Set in the remote splendor of the forests of northern Japan, Princess Mononoke is a spectacular "eco-fable" that pits the forces of industry and civilization against the fierce yet fragile natural environment. Drawing on Japanese folklore, myth, and legend, the filmmakers have created powerful gods and spirits who command a lush forest that is being threatened and polluted by the presence of an ironworks. More a chronicle of the struggle between civilization and nature than a battle between good and evil, Princess Mononoke introduces us to such characters as Prince Ashitaka, Lady Eboshi, and, of course, Princess Mononoke herself.

From an adventurous balloon ride above the clouds to a monster-filled metropolis, Academy Award®-winning director Pete Docter ("Monsters, Inc.," "Up") has taken audiences to unique and imaginative places. In Disney•Pixar's original movie " Inside Out," he will take us to the most extraordinary location of all—inside the mind. Growing up can be a bumpy road, and it's no exception for Riley, who is uprooted from her Midwest life when her father starts a new job in San Francisco. Like all of us, Riley is guided by her emotions - Joy, Fear, Anger, Disgust, and Sadness. The emotions live in Headquarters, the control center inside Riley's mind, where they help advise her through everyday life. As Riley and her emotions struggle to adjust to a new life in San Francisco, turmoil ensues in Headquarters. Although Joy, Riley's main and most important emotion, tries to keep things positive, the emotions conflict on how best to navigate a new city, house and school. In this groundbreaking and illuminating film, Pixar Animation Studios examines the extraordinary depths of the mind and the powers of emotion and imagination. The Art of Inside Out provides an exclusive look into the artistic exploration that went into the making of this vibrant film. Featuring concept art—including sketches, collages, color scripts, and much more—and opening with a foreword by actress Amy Poehler and introduction by the film's writer and director Pete Docter, this is the ultimate behind-the-scenes experience of the making of this landmark film. Anna Hibiscus lives in Africa, amazing Africa, with her mother and father, her twin baby brothers (Double and Trouble), and lots of extended family in a big white house with a beautiful garden in a compound in a city. Anna is never lonely—there are always cousins to play and fight with, aunties and uncles laughing and shouting, and parents and grandparents close by. Readers will happily follow as she goes on a seaside vacation, helps plan a party for Auntie Comfort from Canada (will she remember her Nigerian ways?), learns firsthand what it's really like to be a child selling oranges outside the gate, and longs to see sweet snow. Nigerian storyteller Atinuke's debut book for children and its sequels, with their charming (and abundant) gray-scale drawings by Lauren Tobia, are newly published in the US by Candlewick Press, joining other celebrated Atinuke stories in captivating young readers.

This documentation of the studio's achievements provides a critical overview of both the company and its films: in-depth examinations of particular titles that best represent the company's overall work, including television series such as Nadia: The Secret of Blue Water and Neon Genesis Evangelion, and feature films such as Royal Space Force: The Wings of Honneamise and Gunbuster vs. Diebuster.
