unconsciously and in automatic mode, and we're not aware of it. Because of this, we are made to think that codependency is a natural thing that we are born with, when in reality it is a creation of our own minds.

Codependency preys on our weaknesses and fears and is the reason for a lot of our suffering. When we place our happiness in the hands of our loved ones or material things, and those people or things disappear, we feel fear and a great emptiness inside. We lose our reason for living, our reality, and even part of our personality. This book will give you simple tools to help you awaken and free yourself from your attachments, so that you can experience life without fears and through true love. When you wake up from your unconsciousness nothing will disturb you and you will enjoy life to the fullest.

By turns thoughtful, moving, and amusing, her account offers a fascinating commentary on human courage and frailty and a compelling self-portrait of a sensitive and spirited young woman whose promise was tragically cut short.
