

The Accidental Asian Notes Of A Native Speaker Eric Liu

This two volume encyclopedia set focuses on the full expanse of contemporary Asian American experiences in the United States. Drawing on over two decades of research, it takes an unprecedented look at the major issues confronting the Asian American community as a whole, and the specific ethnic identities within that community -- from established groups such as Chinese, Japanese, and Korean Americans to newer groups such as Cambodian and Hmong Americans. The volumes offer 110 entries on the current state of affairs, controversies, successes, and outlooks for future for Asian Americans. The set is divided into 11 thematic sections including diversity and demographics; education; health; identity; immigrants, refugees, and citizenship; law; media; politics; war; work and economy; youth, family, and the aged. Contributors include leading experts in the fields of Asian American studies, education, public health, political science, law, economics, and psychology.

"This second edition of Multicultural and Ethnic Children's Literature in the United States describes the history and characteristics of ethnic and multicultural children's literature in the U.S. and elsewhere, elaborating on people, businesses, and organizations that create, disseminate, promote, critique, and collect these materials"--

A courageous memoir revealing a perfect life and marriage gone wrong and how the author overcame her setbacks to become a celebrated chef and businesswoman. Includes recipes.

Book for recipes journal There are so many people on this great big planet that absolutely love cooking! Are you one of them? Some people are motivated by the taste of the end product and some people love the process and the patience involved in creating a masterpiece! And then there are many people who are passionate about both. If you happen to be a wizard in the kitchen and love to keep all your favorite recipes together in one easy to find place, then our Recipe Planner will be exactly what you need! You will have ample space to record the following:
* The recipe name
* The various ingredients needed
* The Directions
* The Prep Time , Cooking Time
* Any additional notes that may make the end result extra special
Our Favorite Recipe Planner is divided up into color coded divisions or categories to help you to find what you need super easily! Just follow the color and you will find the correct section. With so many wonderful recipes out there, you may want to consider purchasing two of our Recipe Planners! Keep one for yourself and give the other as a gift to a friend or family member that loves cooking just as much as you do! Happy cooking!

Bible study notes and commentary on the Old Testament book of Judges, with explanation and practical applications. Designed for diligent Bible students, including teachers and preachers. Written from the conservative viewpoint of faith in the Bible as the absolute, inerrant, verbally inspired word of God. Topics discussed include:
* Sin and punishment of the nation of Israel
* God's mercy on those other judges
* Danger of idolatry and immorality

Explores the place of Asian Americans in cotemporary American politics and society, the nature of race, and the price of assimilation

Dr. Zaslavsky's edition of the text of Tacitus's Agricola has been prepared with an eye to its use as the first complete text with which to challenge learners who have completed a basic course of Latin such as his An Introductory Latin Course: A First Latin Grammar for Middle Schoolers, High Schoolers, College Students, Homeschoolers, and Self-Learners. It is accompanied by historical and grammatical translation.

The Extraordinary Presidency of an Ordinary Man, 1945-1953

Commentary on the Book of Judges

Control, Alt, Delete

Unlocking the Power of Possibility

The Accidental Apprentice

Race, Ethnicity, and Literature

Jeffrey Frank, author of the bestselling Ike and Dick, returns with the first full account of the Truman presidency in nearly thirty years, recounting how so ordinary a man met the extraordinary challenge of leading America through the pivotal years of the mid-20th century. The nearly eight years of Harry Truman ’s presidency—among the most turbulent in American history—were marked by victory in the wars against Germany and Japan; the first use of an atomic weapon; the beginning of the Cold War; creation of the NATO alliance; the founding of the United Nations; the Marshall Plan to rebuild the wreckage of postwar Europe; the Red Scare; and the fateful decision to commit troops to fight in Korea. Historians have tended to portray Truman as stolid and decisive, with a homespun manner, but the man who emerges in The Trials of Harry S. Truman is complex and surprising. He believed that the point of public service was to improve the lives of one ’s fellow citizens, and was disturbed by the brutal treatment of African Americans. Yet while he supported stronger civil rights laws, he never quite relinquished the deep-rooted outlook of someone with Confederate ancestry reared in rural Missouri. He was often carried along by the rush of events and guided by men who succeeded in refining his fixed and facile view of the postwar world. And while he prided himself on his Midwestern rationality, he could act out of emotion, as when, in the aftermath of World War II, moved by the plight of refugees, he pushed to recognize the new state of Israel. The Truman who emerges in these pages is a man with generous impulses, loyal to friends and family, and blessed with keen political instincts, but insecure, quick to anger, and prone to hasty decisions. Archival discoveries, and research that led from Missouri to Washington, Berlin and Korea, have contributed to an indelible, and deeply human, portrait of an ordinary man suddenly forced to shoulder extraordinary responsibilities, who never lost a schoolboy ’s romantic love for his country, and its Constitution.

"From the most unlikely of unlikely romances comes a deeply felt, touching, humorous exploration of what love and age mean in today's world. I can't recommend this book highly enough." -- Stan Evans, Emmy-award winning writer, and author of Box of Mustaches
When thirty-two-year-old actor Gregor Collins reluctantly interviewed for a job as a caregiver more out of a favor to a friend - he had no idea his life was about to change forever.Seconds into the chance meeting in 2008 with, it would turn out, a world-renowned Holocaust refugee named Maria Altmann, there was an unexplainable magic in the air - it felt as if they had already met. And Collins was suddenly thrown into a situation with which he had never before been confronted: caring for someone other than himself.Gregor offers us a personal and unprecedented look at Maria over the three intimate years he cared for her - her thrilling escape from the Nazis, her fight and subsequent win in the landmark Supreme Court Case to return original Gustav Klimt artwork that belonged to her family in Austria, and the extraordinary people she met along the way. But the real heart of the story transcends mere historical facts.Through a refreshingly raw portrayal of their unlikely and unbreakable bond, imbued with humorous, candid anecdotes about his mercurial relationship with Hollywood, Gregor takes us on a deeply emotional journey of how he opened up his heart to a 92-year-old woman in need - and in turn experienced the love he had been searching for his entire life.

Memoir Ethics: Good Lives and the Virtues is a philosophical study of moral themes in memoirs. It explores how memoirists present and defend perspectives on good lives. Particular attention is paid to the interplay of the virtues, including their interplay with additional (nonmoral) types of values in good lives. More generally, it explores the relevance of memoir to moral philosophy and, in turn, how moral philosophy enters into elucidating and critiquing memoirs.

Beyond black and white, native and alien, lies a vast and fertile field of human experience. It is here that Eric Liu, former speechwriter for President Clinton and noted political commentator, invites us to explore. In these compellingly candid essays, Liu reflects on his life as a second-generation Chinese American and reveals the shifting frames of ethnic identity. Finding himself unable to read a Chinese memorial book about his father's life, he looks critically at the cost of his own assimilation. But he casts an equally questioning eye on the effort to sustain vast racial categories like " Asian American." And as he surveys the rising anxiety about China's influence, Liu illuminates the space that Asians have always occupied in the American imagination. Reminiscent of the work of James Baldwin and its unwavering honesty, The Accidental Asian introduces a powerful and elegant voice into the discussion of what it means to be an American.

One Family's Journey and the Chinese American Dream

American Notes

Student Text, Edited With Introduction, Notes, and Literal Translation

Slanted Eyes

Encyclopedia of Asian American Issues Today

Mapping Theologies and Ministries

This is quintessential Merton.--The Catholic Review.

You're educated and ambitious. Sure, the hours are long and corporate politics are a bane, but you focus on getting the job done, confident that you will be rewarded in the long run. Yet, somehow, your hard work isn't paying off, and you watch from the sidelines as your colleagues get promoted. Those who make it to management positions in this intensely competitive corporate environment seem to understand an unwritten code for marketing and aligning themselves politically. Furthermore, your strong work ethic and raw intelligence were sufficient when you started at the firm, but now they're expecting you to be a rainmaker who can "bring in clients" and "exert influence" on others. The top of the career ladder seems beyond your reach. Perhaps you've hit the bamboo ceiling. For the decade, Asian Americans have been the fastest growing population in the United States. Asians comprise the largest college graduate population in America, and are often referred to as the "Model Minority" - but they continue to lag in the American workplace. If qualified Asians are entering the workforce with the right credentials, why aren't they making it to the corner offices and corporate boardrooms? Career coach Jane Hyun explains that Asians have not been able to break the "bamboo ceiling" because many are unable to effectively manage the cultural influences shaping their individual characteristics and workplace behavior—factors that are often at odds with the competencies needed to succeed at work. Traditional Asian cultural values can conflict with dominant corporate culture on many levels, resulting in a costly gap that individuals and companies need to bridge. The subtle, unconscious behavioral differences exhibited by Asian employees are often misinterpreted by their non-Asian counterparts, resulting in lost career opportunities and untapped talent. Never before has this dichotomy been so thoroughly explored, and in this insightful book, Hyun uses case studies, interviews and anecdotes to identify the issues and provide strategies for Asian Americans to succeed in corporate America. Managers will learn how to support the Asian members of their teams to realize their full potential and to maintain their competitive edge in today's multicultural workplace.

We all need people to help us find the way. In this stirring new book, acclaimed author and educator Eric Liu takes us on a quest for those guiding lights. He shares invaluable lessons from people whose "classrooms" are boardrooms, arenas, concert halls, theaters, kitchens, and places of worship—and in the process, he reveals a surprising path to purpose. As he entered fatherhood and a phase of changing ambitions, Eric Liu set out in search of great mentors. He found much more. He encountered people from all walks of life, from all across the country, with something powerful to pass on about how to change lives. Among those Liu portrays in vivid and fascinating narratives are one of Hollywood's finest acting teachers, who turns a middling young actress into a project for transforming an esteemed major league pitching coach, haunted by the players he's let down; a rising executive whose eye for untapped talent allows her to rescue a floundering employee; a master clown whose workshop teaches a husband-and-wife team to revamp their relationship, onstage and off; a high school debate coach whose protégée falters at the pinnacle, and thus finds triumph; and a gangland priest who has saved many and yet still must confront the limits of his power to heal. In these pages are remarkable stories of apprenticeship-of failure, hope, and discovery. These are stories of men and women who learned to hear the sound of other people's voices and, in so doing, found their own way to a better and fuller life. As Eric Liu reminds us, these are our stories. Lyrical and accessible.

Guiding Lights is a course to benefit any reader, a superb work of narrative nonfiction, and an exciting departure for its accomplished author. This book will change how we live, lead, learn, and love. Pass it on.

Eleven-year-old Barclay Thorne yearns for the quiet life of a mushroom farmer, but after unwittingly bonding with a beast in the forbidden Woods, he must seek Lore Keepers to break the bond and return home.

The People Who Lead Us Toward Our Purpose in Life

This is a story of Nigeria, told from the inside. After a successful career in the private sector, Nasir El-Rufai rose to the top ranks of Nigeria's political hierarchy, serving first as the privatization czar at the Bureau for Public Enterprises and then as Minister of the Federal Capital Territory of Abuja under former President Olesegun Obasanjo. In this tell-all memoir, El-Rufai reflects on a life in public service to Nigeria, the enormous challenges faced by the country, and what can be done while calling on a new generation of leaders to take the country back from the brink of destruction. The shocking revelations disclosed by El-Rufai about the formation of the current leadership and the actions of prominent statesmen make this memoir required reading for anyone seeking to understand the dynamics of power politics in Africa's most populous nation.

Asian American literature dates back to the close of the 19th century, and during the years following World War II it significantly expanded in volume and diversity. Monumental in scope, this encyclopedia surveys Asian American literature from its origins through 2007. Included are more than 270 alphabetically arranged entries on writers, major works, significant historical events, and important terms and concepts. Thus the encyclopedia gives special attention to the historical, social, cultural, and legal contexts surrounding Asian American literature and central to the Asian American experience. Each entry is written by an expert contributor and cites works for further reading, and the encyclopedia closes with a selected, general bibliography of essential print and electronic resources. While literature students will value this encyclopedia as a guide to writings by Asian Americans, the encyclopedia also supports the social studies curriculum by helping students use literature to learn about Asian American history and culture, as it pertains to writers from a host of Asian ethnic and cultural backgrounds, including Afghans, Chinese, Japanese, Koreans, Filipinos, Iranians, Indians, Vietnamese, Hawaiians, and other Asian Pacific Islanders. The encyclopedia supports the literature curriculum by helping students learn more about Asian American literature. In addition, it supports the social studies curriculum by helping students learn about the Asian American historical and cultural experience.

Asians make up the largest and most dispersed peoples of the world, and Christians constitute a sizable proportion of this population. Asian Christians are likely to emigrate, and many have embraced Christian faith at their diasporic destinations. In light of these realities, the Asian Diaspora Christianity series charts the growing interconnections between the Diaspora Christian communities by providing a rich, multidisciplinary, and contemporary perspective on the globalization of Asian Christianity. This volume, the last in the Asian Diaspora Christianity series, brings together scholars of Asian background and a few others who are situated in diverse locations to draw insights on Christian ministry from a diasporic perspective. This volume pays special attention to the Asian diasporic experience in areas of theology and ministry. Issues of a practical nature, such as English-language worship, contextual leadership, and missionary training are included.

From Tony Hsieh to Amy Chua to Jeremy Lin, Chinese Americans are now arriving at the highest levels of American business, civic life, and culture. But what makes this story of immigrant ascent unique is that Chinese Americans are emerging at just the same moment when China has emerged - and indeed may displace America - at the center of the global scene. What does it mean to be Chinese American in this moment? And how does exploring that question alter our notions of just what an American is and will be? In many ways, Chinese Americans today are exemplars of the American Dream: during a crowded century and a half, this community has gone from indentured servitude, second-class status and outright exclusion to economic and social integration and achievement. But this narrative obscures too much: the Chinese Americans still left behind, the erosion of the American Dream in general, the emergence—perhaps—of a Chinese Dream, and how other Americans will look at their countrymen of Chinese descent if China and America ever become adversaries. As Chinese Americans reconcile competing beliefs about what constitutes success, virtue, power, and purpose, they hold a mirror up to their country in a time of deep flux. In searching, often personal essays that range from the meaning of Confucius to the role of Chinese Americans in shaping how we read the Constitution to why he hates the hyphen in "Chinese-American," Eric Liu pieces together a sense of the Chinese American identity in these auspicious years for both countries. He considers his own public career in American media and government; his daughter's efforts to hold and release aspects of her Chinese inheritance; and the still-recent history that made anyone Chinese in America seem foreign and disloyal until proven otherwise. Provocative, often playful but always thoughtful, Liu breaks down his vast subject into bite-sized chunks, along the way providing insights into universal matters: identity, nationalism, family, and more.

Reflections of Asian Diaspora

Shattered Perceptions

The Trials of Harry S. Truman

Accidental Feminism

Memoir Ethics

Breaking the Bamboo Ceiling

Exploring the unintentional production of seemingly feminist outcomes In India, elite law firms offer a surprising oasis for women within a hostile, predominantly male industry. Less than 10 percent of the country’s lawyers are female, but women in the most prestigious

firms are significantly represented both at entry and partnership. Elite workspaces are notorious for being unfriendly to new actors, so what allows for aberration in certain workspaces? Drawing from observations and interviews with more than 130 elite professionals, *Accidental Feminism* examines how a range of underlying mechanisms—gendered socialization and essentialism, family structures and dynamics, and firm and regulatory histories—afford certain professionals egalitarian outcomes that are not available to their local and global peers. Juxtaposing findings on the legal profession with those on elite consulting firms, Swethaa Ballakrishnen reveals that parity arises not from a commitment to create feminist organizations, but from structural factors that incidentally come together to do gender differently. Simultaneously, their research offers notes of caution: while conditional convergence may create equality in ways that more targeted endeavors fail to achieve, “accidental” developments are hard to replicate, and are, in this case, buttressed by embedded inequalities. Ballakrishnen examines whether gender parity produced without institutional sanction should still be considered feminist. In offering new ways to think about equality movements and outcomes, *Accidental Feminism* forces readers to critically consider the work of intention in progress narratives.

"Chink!," "Jap!," "Where are you from?," "Do you eat dog?," "Why don't you go back to where you came from!," "Do you know Kung-Fu?." From the racist to the innocuous, issues of culture, ethnicity, and discrimination are prevalent themes for Asian minorities in the United States. The Asian desire to be "American" and fit into mainstream society in the U.S. can be challenging as reminders that they are "perpetual foreigners" can be seen in jokes, teasing, and at times outright racism. In addition, many Asians struggle with internal pressure to confine to cultural or family values that may be at odds with their own individual desires. In this poetry collection, Sam Louie touch on themes of feeling ostracized, different, or "not good enough" by drawing on both personal and clinical experiences. In addition, issues related to addiction, mental health, and Christianity are also explored. Sam Louie is a psychotherapist with a private practice specializing in multicultural issues and addictions. He holds a Master's degree in Clinical Psychology and is also an Emmy-Award Winning former television journalist who has produced and reported on stories related to culture, psychology, and mental health.

By Georges Perec.

When imagination becomes habit, it can transform your work and your life The best corporations know that innovative thinking is the only competitive advantage that cannot be outsourced. The best schools are those that create cultures of imagination. Now in paperback, *Imagination First* introduces a wide-variety of individuals who make a habit of imaginative thinking and creative action, offering a set of universal practices that anyone can use to transform their life at work, home, and play. These 28.5 practices will enable anyone to become more imaginative and to teach others to do so as well?from corporate executive to educator to platoon sergeant. Bonus content includes Winning "practices" submitted by the public Guidelines for educators who want to cultivate creativity in their classrooms Expanded resource section The book is filled with illustrative stories of creative leaders, teachers, artists, and scientists that clearly illustrate the original practices and new material that shows how to bring imagination to life.

Postcolonial Theory and the United States

Notes on Walt Whitman, as Poet and Person

Aiiieeeee!

An Anthology of Asian American Writers

The Accidental Public Servant

How I Met, Loved, and Lost Legendary Holocaust Refugee Maria Altmann

The author of The Accidental Asian explores the role and influence of teachers and mentors in every aspect of one's daily life, describing how each one of us can take advantage of transformative teaching principles and powerful life lessons to unlock our full potential. Reprint. 15,000 first printing.

Probing essays that examine critical issues surrounding the United States's ever-expanding international cultural identity in the postcolonial era Download Plain Text version At the beginning of the twenty-first century, we may be in a "transnational" moment, increasingly aware of the ways in which local and national narratives, in literature and elsewhere, cannot be conceived apart from a radically new sense of shared human histories and global interdependence. To think transnationally about literature, history, and culture requires a study of the evolution of hybrid identities within nation-states and diasporic identities across national boundaries. Studies addressing issues of race, ethnicity, and empire in U.S. culture have provided some of the most innovative and controversial contributions to recent scholarship. Postcolonial Theory and the United States: Race, Ethnicity, and Literature represents a new chapter in the emerging dialogues about the importance of borders on a global scale. This book collects nineteen essays written in the 1990s in this emergent field by both well established and up-and-coming scholars. Almost all the essays have been either especially written for this volume or revised for inclusion here. These essays are accessible, well-focused resources for college and university students and their teachers, displaying both historical depth and theoretical finesse as they attempt close and lively readings. The anthology includes more than one discussion of each literary tradition associated with major racial or ethnic communities. Such a gathering of diverse, complementary, and often competing viewpoints provides a good introduction to the cultural differences and commonalities that comprise the United States today. The volume opens with two essays by the editors: first, a survey of the ideas in the individual pieces, and, second, a long essay that places current debates in U.S. ethnicity and race studies within both the history of American studies as a whole and recent developments in postcolonial theory. Amritjit Singh, a professor of English and African American studies at Rhode Island College, is coeditor of Conversations with Ralph Ellison and Conversations with Ishmael Reed (both from University Press of Mississippi). Peter Schmidt, a professor of English at Swarthmore College, is the author of The Heart of the Story: Eudora Welty's Short Fiction (University Press of Mississippi).

Hayden Patterson's got one rule - one and done. Disappointment's been his closest companion his entire life, and he's not about to be one of "those" guys. So far, his commitment to never sleeping with a woman more than once has kept him from hurting anyone - except himself. When he finds a new job, he thinks things will get better. Delaina Flournoy just wants to be wanted. It's bad enough that war destroyed her marriage, but she's not sure why someone wants to destroy what's left of her family. Her daughter, Kacey, becomes the subject of Hayden's investigation into bullying, and it doesn't take Hayden long to realize two things. Kacey's no bully. And Delaina is dangerous to his resolve. He doesn't want to get involved, but it may be too late. An unexpected threat turns things from hot to frightening for the teenage girl, her mother, and a security agent who's made it his personal mission to see that they're safe. But it may be harder than he ever anticipated, especially when the weakest point in the whole disaster is his heart. A novella in the first spinoff series from the Love Under Construction series, One Broken Promise reminds us that some promises need to be broken.

Envious of her best friends lavish lifestyle, a young woman wonders how different her life would be if she had an opportunity to change her past.

The Asian-American Poetic Experience

Multicultural and Ethnic Children's Literature in the United States

The Greenwood Encyclopedia of Asian American Literature [3 volumes]

Ravi Chandra, M.D. explores domestic violence, anger, and internet rage. Also included are a dozen poems about anger.

An intriguing, uncensored, inside view of the not-so-friendly skies through the eyes of former flight attendant, Margo Anderson. If you are a frequent flier, or if you plan to fly in the near future, fasten your seat belt for a turbulent read! After five years of flying with a commuter airline based at Atlanta's Hartsfield-Jackson International Airport, Anderson draws on her personal experiences and conversations, painting a portrayal of life as a flight attendant--grueling twelve hour days, complaining and unfriendly passengers, and unexpected, almost unbelievable situations, especially in the days and weeks following 9/11. Anderson navigates the complex world of flight crews with clarity, insight, wittiness, and her own special brand of humor. Readers are given a view of flying they may never have seen before, through the lens of the workhorse of the airline industry, regarded by many as the "puddle-jumpers," the commuter airlines.
