

The Beatles Anthology

Hundreds of books have been written about The Beatles. Over the last half century, their story has been mythologized and de-mythologized and presented by biographers and journalists as history. Yet many of these works do not strictly qualify as history and the story of how the Beatles' mythology continues to be told has been largely ignored. This book examines the band's historiography, exploring the four major narratives that have developed over time: The semi-whitewashed "Fab Four"

Read Free The Beatles Anthology

account, the acrimonious breakup-era Lennon Remembers version, the biased “Shout!” narrative in the wake of John Lennon’s murder, and the current Mark Lewisohn orthodoxy. Drawing on the most influential primary and secondary sources, Beatles history is analyzed using historical methods. In 1979, Beatles expert Mark Lewisohn set about establishing a complete list of the group’s live appearances from 1957 through 1966, when they stopped giving concerts; the research took seven long years and was published as the book *The Beatles Live! Shortly*

Read Free The Beatles Anthology

thereafter, EMI Records invited Lewisohn to be the only person outside of the Beatles and their production staff to go into Abbey Road and listen to the entire collection of Beatles session tapes and to interview practically everyone involved in their making. The result was published in 1988 as The Complete Beatles Recording Sessions, and sold over 150,000 copies. This book artfully combines and updates all the vital material in Lewisohn's earlier two books with his definitive account of the Beatles' work in radio, television, film, and video to create a complete day-by-day

list, discography, videography, and bibliography, making it a one-stop source of Beatles facts and figures. Given the phenomenal fame and commercial success that the Beatles knew for the entire course of their familiar career, their music per se has received surprisingly little detailed attention. Not all of their cultural influence can be traced to long hair and flashy clothing; the Beatles had numerous fresh ideas about melody, harmony, counterpoint, rhythm, form, colors, and textures. Or consider how much new ground was broken by their lyrics alone--both the themes and imagery of the Beatles' poetry are key parts of what made (and still makes) this group so important, so popular, and so imitated. This book is a

Excerpt: The Beatles Anthology is a documentary series on the career of The Beatles. It was broadcast on

Read Free The Beatles Anthology

television in six abridged parts between November and December 1995. An eight volume VHS set and an 8 disc Laserdisc set were released on 5 September 1996. The series was re-released on DVD in 2003, with an 81-minute special-features disc. An official documentary on The Beatles career had been in the pipeline as far back as 1970. Long-time friend and Apple Corps manager Neil Aspinall had compiled footage from various sources around the world of concert, interview and television appearances.

Read Free The Beatles Anthology

From this archival footage, Aspinall assembled a 90 minute feature film which was tentatively titled The Long and Winding Road and was completed in 1971. At this point, none of the former members had any involvement with the project and plans for its release lay dormant until 1980, when John Lennon stated as part of a legal deposition against the producers of the musical 'Beatlemania' that: "I and the other three former Beatles have plans to stage a reunion concert," an event to be filmed as a finale of The

Long and Winding Road (which was now to be a television special). According to Lennon's widow, Yoko Ono the concert would have been held in England: "Just days before his brutal death, John was making plans to go to England for a triumphant Beatles reunion. His greatest dream was to recreate the musical magic of the early years with Paul, George and Ringo...(he) felt that they had travelled different paths for long enough. He felt they had grown up and were mature enough to try writing and recording..."

As recommended by USA Today and excerpted on RollingStone.com! Still the Greatest is a love song to the songwriting and recording achievements of Paul, John, George, and Ringo after each struck out on his own. In this creative history, Jackson selects the best songs by each in his solo career and organizes them into fantasy albums they might have formed had they stuck it out. This romp through the post-Beatle history of each artist delves into the circumstances behind the composition,

Read Free The Beatles Anthology

recording, and reception of each work, offering a refreshing take on how spectacular much of the Beatles' second act truly is. Jackson assesses the over seventy albums and nine hundred songs they collectively released, selecting the crème de la crème of their output.

Dreaming the Beatles

The Beatles est un groupe musical originaire de Liverpool, composé de John Lennon, Paul McCartney, George Harrison et Ringo Starr. Il demeure, en dépit de sa séparation en 1970, l'un des groupes de rock les plus populaires au monde. En dix ans d'existence, et seulement huit ans de carrière discographique (de 1962 à 1970), les Beatles ont

Read Free The Beatles Anthology

enregistré douze albums originaux et ont composé plus de 200 chansons. Une productivité particulièrement remarquable dans la période 1963-1966 où, entre les tournées incessantes et la participation à deux longs métrages, ils ont publié sept albums, treize singles et douze EPs. Considérées comme la « bande-son » des années 1960, les chansons des Beatles ont marqué leur décennie ainsi que les générations suivantes, et leurs mélodies ont été

bestselling author of *Love Is a Mix Tape* offers an entertaining, unconventional look at the most popular band in history, the Beatles, exploring what they mean today and why they still matter so intensely to a generation that has never known a world without them. *Dreaming the Beatles* is not another biography of the Beatles, or a song-by-song analysis of the best of John and Paul. It isn't another exposé about how they broke up. It isn't a history of their gigs or their gear. It is a collection of essays telling the story of what this ubiquitous band means to a generation who grew up with the Beatles music on their parents' stereos and their faces on T-shirts.

Read Free The Beatles Anthology

What do the Beatles mean today? Why are they more famous and beloved now than ever? And why do they still matter so much to us, nearly fifty years after they broke up? As he did in his previous books, *Love is a Mix Tape*, *Talking to Girls About Duran Duran*, and *Turn Around Bright Eyes*, Sheffield focuses on the emotional connections we make to music. This time, he focuses on the biggest pop culture phenomenon of all time—The Beatles. In his singular voice, he explores what the Beatles mean today, to fans who have learned to love them on their own terms and not just for the sake of nostalgia. *Dreaming the Beatles* tells the story of how four lads from

Without the determination, magnetism, vision, good manners, respectable clothes and financial security of Brian Epstein, no one would ever have heard of John, Paul, George, and Ringo. In Liverpool, in December 1961, Brian Epstein met the Beatles in his small office and signed a management deal. The rest may be history, but it's a history that Epstein created, along with a blueprint for all pop groups since. Out of the public eye, Epstein was flamboyant and charismatic. He drank, gambled compulsively and took drugs to excess. But people remember his wit, charm and capacity to inspire affection and loyalty. That's when he wasn't depressed, even suicidal. Epstein was Jewish in a society filled with anti-

Read Free The Beatles Anthology

Semitism. He was homosexual at a time when it was a crime to be gay, and from his teenage days to the end of his life he suffered arrests, beatings and blackmail--all of which had to be kept secret. In *In My Life: The Brian Epstein Story*, Debbie Geller tells the story of Epstein's complicated life through the reminiscences of his friends and family. Based on dozens of interviews--with Paul McCartney, George Martin and Marianne Faithfull, among others--plus many of Epstein's personal diaries, this book uncovers the truth behind the enigmatic young man who unintentionally caused a cultural revolution--and in the process destroyed himself.
