Written with great enthusiasm by Kevin T. Rodriguez and presented by acclaimed movie review site The Movie Wizard.com, "The Complete Unofficial 84th Annual Academy Awards Review Guide" is a must own for your movie reading pleasure! We are living in the age of the superhero and we cannot deny it. Avengers Assemble! is a vibrant and theoretically informed interrogation of one of the defining and most financially successful film franchises of the new millennium. In the first single-authored monograph on the topic of the Marvel cinematic universe, Terence McSweeney asks, "Why has the superhero genre reemerged so emphatically in recent years?" In an age where people have stopped going to the cinema as frequently as they used to, they returned to it in droves for the superhero film. What is it about these films that has resonated with audiences all around the globe? Are they just disposable pop culture artifacts or might they have something interesting to say about the fears and anxieties of the world we live in today? Beginning with Iron Man in 2008, this study provocatively explores both the cinematic and the televisual branches of the series across ten dynamic and original chapters from a diverse range of critical perspectives which analyse their status as an embodiment of the changing industrial practices of the blockbuster film and their symbolic potency as affective cultural artifacts that are profoundly immersed in the turbulent political climate of their era.

“Can you actually find spiritual truths in comicbooks and superhero movies?” Yes, you can! For more than 75 years of comic book history and dozens of gigantic cinematic releases, Superheros have captivated our imagination--filling our senses with heart-pounding adventures, riveting plots, and

spectacular special effects—and sometimes they have profound messages woven into them. Often the underlying themes reveal a Judeo-Christian influence, and even when it isn't intentional, you can still draw deep lessons from them. Whether it's the self-sacrifice and humility of Captain America and the Hulk's struggles with anger or the parallels between Superman and Jesus or between Black Widow and a ruthless Bible heroine, your favorite heroes and heroines (and even villains) have much to teach. If you're a fan of this good vs. evil world, you will love *The Superheroes Devotional*—featuring 60 interesting, challenging, and encouraging readings. With devotions drawn from dozens of favorite superheroes from both the Marvel and DC Comics universes—well-known names like Captain America and Batman and lesser-known heroes like Shazam and Gambit—each reading includes spiritual lessons relating superheroes to the heroes of the Bible in themes like faith, hope, courage, pride, and power. You'll also enjoy reading about the history and background of each superhero, shared by author and lifelong fan Ed Strauss. Read on, True Believer, and may you draw inspiration and encouragement from the characters and stories that you know and love from comicbook pages and big screen movies alike.

Macroeconomics is the most engaging introductory economics resource available to students today.
