

The Bus Stop Killer Milly Dowler Her Murder And The Full Story Of The Sadistic Serial Killer Levi Bellfield

Records the tragic circumstances which led to one man committing a sequence of vicious sexual assaults through to the murders of Rachel Nickell and Samantha and Jazmine Bisset. It has taken Alan Jackaman over 25 years to come to terms with what he experienced, but he now tells of his part in the downfall of serial killer Robert Napper. Reveals for the first time information not until now in the public domain and tells of the author’s tenacity as a lower-ranking officer in the face of dwindling resources and sometimes disparagement by more senior investigators. A straightforward account of the solving of heinous and complex crimes, it also delves into media fascination with serious offences and shows how the press may latch on to one murder whilst ignoring another, even more horrific, one. The author was an investigator on the Bisset case from day one through to seeing that case linked to London’s Green Chain Walk rapes and the discovery that Napper also killed Rachel Nickell on Wimbledon Common. The book tells for the first time the behind the scenes story of how the misguided targeting of Colin Stagg and rebuffing of the Bisset team’s suspicions allowed Napper to escape justice for 15 years. The book also looks at the mind of Robert Napper, his bizarre behaviour, family history and ‘doodlings’ (some reproduced in this book) and the fact that sheer ‘chance’ allowed him to remain free for so long. By the detective who arrested Napper. Looks at the emergence of criminal profiling. Enters the mind of a psychotic killer. Shows how media ‘obsession’ can hinder justice. Contains previously unpublished material. Extract: ‘To be able to properly investigate the murders of Samantha and Jazmine it was necessary to research the sequence of Green Chain Walk rapes. At first glance the string of offences bore the classic hallmarks of a psychopath who grew ever more cunning, yet reckless, but more importantly ever more violent. Studies of this type of offender clearly show they learn as they progress in their offending..’

A brand new Ryder & Loveday mystery from global bestseller Faith Martin

Rachel Nickell was walking with her two-year-old son and and their dog on Wimbledon Common when she was savagely assaulted and murdered. A young undercover policewoman befriended the man that police wrongly-suspected of being the murderer, and this is the story of this dramatic investigation.

THE STUFF OF NIGHTMARES...A man alone in a bedsit with a young woman friend, who suddenly unleashes a deadly onslaught, without warning or reason.The stabs don’t hurt. They seem more like punches. Then he realises that the red liquid pumping out of his body and on to the floor is his blood. He doesn’t realise, as he drifts into unconsciousness before death supervenes, that he’ll never wake up again...In March 2013, Joanne Dennehy stabbed three Peterborough men to death within the space of a few days. One was her landlord, Kevin Lee. Dennehy and her sidekick, Gary Stretch, put the body into a wheelie bin and dumped his corpse in a ditch close to White Post Road in the Parish of Newborough. Lukasz Slaboszewski and John Chapman were stabbed to death and disposed of in a farmland ditch several miles away. She then attempted to murder two other men. By the grace of God they survived.Joanne Dennehy is unique, for she now ranks alongside Myra Hindley and Rosemary West as one of the most heinous female serial killers in British criminal history. Only her death will bring about her release from prison.This book, by a leading criminologist and expert on serial killers, has been written with the full cooperation of the police involved in the case, and many of those who knew Joanne Dennehy and her victims.

The true story behind the ITV series, A Confession 'The gripping allure of long-form podcasts, such as Serial' Observer On the evening of Saturday, 19 March 2011, D.S. Stephen Fulcher receives a life-changing call that thrusts him into a race against the clock to save missing 22-year-old Sian O’Callaghan, who was last seen at a nightclub in Swindon. Steve knows from experience that he has a small window of time to find Sian alive, but his hopes are quickly dashed when his investigation leads him to Christopher Halliwell, a cabbie with sick obsessions. Following the investigation as it develops hour-by-hour, Steve’s gripping inside story of the cat-and-mouse situation that ensues shows how he hunted down Halliwell – his number-one suspect – which led him to the discovery of Sian’s body and another victim, Becky Godden-Edwards, who had been missing since 2002. The murders shocked the nation and Halliwell become one of the most hated men in Britain. Since then, he has been linked to several murders and disappearances, and has been called 'sick in the head' by an ex-cellmate for his unrelenting hatred of women. Catching a Serial Killer is a thrilling, devastating and absorbing look at a real-life murder case and potentially one of the UK’s most prolific serial killers.

He was a pillar of the community, serving on local committees, donating prizes to the rugby club, organising charity collections. His patients thought the world of him: he was attentive, kind, never too busy to chat. Yet Dr Harold Frederick Shipman was also the most prolific serial killer the world has ever known, with between 200 and 300 victims. Quietly, for many years, the small, bespectacled GP was making unexpected house calls - and walking out leaving a dead body behind. The murderous career of Dr Shipman only came to an end when police in Hyde, Greater Manchester, were called to investigate a forged will. Overnight, they found themselves embroiled in the biggest murder case in British history. Substantially revised and updated since Shipman's suicide in prison, this is a compelling account of these monstrous crimes and of the man who committed them. The authors have had unparalleled access to friends, colleagues and patients. Their in-depth and authoritative investigation looks at how he killed, how he was able to get away with it for so long, and - most important of all - why.

The shocking true story of a bizarre kidnapping and the victims’ re-victimization by the justice system. In March 2015, Denise Huskins and her boyfriend Aaron Quinn awoke from a sound sleep into a nightmare. Armed men bound and drugged them, then abducted Denise. Warned not to call the police or Denise would be killed. Aaron agonized about what to do. Finally he put his trust in law enforcement and dialed 911. But instead of searching for Denise, the police accused Aaron of her murder. His story, they told him, was just unbelievable. When Denise was released alive, the police turned their fire on her, dubbing her the “real-life ‘Gone Girl!’” who had faked her own kidnapping. In Victim F, Aaron and Denise recount the horrific ordeal that almost cost them everything. Like too many victims of sexual violence, they were dismissed, disbelieved, and dragged through the mud. With no one to rely on except each other, they took on the victim blaming, harassment, misogyny, and abuse of power running rife in the criminal justice system. Their story is, in the end, a love story, but one that sheds necessary light on sexual assault and the abuse by law enforcement that all too frequently compounds crime victims’ suffering.

A major search and recovery operation began when a young woman’s remains were recovered in the River Aire in May 2010. Police had been investigating the disappearance of Shelley Armitage and Susan Rushworth who had gone missing in 2009; but the remains belonged to Suzanne Blamires and were to unravel a gruesome and horrifying chain of events. 40-year-old PhD student Stephen Griffiths was arrested by West Yorkshire Police after CCTV footage of him attacking Ms Blamires at his block of flats was discovered by a caretaker at the complex. She was shot with a crossbow. Once arrested Griffiths told Police: "I've killed a lot more than Suzanne Blamires -- I've killed loads." Adding gruesomely that he had "eaten some of her". Griffiths possessed disturbing video recordings and images in his flat and police found blood from both Ms Armitage and Ms Rushworth linking them to Griffiths. Having admitted to murdering Suzanne Blamires, 36, Shelley Armitage, 31, and 43-year-old Susan Rushworth, who worked as prostitutes in the Bradford area, Griffiths, who called himself the Crossbow Cannibal was jailed for life for their "wicked and monstrous" murders. This is the full story of the man known as the 'Crossbow Cannibal', whose chillingly evil actions brought terror to the streets of Bradford.

His signature jaw line and charismatic characters made him an American symbol. His films, including Bringing Up Baby, The Philadelphia Story, and North by Northwest, were timeless classics. However, Grant was also married five times and sustained a tortured, obsessive relationship with money. In this beautifully illustrated and comprehensive book, Geoffrey Wansell traces the threads of both light and darkness in one of Hollywood’s greatest stars. As his friend and co-star Deborah Kerr wrote, he was “one of the most outstanding personalities in the history of the cinema.” The truth won't let her go. Sophie Winters nearly died. Twice. The first time, she's fourteen, and escapes a near-fatal car accident with scars, a bum leg, and an addiction to Oxy that'll take years to kick. The second time, she's seventeen, and it's no accident. Sophie and her best friend Mina are confronted by a masked man in the woods. Sophie survives, but Mina is not so lucky. When the cops deem Mina's murder a drug deal gone wrong, casting partial blame on Sophie, no one will believe the truth: Sophie has been clean for months, and it was Mina who led her into the woods that night for a meeting shrouded in mystery. After a forced stint in rehab, Sophie returns home to a chilly new reality. Mina's brother won't speak to her, her parents fear she'll relapse, old friends have become enemies, and Sophie has to learn how to live without her other half. To make matters worse, no one is looking in the right places and Sophie must search for Mina's murderer on her own. But with every step, Sophie comes closer to revealing all: about herself, about Mina---and about the secret they shared.

In the summer of 2013 David Suchet will film his final scenes as Hercule Poirot. After 24 years in the role, he will have played the character in every story that Agatha Christie wrote about him (bar one, deemed unfilmable) and he will bid adieu to a role and a character that have changed his life. In Poirot and Me, David Suchet tells the story of how he secured the part, with the blessing of Agatha Christie's daughter, and set himself the task of presenting the most authentic Poirot that had ever been filmed. David Suchet is uniquely placed to write the ultimate companion to one of the world's longest running television series. Peppered with anecdotes about filming, including many tales of the guest stars who have appeared over the years, the book is essential reading for Poirot fans all over the world.

The definitive account of one of Britain's most notorious killer couples, who loved, tortured, and slayed together as husband and wife. Updated with a new afterword from the author on the twenty-fifth anniversary of the arrests From the outside, 25 Cromwell Street in Gloucester, England, looked as commonplace as the married couple who lived there. But in 1994, Fred and Rose West's home would become infamous as a "house of horrors" when the remains of nine young women—many of them decapitated, dismembered, and showing evidence of sexual torture—were found interred under its cellar, bathroom floor, and garden. And this wasn't the only burial ground: Fred's first wife and nanny were unearthed miles away in a field, while his eight-year-old stepdaughter was found entombed under the Wests' former residence. Yet, for more than twenty years, the twosome maintained a façade of normalcy while abusing and murdering female boarders, hitchhikers, and members of their own family. Howard Sounes, who first broke the story about the Wests as a journalist and covered the murder trial, has written a comprehensive account of the case. Beginning with Fred and Rose's bizarre childhoods, Sounes charts their lives and crimes in forensic detail, constructing a fascinating and frightening tale of a marriage soaked in blood. Indeed, the total number of the Wests' victims may never be known. A case reminiscent of the “Moors Murders” committed in the 1960s in Manchester by Myra Hindley and Ian Brady—as if Hindley and Brady had married and kept on killing for decades—Fred & Rose “is a story of obsessive love as well as obsessive murder” (The Times, London).

The horrific murders of Holly Wells and Jessica Chapman shocked and sickened the nation, and the man found guilty of their murders is now one of the most reviled men in the country. As if his crime was not dreadful enough, he has recently admitted that he lied under oath about the circumstances of one of the murders. This in-depth book is written by investigative journalist Nathan Yates, who witnessed the murder hunt first-hand and even interviewed Huntley his and former girlfriend, Maxine Carr. Yates also has an exclusive source for contact with Ian Huntley, and has further revelations about how far Huntley has lied about what happened that tragic day.

Levi Bellfield was an English serial killer-dubbed the "Bus Stop Killer"-because of his practice of staking out bus stops to find his victims; usually young blonde women who he would then stalk after they rejected him while they walked home before attacking them with a hammer. One victim, Kate Sheedy, did not like the looks of Bellfield or his vehicle and attempted to cross the street to get away. She was subsequently run over by Bellfield-twice. Bellfield was ultimately convicted of killing two young blonde women-Marsha McDonnell and Amelie Delagrance-as well as the attempted murder of Sheedy. He was sentenced to life in prison on 26 February 2008 with a recommendation that he should never be released. Then, evidence of a third murder victim, 13-year-old Amanda "Milly" Dowler, emerged and Bellfield was subsequently convicted of her murder and given another life sentence. Since then he has been implicated in dozens of additional assaults and murders and unsuccessfully tried for three of them.

“Both a masterpiece about the universal human condition and a masterpiece of Native American literature. . . . A book everyone should read for the joy and emotion of the language it contains.” – The Paris Review A special 50th anniversary edition of the magnificent Pulitzer Prize-winning novel from renowned Kiowa writer and poet N. Scott Momaday, with a new preface by the author A young Native American, Abel has come home from war to find himself caught between two worlds. The first is the world of his father’s, wedding him to the rhythm of the seasons, the harsh beauty of the land, and the ancient rites and traditions of his people. But the other world–modern, industrial America–pulls at Abel, demanding his loyalty, trying to claim his soul, and goading him into a destructive, compulsive cycle of depravity and disgust. An American classic, House Made of Dawn is at once a tragic tale about the disabling effects of war and cultural separation, and a hopeful story of a stranger in his native land, finding his way back to all that is familiar and sacred.

His life is good. He's premier league. At least, that's the way it was before the school trip . . . Clare Sambrook's unforgettable first novel captures with startling truth and clarity the perspective of a confused nine-year-old. Poignant and personal, Hide and Seek resonates with authenticity and a brutal honesty that manages to be harrowing, life-affirming and funny.

Why Driving is the Occupation of Choice for Britain’s Serial Killers

Long-listed for the 2018 Man Booker Prize Short-listed for the 2018 Goldsmiths Prize Inspired by the real-life murder of a British army soldier by religious fanatics, Guy Gunaratne's In Our Mad and Furious City is a snapshot of the diverse, frenzied edges of modern-day London. A crackling debut from a vital new voice, it pulses with the frantic energy of the city’s homegrown grime music and is animated by the youthful rage of a dispossessed, overlooked, and often misrepresented generation. While Selvon, Ardan, and Yusuf organize their lives around soccer, girls, and grime, Caroline and Nelson struggle to overcome pasts that haunt them. Each voice is uniquely insightful, impassioned, and unforgettable, and when stitched together, they trace a brutal and vibrant tapestry of today’s London. In a forty-eight-hour surge of extremism and violence, their lives are inexorably drawn together in the lead-up to an explosive, tragic climax. In Our Mad and Furious City documents the stark disparities and bubbling fury coursing beneath the prosperous surface of a city uniquely on the brink. Written in the distinctive vernaculars of contemporary London, the novel challenges the ways in which we coexist now-and, more important, the ways in which we often fail to do so.

SHORTLISTED FOR THE CRIME WRITER’S ASSOCIATION GOLD DAGGER AWARD FOR NON-FICTION. In September 1970, two boys met in the playground on their first day at secondary school in North London. They formed what would be described at the Old Bailey thirty years later as ‘a unique and wicked bond’. Between 1982 and 1986, striking near lonely railway stations in London and the Home Counties, their partnership took them from rape to murder. Three police forces pooled their resources to catch them in the biggest criminal manhunt since the Yorkshire Ripper Enquiry. A Dangerous Place is the first full-length account of the crimes of John Duffy and David Mulcahy. Told by the son of one of the police officers who led the enquiry, exhaustively researched and with unprecedented access, this is the story of two of the most notorious serial killers of the twentieth century and the times they operated in. It is the story of the women who died at their hands. It is the story of the women who survived them, and who had the courage to ensure justice was done. And it is the story of a father, told by a son.

NOW A MAJOR TV DRAMA STARRING MARTIN CLUNES What does it take to catch one of Britain's most feared killers? Levi Bellfield is one of the most notorious British serial killers of the last fifty years - his name alone evokes horror and revulsion, after his string of brutal murders in the early 2000s. At 3:07pm on 21st March, 2002, Milly Dowler left her school in Surrey for the last time. Less than an hour later, she was to be abducted and murdered in the cruellest fashion, sparking a missing person investigation that would span months before her body was found. In the two years that followed, two more young women - Marsha McDonnell and then Amélie Delagrance - were murdered in unspeakably brutal attacks. Yet with three murdered women on their hands, and few leads open to them, investigating officers were running out of ideas and options, until SIO Colin Sutton was drafted into the investigation for the murder of Delagrance. Seeing a connection between the three women, and thriving under the pressure of a serial killer hunt, Sutton was finally able to bring their murderer to justice after the case had begun to seem hopeless. Manhunt tells the story of how he led the charge to find a mystery killer, against the clock and against the odds - day by day and lead by lead. At once a gripping police procedural, and an insight into the life of an evil man, this is the story behind what it takes to track down a shockingly violent murderer before he strikes again.

Why do serial killers gravitate towards certain kinds of occupation? Why do they pursue certain types of victim? How do they leave the radar and remain hidden? Through his wide knowledge of the topic honed at one of Britain's leading centres for criminological studies, Adam Lynes demonstrates how theory, practice, profiling and behaviour intertwine to identify the kind of people we should fear (and especially if we are vulnerable to predators). The book also looks at those personality-types most likely to become serial killers whilst hiding in plain sight. From Britain's serial killing studies centre of excellence. Looks in depth at eight of Britain’s serial killer drivers, dealing with some of the most notorious crimes of modern times. A fresh and uniquely interesting perspective. Demonstrates the links between mobility, transience, recognisance, predatory behaviour and acting out murderous fantasies. From the text "It is apparent that driving as a form of occupational choice is a “popular” form of employment for British serial murderers. In an effort to determine why this may be, [the] case studies of eight British serial murderers [in the book] demonstrate just how such an occupation can impact upon these offenders’ criminal behaviour...These findings may prove to be of benefit to scholars of serial murder, and to those who attempt to apprehend them."

Rage is an unprecedented and intimate tour de force of new reporting on the Trump presidency facing a global pandemic, economic disaster and racial unrest. Woodward, the #1 international bestselling author of Fear: Trump in the White House, has uncovered the precise moment the president was warned that the Covid-19 epidemic would be the biggest national security threat to his presidency. In dramatic detail, Woodward takes readers into the Oval Office as Trump’s head pops up when he is told in January 2020 that the pandemic could reach the scale of the 1918 Spanish Flu that killed 675,000 Americans. In 17 on-the-record interviews with Woodward over seven volatile months—an utterly vivid window into Trump’s mind—the president provides a self-portrait that is part denial and part combative interchange mixed with surprising moments of doubt as he glimpses the perils in the presidency and what he calls the “dynamite behind every door.” At key decision points, Rage shows how Trump’s responses to the crises of 2020 were rooted in the instincts, habits and style he developed during his first three years as president. Revisiting the earliest days of the Trump presidency, Rage reveals how Secretary of Defense James Mattis, Secretary of State Rex Tillerson and Director of National Intelligence Dan Coats struggled to keep the country safe as the president dismantled any semblance of collegial national security decision making. Rage draws from hundreds of hours of interviews with firsthand witnesses as well as participants' notes, emails, diaries, calendars and confidential documents. Woodward obtained 25 never-seen personal letters exchanged between Trump and North Korean leader Kim Jong Un, who describes the bond between the two leaders as out of a “fantasy film.” Trump insists to Woodward he will triumph over Covid-19 and the economic calamity. “Don't worry about it, Bob. Okay?” Trump told the author in July. “Don't worry about it. We'll get to do another book. You'll find I was right.”

Geoffrey Wansell's The Bus Stop Killer is chilling portrait of a notorious serial killer. On 23 Jun 2011 the convicted double-murderer Levi Bellfield was found guilty of the murder of 13-year-old school girl Milly Dowler. Milly disappeared on her way home from school in Walton-on-Thames, Surrey in 2002. Six months later her body was discovered many miles away. A massive police investigation, the largest manhunt in Surrey's history, got nowhere. Only when nightclub bouncer and bare-knuckle boxer Levi Bellfield was arrested for the murder of another young woman did it become clear to police that they had a serial killer on their hands. This is the full story of the murders, the victims and the pain-staking nine-year investigation and trial by police and prosecutors. It tells of Bellfield's terrifying, controlling personality - a man who went from charming to monstrous in the blink of an eye - and his depraved stalking of young women. The Bus Stop Killer is Geoffrey Wansell's terrifying portrait of the only man in modern British legal history to be given two whole-life sentences. Geoffrey Wansell has been acknowledged as one of Britain's leading authorities on serial killers. He was short-listed for the Whitbread Prize (now the Costa Book Award) for his biography of Terence Rattigan, and was appointed by the Official Solicitor to the Supreme Court to write the biography of Gloucester-based serial killer Frederick West. He lives in London, and is an award-winning freelance journalist who works principally for the Daily Mail. http://www.geoffreywansell.com/
