

## Teeth Are Not For Biting Best Behavior

If pets could talk, what would they say? Maybe “Fur is for petting, backs are for scratching, noses are for nuzzling, . . . and tails are not for pulling!” Toddlers and pets belong together—as long as toddlers don’t chase, grab, squeeze, yank, and tease. In simple words and delightful illustrations, this book teaches the basics of kindness to animals: careful handling, awareness, safety, and respect. It also includes helpful tips for parents and caregivers.

Teeth Are Not For Biting brings awareness to the reality that sometimes biting happens. A colorful book to help children remember that Teeth Are Not For Biting, but Eating and How to react to friends who bite. A must-have in all bookshelves.

"Biting is for food." Tiny Tiger has big, sharp teeth, and he discovered he could bite. However, Tiny Tiger must learn to use his teeth in the right way. This book will teach your child positive behavior patterns and good manners. Perfect examples will demonstrate that biting is not meant for clothes, toys, or friends. Biting is for tasty food. "Tiny Tigers Don't Bite" has funny illustrations and light rhymes that are great for children who have just discovered the power of biting.

We've all seen it—the nose-picking habit starts as early as the toddler years, and no child is the exception. Young children pick their noses for a variety of reasons, from colds to allergies to curiosity or boredom. This board book for toddlers and preschoolers is the answer to the age-old question: "How can I get my child not to pick, especially not in public?" With gentle humor and kid-friendly humor, this board book for toddlers and preschoolers helps guide little ones away from nose picking toward healthier habits, like using a tissue and washing their hands. Catchy words help children remember what to do, vibrant full-color illustrations bring the words to life. Throughout, the positive message shines through: noses are for breathing, sniffing, smelling, . . . but not for picking!

GET THE PAPERBACK SO READ THEM WITH THAT CHILD YOU LOVE kids eat and crunch all the time. Teeth are strong and sharp and they should not be used for biting people. Crunch crunch crunch. Ouch! Biting hurts, just as hitting hurts!" Sooner or later, almost all young children will bite someone—a friend, a parent, a sibling. In this book, help the young readers stop biting people. This upbeat, colorful, virtually indestructible book helps prevent biting and teaches positive alternatives. The companion the other book best-selling your Hands Are Not for Hitting Board Book, Teeth Are Not for Biting gives reasons why children might want to bite. Little mouths feel sore when new teeth come in; sometimes kids bite when they're hungry, tired, cranky, frustrated, angry, bored, distressed, or seeking attention. Author David Simon suggests positive things children can do instead of biting: chew a chewy toy, drink a cold drink, get a hug, tell a grown-up. This book also includes helpful tips for parents and caregivers. With gentle encouragement, this book teaches children that they can think before speaking, choose what to say and how to say it, and find positive ways to respond when others use unkind words. The importance of saying “I’m sorry” is reinforced. Includes tips for parents and caregivers.

With the newest paperback addition to the Best Behavior® series, children develop strategies to make waiting less frustrating and learn that patience is a virtue. Children are often waiting—for the school bus, their turn on the slide, or their birthday—and waiting can be frustrating! But learning to be patient and developing self-control will equip children with tools for success in school and in social settings. With vivid illustrations and simple strategies, this reassuring book helps children understand the importance of waiting. With her trademark mix of empathy and encouragement, author Elizabeth Verdick provides activities and ideas for children—like observing the world around them, inventing new games, and anticipating what’s to come—that can be adapted for any situation. In this addition to the best-selling Best Behavior series, children will learn how to avoid boredom and replace whining words with waiting words: “This will be worth the wait!” A section for adults includes tips and a series uses simple words and delightful full-color illustrations to guide children to choose peaceful, positive behaviors. Select titles are available in two versions: a durable board book for ages baby to preschool, and a longer, more in-depth paperback for ages four to seven. Bilingual board books and paperback editions are available for select titles. Kids, parents, and teachers love these award-winning books. All include helpful tips and ideas for parents and caregivers.

Discusses all the ways to cope with frustration, feeling sad and mad, and mouth pain, without biting.

Don't bite your friends! It hurts when you munch. Your friends are your friends... They are not your lunch! Muno is a very sweet Gabba Land monster, but he has a very bad habit... sometimes he bites his friends! It's not nice to bite your friends, but, it's okay to bite your food! This Muno-shaped novelty book features a die-cut of Muno's mouth on every page, plus four removable food-shaped play pieces that little ones can use to feed Muno. Many preschoolers can relate to the issa serious topic and helps little ones to learn that it's not nice to bite your friends!

London's Lord Vampire Has Problems Dr. John Polidori's tale "The Vampyre" burst upon the Regency scene along with Mary Shelley's Frankenstein after that notorious weekend spent writing ghost stories with Lord Byron. A vampire crazy broke out instantly in the haut ton. Now Ian Ashton, the Lord Vampire of London, has to attend tedious balls, linger in front of mirrors, and eat lots of garlic in an attempt to quell the gossip. If that weren't annoying enough, his neighbor, Angelica Winthrop has literary aspirations of her own and is sneaking into his house at night just to see what she can find. Hungry, tired, and fed up, Ian is in no mood to humor his beautiful intruder...

Doodle the alligator awakens feeling "bitey," and soon all of the animal friends are in tears.

A latest entry in the popular series that includes No More Diapers for Ducky! finds frustrated new kid Billy Goat struggling with not knowing how to make friends and nipping his animal classmates before gentle guidance from a sympathetic Ducky helps him realize that teeth are for biting food and not friends.

Every parent, caregiver—and toddler—knows the misery that comes with meltdowns and temper tantrums. Through rhythmic text and warm illustrations, this gentle, reassuring book offers toddlers simple tools to release strong feelings, express them, and calm themselves down. Children learn to use their calm-down place—a quiet space where they can cry, ask for a hug, sing to themselves, be rocked in a grown-up’s arms, talk about feelings, and breathe: “One, two, three . . . I’m calm as can be. I’m taking care of me.” After a break, toddlers will feel like new—and adults will, too. Books include tips for parents and caregivers.

Biting is an issue that is more than skin-deep. It can affect any toddler in any setting and can have developmental, emotional, or environmental causes. An “unfortunately not unexpected” occurrence among toddlers, biting is more than a physical act. It is a serious, complicated issue that brings frustration to the biter, bitee, parents, and child care providers. This book offers technique-building advice for approaching biting in ways that work effectively for everyone involved. No Biting, Third Edition, is expanded with over 50% new and updated content that includes consultation and technical assistance on biting for infant-toddler specialists and a ready-to-use teacher training curriculum, organized into eight short training modules. Perhaps no other concern in toddler programs challenges teachers and parents as much as biting does. This how-to handbook helps you work through biting with successful strategies and trusted guidance.

Whether we realize it or not, we carry in our mouths the legacy of our evolution. Our teeth are like living fossils that can be studied and compared to those of our ancestors to teach us how we became human. In Evolution's Bite, noted paleoanthropologist Peter Ungar brings together for the first time cutting-edge advances in understanding human evolution with new approaches to uncovering dietary clues from fossil teeth. The result is a remarkable investigation into the ways that teeth—their shape, chemistry, and wear—reveal how we came to be. Traveling the four corners of the globe and combining scientific breakthroughs with vivid narrative, Evolution's Bite presents a unique dental perspective on our astonishing human development.

NAMED A BEST BOOK OF THE YEAR BY THE WASHINGTON POST, VOGUE, MARIE CLAIRE, READER'S DIGEST, AND GOOD HOUSEKEEPING “A gripping read. Unabashedly queer, probing and unafraid. . . .Exceedingly engaging.”–USA Today “Sublimely weird, fluently paced, brazenly funny and gayer still, and it richly deserves to find readers.” –New York Times From the author of the New York Times–bestselling sensation

Mostly Dead Things, a surprising and moving story of two mothers, one difficult son, and the limitations of marriage, parenthood, and love If she’s being honest, Sammie Lucas is scared of her son. Working from home in the close quarters of their Florida house, she lives with one wary eye peeled on Samson, a sullen, unknowable boy who resists her every attempt to bond with him. Uncertain in her own feelings about motherhood, she tries her best—driving, cleaning, cooking, prodding him to finish projects for school—while growing increasingly resentful of Monika, her confident but absent wife. As Samson grows from fetal toddler to surly teenager, Sammie’s life begins to deteriorate into a mess of unruly behavior, and her struggle to create a picture-perfect queer family unravels. When her son’s hostility finally spills over into physical aggression, Sammie must confront her role in the mess—and the possibility that it will never be clean again. Blending the warmth and wit of Arnett’s breakout hit, Mostly Dead Things, with a candid take on queer family dynamics, With Teeth is a thought-provoking portrait of the delicate fabric of family—and the many ways it can be torn apart.

As parents and teachers know, yelling comes naturally to children. This friendly, encouraging book, geared to preschool and primary children, introduces and reinforces where and when to use an “indoor voice” or an “outdoor voice.” In classic Best Behavior style the author tells young readers, “Your voice is a powerful tool. How you use it is up to you.” Vivid illustrations show the times and places for an indoor voice, the ways people ask us to quiet our voices, and times when yelling might occur. “What happens if you’re mad or frustrated or really, really excited? Your voice gets louder and LOUDER.” But yelling hurts people’s ears and feelings. Children learn that they can quiet their voice and use their words to talk about a problem. “Think before you yell, and use your words well!” Includes a special section for parents and caregivers with activities and discussion starters. The Best Behavior series uses simple words and delightful full-color illustrations to guide children to choose peaceful, positive behaviors. Select titles are available in two versions: a durable board book for ages baby-preschool, and a longer, more in-depth paperback for

ages 4–7. Kids, parents, and teachers love these award-winning books. All include helpful tips and ideas for parents and caregivers.

Children learn boundaries and safety when using screens, and fun things to do when screens are off. As important as screens are in our lives, we all need to unplug, especially children. This reassuring picture book offers children and families a starting point for limiting screen time and making the most of the time you have with your screens and without. While screens can be helpful and fun, they are not intended for use all the time. The American Academy of Pediatrics recommends consistent limits on screen time for children, and adults should take steps to ensure online safety for kids. With straightforward suggestions, children will learn valuable information about online safety, setting healthy screen-time boundaries, and the importance of screen-free time. With her trademark mix of empathy and encouragement, author Elizabeth Verdick offers appealing and healthy alternatives to using screens, as well as ways to stay safe and happy when online. Illustrator Mariela Beinlen’s active and vibrant illustrations of young children interacting with their caregivers and families bring the activities and suggestions for screen-free fun to life. A section for adults at the end of the book includes information on the effects of too much screen time and suggestions for establishing screen-time boundaries. Best Behaviors Series Simple words and lively full-color illustrations guide children to choose positive behaviors. Select titles are available in two versions: a durable board book for ages 1-4 and an expanded paperback for ages 4-7. Bilingual board book and paperback editions of select titles also are available. Kids, parents, and teachers love these award-winning books. All include helpful tips for teachers, caregivers, and parents.

"Look at those feet! Aren't they sweet?" Yes-when they're walking, standing, leaping and landing. And when they're kicking balls or leaves. But not when they're kicking people! In simple words and charming full-color illustrations, this book helps little ones learn to use their feet for fun, not in anger or frustration. It also includes tips for parents and caregivers on how to help toddlers be sweet with their feet.

Sometimes it's fun to share, and sometimes it's hard. This book offers toddlers simple choices (take turns, use the toy together, wait for another time) to make sharing easier, and shows them where to turn for help when sharing is difficult. Little ones learn that sharing can mean double the fun—and sharing a while can make someone smile! Includes tips for parents and caregivers.

This is a fascinating piece of study where Dr. Sawicki, both martial artist and dentist of 30 years, draws upon his experience and insights studying self-defense to shine a light upon an aspect of martial arts that has been ignored: the place teeth and jaw play in life-and-death combat. Written especially for martial artists, students of yoga, practitioners of meditation, and dental professionals, the general public will also enjoy it is a skillful weaving of information including a crash course on western physiology of the mouth, eastern yin-yang philosophy and evolution of the human skull. The roots of malocclusion and bruxism are considered relative to the teeth and jaw as formidable fighting tools. Teeth are primal weapons when one's instinct to survive is unleashed and the rise of taboos against biting, in particular the use of teeth in expression of vicious passion are pursued. Powerful yet easily performed energy-building exercises are described with the intention of strengthening and aligning the chi center of the oral cavity with the tan tiens of the energetic body. Practice of these exercises can lead to a deeper understanding of man's place in the cosmos and a boost to one's overall health and fitness. Dr. Sawicki wants his readers to thrive — and survive.

Biting is one of the most frustrating and widespread issues childcare providers and parents face. No Biting discusses why toddlers bite, how to respond to biting, and how to develop a plan to address repeated biting. It also explores what parents think of biting, how to respond to their suggestions and demands, and how to create biting policies. This second edition includes additional anti-biting strategies, new information on the causes of biting, and sample newsletter articles to educate parents.

Evolution’s Bite

Little Angel Don't Bite

Lisa Wheeler and Caldecott Honor–winning illustrator Molly Idle remind overeager little biters that biting is for food in this hysterical read-aloud picture book. Learning good behavior has never been so fun! It's good to bite a carrot. It's good to bite a steak. It's bad to bite your sister! She's not a piece of cake. Cause... People don't bite people! That's what this book's about. So if you find you're tooth-inclined—you'd better check it out!

At the urging of her family, Louise, a young alligator, tries hard to kick her biting habit.

Zak George is a new type of dog trainer. A dynamic YouTube star and Animal Planet personality with a fresh approach, Zak helps you to tailor train to your dog's unique traits and energy level—leading to quicker results and a much happier pet. Packed with everything you need to know to raise and care for your dog, this book will help you communicate and bond with one another in a way that makes training easier, more rewarding, and—most of all—fun!

Biting can be good and biting can be bad; it all depends on what you bite on. Oh, the delight when biting into an apple or a peach! But it is not so lovely if you bite on an ice cube or a nut while it still in its shell. Things may not turn out so well. And never, never bite another child; biting must be reserved for something that will bring a smile - delicious, nutritious food. All in rhyme with loads of charming illustrations.

It's never too soon for children to learn that violence is never okay, hands can do many good things, and everyone is capable of positive, loving actions. In this bright, inviting, durable board book, simple words and full-color illustrations teach these important concepts in ways even very young children can understand. Created in response to requests from parents, preschool teachers, and childcare providers, this book belongs everywhere young children are. Includes tips for parents and caregivers.

Scary Stories to Sink Your Teeth Into

No Biting

Imagine a life where your toddler or preschooler is happy to do what you ask, and is able to move on, easily, when disappointed. • Imagine getting all of your homework done while your child plays, or happily helps alongside you. • Imagine truly enjoying your time with your child, and creating a life that feels fulfilling for both of you. “These things are possible for parents and children,” asserts author Faith Collins, even with a child who is extra sensitive, demanding, needy, belligerent, or all at the same time. Collins is a preschooler teacher, parent coach and mother, who has witnessed such transformations repeatedly over many years. Her book is a treasury that provides readers with powerful, practical and positive tools to achieve harmony and joy in their own families. Her blog and popular online classes are available at (http://joyfultoddlers.com). The unique contribution of this book is its focus on creating a mutually responsive relationship—meaning that both people respond quickly and positively to each other, even when they cannot do what the other person wants. In a warm and easygoing style, the author guides parents and caregivers in establishing and maintaining such mutually responsive relationships with their young ones, creating the basis for discipline, education, socialization and a happier life together. Helping our children to develop these skills becomes a game-changer in all parent-child dynamics. Rare and precious! Faith's book will very likely leave you feeling, “Yes, I can do this.”—Kim John Payne, author: Simplicity Parenting. A BOOK FOR PARENTS, GRANDPARENTS, EDUCATORS, CAREGIVERS, AND ALL INVESTED IN THE LOVE AND GUIDANCE OF CHILDREN. A MUST FOR PUBLIC, SCHOOL AND UNIVERSITY LIBRARIES.

"Crunch crunch crunch. Teeth are strong and sharp. Crunch crunch crunch. Teeth can help you chew. But teeth are not for biting. Ouch! Biting hurts." Sooner or later, almost all young children will bite someone—a friend, a parent, a sibling. This upbeat, colorful, virtually indestructible book helps prevent biting and teaches positive alternatives. The companion to our best-selling Hands Are Not for Hitting Board Book, Teeth Are Not for Biting gives reasons why children might want to bite. Little mouths feel sore when new teeth come in; sometimes kids bite when they're hungry, tired, cranky, frustrated, angry, bored, distressed, or seeking attention. Author Elizabeth Verdick suggests positive things children can do instead of biting: chew a chewy toy, drink a cold drink, get a hug, tell a grown-up. This book also includes helpful tips for parents and caregivers.

Sneezes, coughs, runny noses, spills, and messes are facts of everyday life with children. And that's why it's never too soon to teach little ones about germs and ways to stay clean and healthy. This book is a short course for kids on what germs are, what they do, and why it's so important to cover them up, block them from spreading, and wash them down the drain. Simple words complement warm, inviting, full-color illustrations that show real-life situations kids can relate to. A special section for adults includes ideas for discussion and activities. Ease little ones into the get-ready-for-bed routine with this warm and cozy bedtime book. Aided by Mom and Dad, a sister and brother enjoy a little snack, relaxing baths, time for brushing teeth, stories, lullabies, back rubs, and hugs. Cheerful, soft illustrations and reassuring text set a tone that helps toddlers feel good about settling down to sleep. (As the narrator explains, "I do my best growing when I'm sleeping.") In the morning, the children will yawn, stretch, and be a little bit bigger, a little bit stronger, and a little bit smarter—all because of a good night's sleep. Includes tips for parents and caregivers.

Profiles animals with distinct bites, offering information on how differing teeth, jaws, and biting mechanics enable different species to eat, fight, and survive.

How to Stop Nail Biting

Little Dino learns that he should not bite—except for food, of course.

Provides information on a child's biting tendency, describing normal child development and why a child bites, along with case studies of biters and worksheets and forms to help parents and educators.

The author suggests effective ways to permanently quit nail biting.

Shows young readers that there is a better way to act out frustration than to bite, hit, push, or kick.

Cesar Millan—nationally recognized dog expert—helps you see the world through the eyes of your dog so you can finally eliminate problem behaviors. From his appearances on The Oprah Winfrey Show to his roster of celebrity clients to his reality television series, Cesar Millan is America's most sought-after dog-behavior expert. But Cesar is not a trainer in the traditional sense—his expertise lies in his unique ability to comprehend dog psychology. Tracing his own amazing journey from a clay-walled farm in Mexico to what makes dogs tick. In Cesar's Way, he shares this wisdom, laying the groundwork for you to have stronger, more satisfying relationships with your canine companions. Cesar's formula for a contented and balanced dog seems impossibly simple: exercise, discipline, and affection, in that order. Taking readers through the basics of dog psychology and behavior, Cesar shares the inside details of some of his most fascinating cases, using them to illustrate how common behavior issues develop and, more important, how not be what you're giving him • Why a dog's natural pack instincts are the key to your happy relationship • How to relate to your dog on a canine level • There are no "problem breeds," just problem owners • How to choose a dog who's right for you and your family • The difference between discipline and punishment • And much more! Filled with fascinating anecdotes about Cesar's longtime clients, and including forewords by the president of the International Association of Canine Professionals and Jada Pinkett Smith

rewarding connection with your four-legged companion.
