India's landmark Right of Children to Free and Compulsory Education Act (2009) guarantees education to all children aged 6-14 years. The Act mandates specific student-teacher ratios and emphasizes teacher quality. Writing this into legislation took seven years, but the seven years since has proven that ensuring effective teachers are recruited and placed in all schools in a time-bound manner is considerably more challenging. This report takes a detailed look at the complexity of the teacher management landscape in elementary and secondary schools in nine Indian states. On a daily basis, the administrative machinery of these states has to manage between 19,000 to nearly a million teachers in different types of schools and employment contracts, and cope with recruiting thousands more and distributing them equitably across schools. This report examines the following issues: official requirements for becoming a schoolteacher in India; policies and processes for teacher recruitment, deployment and transfers; salaries and benefits of teachers; professional growth of teachers; and grievance redressal mechanisms for teachers. For the first time in India, this report compares and contrasts stated policy with actual practice in teacher management in the country, using a combination of primary and secondary data. In so doing, the report reveals the hidden challenges and the nature of problems faced by administrators in attempting to build an effective teacher workforce which serves the needs of all of India's 200 million school children. The report examines states with varying characteristics, thus generating knowledge and evidence likely to be of interest to policy makers and practitioners in a wide range of contexts.

“ I have become a fan of this man. One should just meet him to know... ” This is what Nitish Kumar had said about his now bitter foe Narendra Modi after NDA's 2004 defeat. “ I feel like tying my PWD minister on an empty tractor trolley and run the vehicle at a speed of 60km per hour to make him realise how people suffer when they travel on these roads ” , says Lalu, conceding the terrible condition of Bihar roads. Ruled or Misruled, Story and Destiny of Bihar by The Indian Express' Assistant Editor SANTOSH SINGH offers a 360 degree journey of Bihar politics since Independence, especially since the Congress' downfall in 1990. An out and out reporter's book, it tells an interesting and tumultuous journey of the post-1990 legends of Bihar politics - Nitish Kumar, Lalu Prasad, Ram Vilas Paswan and Jitan Ram Manjhi with the legendary clash between Nitish Kumar and Narendra Modi - with the untold version on the 2010 dinner cancellation and Nitish's ambition, providing the third angle. Right from revealing JP's dilemma between Lalu and Nitish to socialist leader Karpoori Thakur out-thinking the Congress with his simplicity. From Jagannath Mishra making a confession on his controversial 1982 Anti-Press Bill to the numerous tales of vernacularization of politics and giving a voice to the poor by Lalu, the writer also traces the story of the making of the Ranbir Sena at the height of caste wars. The stories of repair, hope and construction under Nitish Kumar, disillusionment and new political realignment after the 2013 NDA split, Nitish and Lalu coming together again after two decades and Nitish almost walking out of the Lalu alliance again are just as captivating. Jitan Ram Manjhi, who makes startling revelations on how he played a dummy for Nitish and Ram Vilas Paswan, also concedes the real truth of his Godhra stand.
