Brianna Karp entered the workforce at age ten, supporting her mother and sister throughout her teen years in Southern California. Her young life was scarred by violence and abuse, Karp stayed focused on her dream of a steady job and a home of her own. By age twenty-two her dream became reality. Karp loved her job as an executive assistant and signed the lease on a tiny cottage near the beach. And then the Great Recession hit. Karp, like millions of others, lost her job. In the six months between the day she was laid off and the day she was forced out onto the street, Karp scrambled for temp work and filed hundreds of job applications, only to find all doors closed. When she inherited a thirty-foot travel trailer after her father’s suicide, Karp parked it in a Walmart parking lot and began to blog about her search for work and a way back.

Based on his own extraordinary life, Gregory David Roberts’ Shantaram is a mesmerizing novel about a man on the run who becomes entangled within the underworld of contemporary Bombay—the basis for the Apple + TV series starring Charlie Hunnam. “It took me a long time and most of the world to learn what I know about love and fate and the choices we make, but the heart of it came to me in an instant, while I was chained to a wall and being tortured.” An escaped convict with a false passport, Lin flees maximum security prison in Australia for the teeming streets of Bombay, where he can disappear. Accompanied by his guide and faithful friend, Prabaker, the two enter the city’s hidden society of beggars and gangsters, prostitutes and holy men, soldiers and actors, and Indians and exiles from other countries, who seek in this remarkable place what they cannot find elsewhere. As a hunted man without a home, family, or identity, Lin searches for love and meaning while running a clinic in one of the city’s poorest slums, and serving his apprenticeship in the dark arts of the Bombay mafia. The search leads him to war, prison torture, murder, and a series of enigmatic and bloody betrayals. The keys to unlock the mysteries and intrigues that bind Lin are held by two people. The first is Khader Khan: mafia godfather, criminal-philosopher-saint, and mentor to Lin in the underworld of the Golden City. The second is Karla: elusive, dangerous, and beautiful, whose passions are driven by secrets that torment her and yet give her a terrible power. Burning slums and five-star hotels, romantic love and prison agonies, criminal wars and Bollywood films, spiritual gurus and mujaheddin guerrillas—this huge novel has the world of human experience in its reach, and a passionate love for India at its heart.

Sensitivity is not always simply having a stressful response in the mind, body or emotions to situations you encounter. Many sensitives are reading the energy around them by feeling it in their body. This activates a stress response because it disrupts their own senses-creating doubt and distrust for the signals from their inner guidance. Energy sensitives, also known as empaths, often navigate life not understanding this. In Tame Your Energy Sensitivity, a tiger teaches sensitive people that you can reclaim trust in your senses when you understand your true nature. Many empaths have heard the whispers of their inner guidance but don’t know how to translate it or what to do with the information. The messages from their body have long been disregarded, and they’ve often experienced intuitive hints as something “wrong” with them. Relearning trust for an empath means understanding that a knot in the stomach or anxiety for “no reason” is in fact an empathic sensitivity trying to get their attention. Whatever the reason, know this: An empath’s inner-peace depends on only reading people with permission. Tame Your Energy Sensitivity, holds the secrets to self-care for sensitive people; how-to set healthy boundaries and be a happy, health empath.
