

The 95 Theses Seventh Day

Did Martin Luther wield his hammer on the Wittenberg church door on October 31, 1517? Did he even post the Ninety-five Theses at all? This collection of documents sheds light on the debate surrounding Luther's actions and the timing of his writing and his request for a disputation on the indulgence issue. The primary documents in this book include the theses, their companion sermon ("A Sermon on Indulgence and Grace", 1518), a chronological arrangement of letters pertinent to the theses, and selections from Luther's Table Talk that address the Ninety-five Theses. A final section contains Luther's recollections, which offer today's reader the reformer's own views of the Reformation and the Ninety-five Theses.

Martin Luther's life was too exciting not to be written for teens and younger readers! In this fast-paced, action-packed novel of Martin Luther's life, teen readers (and more than a few adults!) will be introduced to a fascinating time when princes ruled Europe and knights roamed the countryside. They'll learn about a time when powerful forces lined up against each other and believing the wrong thing could get you killed. When Lightning Struck! is far more than just an adventure story, of course. It also tells a theological story. Drawing carefully from Luther's own words, this book introduces readers to a kindred spirit who struggled with what knowing God through Scripture means for daily life. They will understand what was at stake and how powerfully liberating Luther's idea of grace through faith was—in his time and in ours! In crisp, enjoyable prose, author Danika Cooley conveys both the drama and the meaning of the Reformation for younger readers like no one before her!

This book you have in your hands was written by Linda Clore, but inspired by God. The stories and experiences and dreams were written out to help God's people to be ready and prepared for what's soon to break upon us as an overwhelming surprise and a great terror, as the Lord gave me in a dream, the quotes from "2nd Selected Messages," p. 142 and 8T p. 28, by E.G. White. In another dream, the Lord gave me the quote from 3T p. 281, by E.G. White: "If God abhors one sin above another, of which His people are guilty, it is doing nothing in case of an emergency. Indifference and neutrality in a religious crisis is regarded of God as a grievous crime and equal to the very worst type of hostility against God." This book was written to encourage you to keep looking to Jesus through the trying days ahead of us, when, like Sister White says in "The Desire of Ages," pp. 121–122, "In the last great conflict of the controversy with Satan those who are loyal to God will see every earthly support cut off. Because they refuse to break His law in obedience to earthly powers, they will be forbidden to buy or sell. It will finally be decreed that they shall be put to death. See Revelation 13:11–17. But to the obedient is given the promise, 'He shall dwell on high: his place of defense shall be the munitions of rocks: bread shall be given him; his waters shall be sure.' Isaiah 33:16. By this promise the children of God will live." This is a faith-journey book the Lord has helped me to prepare for those who will remain faithful and loyal to Jesus and will have to endure before Jesus comes. Psalm 56:3 says, "What time I am afraid, I will trust in thee." We will need to receive the Seal of God to be able to go through the Seven Last Plagues and be protected. Only by keeping God's true seventh day Sabbath and all His ten commandments, will we receive the Seal of God.

"Rejecting the antiquated and stultifying models in textbooks on method, in courses on methodology, championed by the self-appointed gatekeepers of a narrow and parochial political science, Norton opens the gates to more new practices, new principles, new questions, more methods, and more demanding ethical and scientific criteria.

Since the rise and growth of secularization, the place of God and religion is becoming increasingly problematic in our Western culture. But what is the alternative to its Christian heritage? Humanism puts "man" at the center of everything, but can you "believe in man" just as much as you can believe in God? Is this secular worldview really rational, based on science, consistent, and durable? And above all, does our society

become more humane because of it? Can you simply obliterate God from our culture and values without these collapsing like a pudding? Secular humanism has always been extremely critical of the church--and in itself that is allowed--but what if we judge and measure it with the same criteria?

95 Theses on Righteousness by Faith

A revolutionary look at Martin Luther, the Reformation, and the birth of publishing, on the eve of the Reformation's 500th anniversary When Martin Luther posted his "theses" on the door of the Wittenberg church in 1517, protesting corrupt practices, he was virtually unknown. Within months, his ideas spread across Germany, then all of Europe; within years, their author was not just famous, but infamous, responsible for catalyzing the violent wave of religious reform that would come to be known as the Protestant Reformation and engulfing Europe in decades of bloody war. Luther came of age with the printing press, and the path to glory of neither one was obvious to the casual observer of the time. Printing was, and is, a risky business--the questions were how to know how much to print and how to get there before the competition. Pettegree illustrates Luther's great gifts not simply as a theologian, but as a communicator, indeed, as the world's first mass-media figure, its first brand. He recognized in printing the power of pamphlets, written in the colloquial German of everyday people, to win the battle of ideas. But that wasn't enough--not just words, but the medium itself was the message. Fatefully, Luther had a partner in the form of artist and businessman Lucas Cranach, who together with Wittenberg's printers created the distinctive look of Luther's pamphlets. Together, Luther and Cranach created a product that spread like wildfire--it was both incredibly successful and widely imitated. Soon Germany was overwhelmed by a blizzard of pamphlets, with Wittenberg at its heart; the Reformation itself would blaze on for more than a hundred years. Publishing in advance of the Reformation's 500th anniversary, Brand Luther fuses the history of religion, of printing, and of capitalism--the literal marketplace of ideas--into one enthralling story, revolutionizing our understanding of one of the pivotal figures and eras in human history.

"A masterly book" —Nassim Nicholas Taleb, author of *The Black Swan* "A classic" —Simon Kuper, *Financial Times* An economist explains five laws that confirm our worst fears: stupid people can and do rule the world Throughout history, a powerful force has hindered the growth of human welfare and happiness. It is more powerful than the Mafia or the military. It has global catastrophic effects and can be found anywhere from the world's most powerful boardrooms to your local bar. It is human stupidity. Carlo M. Cipolla, noted professor of economic history at the UC Berkeley, created this vitally important book in order to detect and neutralize its threat. Both hilarious and dead serious, it will leave you better equipped to confront political realities, unreasonable colleagues, or your next dinner with your in-laws. The Laws: 1. Everyone underestimates the number of stupid individuals among us. 2. The probability that a certain person is stupid is independent of any other characteristic of that person. 3. A stupid person is a person who causes losses to another person while deriving no gain and even possibly incurring losses themselves. 4. Non-stupid people always underestimate the damaging power of stupid individuals. 5. A stupid person is the most dangerous type of person.

Martin Luther's Ninety-Five Theses forever changed the world. This is one of Christianity's most important documents. It was people assume, Luther's explanation as to why he was separating from the Catholic Church, but it was a shot across the bow of a system that eventually led to the Reformation. Also included in this edition are seven of Luther's most important sermons in *Christ's Holy Sufferings, Enemies of the Cross of Christ & the Christian's Citizenship in Heaven, Christ Our Great High Priest, & Coming to Christ, Of The Office of Preaching, The Twofold Use of the Law & Gospel: "Letter" & "Spirit,"* and *The Parable of the Sower*.

Volume 1 of *The Annotated Luther* series contains a number of the writings that defined the roots of reform set in motion by Luther from the 95 Theses through *The Freedom of a Christian*. Included are treatises, letters, and sermons written from 1517–1521. Luther's earliest confrontations with Rome and his defense of views that led to his excommunication. Each volume in *The Annotated Luther* series contains new introductions, annotations, illustrations, and notes to help shed light on Luther's context and interpret his writings for today.

How can celebrating the "holy days" of American culture help us to understand what it means to be both Christian and American? In timely essays on Super Bowl Sunday, Mother's Day, Independence Day, Thanksgiving, and other holidays of the secular calendar, James Calvin Davis explores the wisdom that Christian tradition brings to our sense of American identity, as well as the ways in which American culture might prompt us to discern the imperatives of faith in new ways. Rather than demonizing culture or naively baptizing it, Davis models a bidirectional mode of reflection, where faith convictions and cultural values converse with and critique one another. Focusing on topics like politics, race, parenting, music, and sports, these essays remind us that culture is as much human accomplishment and gift as it is a challenge to Christian values, and there is insight to be discovered in a theologically astute investment in America's "holy days."

By almost any reckoning, the Ninety-Five Theses ranks as the most important text of the Reformation, if not in substance at least in impact. As the anniversary of their posting on the church door in Wittenberg approaches, what better way to remember and recognize the occasion than to make this important text more easily understood by twenty-first-century readers? Timothy J. Wengert, one of the best-know interpreters of Luther and Lutheranism active today, sets his newly translated Ninety-Five Theses in its historical context with a detailed introduction and illuminating study notes. To help the reader understand the context and the import of the Ninety-Five Theses more deeply, Wengert provides two more related and essential documents: Luther's Letter to Archbishop Albrecht of Mainz (to which he appended a copy of the Theses) and Luther's 1518 Sermon on Indulgences and Grace (written to inform the German-speaking public of his view of indulgences).

The far right is back with a vengeance. After several decades at the political margins, far-right politics has again taken center stage. Three of the world's largest democracies — Brazil, India, and the United States — now have a radical right leader, while far-right parties continue to increase their profile and support within Europe. In this timely book, leading global expert on political extremism Cas Mudde provides a concise overview of the fourth wave of postwar far-right politics, exploring its history, ideology, organization, causes, and consequences, as well as the responses available to civil society, party, and state actors to challenge its ideas and influence. What defines this current far-right renaissance, Mudde argues, is its mainstreaming and normalization within the contemporary political landscape. Challenging orthodox thinking on the relationship between conventional and far-right politics, Mudde offers a complex and insightful picture of one of the key political challenges of our time.

October 2017 marks five hundred years since Martin Luther nailed his 95 theses to the church door in Wittenberg and launched the Protestant Reformation. At least, that's what the legend says. But with a figure like Martin Luther, who looms so large in the historical imagination, it's hard to separate the legend from the life, or even sometimes to separate assorted legends from each other. Over the centuries, Luther the man has given way to Luther the icon, a polished bronze figure on a pedestal. In *A World Ablaze*, Craig Harline introduces us to the flesh-and-blood Martin Luther. Harline tells the riveting story of the first crucial years of the accidental crusade that would make Luther a legendary figure. He didn't start out that way; Luther was a sometimes-cranky friar and professor who worried endlessly about the fate of his eternal soul. He sought answers in the Bible and the Church fathers, and what he found distressed him even more -- the way many in the Church had come to understand salvation was profoundly wrong, thought Luther, putting millions of souls, not least his own, at risk of damnation. His ideas would pit him against numerous scholars, priests, bishops, princes, and the Pope, even as others adopted or adapted his cause, ultimately dividing the Church against itself. *A World Ablaze* is a tale not just of religious debate but of political intrigue, of shifting alliances and daring escapes, with Luther often narrowly avoiding capture, which might have led to execution. The conflict would eventually encompass the whole of Christendom and served as the crucible in which a new world was forged. The Luther we find in these pages is not a statue to be admired but a complex figure -- brilliant and volatile, fretful and self-righteous, curious and stubborn. Harline brings out the immediacy, uncertainty, and drama of his story, giving readers a sense of what it felt like in the moment, when the ending was still very much in doubt. The result is a masterful recreation of a momentous turning point in the history of the world.

Five hundred years ago Martin Luther wrote his Ninety-Five Theses, inaugurating the Protestant Reformation, and with it exemplified an unflinching devotion to return to the Word of God as the ultimate authority. Today, the church is also in desperate need for reformation--a new reformation to correct her shortcomings and meet the challenges of the day. Some might see everything as fine, some might see everything as hopeless, and others might simply dismiss the church as irrelevant, too impotent to reform herself, much less to strengthen the disintegrating family or address the downward-spiraling culture with a prophetic voice. *95 Theses for a New Reformation* confronts the necessity for reformation today head-on. Over thirty of today's pastors, theologians, and church leaders analyze ninety-five current problems, search the Scriptures for solutions, and make sound biblical appropriations to implement into the life of the church, family, and culture. On this 500th anniversary of the Protestant Reformation, let us pray that the Lord will again revive his church for his own glory and for the purification of Christ's beloved bride, the church. And let us prepare ourselves to respond with urgency to God's call to action by reforming the church, family, and culture. Contributors include: John Frame, John MacArthur, R. C. Sproul, Peter J. Leithart, and James White

The neighborhood is a bubble within a bubble, and the residents are immediately intrigued by the eccentric newcomer and his family. Along with his improbable name, untraceable accent, and unmistakable whiff of danger, Nero Golden has brought along his three adult sons: agoraphobic, alcoholic Petya, a brilliant recluse with a tortured mind; Apu, the flamboyant artist, sexually and spiritually omnivorous, famous on twenty blocks; and D, at twenty-two the baby of the family, harboring an explosive secret even from himself. There is no mother, no wife; at least not until Vasilisa, a sleek Russian expat, snags the septuagenarian Nero, becoming the queen to his king—a queen in want of an heir. Our guide to the Golden's world is their neighbor René, an ambitious young filmmaker. Researching a movie about the Golden's, he ingratiates himself into their household. Seduced by their mystique, he is inevitably implicated in their quarrels, their infidelities, and, indeed, their crimes. The purpose of this treatise is: 1) to draw attention to the presence of situations arising within medical practice in which religious beliefs play an important role. 2) to emphasize the fact that most students and many doctors are given insufficient training in such matters, which are of considerable import to a fair percentage of the public. 3) to provide a few examples of what is meant by a religio-medical situation, and a bibliography for further exploration by the initiate in such matters. The stimulus to think along these lines stemmed from the examples set me by my erstwhile 'chiefs', Sir James Patterson-Ross, Professor Sir E. F. Scowen and Sir Stanley Davidson. Further encouragement came while I was in Edinburgh from the Reverend Dr. H.C. Whitley of St. Giles and his brother counterparts Msgr. Quill and the Reverend A. Brysh-White. In Australia, Bishop E.H. Burgmann of Canberra gave me the benefit of his legendary experience and passed me on to Father Michael Scott of Newman College, Professor D. McCaughey of Ormond College and Mr. Ben Gurewicz in Melbourne. The Reverend Granger Westberg of the Lutheran ministry in the United States infused his enthusiasm into the venture and this, with an intellectual commentary from Professor B. Hamnett of the State University of New York, along with the constructive critique volunteered by members of the local Baha'i community, tidied up many loose ends. In respect to the actual page-by-page construction I must mention my wife and Professor G. Bolton of the University of Western Australia who turned my thoughts into reality. My gratitude to these and many other people of distinction and industry can never be satisfactorily expressed. I hope they will accept my efforts to interpret or to pass on their humane counsel as part payment.

The Seven Church Ages brings us to examine the characteristics of seven real churches that existed around 1,900 years ago. Thyatira is the fourth-Church age. This Church age began with the reign of Pope Gregory the Great in 594 A.D. (he was the first Pope to exercise authority over both the state and the Church) and this age ended in 1517 (on the day Martin Luther nailed his document of The 95 theses to the church door in Wittenberg). During this Church age, most of the Church in the West and most of the Western European kings, were under the rule of the Pope in Rome. This age is also known as the dark ages, because the common people of this age were not allowed to have any personal copies of the Bible, and those Bibles that were available in Western Europe were all in Latin, a language which most commoners could neither read nor understand. Author Kenneth Allan Clark. The findings in this book will expand your knowledge and understanding of the letters to the seven churches found in Revelations, and give witness and testimony from Jesus Christ's earlier teachings, in kingdom parables. The E. G. White portion of this book includes her "Notes of Travel," tracing her journey from California to Europe and her account of the first of her three visits to many of the European countries, drawn

largely from her reports published in The Review and Herald. Also contained are thirteen "Practical Addresses," given at the councils attended in September, 1885, and three concluding chapters presenting an "Appeal for Our Missions."

This new book by religion scholar Martin Marty, released in time for the 500th Anniversary of the Protestant Reformation, shows how Martin Luther's insights still speak to the church today about reconciliation, repentance and the need for "a change of heart." Included are the 95 Theses of Martin Luther. "The 'one thing' that opens these pages relates to and, in fact, is the first of ninety-five theses that were proposed five hundred years ago by Martin Luther.... Here is that first thesis, as it was voiced by that influential monk in Germany half a millennium ago: "When our Lord and Master Jesus Christ said, 'Repent' (Matthew 4:17), he willed the entire life of believers to be one of repentance. So, simply put, this book is about 'repentance' as a worthy theme for believers to keep in mind if and as they commemorate events of five hundred years ago, events that still shape many features of their lives." — Martin Marty "Martin Marty's attention to October 31, 1517, the day that Martin Luther promulgated his 95 Theses, provides valuable insights for the past, the present, and the future—why Luther's articulation of 'repentance' meant so much then, why his commitment to 'justification' has now built a bridge for Catholics and Lutherans to work with each other, and why this great event of 500 years ago might herald a hopeful future for Christian believers and all others. There is an awful lot packed readably into this one small book." — Mark Noll, Francis A. McAnaney Professor of History, University of Notre Dame "I would not dream of preparing my mind and heart for the celebration of Luther's role in the Reformation without finding out what Martin Marty has to say on the subject. And he says it here in this wonderful little book. The gifted historian that he is, Marty gives us much solid information. But he also writes eloquently about how best to prepare our souls for the kind of commemoration that also includes some prayers of repentance." —Richard Mouw "This pithy book offers valuable insight on how Luther's 95 theses have had a profound influence on the ecumenical movement, and can help Christians today understand what it means to be a member of a truly 'catholic' church." —Kathleen Norris "Martin Marty is the most widely respected historian of Christianity in the United States today. In this little book he with clarity, compassion, and a good dose of common sense shows how Luther's story is meaningful today." — Rev. John O'Malley, S.J., University Professor, Georgetown University "From one of the world's most preeminent scholars of religion comes a book about repentance; ...It is a gem."— James Martin, SJ
