Bestselling and award-winning author Lee Strobel interviews experts about the evidence for the afterlife and offers credible answers to the most provocative questions about what happens when we die, near-death experiences, heaven, and hell. We all want to know what awaits us on the other side of death, but is there any reliable evidence that there is life after death? Investigative author Lee Strobel offers a lively and compelling study into one of the most provocative topics of our day. Through fascinating conversations with respected scholars and experts--a neuroscientist from Cambridge University, a researcher who analyzed a thousand accounts of near-death experiences, and an atheist-turned-Christian-philosopher--Strobel offers compelling reasons for why death is not the end of our existence but a transition to an exciting world to come. Looking at biblical accounts, Strobel unfolds what awaits us after we take our last breath and answers questions like: Is there an afterlife? What is heaven like? How will we spend our time there? And what does it mean to see God face to face? With a balanced approach, Strobel examines the alternative of Hell and the logic of damnation, and gives a careful look at reincarnation, universalism, the exclusivity claims of Christ, and other issues related to the topic of life after death. With vulnerability, Strobel shares the experience of how he nearly died years ago and how the reality of death can shape our lives and faith. Follow Strobel on this journey of discovery of the entirely credible, believable, and exhilarating life to come.

New York Times bestselling author Lee Strobel trains his investigative sights on the hot-button question: is it really credible to believe God intervenes supernaturally in people's lives today? This provocative book starts with an unlikely interview in which America's foremost skeptic builds a seemingly persuasive case against the miraculous. But then Strobel travels the country to quiz scholars to see whether they can offer solid answers to atheist objections. Along the way, he encounters astounding accounts of healings and other phenomena that simply cannot be explained away by naturalistic causes. The book features the results of exclusive new scientific polling that shows miracle accounts are much more common than people think. What's more, Strobel delves into the most controversial question of all: what about miracles that don't happen? If God can intervene in the world, why doesn't he do it more often to relieve suffering? Many American Christians are embarrassed by the supernatural, not wanting to look odd or extreme to their neighbors. Yet, The Case for Miracles shows not only that the miraculous is possible, but that God still does intervene in our world in awe-inspiring ways. Here!s a unique book that examines all sides of this issue and comes away with a passionate defense for God's divine action in lives today. Also available: The Case for Miracles Spanish edition, kids' edition, and student edition.

The book consists primarily of interviews between Strobel (a former legal editor at the Chicago Tribune) and biblical scholars such as Bruce Metzger. Each interview is based on a simple question, concerning historical evidence (for example, "Can the Biographies of Jesus Be Trusted?"), scientific evidence, ("Does Archaeology Confirm or Contradict Jesus' Biographies?"), and "psychiatric evidence" ("Was Jesus Crazy When He Claimed to Be the Son of God?"). Together, these interviews compose a case brief defending Jesus' divinity, and urging readers to reach a verdict of their own.

'My road to atheism was paved by science . . . But, ironically, so was my later journey to God.' ---Lee Strobel *During his academic years, Lee Strobel became convinced that God was outmoded, a belief that colored his ensuing career as an award-winning journalist at the Chicago Tribune. Science had made the idea of a Creator irrelevant---or so Strobel thought. But today science is pointing in a different direction. In recent years, a diverse and impressive body of research has increasingly supported the conclusion that the universe was intelligently designed. At the same time, Darwinism has faltered in the face of concrete facts and hard reason. Has science discovered God? At the very least, it's giving faith an immense boost as new findings emerge about the incredible complexity of our universe. Join Strobel as he reexamines the theories that once led him away from God. Through his compelling and highly readable account, you'll encounter the mind-stretching discoveries from cosmology, cellular biology, DNA research, astronomy, physics, and human consciousness that present astonishing evidence in The Case for a Creator. Also available in mass market and audio CD editions.*

The resurrection of Jesus Christ is the very cornerstone of Christianity. But a dead man coming back to life? In our sophisticated age, when myth has given way to science, who can take such a claim seriously? Some argue that Jesus never died on the cross. Focusing his award-winning skills as a legal journalist on history's most compelling enigma, Lee Strobel retraces the startling findings that led him from atheism to belief. He examines: The Medical Evidence: Was Jesus' death a sham and his resurrection a hoax? The Evidence of the Missing Body: Was Jesus' body really absent from his tomb? The Evidence of Appearances: Was Jesus seen alive after his death on the cross? Written in a hard-hitting journalistic style, The Case for Easter probes the core issues of the resurrection. Jesus Christ, risen from the dead: superstitious myth or life-changing reality? The evidence is in. The verdict is up to you.

Each story that Strobel shares in The Case for Grace contributes a piece to the puzzle of grace, showing us: How grace goes beyond forgiveness to acceptance and even adoption by God How it restores hope when none is left; how it extends to the most heinous circumstances How it allows us to forgive those who caused our most intimate wounds--and even to forgive ourselves Through it all, you will be encouraged as you see how God's grace can revolutionize your life--starting today.

The Case for Christ Study Bible features more than 500 notes and articles, including: A.) The Case for a Creator: highlighting the wonders of creation and demonstrating how the scientific evidence supports belief in an all-powerful Creator. B.) It can do the same for others who commit to examining the evidence for themselves.

The youth ministry focus of Dietrich Bonhoeffer's life is often forgotten or overlooked, even though he did much work with young people and wrote a number of papers, sermons, and addresses about or for the youth of the church. However, youth ministry expert Andrew Root explains that this focus is central to Bonhoeffer's story and thought. Root presents Bonhoeffer as the forefather and model of the growing theological turn in youth ministry. By linking contemporary youth workers with this epic theologian, the author shows the depth of youth ministry work and underscores its importance in the church. He also shows how Bonhoeffer's life and thought impact present-day youth ministry practice.

"This book will prove to be a most effective weapon... against the debunking and skeptical attitudes toward the Gospels that are so prevalent, not only in academe, but also on the street, among young people who, sadly, are leaving the Churches in droves." – Robert Barron, author of Catholicism For well over a hundred years now, many scholars have questioned the historical truth of the Gospels, claiming that they were originally anonymous. Others have even argued that Jesus of Nazareth did not think he was God and never claimed to be divine. In The Case for Jesus, Dr. Brant Pitre, the bestselling author of Jesus and the Jewish Roots of the Eucharist, goes back to the sources—the biblical and historical evidence for Christ—in order to answer several key questions, including: • Were the four Gospels really anonymous? • Are the Gospels folklore? Or are they biographies? • Were the four Gospels written too late to be reliable? • What about the so-called "Lost Gospels," such as "Q" and the Gospel of Thomas? • Did Jesus claim to be God? • Is Jesus divine in all four Gospels? Or only in John? • Did Jesus fulfill the Jewish prophecies of the Messiah? • Why was Jesus crucified? • What is the evidence for the Resurrection? As The Case for Jesus will show, recent discoveries in New Testament scholarship, as well as neglected evidence from ancient manuscripts and the early church fathers, together have the potential to pull the rug out from under a century of skepticism toward the traditional Gospels. Above all, Pitre shows how the divine claims of Jesus of Nazareth can only be understood by putting them in their ancient Jewish context.

Written by an L. A. County homicide detective and former atheist, Cold-Case Christianity examines the claims of the New Testament using the skills and strategies of a hard-to-convince criminal investigator. Christianity could be defined as a "cold case": it makes a claim about an event from the distant past for which there is little forensic evidence. In Cold-Case Christianity, J. Warner Wallace uses his nationally recognized skills as a homicide detective to look at the evidence and eyewitnesses behind Christian beliefs. Including gripping stories from his career and the visual techniques he developed in the courtroom, Wallace uses illustration to examine the powerful evidence that validates the claims of Christianity. A unique apologetic that speaks to readers' intense interest in detective stories, Cold-Case Christianity inspires readers to have confidence in Christ as it prepares them to articulate the case for Christianity.

Lee Strobel is best known for his bestselling books and lectures on the topic of apologetics. After being featured in God's Not Dead 2, his own life is now the subject for a full-length feature film from Pure Flix Entertainment. He is excited about the possibility of trimming the existing Case for Christianity Answer Book into a booklet-sized product that will help lift the visibility of several projects: the parent book (the Answer Book), the newly recover Case for Christ that will release in tandem with the movie, as well as promoting the movie itself.

A Theological Vision for Discipleship and Life Together

A Journalist Investigates Evidence for Life After Death

Taylor

Who Was Jesus? A good man? A lunatic? God? There's little question that he actually lived. But miracles? Rising from the dead? Some of the stories you hear about him sound like just that--stories. A reasonable person would never believe them, let alone the claim that he's the only way to God! But a reasonable person would also make sure that he or she understood the facts before jumping to conclusions. That's why Lee Strobel--an award-winning legal journalist with a knack for asking tough questions--decided to investigate Jesus for himself. An atheist, Strobel felt certain his findings would bring Christianity's claims about Jesus tumbling down like a house of cards. He was in for the surprise of his life. Join him as he retraces his journey from skepticism to faith. You'll consult expert testimony as you sift through the truths that history, science, psychiatry, literature, and religion reveal. Like Strobel, you'll be amazed at the evidence--how much there is, how strong it is, and what it says. The facts are in. What will your verdict be in The Case for Christ?

To young Christians of the world, Pope Francis has a message for you: "Christ is alive, and he wants you to be alive!" In his fourth apostolic exhortation, Christus Vivit, Pope Francis encapsulates the work of the 2018 synod of bishops on "Young People, The Faith, and Vocational Discernment." Pope Francis has always had a special relationship with young people, and in his fatherly love for you he shows that: You can relate to young people in Scripture who made a difference You identify with the Christ who is always young You face difficult issues in the world today You yearn for the truth of the Gospel You are capable of amazing things when you respond to the Gospel You learn and grow with help from the faithful of all generations You need bold and creative youth ministry You can discover who God made you to be You are urged to pray for discernment Christus Vivit is written for and to young people, but Pope Francis also wrote it for the entire Church, because, as he says, reflecting on our young people inspires us all. "May the Holy Spirit urge you on as you run this race. The Church needs your momentum, your intuitions, your faith. We need them! And when you arrive where we have not yet reached, have the patience to wait for us."
