

The Big Book Of Serial Killers An Encyclopedia Of Serial Killers 150 Serial Killer Files Of The Worlds Worst Murderers

For millennia, mankind has devised ingenious and diabolical means of inflicting pain on fellow human beings. This deplorable but seemingly universal trait has eaten away at mankind's very claim to civilisation.Despite how repugnant the practice of torture appears to us today, for at least 3,000 years it formed part of most legal codes throughout Europe and the Far East. The Big Book of Painis an exploration of the systematic use throughout the ages of various means of punishment, torture, coercion and torment. It takes the reader into the Ancient Roman Coliseum, the medieval dungeon, the Inquisitional interrogation, the auto-da-fe, the witch-trial, and the worst of prisons. It is a shocking and compelling study of the shameful methods and motives of the torturer and the executioner, and of the heinous duty they have performed through the ages.

The Killer Book of Serial Killers is the ultimate resource (and gift) for any true crime fan and student of the bizarre world of serial killers. Filled with stories, trivia, quizzes, quotes, photos, and odd facts about the world's most notorious murderers, this is the perfect bathroom reader for anyone fascinated with serial killers. The stories and trivia cover such killers as: John Wayne Gacy Ted Bundy The BTK Killer Jack the Ripper The Green River Killer Serial killers around the world And many more Bathroom readers have enjoyed considerable success as a format, selling millions of copies. The Killer Book series brings this format to the rabid true crime audience. Including more than 40 black & white photos, this is a must for true crime fans.

There is little more terrifying than those who hunt, stalk and snatch their prey under the cloak of darkness. These hunters search not for animals, but for the touch, taste, and empowerment of human flesh. They are cannibals, vampires and monsters, and they walk among us.These serial killers are not mythical beasts with horns and shaggy hair. They are people living among society, going about their day to day activities until nightfall. They are the Dennis Rader's, the fathers, husbands, church going members of the community.This A-Z encyclopedia of 150 serial killers is the ideal reference book. Included are the most famous true crime serial killers, like Jeffrey Dahmer, John Wayne Gacy, and Richard Ramirez, and not to mention the women who kill, such as Aileen Wuornos and Martha Rendell. There are also lesser known serial killers, covering many countries around the world, so the range is broad.Each of the serial killer files includes information on when and how they killed the victims, the background of each killer, or the suspects in some cases such as the Zodiac killer, their trials and punishments. For some there are chilling quotes by the killers themselves. The Big Book of Serial Killers is an easy to follow collection of information on the world's most heinous murderers.

Over the course of twenty-five years, Dr. Helen Morrison has profiled more than eighty serial killers around the world. What she learned about them will shatter every assumption you've ever had about the most notorious criminals known to man.Judging by appearances, Dr. Helen Morrison has an ordinary life in the suburbs of a major city. She has a physician husband, two children, and a thriving psychiatric clinic. But her life is much more than that. She is one of the country's leading experts on serial killers, and has spent as many as four hundred hours alone in a room with depraved murderers, digging deep into killers' psyches in ways no profiler before ever has. In My Life Among the Serial Killers, Dr. Morrison relates how she profiled the Mad Biter, Richard Otto Macek, who chewed on his victims' body parts, stalked Dr. Morrison, then believed she was his wife. She did the last interview with Ed Gein, who was the inspiration for Alfred Hitchcock's Psycho. John Wayne Gacy, the clown-obsessed killer of young men, sent her crazed Christmas cards and gave her his paintings as presents. Then there was Atlanta child killer Wayne Williams; rapist turned murderer Bobby Joe Long; England's Fred and Rosemary West, who killed girls and women in their "House of Horrors"; and Brazil's deadliest killer of children, Marcelo Costa de Andrade. Dr. Morrison has received hundreds of letters from killers, read their diaries and journals, evaluated crime scenes, testified at their trials, and studied photos of the gruesome carnage. She has interviewed the families of the victims -- and the spouses and parents of the killers -- to gain a deeper understanding of the killer's environment and the public persona he adopts. She has also studied serial killers throughout history and shows how this is not a recent phenomenon with psychological autopsies of the fifteenth-century French war hero Gilles de Rais, the sixteenth-century Hungarian Countess Bathory, H. H. Holmes of the late nineteenth century, and Albert Fish of the Roaring Twenties. Through it all, Dr. Morrison has been on a mission to discover the reasons why serial killers are compelled to murder, how they choose their victims, and what we can do to prevent their crimes in the future. Her provocative conclusions will stun you.

In Cold Blood

Collects all twenty-eight stories and two serialized novels starring Continental Op, the hardworking private eye with an unyielding personal code.

Selected by the Modern Library as one of the 100 best nonfiction books of all time From the Modern Library's new set of beautifully repackaged hardcover classics by Truman Capote—also available are Breakfast at Tiffany's and Other Voices, Other Rooms (in one volume), Portraits and Observations, and The Complete Stories Truman Capote's masterpiece, In Cold Blood, created a sensation when it was first published, serially, in The New Yorker in 1965. The intensively researched, atmospheric narrative of the lives of the Clutter family of Holcomb, Kansas, and of the two men, Richard Eugene Hickock and Perry Edward Smith, who brutally killed them on the night of November 15, 1959, is the seminal work of the “new journalism.” Perry Smith is one of the great dark characters of American literature, full of contradictory emotions. “I thought he was a very nice gentleman,” he says of Herb Clutter. “Soft-spoken. I thought so right up to the moment I cut his throat.” Told in chapters that alternate between the Clutter household and the approach of Smith and Hickock in their black Chevrolet, then between the investigation of the case and the killers’ flight, Capote’s account is so detailed that the reader comes to feel almost like a participant in the events.

There is little more terrifying than those who hunt, stalk and snatch their prey under the cloak of darkness. These hunters search not for animals, but for the touch, taste, and empowerment of human flesh. They are cannibals, vampires and monsters, and they walk among us. These serial killers are not mythical beasts with horns and shaggy hair. They are people living among society, going about their day to day activities until nightfall. They are the Dennis Rader's, the fathers, husbands, church going members of the community. This A-Z encyclopedia of 150 serial killers is the ideal reference book. Son of a Serial Killer

The A to Z Encyclopedia of Serial Killers

Pinocchio, the Tale of a Puppet

John Wayne Cleaver is dangerous, and he knows it. He's spent his life doing his best not to live up to his potential. He's obsessed with serial killers, but really doesn't want to become one. So for his own sake, and the safety of those around him, he lives by rigid rules he's written for himself, practicing normal life as if it were a private religion that could save him from damnation. Dead bodies are normal to John. He likes them, actually. They don't demand or expect the empathy he's unable to offer. Perhaps that's what gives him the objectivity to recognize that there's something different about the body the police have just found behind the Wash-n-Dry Laundromat—and to appreciate what that difference means. Now, for the first time, John has to confront a danger outside himself, a threat he can't control, a menace to everything and everyone he would love, if only he could. Dan Wells's debut novel, I Am Not a Serial Killer, is the first volume of a trilogy that will keep you awake and then haunt your dreams.

What is it like to learn that your ordinary, loving father is a serial killer? In 2005, Kerri Rawson opened the door of her apartment to greet an FBI agent who shared the shocking news that her father had been arrested for murdering ten people, including two children. That’s also when she first learned that her father was the notorious serial killer known as BTK, a name he’d given himself that described the horrific way he committed his crimes: bind, torture, kill. As news of his capture spread, the city of Wichita celebrated the end of a thirty-one-year nightmare. For Kerri Rawson, another was just beginning. In the weeks and years that followed, Kerri was plunged into a black hole of horror and disbelief. The same man who had been a loving father, a devoted husband, church president, Boy Scout leader, and a public servant had been using their family as a cover for his heinous crimes since before she was born. Everything she had believed about her life had been a lie. Written with candor and extraordinary courage, A Serial Killer’s Daughter is an unflinching exploration of life with one of America’s most infamous killers and an astonishing tale of personal and spiritual transformation. For all who suffer from: unhealed wounds, the crippling effects of violence, betrayal, or anger, Kerri Rawson’s story offers the hope of reclaiming sanity in the midst of madness, rebuilding a life in the shadow of death, and learning to forgive the unforgivable.

In 1974, Dennis Lynn Rader stalked and murdered a family of four in Wichita, Kansas. Since adolescence, he had read about serial killers and imagined becoming one. Soon after killing the family, he murdered a young woman and then another, until he had ten victims. He named himself "B.T.K." (bind, torture, kill) and wrote notes that terrorized the city. He remained on the loose for thirty years. No one who knew him guessed his dark secret. He nearly got away with his crimes, but in 2004, he began to play risky games with the police. He made a mistake. When he was arrested, Rader's family, friends, and coworkers were shocked to discover that B.T.K. had been among them, going to work, raising his children, and acting normal. This case stands out both for the brutal treatment of victims and for the ordinary public face that Rader, a church council president, had shown to the outside world. Through jailhouse visits, telephone calls, and written correspondence, Katherine Ramsland worked with Rader himself to analyze the layers of his psyche. Using his drawings, letters, interviews, and Rader's unique codes, she presents in meticulous detail the childhood roots and development of one man's motivation to stalk, torture, and kill. She reveals aspects of the dark motivations of this most famous of living serial killers that have never before been revealed. In this book Katherine Ramsland presents an intelligent, original, and rare glimpse into the making of a serial killer and the potential darkness that lives next door.

The Encyclopaedia of Serial Killers, Second Edition provides accurate information on hundreds of serial murder cases - from early history to the present. Written in a non-sensational manner, this authoritative encyclopaedia debunks many of the myths surrounding this most notorious of criminal activities. New major serial killers have come to light since the first edition was published, and many older cases have been solved (such as the Green River Killer) or further investigated (like Jack the Ripper and the Zodiac Killer). Completely updated entries and appendixes pair with more than 30 new photographs and many new entries to make this new edition more fascinating than ever. New and updated entries include: Axe Man of New Orleans; BTK Strangler; Jack the Ripper; Ciudad Juarez, Mexico; John Allen Muhammad and Lee Boyd Malvo, the Sniper Killers; Gary Leon Ridgway, the Green River Killer; and Harold Frederick Shipman.

In this provocative cultural study, the serial killer emerges as a central figure in what Mark Seltzer calls 'America's wound culture'. From the traumas displayed by talk show guests and political candidates, to the violent entertainment of Crash or The Alienist, to the latest terrible report of mass murder, we are surrounded by the accident from which we cannot avert our eyes. Bringing depth and shadow to our collective portrait of what a serial killer must be, Mark Seltzer draws upon popular sources, scholarly analyses, and the language of psychoanalysis to explore the genesis of this uniquely modern phenomenon. Revealed is a fascination with machines and technological reproduction, with the singular and the mass, with definitions of self, other, and intimacy. What emerges is a disturbing picture of how contemporary culture is haunted by technology and the instability of identity.

'An irresistible page-turner that reads like the most compelling, sleep defying fiction' TIME OUT One was an architect. The other a serial killer. This is the incredible story of these two men and their realization of the Chicago World's Fair of 1893, and its amazing 'White City'; one of the wonders of the world. The architect was Daniel H. Burnham, the driving force behind the White City, the massive, visionary landscape of white buildings set in a wonderland of canals and gardens. The killer was H. H. Holmes, a handsome doctor with striking blue eyes. He used the attraction of the great fair - and his own devilish charms - to lure scores of young women to their deaths. While Burnham overcame politics, infighting, personality clashes and Chicago's infamous weather to transform the swamps of Jackson Park into the greatest show on Earth, Holmes built his own edifice just west of the fairground. He called it the World's Fair Hotel. In reality it was a torture palace, a gas chamber, a crematorium. These two disparate but driven men are brought to life in this mesmerizing, murderous tale of the legendary Fair that transformed America and set it on course for the twentieth century. . .

The Ultimate Collection of Serial Killer Trivia for True Crime Fanatics This bloody and completely true trivia collection will horrify and intrigue readers, with answers to questions like “What was John Wayne Gacy’s last meal?”, “Which serial killer was captured because of a bloody footprint left on his victim?”, “Who was the FBI agent credited with coining the term 'serial killer?’” and “How was one mass murderer able to get away with selling his victim’s skeletons to medical students?” Perfect for any murderino, true crime junkie or connoisseur of macabre tales, this fact-packed book quizzes readers on their true crime knowledge and offers fascinating stories of well-known murderers as well as lesser-known, but just as nefarious, killers. You’ll be surprised at how many fascinating tidbits you’ll learn about the world’s most cold-blooded and dangerous people.

Can't get enough of gruesome True Crime stories and endless turn of events? Then this book is for you. In the following pages of this true crime anthology, you will be introduced to some of the most tragic crime cases in modern history. The twelve crimes profiled in this volume will keep your eyes glued to the pages, although sometimes due to the shocking nature you will undoubtedly want to turn away. The primary theme of this volume is youth violence and some of the factors that have driven kids to kill. Some of the reasons were as shocking as the crimes themselves, such as the case of the two thirteen-year-old boys who killed one of the boy's grandmother so they could buy some marijuana and have a pizza party. You will also read about teens who killed just for fun, such as Don Collins, while the motives for other teen murderers remain a mystery. The tragic case of the murder of the Doss family highlights that sometimes people, even teenagers, don't need a reason to kill. Along with the profiles of teen killers are other chapters that examine cold case murder mysteries and other cases that can only be described as strange or bizarre. No matter the content, each of the twelve chapters are riveting and will keep you wanting to read more. So come along for a journey into the depraved criminal mind. The world you are about to enter may frighten and shock you, but you will also be intrigued as you learn what makes some of the worst killers tick...

In this true crime anthology you'll learn about some of the most shocking true crime cases that have happened in the last forty years. You will find yourself thrust into a world that is often depraved but always intriguing and fascinating, leaving you wanting to read more. These twelve cases, which span the globe, are a true testament to the idea that crime comes in all shapes and sizes.There are a number of themes in this volume, including missing persons, road trips gone wrong, and family annihilations. You will read about a case in New Zealand where two young people celebrating the New Year vanished without a trace never to be seen again, yet a man was still put on trial for their murders. The tragic case of Denise Pikka Thiem--a woman who went on a world trip to find spiritual meaning but ended up murdered--is also profiled in this book. The unfortunate phenomenon of mass murder, particularly family annihilation, is covered in two uniquely bizarre cases in this book. In one case, a man claimed a voodoo demon drove him to murder his family, while in another a man dressed as Santa Claus attempted to murder an entire family during the holiday season. Along with those cases are several others that highlight the strange and dangerous world of the modern criminal.After reading all of the murder mysteries in this volume you will be left wanting to read more.So sit back, relax, and open the pages of this engaging true crime book to learn the secrets of some of the worst criminals to walk the earth over the last forty years!

USA TODAY BESTSELLER “This is a scary, thrilling, page-turning, race-against-the-clock novel if ever there was one, with a true shocker of an ending. Miss this one at your own peril.” — Blake Crouch, New York Times bestselling author of Dark Matter How far would you go to save your child? Five years ago Elizabeth Piccioni's husband was arrested for being a serial killer. Her life suddenly turned upside down, she did what she thought was best for her newborn baby: she took her son and ran away to start a new life. Now, living in a quiet part of the Midwest with a new identity, Elizabeth is ready to start over. But one day she receives a phone call from a person calling himself Cain. Cain somehow knows about her past life. He has abducted her son, and if Elizabeth wants to save him she must retrieve her husband's trophies — the fingers he cut off each of his victims. With a deadline of one hundred hours, Elizabeth has no choice but to return to the life she once fled, where she will soon realize that everything she thought she knew is a lie, and what's more shocking than Cain's identity is the truth about her husband.

Canada is seen as a peaceful place, but this wake-up call shows us that there have been more than 60 serial killers in our history. Limited time offer. There are more than 60 serial murderers in Canadian history. For too long awareness of serial murder in Canada has been confined toWest Coastbutcher Clifford Olson and the "Schoolgirl Murderers" Paul Bernardo and Karla Homolka, along with the horrific acts of pig farmer Robert Pickton. Unlike our American neighbours, Canada has been viewed as a nation untouched by the shadow of multiple murder. Then came Colonel Russell Williams and his bizarre homicides and serial home invasions, which were sensational news worldwide on the Internet and television and in scores of newspapers and magazines. The reason for Canada's serial killer blackout is clear: until now such information has never been compiled and presented in a single concise work. ColdNorth Killers is a wake-up call. This detailed and haunting account of Canada's worst monsters analyzes their crimes, childhoods, and inevitable downfalls. It is an indispensablecompendium for any true crime lover, criminologist, or law-enforcement officer.

"Fans of Mindhunter and true crime podcasts will devour these chilling stories of serial killers from the so-called "surge" or epidemic years of serial murder. With books like Serial Killers, Female Serial Killers, and Sons of Cain, Peter Vronsky has established himself as the foremost expert on the history of serial killers. In this first definitive history of the worst decades of American serial murder, when the number and body count of serial killers exploded, Vronsky tells the stories of the most notable and unusual serial killings from the 1950s to the early twenty-first century. From Ted Bundy to the Golden State Killer, our fascination with these classic serial killers seems to grow by the day. American Serial Killers gives true crime junkies what they crave, with both perennial "favorites" (Ed Kemper, Jeffrey Dahmer) and many fascinating lesser-known killers such as Melvin Rees, Harvey Glatman and Danny Rolling"--

Serial Killer Trivia

The Big Book of the Continental Op

Now a New York Times bestseller and a major docuseries The 2017 American Book Award Winner from the Before Columbus Foundation A Washington Post notable nonfiction book for 2016 A Goodreads Best of 2016 Nonfiction Finalist A Kobo Best Book of 2016 Includes an update from Rabia on Adnan's vacated murder conviction in summer 2016 Serial only told part of the story... In early 2000, Adnan Syed was convicted and sentenced to life plus thirty years for the murder of his ex-girlfriend Hae Min Lee, a high school senior in Baltimore, Maryland. Syed has maintained his innocence, and Rabia Chaudry, a family friend, has always believed him. By 2013, after almost all appeals had been exhausted, Rabia contacted Sarah Koenig, a producer at This American Life, in hopes of finding a journalist who could shed light on Adnan's story. In 2014, Koenig's investigation turned into Serial, a Peabody Award-winning podcast with more than 500 million international listeners But Serial did not tell the whole story. In this compelling narrative, Rabia Chaudry presents new key evidence that she maintains dismantles the State's case: a potential new suspect, forensics indicating Hae was killed and kept somewhere for almost half a day, and documentation withheld by the State that destroys the cell phone evidence -- among many other points -- and she shows how fans of Serial joined a crowd-sourced investigation into a case riddled with errors and strange twists. Adnan's Story also shares Adnan's life in prison, and weaves in his personal reflections, including never-before-seen letters. Chaudry, who is committed to exonerating Adnan, makes it clear that justice is yet to be achieved in this much examined case.

The legendary FBI criminal profiler, number-one New York Times bestselling author, and inspiration for the hit Netflix show Mindhunter delves deep into the lives and crimes of four of the most disturbing and complex predatory killers, offering never-before-revealed details about his profiling process, and divulging the strategies used to crack some of America's most challenging cases. The FBI's pioneer of criminal profiling, former special agent John Douglas, has studied and interviewed many of America's most notorious killers—including Charles Manson, "Son of Sam Killer" David Berkowitz and "BTK Strangler" Dennis Rader—trained FBI agents and investigators around and the world, and helped educate the country about these deadly predators and how they operate, and has become a legend in popular culture, fictionalized in The Silence of the Lambs and the hit television shows Criminal Minds and Mindhunter. Twenty years after his famous memoir, the man who literally wrote the book on FBI criminal profiling opens his case files once again. In this riveting work of true crime, he spotlights four of the most diabolical criminals he's confronted, interviewed and learned from. Going deep into each man's life and crimes, he outlines the factors that led them to murder and how he used his interrogation skills to expose their means, motives, and true evil. Like the hit Netflix show, The Killer Across the Table is centered around Douglas' unique interrogation and profiling process. With his longtime collaborator Mark Olshaker, Douglas recounts the chilling encounters with these four killers as he experienced them—revealing for the first time his profile methods in detail. Going step by step through his interviews, Douglas explains how he connects each killer's crimes to the specific conversation, and contrasts these encounters with those of other deadly criminals to show what he learns from each one. In the process, he returns to other famous cases, killers and interviews that have shaped his career, describing how the knowledge he gained from those exchanges helped prepare him for these. A glimpse into the mind of a man who has pierced the heart of human darkness, The Killer Across the Table unlocks the ultimate mystery of depravity and the techniques and approaches that have countered evil in the name of justice.

Pinocchio, The Tale of a Puppet follows the adventures of a talking wooden puppet whose nose grew longer whenever he told a lie and who wanted more than anything else to become a real boy.As carpenter Master Antonio begins to carve a block of pinewood into a leg for his table the log shouts out, "Don't strike me too hard!" Frightened by the talking log, Master Cherry does not know what to do until his neighbor Geppetto drops by looking for a piece of wood to build a marionette. Antonio gives the block to Geppetto. And thus begins the life of Pinocchio, the puppet that turns into a boy.Pinocchio, The Tale of a Puppet is a novel for children by Carlo Collodi is about the mischievous adventures of Pinocchio, an animated marionette, and his poor father and woodcarver Geppetto. It is considered a classic of children's literature and has spawned many derivative works of art. But this is not the story we've seen in film but the original version full of harrowing adventures faced by Pinnocchio. It includes 40 illustrations.

My Life Among the Serial Killers

NATIONAL BOOK AWARD FINALIST • NATIONAL BESTSELLER • A twisting, haunting true-life murder mystery about one of the most monstrous crimes in American history, from the author of The Lost City of Z. In the 1920s, the richest people per capita in the world were members of the Osage Nation in Oklahoma. After oil was discovered beneath their land, the Osage rode in chauffeured automobiles, built mansions, and sent their children to study in Europe. Then, one by one, the Osage began to be killed off. The family of an Osage woman, Mollie Burkhart, became a prime target. One of her relatives was shot. Another was poisoned. And it was just the beginning, as more and more Osage were dying under mysterious circumstances, and many of those who dared to investigate the killings were themselves murdered. As the death toll rose, the newly created FBI took up the case, and the young director, J. Edgar Hoover, turned to a former Texas Ranger named Tom White to try to unravel the mystery. White put together an undercover team, including a Native American agent who infiltrated the region, and together with the Osage began to expose one of the most chilling conspiracies in American history.

Bestselling true-crime writer Harold Schechter, a leading authority on serial killers, and coauthor David Everitt offer a guided tour through the bizarre and blood-chilling world of serial murder. Through hundreds of detailed entries that span the entire spectrum -- the shocking crimes, the infamous perpetrators, and much more -- they examine all angles of a gruesome cultural phenomenon that grips our imagination. From Art (both by and about serial killers) to Zeitgeist (how killers past and present embody their times)...from Groupies (even the most sadistic killer can claim devoted fans) to Marriage (the perfect domestic disguise for demented killers)...from Homebodies (psychos who stay in the comfort of their homes) to Plumbing (how clogged drains have undone the most discreet killer), THE A TO Z ENCYCLOPEDIA OF SERIAL KILLERS is the ultimate reference for anyone compelled by the personalities and pathologies behind the most disturbing of crimes.

True crime anthology that takes a closer look at some of the worst of the worst serial killers.

The third novel in the bestselling Alex Cross series Murders. Assassinations. Washington D.C. is under siege, and Detective Alex Cross has work to do. A controversial Senator, found murdered in his bed. A little girl, savagely beaten to death. Alex Cross is under pressure from two fronts - but he knows even he can't solve both cases. Faced with an impossible choice, Cross has to come up with something incredible - because

right now, nobody in Washington is safe, and it's only a matter of time before the killer sets their sights on the ultimate target...
