

The American Pageant 15th Edition

More than 100,000 Ulster Presbyterians of Scottish origin migrated to the American colonies in the six decades prior to the American Revolution, the largest movement of any group from the British Isles to British North America in the eighteenth century. Drawing on a vast store of archival materials, The People with No Name is the first book to tell this fascinating story in its full, transatlantic context. It explores how these people--whom one visitor to their Pennsylvania enclaves referred to as "a spurious race of mortals known by the appellation Scotch-Irish"--drew upon both Old and New World experiences to adapt to staggering religious, economic, and cultural change. In remarkably crisp, lucid prose, Patrick Griffin uncovers the ways in which migrants from Ulster--and thousands like them--forged new identities and how they conceived the wider transatlantic community. The book moves from a vivid depiction of Ulster and its Presbyterian community in and after the Glorious Revolution to a brilliant account of religion and identity in early modern Ireland. Griffin then deftly weaves together religion and economics in the origins of the transatlantic migration, and examines how this traumatic and enlivening experience shaped patterns of settlement and adaptation in colonial America. In the American side of his story, he breaks new critical ground for our understanding of colonial identity formation and of the place of the frontier in a larger empire. The People with No Name will be indispensable reading for anyone interested in transatlantic history, American Colonial history, and the history of Irish and British migration.

Developed to meet the demand for a low-cost, high-quality history book, this economically priced version of THE AMERICAN PAGEANT, Fifteenth Edition, offers readers the complete narrative while limiting the number of features, photos, and maps. All volumes feature a paperback, two-color format for those seeking a comprehensive, trade-sized history text. THE AMERICAN PAGEANT enjoys a reputation as one of the most popular, effective, and entertaining texts in American history. The colorful anecdotes, first-person quotations, and trademark wit bring American history to life. The fifteenth edition includes markedly deeper explorations of the cultural innovations, artistic movements, and intellectual doctrines that have engaged and inspired Americans and shaped the course of American history. Additional features of THE AMERICAN PAGEANT help you understand and master the content: chapter-ending chronologies provide a context for the major periods in American history, while other features present global context and key historical figures for analysis. Available in the following split options: CENGAGE ADVANTAGE BOOKS: THE AMERICAN PAGEANT, Fifteenth Edition Complete, Volume 1: To 1877, and Volume 2: Since 1865. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Kaplan's, 5-Steps, Crash Course and other review books are great resources for that last month before the exam, but Tamm's Textbook Tools student activity books are meant to be an accompaniment all year long. This AP* U.S. History companion is filled with vocab and assignments that follow the Kennedy/Cohen sixteenth edition for all 41 chapters. They can be used as regular weekly assignments or reviews. They can be used on short notice if there is a sub, or be assigned as regular homework. All you need is the textbook. Teachers can copy at will, or the book can be used as a student consumable. As publishers began putting their content online, a niche for traditional classwork was opened, a void filled by this series. And whether the textbook itself is written in ink or electrons, many students still find it more valuable to write and keep notes for themselves on paper, and portfolios still matter. The activities in this workbook challenge students to apply the concepts, give examples, and diagram every chapter. Find TTT on FB.

How to Meet It

America's History

The Struggle to Shape America

Fightin' Gators

Testimony of a Thousand Witnesses

Daily Assignments Tailor-Made to the Kennedy/Cohen Textbook

This hugely influential work marked a turning point in US history and culture, arguing that the nation's expansion into the Great West was directly linked to its unique spirit: a rugged individualism forged at the juncture between civilization and wilderness, which - for better or worse - lies at the heart of American identity today. Throughout history, some books have changed the world. They have transformed the way we see ourselves - and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives - and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are.

THE AMERICAN PAGEANT enjoys a reputation as one of the most popular, effective, and entertaining texts on American history. The colorful anecdotes, first-person quotations, and trademark wit bring American history to life. The 16th edition includes a major revision of Part Six (the period from 1945 to the present), reflecting recent scholarship and providing greater thematic coherence. The authors also condensed and consolidated material on the Wilson presidency and World War I (formerly Chapters 29 and 30) into a new single chapter. A new feature, "Contending Voices," offers paired quotes from original historical sources, accompanied by questions that prompt students to think about conflicting perspectives on controversial subjects. Additional pedagogical aids make THE AMERICAN PAGEANT accessible to students: part openers and chapter-ending chronologies provide a context for the major periods in American history, while other features present additional primary sources, scholarly debates, and key historical figures for analysis. Available in the following options: THE AMERICAN PAGEANT, Sixteenth Edition (Chapters 1-41); Volume 1: To 1877 (Chapters 1-22); Volume 2: Since 1865 (Chapters 22-41). Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

American History: Connecting with the Past

The Politics and Culture of Dollar Diplomacy, 1900-1930

Brinkley's American History, a comprehensive U.S. History program, transforms the learning experience through proven, adaptive technology helping students better grasp the issues of the past while providing instructors greater insight on student performance. Known for its clear, single voice and balanced scholarship, Brinkley asks students to think historically about the many forces shaping and re-shaping our dynamic history. Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need, when they need it, and how they need it, so that your class time is more engaging and effective.

A longtime favorite with millions of readers, LOOKING OUT, LOOKING IN, 15th Edition maintains its market-leading tradition of linking the latest research and theory to learners' everyday lives. Its accessible approach motivates readers to learn and apply communication principles in both personal relationships and on the job. Expanded emphasis on social media includes an all-new chapter devoted to the role of mediated communication in interpersonal relationships as well as integrated coverage throughout the book. In addition, diverse examples, new readings, compelling cartoons, lively photos, and popular culture references bring principles to life. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

"The inside story of American history. One of the most popular American history texts ever written, The American Pageant combines colorful anecdotes, first-person quotations, and the authors' trademark wit to engage students like no other text. This revised edition includes in-depth explorations of the cultural innovations, artistic movements, and intellectual doctrines that have engaged and inspired Americans and shaped the course of American history. New in-text features present primary sources, scholarly debates, and key historical figures, and offer context for the major periods in American history -- giving you the tools you need to analyze key events and eras like a historian!""--Back cover.

A People's History of the United States

The Impending Crisis of the South

For the AP Course

Financial Missionaries to the World

A History of the American People

The University of Florida, the state's oldest and largest university, is recognized today as one of the country's most academically diverse public institutions. Though able to trace its history to 1853, the school did not begin its popular football program until the first few years of the 20th century. The program has had its share of scandals and embarrassments over time, but it has also produced two Heisman Trophy winners, a national champion, numerous players drafted into the professional ranks, and a visibility that consistently ranks the team in the top five in the country. Now attracting 85,000 fans to each of its home games, the Gators' football program has become a vital part of the University of Florida. When the team won the national championship in 1996, no one could have predicted such success just 90 years earlier. Fortunately, that fascinating journey through the last century has been captured in great photographs that include formal portraits of teams; action shots on the field; views of "The Swamp"; and snapshots of fans from every decade. These images tell the story of the birth and growth of a football team, a team that has brought enjoyment to millions and national recognition to the University of Florida.

Prepares students for the advance placement United States history examination with an introductory strategy section, diagnostic test, and document-based questions for practice.

Study guide and review for Advanced Placement United States History for the student serious about doing well in the course. It serves as a great resource either while going through the course, or at the end of the course as a review before the AP exam. This book is directly aligned with "American Pageant" (15th Edition) so the student will do as well as possible during the course. Included are detailed outlines. The outlines link directly to each chapter and to each chapter's sub-sections, thus making it great for a student taking U.S. History and using Bailey and Kennedy's "American Pageant" as his or her main text and who strives to excel in the course. Note: this is the ebook/epub/ipad version.

A Little Commonwealth

A History of the Republic

Over Here

The Significance of the Frontier in American History

The Log of Christopher Columbus

American Pageant

The year 2000 marks the thirtieth anniversary of the publication of A Little Commonwealth by Bancroft Prize-winning scholar John Demos. This groundbreaking study examines the family in the context of the colony founded by the Pilgrims who came over on the Mayflower. Basing his work on physical artifacts, wills, estate inventories, and a variety of legal and official enactments, Demos portrays the family as a structure of roles and relationships, emphasizing those of husband and wife, parent and child, and master and servant. The book's most startling insights come from a reconsideration of commonly-held views of American Puritans and of the ways in which they dealt with one another. Demos concludes that Puritan "repression" was not as strongly directed against sexuality as against the expression of hostile and aggressive impulses, and he shows how this pattern reflected prevalent modes of family life and child-rearing. The result is an in-depth study of the ordinary life of a colonial community, located in the broader environment of seventeenth-century America. Demos has provided a new foreword and a list of further reading for this second edition, which will offer a new generation of readers access to this classic study.

Winner of the Society for Historians of American Foreign Relations Robert H. Ferrell Book Prize Financial Missionaries to the World establishes the broad scope and significance of "dollar diplomacy"--the use of international lending and advising--to early-twentieth-century U.S. foreign policy. Combining diplomatic, economic, and cultural history, the distinguished historian Emily S. Rosenberg shows how private bank loans were extended to leverage the acceptance of American financial advisers by foreign governments. In an analysis striking in its relevance to contemporary debates over international loans, she reveals how a practice initially justified as a progressive means to extend "civilization" by promoting economic stability and progress became embroiled in controversy. Vocal critics at home and abroad charged that American loans and financial oversight constituted a new imperialism that fostered exploitation of less powerful nations. By the mid-1920s, Rosenberg explains, even early supporters of dollar diplomacy worried that by facilitating excessive borrowing, the practice might induce the very instability and default that it supposedly worked against. "[A] major and superb contribution to the history of U.S. foreign relations. . . . [Emily S. Rosenberg] has opened up a whole new research field in international history."--Anders Stephanson, Journal of American History "[A] landmark in the historiography of American foreign relations."--Melvyn P. Leffler, author of A Preponderance of Power: National Security, the Truman Administration, and the Cold War "Fascinating."--Christopher Clark, Times Literary Supplement

Keyed to the 12th and 13th editions of The American pageant, this book includes a diagnostic test, practice questions, full-length practice tests as well as graphs and tables to help students learn to analyze data.

From well-known classics & literary fiction and non-fiction to forgotten?or yet undiscovered gems?of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Traces the history of the United States from the arrival of the first Indian people to the present day.

Announcing a new Myers/DeWall text, created specifically for the Fall 2019 AP® course framework! You are likely familiar with the name Dr. David G. Myers. Now, he and his new co-author, Nathan DeWall, bring you a book that will allow you to use College Board's new Personal Progress Checks and Dashboard more effectively. This updated edition includes 100% of the new course content in the new nine-unit structure. All teacher and student resources will also be updated to correlate to the new student edition; this includes the TE, TRFD, TB, Strive, and LaunchPad. Everything will publish in summer 2020 such that you can use this new program for Fall 2020 classes. If you're not familiar with Myers/DeWall texts, you are in for a treat! Drs. Myers and DeWall share a passion for the teaching of psychological science through wit, humor, and the telling of poignant personal stories (individually identified in the text by the use of each author's initials [DM and ND]). Through close collaboration, these authors produce a unified voice that will teach, illuminate, and inspire your AP® students.

Myers' Psychology for AP®

A Century of Dishonor

A Covnter-blaste to Tobacco

Advanced Placement United States History, 2020 Edition

Our Country

A History of the University of Florida Football

Since its original landmark publication in 1980, A People's History of the United States has been chronicling American history from the bottom up, throwing out the official version of history taught in schools -- with its emphasis on great men in high places -- to focus on the street, the home, and the workplace. Known for its lively, clear prose as well as its scholarly research, A People's History is the only volume to tell America's story from the point of view of -- and in the words of -- America's women, factory workers, African-Americans, Native Americans, the working poor, and immigrant laborers. As historian Howard Zinn shows, many of our country's greatest battles -- the fights for a fair wage, an eight-hour workday, child-labor laws, health and safety standards, universal suffrage, women's rights, racial equality -- were carried out at the grassroots level, against bloody resistance. Covering Christopher Columbus's arrival through President Clinton's first term, A People's History of the United States, which was nominated for the American Book Award in 1981, features insightful analysis of the most important events in our history.

Revised, updated, and featuring a new afterword by the author, this special twentieth anniversary edition continues Zinn's important contribution to a complete and balanced understanding of American history.

The American PageantA History of the American PeopleWadsworth Publishing Company

* Winner of the 2017 National Book Critics Circle Award * National Book Award Finalist * Time magazine Top 10 Nonfiction Book of the Year * New York Times Notable Book * Publishers Weekly Best Books of 2017 This "epic history" (The Boston Globe) from Pulitzer Prize-winning historian Frances

FitzGerald is the first to tell the powerful, dramatic story of the Evangelical movement in America—from the Puritan era to the 2016 election. "We have long needed a fair-minded overview of this vitally important religious sensibility, and FitzGerald has now provided it" (The New York Times Book Review).

The evangelical movement began in the revivals of the eighteenth and nineteenth centuries, known in America as the Great Awakenings. A populist rebellion against the established churches, it became the dominant religious force in the country. During the nineteenth century white evangelicals split apart, first North versus South, and then, modernist versus fundamentalist. After World War II, Billy Graham attracted enormous crowds and tried to gather all Protestants under his big tent, but the civil rights movement and the social revolution of the sixties drove them apart again.

By the 1980s Jerry Falwell and other southern televangelists, such as Pat Robertson, had formed the Christian right. Protesting abortion and gay rights, they led the South into the Republican Party, and for thirty-five years they were the sole voice of evangelicals to be heard nationally.

Eventually a younger generation proposed a broader agenda of issues, such as climate change, gender equality, and immigration reform. Evangelicals now constitute twenty-five percent of the American population, but they are no longer monolithic in their politics. They range from Tea Party supporters to social reformers.

Still, with the decline of religious faith generally, FitzGerald suggests that evangelical churches must embrace ethnic minorities if they are to survive. "A well-written, thought-provoking, and deeply researched history that is impressive for its

scope and level of detail" (The Wall Street Journal). Her "brilliant book could not have been more timely, more well-researched, more well-written, or more necessary" (The American Scholar).

American Slavery as it is
