

The Aladdin Factor

Free yourself from self-limiting beliefs and fears that keep you stuck. This book lays out a blueprint for how to take control of your life and begin living your dreams. We all dream. We all imagine. And we all want to live our best life. But why is it that 90 percent of people admit that if they got to live their life over, they would live it differently? What keeps us comfortable with the status quo and unable to get beyond “What if?” In part 1 of this book, Dr. Shirley Davis addresses these and other questions by guiding the reader through a personal journey of self-discovery, a search for significance, and an examination of the self-imposed limitations that can hijack our purpose, power, and possibilities. In part 2, she details the readers' journeys toward realizing their dreams by reimagining their lives, identifying their “why,” and developing a life plan to stay focused and accountable. She describes the right questions to ask, the right mindset to adopt, and the right relationships to build that will enable everyone to live the life he or she has always imagined. Dr. Davis reveals the necessary steps for releasing the limits we place on ourselves as a result of life's tests, wrong thinking, and bad decisions. She helps readers overcome paralyzing fears that keep dreams on pause and inspires the confidence to jump first and grow wings on the way down.

A book and DVD combine to explain a new technique—called Meridian Tapping or Emotional Freedom Techniques—designed to help remove fears, doubts and other upsetting feelings that prevent one from living to the fullest. Co-written by the creator of the Chicken Soup for the Soul series. Reprint.

“A must-have book for today’s quiet warriors.” —Susan Cain, New York Times bestselling author of Quiet and Quiet Power and cofounder of Quiet Revolution How does a self-described "extreme introvert" thrive in a world where extroverts are rewarded and social institutions

are set up in their favor? Using her extraordinary personal story as a "case study of one," author Jill Chang shows that introverts hold tremendous untapped potential for success. Chang describes how she succeeded internationally in fields that are filled with extroverts, including as an agent for Major League Baseball players, a manager of a team across more than twenty countries, and a leading figure in international philanthropy. Romi Neustadt is a mom of two, a wife, a daughter, bestselling author, speaker, entrepreneur, and coach. What's more, she's achieved these things without a staff of 10, the ability to sleep two hours a night or driving herself batsh*t crazy. She's figured out the key to having it all: Priorities, babe.
