In a classic storyteller's voice, Newbery Honor recipient Marion Dane Bauer tells a tale of friendship, family, and fitting in that recalls *The Doll People*, Rumer Godden, and *Hitty, Her First Hundred Years*. Rose is a wild child. She doesn't care what her mother or teacher or schoolmates say—she does what she wants. When she finds a delicate china doll in the attic, she takes it. Then the doll comes to life in her hand. She's loud, obnoxious, selfishly bossy, and claims that she's a princess and Rose is her servant. But she's also tiny and fragile. She needs Rose to keep her safe. And maybe Rose needs Princess Regina, too.

Tony Ross has chosen vivid pastels to illustrate the new adventures of the Little Princess in these four board books for very young children. The simple stories and vibrant, glowing colours will delight toddlers. In *SHAPES* the Princess looks at different shapes and wonders what to make with them - a friend, of course. In *PETS* she has to decide which animal she would like as a pet, and in *WEATHER* she discovers that windy weather is most fun. In *BEDTIME*, the Little Princess is typically mischievous as she gets ready for bed.

"May God grant me the serenity to accept the color pink, the courage to not let my house become a shrine to pink and princesses, and the wisdom to know that pink is just a color, not a decision to never attend college in the hopes of marrying a wealthy." - from *The Feminist's Guide to Raising a Little Princess* Smart, funny, and thought-provoking, this book shows feminist parents how to navigate their daughters' princess-obsessed years by taking a non-judgmental and positive approach. Devorah Blachor, an ardent feminist, never expected to be the parent of a little girl who was totally obsessed with the color pink, princesses, and all things girly. When her three-year-old daughter fell down the Disney Princess rabbit hole,

she wasn't sure how to reconcile the difference between her parental expectations and the reality of her daughter's passion. In this book inspired by her viral New York Times Motherlode piece "Turn Your Princess-Obsessed Toddler Into a Feminist in Eight Easy Steps," Blachor offers insight, advice, and plenty of humor and personal anecdotes for other mothers who cringe each morning when their daughter refuses to wear anything that isn't pink. Her story of how she surrendered control and opened up—to her Princess Toddler, to pink, and to life—is a universal tale of modern parenting. She addresses important issues such as how to raise a daughter in a society that pressures girls and women to bury their own needs, conform to a beauty standard and sacrifice their own passions.
