Did you know that tantric sex is NOT all about sex? Or that it could be a path to healing several other areas of your life? What if you could experience full-body orgasms that lasted for hours? Doesn't that sound incredible? The truth is, the strength of your relationship is not forged during the dates you have or how much time you spend together as a couple. A strong, loving bond that can withstand the test of time is built during the most precious and intimate moments you share with your partner. It is built during

sex. Having sex should be more than just satisfying your hormonal lust or desires. Sex should be a time when you connect with your partner in a way so deep, you're both brought to the brink of ultimate bliss. Originating in India sometime between 300 and 400 of the Common Era (CE), the concept of tantra can be detected dating back to 2000 BC. Ancient civilizations have long been harnessing the power of this remarkable practice, and the modern world we live in is only now waking up all the glorious possibilities tantric sex can bring. Tantric sex is not a religion. It is a practice and a way of life. It doesn't just teach you the various sex methods you could use for greater pleasure alone. It teaches you how to give and receive the loving energy between a pair of lovers. It teaches you about awakening the internal spirit, the energy of life that flows within us all to connect with your spiritual side, and restore meaning to your life. It reminds us that our bodies are a temple and that within every man and woman, there resides a God and Goddess. Tantric sex is about connecting with your partner so deeply that in that union, you feel like you may have found your soul mate at last. You Will Learn: Tantra's emotional and cultural origins Why tantric sex is better than regular sex How to bring out your partner's sensual side Overcoming the myths to discover the truth How to awaken your body and free your mind The true power of breath and what it can do for your sexual experience How to harness the power of your sexual energy How to transform your sexual energy using your chakras How to manipulate the senses for greater intimacy What the erotic awakening massage can do for you Understanding the universal hum The best tantric sex positions to try today There's more to tantra than meets the sexual eye, and this book aims to help you understand why it should be seen as a way to connect meaningfully with your partner rather than seeing it as nothing more than a way for you to have an orgasm. Embrace tantra fully, and you'll live your life with freedom and passion you never knew before. Tantra doesn't just teach you how to connect with your partner. It teaches you how to connect with your world. Tantra is a practice that benefits both men and women, and we'll provide step-by-step guides about how you can work together with your partner the way you are supposed to. This book is not going to tell you how to do it. It's going to show you how to do it. Are You Ready to Change Your Sexual Experience for the Better? Did you know that tantric sex is NOT all about sex? Or that it could be a path to healing several other areas of your life? What if you could experience full-body orgasms that lasted for hours? Doesn't that sound incredible? The truth is, the strength of your relationship is not forged during the dates you have or how much time you spend together as a couple. A strong, loving bond that can withstand the test of time is built during the most precious and intimate moments you share with your partner. It is built during sex. Having sex should be more than just satisfying your hormonal lust or desires. Sex should be a time when you

connect with your partner in a way so deep, you're both brought to the brink of ultimate bliss. Originating in India sometime between 300 and 400 of the Common Era (CE), the concept of tantra can be detected dating back to 2000 BC. Ancient civilizations have long been harnessing the power of this remarkable practice, and the modern world we live in is only now waking up all the glorious possibilities tantric sex can bring. Tantric sex is not a religion. It is a practice and a way of life. It doesn't just teach you the various sex methods you could use for greater pleasure alone. It teaches you how to give and receive the loving energy between a pair of lovers. It teaches you about awakening the internal spirit, the energy of life that flows within us all to connect with your spiritual side, and restore meaning to your life. It reminds us that our bodies are a temple and that within every man and woman, there resides a God and Goddess. Tantric sex is about connecting with your partner so deeply that in that union, you feel like you may have found your soul mate at last. You Will Learn: Tantra's emotional and cultural origins Why tantric sex is better than regular sex How to bring out your partner's sensual side Overcoming the myths to discover the truth How to awaken your body and free your mind The true power of breath and what it can do for your sexual experience How to harness the power of your sexual energy How to transform your sexual energy using your chakras How to manipulate the senses for greater intimacy What the erotic awakening massage can do for you Understanding the universal hum The best tantric sex positions to try today There's more to tantra than meets the sexual eye, and this book aims to help you understand why it should be seen as a way to connect meaningfully with your partner rather than seeing it as nothing more than a way for you to have an orgasm. Embrace tantra fully, and you'll live your life with freedom and passion you never knew before. Tantra doesn't just teach you how to connect with your partner. It teaches you how to connect with your world. Tantra is a practice that benefits both men and women, and we'll provide step-by-step guides about how you can work together with your partner the way you are supposed to. This book is not going to tell you how to do it. It's going to show you how to do it. Are You Ready to Change Your Sexual Experience for the Better? Download Now! Your sexual awakening awaits.
