

## **Telling Lies About Hitler The Holocaust History And The David Irving Trial**

James Loewen has revised *Teaching What Really Happened*, the bestselling, go-to resource for social studies and history teachers wishing to break away from standard textbook retelling of the past. In addition to updating the scholarship and anecdotes throughout, the second edition features a timely new chapter entitled "Truth" that addresses how traditional and social media can distort current events and historical record. Helping students understand what really happened in the past will empower them to use history as a tool to argue for better policies in the present. Our society needs engaged citizens now more than ever, and this book offers teachers concrete ideas for getting students excited about history while also teaching them to read critically. It will specifically help teachers and students tackle important content areas, including Eurocentrism, the American Indian experience, and slavery. Book Features: an up-to-date assessment of the potential and pitfalls of U.S. and world history education; information to help teachers expect, and get good performance from students of all racial, ethnic, and socioeconomic backgrounds; strategies for incorporating project-oriented self-learning, having students conduct online historical research, and teaching historiography; ideas from teachers across the country.

In her acclaimed 1993 book *Denying the Holocaust*, Deborah Lipstadt called putative WWII historian David Irving "one of the most dangerous spokespersons for Holocaust denial." A prolific author of books on Nazi Germany who has claimed that more people died in Ted

## Read Book Telling Lies About Hitler The Holocaust History And The David Irving Trial

Kennedy's car at Chappaquiddick than in the gas chambers at Auschwitz, Irving responded by filing a libel lawsuit in the United Kingdom -- where the burden of proof lies on the defendant, not on the plaintiff. At stake were not only the reputations of two historians but the record of history itself.

In a classic work of alternate history, the United States is divided up and ruled by the Axis powers after the defeat of the Allies during World War II. Reissue. Winner of the Hugo Award for Best Novel.

From the New York Times best-selling author and host of Hidden Brain comes a thought-provoking look at the role of self-deception in human flourishing. Self-deception does terrible harm to us, to our communities, and to the planet. But if it is so bad for us, why is it ubiquitous? In *Useful Delusions*, Shankar Vedantam and Bill Mesler argue that, paradoxically, self-deception can also play a vital role in our success and well-being. The lies we tell ourselves sustain our daily interactions with friends, lovers, and coworkers. They can explain why some people live longer than others, why some couples remain in love and others don't, why some nations hold together while others splinter. Filled with powerful personal stories and drawing on new insights in psychology, neuroscience, and philosophy, *Useful Delusions* offers a fascinating tour of what it really means to be human.

### Hitler's Ethic

*Richard J. Evans worked on the historical evidence on behalf of the defence during the Irving libel trial. In Telling Lies about Hitler, the author discusses the importance of historical writing and the social role of historians in such trials.*

*A tale of Nazi lives, mass murder, love, Cold War espionage, a mysterious death in the Vatican, and the Nazi escape route to Perón's Argentina, "the Ratline"—from the author of the internationally acclaimed, award-winning East West Street. "Hypnotic, shocking, and unputdownable." —John le Carré, internationally renowned bestselling author Baron Otto von Wächter, Austrian lawyer, husband, father, high Nazi official, senior SS officer, former governor of Galicia during the war, creator and overseer of the Krakow ghetto, indicted after as a war criminal for the mass murder of more than 100,000 Poles, hunted by the Soviets, the Americans, the British, by Simon Wiesenthal, on the run for three years, from 1945 to 1948 . . . Philippe Sands pieces together, in riveting detail, Wächter's extraordinary, shocking story. Given full access to the Wächter family archives--journals, diaries, tapes, and more--and with the assistance of the Wächters' son Horst, who believes his father to have been a "good man," Sands writes of Wächter's rise through the Nazi high command, his "blissful" marriage and family life as their world was brought to ruin, and his four-year flight to escape justice--to the Tirol, to Rome, and the Vatican; given a new identity, on his way to a new life via "the Ratline" to Perón's Argentina, the escape route taken by*

*Eichmann, Mengele, and thousands of other Nazis. Wächter's escape was cut short by his mysterious, shocking death in Rome, in the midst of the burgeoning Cold War (was he being recruited in postwar Italy by the Americans and the U.S. Army Counter Intelligence Corps or by the Soviet NKVD or by both; or was he poisoned by one side or the other, as his son believes--or by both?) . . . An extraordinary discovery, told up-close through access to a trove of family correspondence between Wächter and his wife--part historical detective story, part love story, part family memoir, part Cold War espionage thriller. "Breathtaking, gripping, shattering." --Elif Shafak*

*An in-depth look at how The New York Times failed in its coverage of the fate of European Jews from 1939-45. It examines how the decisions that were made at The Times ultimately resulted in the minimizing and misunderstanding of modern history's worst genocide. Laurel Leff, a veteran journalist and professor of journalism, recounts how personal relationships at the newspaper, the assimilationist tendencies of The Times' Jewish owner, and the ethos of mid-century America, all led The Times to consistently downplay news of the Holocaust. It recalls how news of Hitler's 'final solution' was hidden from readers and - because of the newspaper's influence on other media - from America at large. Buried by The Times is required reading for anyone interested in America's response to the Holocaust and for anyone curious about how journalists determine what is newsworthy.*

*This unsettling and illuminating history reveals how Germany's fractured republic*

*gave way to the Third Reich, from the formation of the Nazi party to the rise of Hitler. Amid the ravages of economic depression, Germans in the early 1930s were pulled to political extremes both left and right. Then, in the spring of 1933, Germany turned itself inside out, from a deeply divided republic into a one-party dictatorship. In Hitler's First Hundred Days, award-winning historian Peter Fritzsche offers a probing account of the pivotal moments when the majority of Germans seemed, all at once, to join the Nazis to construct the Third Reich. Fritzsche examines the events of the period -- the elections and mass arrests, the bonfires and gunfire, the patriotic rallies and anti-Jewish boycotts -- to understand both the terrifying power the National Socialists exerted over ordinary Germans and the powerful appeal of the new era they promised. Hitler's First Hundred Days is the chilling story of the beginning of the end, when one hundred days inaugurated a new thousand-year Reich.*

## Read Book Telling Lies About Hitler The Holocaust History And The David Irving Trial

volume of MEIN KAMPF was written while the author was imprisoned in a Bavarian fortress. The book deals with events which brought the author into this blight. It was the hour of Germany's deepest humiliation, when Napoleon has dismembered the old German Empire and French soldiers occupied almost the whole of Germany. The book narrates how Hitler was arrested with several of his comrades and imprisoned in the fortress of Landsberg on the river Lech. During this period only the author wrote the first volume of MEIN KAMPF. The Second volume of MEIN KAMPF was written after release of Hitler from prison and it was published after the French had left the Ruhr, the tramp of the invading armies still echoed in German ears and the terrible ravages had plunged the country into a state of social and economic chaos. The beauty of the book is, MEIN KAMPF is an historical document which bears the imprint of its own time. Moreover, Hitler has declared that his acts and "public statements" constitute a partial revision of his book and are to be taken as such. Also, the author has translated Hitler's ideal, the Volkischer Staat, as the People's State. The author has tried his best making German Vocabulary easy to understand. You will never be satisfied until you go through the whole book. A must read book, which is one of the most widely circulated and read books worldwide. A brilliant satire of mass culture and the numbing effects of technology, White Noise tells the story of Jack Gladney, a teacher of Hitler studies at a liberal arts college in Middle America. Jack and his fourth wife, Babbette, bound by their love, fear of death, and four ultramodern offspring, navigate the rocky passages of family life to the background babble of brand-name consumerism. Then a lethal black chemical cloud, unleashed by an industrial accident, floats

Telling Lies: Clues to Deceit in the Marketplace, Politics, and Marriage (Revised Edition)

History on Trial

When Germans Embraced the Third Reich

Hitler

Originally published: Germany: S. Fischer Verlag.

The denial of the Holocaust has no more credibility than the assertion that the earth is flat. Yet there are those who insist that the death of six million Jews in Nazi concentration camps is nothing but a hoax perpetrated by a powerful Zionist conspiracy. Sixty years ago, such notions were the province of pseudohistorians who argued that Hitler never meant to kill the Jews, and that only a few hundred thousand died in the camps from disease; they also argued that the

## Read Book Telling Lies About Hitler The Holocaust History And The David Irving Trial

Allied bombings of Dresden and other cities were worse than any Nazi offense, and that the Germans were the “true victims” of World War II. For years, those who made such claims were dismissed as harmless cranks operating on the lunatic fringe. But as time goes on, they have begun to gain a hearing in respectable arenas, and now, in the first full-scale history of Holocaust denial, Deborah Lipstadt shows how—despite tens of thousands of living witnesses and vast amounts of documentary evidence—this irrational idea not only has continued to gain adherents but has become an international movement, with organized chapters, “independent” research centers, and official publications that promote a “revisionist” view of recent history. Lipstadt shows how Holocaust denial thrives in the current atmosphere of value-relativism, and argues that this chilling attack on the factual record not only threatens Jews but undermines the very tenets of objective scholarship that support our faith in historical knowledge. Thus the movement has an unsuspected power to dramatically alter the way that truth and meaning are transmitted from one generation to another.

"First published in Great Britain by Allen Lane."--Title page verso  
Both Jesse Owens and Adolf Hitler grew up in poverty, and each of the two men struggled to find their footing later in life. Owens represented the United States in the 1936 Olympics, after which he

## Read Book Telling Lies About Hitler The Holocaust History And The David Irving Trial

found it difficult to sustain a well-paying job. In turn, Adolf Hitler moved to Vienna as a teenager, following his parents' death, but he never found the financial success he so desperately craved as an artist. He spent most of his time in the city penniless, unemployed young man. The similarities between the two men end there. While Adolf Hitler became angered and enraged by his circumstances, and by the fate of Germany following the First World War, Jesse Owens went out of his way to help people. Even when he faced the cruelty of racism in the United States, Owens saw the best in others. He spent most of his days working with children and teenagers, making a conscious effort to give them the guidance and support they needed to enact positive change in the world. In contrast, Hitler turned to hatred, divisiveness, and conflict in his attempts to change the world in his image. Owens was an open-minded man who spent his life bettering the lives of his family and the community at large. Even when others asked him to denounce the racist tendencies of Adolf Hitler, he chose to grudgingly respect the German leader. Meanwhile, Hitler's experiences only fuelled his hatred of anyone who was not Aryan and German. In this book, we will explore the lives of both men leading up to the 1936 Berlin Olympics. Then, we will take a closer look at the effects of that summer on the rest of their years.

This volume gathers together new essays on deception and self-deception by leading thinkers on the subject. The contributors discuss topics including the nature and the definition of deception; whether deception is morally blameworthy or not; attacks against and defenses of self-deception; and the most famous philosophical account of lying by Immanuel Kant. Deception of

## Read Book Telling Lies About Hitler The Holocaust History And The David Irving Trial

others and self-deception share many more interconnections than is normally recognized, and these essays reveal the benefits of considering them together. The Philosophy of Deception will be of interest to philosophers across the spectrum including those interested in philosophy of mind, philosophy of psychology, and metaphysics.

In a gripping novel set in present-day England under a Nazi regime, a sheltered teen questions what it means to be "good" — and how far she's willing to go to break the rules. *Nazi England*, 2014. Jessika Keller is a good girl — a champion ice skater, model student of the Bund Deutscher Mädel, and dutiful daughter of the Greater German Reich. Her best friend, Clementine, is not so submissive. Passionately different, Clem is outspoken, dangerous, and radical. And the regime has noticed. Jess cannot keep both her perfect life and her dearest friend, her first love. But which can she live without? Haunting, intricate, and unforgettable, *The Big Lie* unflinchingly interrogates perceptions of revolution, feminism, sexuality, and protest. Back matter includes historical notes from the author discussing her reasons for writing an "alt-history" story and the power of speculative fiction.

"*Stealing Secrets, Telling Lies* explores how espionage and good intelligence analysis shaped or changed the outcome of many of the major geopolitical events of the twentieth century. The German victory at the Battle of

unprecedented assault, Evans shows us why history is necessary. Taking us into the historians ' workshop, he offers a firsthand look at how good history gets written. In staunch opposition to the wilder claims of postmodern historians, Evans thoroughly dismantles the notion that a realistic grasp of history is impossible to attain. He then goes on to explain the deadly political dangers of losing a historical perspective on the way we live our lives. In the tradition of E.H. Carr ' s What Is History? and G.R. Elton ' s The Practice of History, Evans ' In Defense of History delivers " a model of lucid and intelligent historiographical analysis " (The Guardian, UK).

First published in Vienna in 1935, Hitler s Lies by Irene Harand, is a challenge to the arguments, assumptions and actions of the German dictator, Adolf Hitler. The original German language version of the book was called Sein Kampf Antwort an Hitler von Irene Harand (His Struggle The Answer to Hitler from Irene Harand). In this book Harand explodes the myth of racial and national superiority. She deals with lies about the Jews which formed the basis for Hitler s propaganda, and attacks the persecution of the Jews on the ground that Anti-Semitism debases Christianity. In her own words: The ruthless force of the Nazis has been directed against the Jewish and Catholic minorities. Their main attack, however, has been launched against German Jewry, which has had to bear unspeakable torture and humiliation in the Third Reich. They foster and unleash hatred against the Jews and commit wholesale murder to maintain a power they have wrested from others. It, therefore, lies in the interest of truth to make public answer to the Nazi Bible, Mein Kampf, (Hitler s autobiography) and to ascertain whether the main doctrines of this book, upon which the Nazi political state is founded, can bear critical examination before the civilized world.As the first publishers of

# Read Book Telling Lies About Hitler The Holocaust History And The David Irving Trial

Mein Kampf in India, Jaico is proud to revive Harand s work, which was largely forgotten since the 1950 s in both her native Austria and her new homeland America.

The Book Thief

"Of course, everything [D'Souza] says here is accurate... But it's not going to sit well with people on the American left who, of course, are portraying themselves as the exact opposite of all of this." –RUSH LIMBAUGH The explosive new book from Dinesh D'Souza, author of the #1 New York Times bestsellers Hillary's America, America, and Obama's America. What is "the big lie" of the Democratic Party? That conservatives—and President Donald Trump in particular—are fascists. Nazis, even. In a typical comment, MSNBC host Rachel Maddow says the Trump era is reminiscent of "what it was like when Hitler first became chancellor." But in fact, this audacious lie is a complete inversion of the truth. Yes, there is a fascist threat in

## Read Book Telling Lies About Hitler The Holocaust History And The David Irving Trial

America—but that threat is from the Left and the Democratic Party. The Democratic left has an ideology virtually identical with fascism and routinely borrows tactics of intimidation and political terror from the Nazi Brownshirts. To cover up their insidious fascist agenda, Democrats loudly accuse President Trump and other Republicans of being Nazis—an obvious lie, considering the GOP has been fighting the Democrats over slavery, genocide, racism and fascism from the beginning. Now, finally, Dinesh D'Souza explodes the Left's big lie. He expertly exonerates President Trump and his supporters, then uncovers the Democratic Left's long, cozy relationship with Nazism: how the racist and genocidal acts of early Democrats inspired Adolf Hitler's campaign of death; how fascist philosophers influenced the great 20th century lions of the American Left; and how today's anti-free speech, anti-capitalist, anti-religious liberty, pro-violence Democratic Party is a frightening simulacrum of the Nazi Party. Hitler coined the term "the big lie" to describe a lie that "the great masses of the people" will fall for precisely because of how bold and monstrous the lie is. In *The Big Lie*, D'Souza shows that the Democratic Left's

## Read Book Telling Lies About Hitler The Holocaust History And The David Irving Trial

orchestrated campaign to paint President Trump and conservatives as Nazis to cover up its own fascism is, in fact, the biggest lie of all.

A riveting account of how the Nazi Party came to power and how the failures of the Weimar Republic and the shortsightedness of German politicians allowed it to happen. Why did democracy fall apart so quickly and completely in Germany in the 1930s? How did a democratic government allow Adolf Hitler to seize power? In *The Death of Democracy*, Benjamin Carter Hett answers these questions, and the story he tells has disturbing resonances for our own time. To say that Hitler was elected is too simple. He would never have come to power if Germany's leading politicians had not responded to a spate of populist insurgencies by trying to co-opt him, a strategy that backed them into a corner from which the only way out was to bring the Nazis in. Hett lays bare the misguided confidence of conservative politicians who believed that Hitler and his followers would willingly support them, not recognizing that their efforts to use the Nazis actually played into Hitler's hands. They had willingly given him the tools to turn Germany into a vicious dictatorship.

## Read Book Telling Lies About Hitler The Holocaust History And The David Irving Trial

Benjamin Carter Hett is a leading scholar of twentieth-century Germany and a gifted storyteller whose portraits of these feckless politicians show how fragile democracy can be when those in power do not respect it. He offers a powerful lesson for today, when democracy once again finds itself embattled and the siren song of strongmen sounds ever louder.

Describes gestures and other clues that indicate a person may be lying, explains why people lie, and discusses the controversy surrounding lie detector tests

In this book, Weikart helps unlock the mystery of Hitler's evil by vividly demonstrating the surprising conclusion that Hitler's immorality flowed from a coherent ethic. Hitler was inspired by evolutionary ethics to pursue the utopian project of biologically improving the human race.

*President Donald J. Trump lays out his professional and personal worldview in this classic work—a firsthand account of the rise of America’s foremost deal-maker. “I like thinking big. I always have. To me it’s very simple: If you’re going to be thinking anyway, you might as well think big.”—Donald J. Trump Here is Trump in action—how he runs his organization and how he runs his life—as he meets the people he needs to meet, chats with family and friends, clashes with enemies, and challenges conventional thinking. But even a maverick plays by rules, and Trump has formulated time-tested guidelines for success. He isolates the common elements in his greatest accomplishments; he shatters myths; he names names, spells out the zeros, and fully reveals the deal-maker’s art. And throughout, Trump talks—really talks—about how he does it. Trump: The Art of the Deal is an unguarded look at the mind of a brilliant entrepreneur—the ultimate read for anyone interested in the man behind the spotlight. Praise for Trump: The Art of the Deal “Trump makes one believe for a moment in the American dream*

*excruciating.”—The New York Times Book Review In 1942, with Nazis occupying Holland, a thirteen-year-old Jewish girl and her family fled their home in Amsterdam and went into hiding. For the next two years, until their whereabouts were betrayed to the Gestapo, they and another family lived cloistered in the “Secret Annex” of an old office building. Cut off from the outside world, they faced hunger, boredom, the constant cruelties of living in confined quarters, and the ever-present threat of discovery and death. In her diary Anne Frank recorded vivid impressions of her experiences during this period. By turns thoughtful, moving, and amusing, her account offers a fascinating commentary on human courage and frailty and a compelling self-portrait of a sensitive and spirited young woman whose promise was tragically cut short.*

*When Michael Dukakis accused George H. W. Bush of being the "Joe Isuzu of American Politics" during the 1988 presidential campaign, he asserted in a particularly American tenor the near-ancient idea that lying and politics (and perhaps advertising, too) are inseparable, or at least intertwined. Our response to this phenomenon, writes the renowned intellectual historian Martin Jay, tends to vacillate—often impotently—between moral outrage and amoral realism. In *The Virtues of Mendacity*, Jay resolves to avoid this conventional framing of the debate over lying and politics by examining what has been said in*

## Read Book Telling Lies About Hitler The Holocaust History And The David Irving Trial

*support of, and opposition to, political lying from Plato and St. Augustine to Hannah Arendt and Leo Strauss. Jay proceeds to show that each philosopher's argument corresponds to a particular conception of the political realm, which decisively shapes his or her attitude toward political mendacity. He then applies this insight to a variety of contexts and questions about lying and politics. Surprisingly, he concludes by asking if lying in politics is really all that bad. The political hypocrisy that Americans in particular periodically decry may be, in Jay's view, the best alternative to the violence justified by those who claim to know the truth.*

*This is the most comprehensive and up-to-date investigation of moral and conceptual questions about lying and deception. Carson argues that there is a moral presumption against lying and deception that causes harm, he examines case-studies from business, politics, and history, and he offers a qualified defence of the view that honesty is a virtue.*

*How do you get away with the murder of 11 million people? The answer is simple—and disturbing. You lie to them. Learn how you can become an informed, passionate citizen who demands honesty and integrity from your leaders in this updated and expanded edition of the original New York Times bestselling book. In this updated and expanded nonpartisan New York Times bestselling book, Andy Andrews*

## Read Book Telling Lies About Hitler The Holocaust History And The David Irving Trial

*emphasizes that seeking and discerning the truth is of critical importance, and that believing lies is the most dangerous thing you can do. You'll be challenged to become a more careful student of the past, seeking accurate, factual accounts of events that illuminate choices our world faces now. By considering how the Nazi German regime was able to carry out over eleven million institutional killings between 1933 and 1945, Andrews advocates for an informed population that demands honesty and integrity from its leaders and from each other. This thought-provoking book poses questions like: What happens to a society in which truth is absent? How are we supposed to tell the difference between the "good guys" and the "bad guys"? How does the answer to this question affect our country, families, faith, and values? Does it matter that millions of ordinary citizens aren't participating in the decisions that shape the future of our country? Which is more dangerous: politicians with ill intent, or the too-trusting population that allows such people to lead them? This is a wake-up call: we must become informed, passionate citizens or suffer the consequences of our own ignorance and apathy. We can no longer measure a leader's worth by the yardsticks provided by the left or the right. Instead, we must use an unchanging standard: the pure, unvarnished truth.*

*Clues to Deceit in the Marketplace, Politics, and Marriage*

***In ruling against the controversial historian David Irving in his libel suit against the American historian Deborah Lipstadt, last April 2000, the High Court in London labeled him a falsifier of history. No objective historian, declared the judge, would manipulate the documentary record in the way that Irving did. Richard J. Evans, a Cambridge historian and the chief advisor for the defense, uses this pivotal trial as a lens for exploring a range of difficult questions about the nature of the historian's enterprise. For instance, don't all historians in the end bring a subjective agenda to bear on their reading of the evidence? Is it possible that Irving lost his case not because of his biased history but because his agenda was unacceptable? The central issue in the trial -- as for Evans in this book -- was not the past itself, but the way in which historians study the past. In a series of short, sharp chapters, Richard Evans sets David Irving's methods alongside the historical record in order to illuminate***

***the difference between responsible and irresponsible history. The result is a cogent and deeply informed study in the nature of historical interpretation.***

***Malcolm Gladwell, host of the podcast Revisionist History and author of the #1 New York Times bestseller Outliers, offers a powerful examination of our interactions with strangers and why they often go wrong—now with a new afterword by the author. A Best Book of the Year: The Financial Times, Bloomberg, Chicago Tribune, and Detroit Free Press How did Fidel Castro fool the CIA for a generation? Why did Neville Chamberlain think he could trust Adolf Hitler? Why are campus sexual assaults on the rise? Do television sitcoms teach us something about the way we relate to one another that isn't true? Talking to Strangers is a classically Gladwellian intellectual adventure, a challenging and controversial excursion through history, psychology, and scandals taken straight from the news. He revisits the deceptions of Bernie Madoff, the trial of Amanda Knox, the suicide of Sylvia Plath, the Jerry Sandusky pedophilia scandal at Penn State University, and the death of Sandra Bland—throwing our understanding of these and other stories into doubt. Something is very wrong, Gladwell***

***argues, with the tools and strategies we use to make sense of people we don't know. And because we don't know how to talk to strangers, we are inviting conflict and misunderstanding in ways that have a profound effect on our lives and our world. In his first book since his #1 bestseller David and Goliath, Malcolm Gladwell has written a gripping guidebook for troubled times.***

***In this short companion to his book From Fascism to Populism in History, world-renowned historian Federico Finchelstein explains why fascists regarded simple and often hateful lies as truth, and why so many of their followers believed the falsehoods. Throughout the history of the twentieth century, many supporters of fascist ideologies regarded political lies as truth incarnated in their leader. From Hitler to Mussolini, fascist leaders capitalized on lies as the base of their power and popular sovereignty. This history continues in the present, when lies again seem to increasingly replace empirical truth. Now that actual news is presented as "fake news" and false news becomes government policy, A Brief History of Fascist Lies urges us to remember that the current talk of "post-truth" has a long political and intellectual lineage that we cannot ignore.***

**#1 NEW YORK TIMES BESTSELLER • ONE OF TIME MAGAZINE'S 100 BEST YA BOOKS OF ALL TIME** The extraordinary, beloved novel about the ability of books to feed the soul even in the darkest of times. When Death has a story to tell, you listen. It is 1939. Nazi Germany. The country is holding its breath. Death has never been busier, and will become busier still. Liesel Meminger is a foster girl living outside of Munich, who scratches out a meager existence for herself by stealing when she encounters something she can't resist-books. With the help of her accordion-playing foster father, she learns to read and shares her stolen books with her neighbors during bombing raids as well as with the Jewish man hidden in her basement. In superbly crafted writing that burns with intensity, award-winning author Markus Zusak, author of *I Am the Messenger*, has given us one of the most enduring stories of our time. "The kind of book that can be life-changing." —*The New York Times* "Deserves a place on the same shelf with *The Diary of a Young Girl* by Anne Frank." —*USA Today* **DON'T MISS BRIDGE OF CLAY, MARKUS ZUSAK'S FIRST NOVEL SINCE THE BOOK THIEF.**
