible.

Meet Alex, Evan, John, and Jackson-the Bishop Brothers. The Bishop brothers are sexy, southern gentlemen who have been known to break a few hearts. They are the epitome of unattainability, but it doesn't mean they won't settle down when they meet the right woman. Taming Him Two weeks on the beach is what Alex and River need. No strings attached, no expectations, no broken hearts. Too bad the universe has other plans-one that'll change the entire course of their lives in just nine short months. Needing Him Evan and Emily want the same thing-one night of passion then they'll go their separate ways. No cuddling afterward. No next day phone calls. No awkward goodbyes. Unfortunately, when they report to work on Monday morning, they realize that's not going to happen now that they're co-workers. Chasing Him John and Mila know better than to mix business with pleasure, especially since she's the nanny. That means no stolen glances and definitely no kissing behind closed doors-as impossible as that is. As they grow closer and their feelings become stronger, something happens that could take away the thing that binds them together. Keeping Him Jackson has lost his best friend Kiera for good and can only blame himself. He can't bear to watch the woman he loves walk down the aisle to someone else. Kiera's been having second thoughts and knows she can't let Jackson go. She'll do whatever it takes to keep him-even if it means running out on her wedding.

*I don't love him. I don't even like him. I just want him. Eli Loveless was my nemesis from the first day of kindergarten until we graduated high school. Everything I did, he had to do better - and vice versa. The day he left town was the best day of my life. Ten years later, the day he came back was the worst. Now he's my co-worker. It's bad that I want him. It's worse that he wants me back. There are looks. There are smirks. There are smiles that make my panties burst into flame. And then there's a shared kiss that leads to the hottest night of my life. This is no office romance. This is a five-alarm fire. What's a girl to do when the man I can't stand is the one I can't stop lustng after? Enter into a friends-with-benefits agreement, of course. No dates. No relationship. Just blisteringly hot sex, because if there's one person I could never fall for, it's Eli. ...right?*

*John Bishop isn't your typical single dad. Reserved, impatient, and utterly clueless. Running the family's bed and breakfast has many perks. Working long hours, picking up after the guests, and hearing couples going at it all night long aren't any of them. Hooking up with girls who come to the ranch for horseback riding lessons? Best perk of them all. That is until a baby shows up at his doorstep with a note claiming it's his. Growing up on a ranch was anything but easy, but raising a newborn is proving to be the hardest task he'll ever tackle. Leaving the bachelor life behind, his only priority is to hire a nanny who can teach him a thing or two about parenting--except he doesn't anticipate her being gorgeous and quirky with an unhealthy football obsession. Mila Carmichael has many talents-making balloon animals, creating origami art, and remaining in the friend zone. Often seen as one of the guys, she's struck out more times than a rookie baseball player. Seeking a new adventure, she flies to Texas to visit family and is offered a position she can't refuse. Helping out a new dad should come easy to her, considering her past experience, but what she doesn't anticipate is him being an attractive Southern temptation. But that's only the beginning. While growing close to his family and falling madly in love with the baby girl who's stealing their hearts, things are bound to get complicated. Everyone knows not to mix business with pleasure. That means no late movie nights, no stolen glances, and definitely no kissing behind closed doors. When I stumbled across my dream job in the classified section of my newspaper, I knew it had to be too good to be true. Turns out it was. Becoming the nanny for the grumpiest hockey coach in the NHL was more like a nightmare. Liam Cartright was infuriating, stubborn, and impossible. Oh, and he happened to be my new boss. I should have signed my resignation with a giant kiss my ass the moment he opened his mouth, but I couldn't. I fell for his little girls before I realized it was happening, and my resolve began to weaken. Our roles were clearly drawn out. He was the boss, and I was the nanny. But then we crossed a line. I wouldn't lose my job over a chiseled jawline and a few stolen kisses. I couldn't. Not when so much was at stake. But Liam was the one who made the rule book, and I had no choice but to play by his rules.
