A colorful and revealing portrait of the rise of India's new billionaire class in a radically unequal society India is the world's largest democracy, with more than one billion people and an economy expanding faster than China's. But the rewards of this growth have been far from evenly shared, and

the country's top 1% now own nearly 60% of its wealth. In megacities like Mumbai, where half the population live in slums, the extraordinary riches of India's new dynasties echo the Vanderbilts and Rockefellers of America's Gilded Age, funneling profits from huge conglomerates into lifestyles of conspicuous consumption. James Crabtree's *The Billionaire Raj* takes readers on a personal journey to meet these reclusive billionaires, fugitive tycoons, and shadowy political power brokers. From the sky terrace of the world's most expensive home to impoverished villages and mass political rallies, Crabtree dramatizes the battle between crony capitalists and economic reformers, revealing a tense struggle between equality and privilege playing out against a combustible backdrop of aspiration, class, and caste. *The Billionaire Raj* is a vivid account of a divided society on the cusp of transformation—and a struggle that will shape not just India's future, but the world's.

Secrets of the Millionaire Mind reveals the missing link between wanting success and achieving it! Have you ever wondered why some people seem to get rich easily, while others are destined for a life of financial struggle? Is the difference found in their education, intelligence, skills, timing, work habits, contacts, luck, or their choice of jobs, businesses, or investments? The shocking answer is: None of the above! In his groundbreaking Secrets of the Millionaire Mind, T. Harv Eker states: "Give me five minutes, and I can predict your financial future for the rest of your life!" Eker does this by identifying your "money and success blueprint." We all have a personal

money blueprint ingrained in our subconscious minds, and it is this blueprint, more than anything, that will determine our financial lives. You can know everything about marketing, sales, negotiations, stocks, real estate, and the world of finance, but if your money blueprint is not set for a high level of success, you will never have a lot of money—and if somehow you do, you will most likely lose it! The good news is that now you can actually reset your money blueprint to create natural and automatic success. *Secrets of the Millionaire Mind* is two books in one. Part I explains how your money blueprint works. Through Eker's rare combination of street smarts, humor, and heart, you will learn how your childhood influences have shaped your financial destiny. You will also learn how to identify your own money blueprint and "revise" it to not only create success but, more important, to keep and continually grow it. In Part II you will be introduced to seventeen "Wealth Files," which describe exactly how rich people think and act differently than most poor and middle-class people. Each Wealth File includes action steps for you to practice in the real world in order to dramatically increase your income and accumulate wealth. If you are not doing as well financially as you would like, you will have to change your money blueprint. Unfortunately your current money blueprint will tend to stay with you for the rest of your life, unless you identify and revise it, and

that's exactly what you will do with the help of this extraordinary book. According to T. Harv Eker, it's simple. If you think like rich people think and do what rich people do, chances are you'll get rich too!

In Jayden Hart, he saw such an opportunity, enclosed in the rare combination of innocence, beauty and brilliance - a combination he couldn't resist despite his attempts to remain aloof from the relationship! Normally poised and self-assured, Jayden's world had taken an alarming turn. What initially had seemed like a nuisance was quickly becoming a significant threat to her business, her family, and her whole way of life! And she had no idea how to avoid catastrophe. 10TH ANNIVERSARY EDITION Is the financial plan of mediocrity -- a dream-stealing, soul-sucking dogma known as "The Slowlane" your plan for creating wealth? You know how it goes; it sounds a lil something like this: "Go to school, get a good job, save 10% of your paycheck, buy a used car, cancel the movie channels, quit drinking expensive Starbucks mocha lattes, save and penny-pinch your life away, trust your life-savings to the stock market, and one day, when you are oh, say, 65 years old, you can retire rich." The mainstream financial gurus have sold you blindly down the river to a great financial gamble: You've been hoodwinked to believe that wealth can be created by recklessly trusting in the uncontrollable and unpredictable markets: the housing market, the stock market, and the job market. This impotent financial gamble dubiously promises wealth in a wheelchair -- sacrifice your adult life for

a financial plan that reaps dividends in the twilight of life. Accept the Slowlane as your blueprint for wealth and your financial future will blow carelessly asunder on a sailboat of HOPE: HOPE you can find a job and keep it, HOPE the stock market doesn't tank, HOPE the economy rebounds, HOPE, HOPE, and HOPE. Do you really want HOPE to be the centerpiece for your family's financial plan? Drive the Slowlane road and you will find your life deteriorate into a miserable exhibition about what you cannot do, versus what you can. For those who don't want a lifetime subscription to "settle-for-less" and a slight chance of elderly riches, there is an alternative; an expressway to extraordinary wealth that can burn a trail to financial independence faster than any road out there. Why jobs, 401(k)s, mutual funds, and 40-years of mindless frugality will never make you rich young. Why most entrepreneurs fail and how to immediately put the odds in your favor. The real law of wealth: Leverage this and wealth has no choice but to be magnetized to you. The leading cause of poorness: Change this and you change everything. How the rich really get rich - and no, it has nothing to do with a paycheck or a 401K match. Why the guru's grand deity - compound interest - is an impotent wealth accelerator. Why the guru myth of "do what you love" will most likely keep you poor, not rich. And 250+ more poverty busting distinctions... Demand the Fastlane, an alternative road-to-

wealth; one that actually ignites dreams and creates millionaires young, not old. Change lanes and find your explosive wealth accelerator. Hit the Fastlane, crack the code to wealth, and find out how to live rich for a lifetime.

Hookup rule #1: Stay in the orgasm only zone. You are cordially invited to attend the Valentine's Day wedding of Sophia Baldwin and Michael Vilander inside The Hollinsworth Hotel. Everything is perfect. With only a short amount of time for Platinum Perfections to organize Sophia's wedding, everything runs smoothly as Sophia walks down the aisle. Or so it seemed, until the newlyweds are confronted by a tabloid reporter. ~ The last person Arabella Winters was expecting to run into at Sophia's wedding was Jax Hollinsworth. Having left without giving her the best almost-orgasm of her entire life and then disappearing into seemingly thin air was enough to drive any woman crazy. Luckily for Jax, she was thick headed enough to go get that orgasm and strong enough to keep Jax in the strictly hook-up only zone....right? "This is one of 13 romance novels that should be on every woman's bucket list."--Bustle.com I had the craziest idea when I decided to auction my virginity online. I have reasons for it. Good reasons.

My mom's hospital bills, for one. My medical school tuition, for another. By day, I'm a student and popular gaming blogger, but my dream is to become a doctor. This auction could free me from a crushing pile of debt and give me the cash I need to make my dreams a reality. And honestly, I'm also looking forward to cashing in that troublesome V-card. Win, win. My rules are set in stone: One night, then no further contact with the auction winner. Enter Adam Drake, the brilliant gaming company CEO and multimillionaire. He won my auction. He's young, driven, and so damn sexy. It's frightening how attracted I am - though I'd never admit it. And it's clear I'll need to protect my heart. But Adam is used to making the rules and before I can catch it, he's found a loophole. Every stipulation I made to protect myself is getting tossed by the wayside. I can't help but wonder... Is he playing me? Or is he playing for keeps?

As Forbes magazine heads towards its centenary in 2017, this is a timely look at how the work of entrepreneurs can influence lives in Africa and create the jobs that empty state coffers can no longer afford. Written by the founder of Forbes Africa, this is a masterclass on how the brightest and most successful entrepreneurs across Africa made their billions. Chris Bishop gets up close and personal with the biggest names in business on the continent: Aliko Dangote, Patrice Motsepe, Nicky Oppenheimer, Christo Wiese and Stephen Saad, among others. These are the stories of how they not only survived, but thrived, in the fast and furious world of African business: the penniless priest who became a steel baron; the barefoot apple-seller who turned into a mining millionaire; the man who shared a hut with cattle but ended up a billionaire; the respected millionaire who went from running dice games and dealing drugs to running a city. This is a rich tapestry of stories about the super-wealthy and the wise, told with wit and heart.

Everyone wants to be rich, but do you know that there is a SCIENCE OF GETTING RICH. This book explains in simple steps how you can first ready yourself to earn more, without hassles or worries. From the simplest question of who all can actually get rich, to the small steps taken – like developing a will power, showing gratitude, getting into the right business – have been explained in detail, in everyday terms. Read on, and find out the secret behind changing your life and the way you earn. What makes a company truly outstanding? What is the secret sauce of delivering successful results over multiple decades? What is common to Asian Paints, HDFC Bank, Axis Bank, Marico, Berger Paints, Page Industries and Astral Poly? They are Unusual Companies, built by Unusual Billionaires. This book tells the story of these seven companies, handpicked out of 5000 listed on the stock exchange. Built by visionary business leaders, they have delivered outstanding results for a decade and more. How did these companies do it? Why couldn't this be replicated by other companies? What are they doing differently? Saurabh Mukherjea, bestselling author of Gurus of Chaos, delivers an exceptional book with lessons to learn from these seven businesses. Mukherjea tells you why focusing on the core business is central to corporate success and how a promoter giving up control to the top management could be a boon. He also explains how investors can generate market-

beating investment returns from identifying companies such as these using a simple set of metrics. Packed with these learnings are riveting corporate stories of how Hindustan Unilever made an aggressive bid to buy Harsh Mariwala's business, but had to sell a business to him in a few years, or how Page Industries found an innovative way to stop unionization at their manufacturing units. Other stories include the turnaround of Axis Bank and the boardroom coup that led to its chairman's exit and how Vijay Mallya sold Berger Paints to the Dhingra brothers. This book is mandatory reading for anyone who wants to understand how business is done successfully in India.

Book description to come.

NATIONAL BESTSELLER "The Social Network, the much anticipated movie...adapted from Ben Mezrich's book The Accidental Billionaires." —The New York Times Best friends

Eduardo Saverin and Mark Zuckerberg had spent many lonely nights looking for a way to stand out among Harvard University's elite, competitive, and accomplished student body. Then, in 2003, Zuckerberg hacked into Harvard's computers, crashed the campus network, almost got himself expelled, and was inspired to create Facebook, the social networking site that has since revolutionized communication around the world. With Saverin's funding their tiny start-up went from dorm room to Silicon Valley. But conflicting ideas about Facebook's future transformed the friends into enemies. Soon, the undergraduate exuberance that marked their collaboration turned into out-and-out warfare as it fell prey to the adult world of venture capitalists, big money, and lawyers.

Book 1 - The Billionaire's Assistant Book 2 - The Billionaire's Proposal Book 3 - The Billionaire's Temptation My name is Abigail Wilder. PR maven extraordinaire. A credit to her industry. A savior to her clients. A razor-tongued blessing to those who employed her, and a curse to those who stood in her way. (This was all printed on my business cards. In so many words.) But to him, my biggest client, I was Abby. And to me, he was Nick. Nick keeps me busy with all his stunts and playboy ways. He gets in trouble and it's my job to bail him out and make everything shine in a positive light. He's a pain in my ass! Far too wild for my taste. And now the board wants to keep him on a leash until their big merger goes through. They want me to find him a girlfriend. Get someone to tame Nick? Yeah, right. Damn, do I have my hands full. I wanted to give Nick my standard speech. The 'fame is a fickle friend' speech, and tell him to keep his damn head down for once. But such speeches

had never really worked on Nick. And to be honest, he was right. The press did love him. They always had. They probably always would. He was their dream—a man who knew no limits. No boundaries. Every page—an open book. Over the years, he'd become something of a folk hero. The crown prince of mayhem who couldn't be tamed. A source of constant entertainment and levity for the masses. But even by celebrity standards, Nick was a rare breed. Because beneath that careless playboy persona, beneath all the money, and mischief, and that unquenchable sense of adventure...he had a genuinely good heart. It was this 'good heart' his father's company had hired me to promote. To protect. To shine a spotlight on all the good things—half to highlight them, half to keep that same spotlight off everything bad. By protecting his image, I was protecting their shareholders, and thus—doing my not inconsiderable part to contribute to the massive global conglomeration that was his father's company. The Hunter Corporation. The family's crowning achievement. It's a tough job, but somebody has to keep the gorgeous billionaire in check. And I guess that job

belongs to me.
