Winner, 2021 Miller Williams Poetry Prize Michael McGriff's **Eternal Sentences** bears witness to the world of gravel roads, working-class families, and geographic isolation in poems that illuminate both common occurrence and the territories of the surreal. Here, in rendering every line as a single sentence, McGriff depicts a world seen through fragments, quick leaps, and wild associations. Haunted as much by place and people as by the possibilities of image-making itself, **Eternal Sentences** is a song for the hidden depots of rural America. Examines Warhol's invention of himself as celebrity, businessman, and mass producer of art; discusses his influence on design, fashion, art, and pop culture; and explores the artist's range of work from advertising illustrations, through paintings, silk-screens, sculptures, and film. **History of France Demoniality; Or, Incubi and Succubi The Bell Jar Capri. The History of the Popes

The church that the Venetians built to house the body of St. Mark, taken by them from Alexandria, is famous the world over. They spared no expense, and employed the most skilled artisans, to create a monument to their faith in their patron saint and to their commercial and artistic glory. Mosaics, marbles, pavements, sculptures, icons and decorations are unrivalled in their sumptuousness and as examples of Byzantine art at its apex. With 133 high-quality color photographs, including many details and many full-page illustrations, this book provides complete documentation of the history and decorative program of the Basilica. It will appeal to those who are interested in Venice, in Byzantine art, in mosaics, pavements, the decorative arts, and Church history.

The first comprehensive survey to explore the rich and complex history of contemporary Korean art – an incredibly timely topic Starting with the armistice that divided the Korean Peninsula in 1953, this one-of-a-kind book spotlights the artistic movements and collectives that have flourished and evolved throughout Korean culture over the past seven decades – from the 1950s avant-garde through to the feminist scene in the 1970s, the birth of the Gwangju Biennale in the 1990s, the lesser known North Korean art scene, and all the artists who have emerged to secure a place in the international art world.

Eternal Sentences

Since 1999, the Guatemalan performance artist Regina Jos é Galindo (born 1974) has drawn attention to her native country's oppression of women and the poor by activating her body as a site for collective inscription. Several of her performances are extreme exercises in the deprivation of dignity: she has been publicly stunned with an electroshock gun and "cleansed" with a power hose; she once commissioned a plastic surgeon to locate the imperfections on her naked body in public with a marker. In Guatemala, these actions are not so easily assigned to the symbolic realm: in a 2005 interview Galindo said, "As Guatemalans, we know how to decipher any image of pain, because we have seen it all up close." This volume surveys all of Regina Jos é Galindo's works in performance and video from 2006 to 2010.

HOW AMERICA WON THE RACE TO THE MOON! In this fascinating history of the Apollo 11 mission, The Associated Press chronicles America's journey to the moon. In 1957 the Soviet Union sent Sputnik, the first man-made satellite, into space. America took up the challenge to explore the next frontier. A dozen years, and 25 billion dollars later, the mission of Apollo 11 would yield man's finest hour. For that was the first time man's foot left prints on another heavenly body. And that was only the beginning. "Apollo 11" is the incredible story of how a nation forged the technology during the turbulent 1960s to slip humanity from the bonds of its native planet. This inside look remembers those who made the great enterprise succeed. The achievement of the astronauts, especially Neil Armstrong, Buzz Aldrin, and Michael Collins, was more than a victory for the United States; it was a triumphant moment for all mankind. And no other moment will seem as big until we reach beyond the moon for other planets, other stars. This special anniversary edition features an introduction by AP's Aerospace Correspondent Marcia Dunn, a bonus photo gallery and select artifacts from the corporate archives of The Associated Press.

The Secret City

This carefully crafted ebook: "The Bell Jar" is formatted for your eReader with a functional and detailed table of contents. Esther Greenwood, a young woman from the suburbs of Boston, gains a summer internship at a prominent magazine in New York City, under editor Jay Cee; however, Esther is neither stimulated nor excited by either the big city or the glamorous culture and lifestyle that girls her age are expected to idolize and emulate. She instead finds her experience to be frightening and disorienting. From hereafter her mental state keeps deteriorating until she starts feeling helpless as if being kept inside a glass bell jar! The Bell Jar is the only novel written by the American writer and poet Sylvia Plath. Originally published under the pseudonym "Victoria Lucas" in 1963, the novel is semi-autobiographical, with the names of places and people changed. The book is often regarded as a roman à clef because the protagonist's descent into mental illness parallels Plath's own experiences with what may have been clinical depression or bipolar II disorder. Plath died by suicide a month after its first UK publication. The novel was published under Plath's name for the first time in 1967 and was not published in the United States until 1971, in accordance with the wishes of both Plath's husband, Ted Hughes, and her mother.

The monastery of Monte Cassino, founded by St. Benedict in the sixth century, was the cradle of Western monasticism. It became one of the vital centers of culture and learning in Europe. At the height of its influence, in the eleventh and early twelfth centuries, two of its abbots (including Desiderius) and one of its monks became popes, and it controlled a vast network of dependencies--churches, monasteries, villages, and farms--especially in central and southern Italy. Herbert Bloch's study, the product of forty years of research, takes as its starting point the twelfth-century bronze doors of the basilica of the abbey, the most significant relic of the medieval structure. The panels of these doors are inscribed with a list of more than 180 of the abbey's possessions. Mr. Bloch has supplemented this roster with lists found in papal and imperial privileges and other documents. The heart of the book is a detailed investigation of the nearly 700 dependencies of Monte Cassino from the sixth to the twelfth century and beyond. No comparable study of this or any other great medieval institution has ever before been undertaken. Ironically, it was the bombing of 1944, which destroyed the monastery, that led to an unexpected revelation: the discovery, on the reverse side of some panels of the doors, of magnificent engraved figures of patriarchs and apostles. These proved to be remnants of the church portal ordered from Constantinople by Desiderius in the eleventh century, which marked the beginning of the grandiose reconstruction of the abbey and its church, the latter to become a model for many other churches. In order to solve the riddle of the doors of Monte Cassino, Bloch has investigated other bronze doors of Byzantine origin in Italy and the doors of the great Italian master Oderisius of Benevento, as well as those of S. Clemente a Casauria and of the cathedral of Benevento. Also included is a study of the political and cultural impact of Byzantium on Monte Cassino and a chapter on Constantinus Africanus, Saracen turned monk, one of the most interesting figures in the history of medieval medicine. The text is sumptuously illustrated with 193 plates; most of the more than 300 illustrations have never before been published. This three-volume work, with its nine detailed indexes, offers a wealth of information for scholars in many different fields.

A Memoir

Speculation was intense that the Russian Mafia in District 15, Moscow were laundering money via China to invest in London property. Two names were on the radar. The Russian Taras Petrov and Chinese businessman Xi Lang. If the full facts about these two were known to Sarah Petri she would have probably refused to seduce Xi Lang as a means for her and Hacket to infiltrate the Russian/Chinese syndicate. The problem was that many involved wanted a cut of the dirty funds but did not appreciate the price they would have to pay.

Africa is a source of amazing bio-diversity and home to some of the planet's most spectacular landscapes. The sights of this awe-inspiring continent are captured with consummate skill and sensitivity by master lensman Michael Poliza. With extensive experience photographing the animals and terrain of Africa, Poliza's viewpoint is shaped by his concern for the fragile eco-systems he chronicles. These images embody the soul of Africa's flora and fauna with a true artist's eye for color and composition. This book will be enjoyed for years to come. Poliza started as a child actor on German TV, then founded several highly successful IT ventures in the US and Germany. His ?STARSHIP MILLENNIUM VOYAGE, ? around the world on a 75 ft expedition yacht, was avidly followed by millions via internet. Poliza now focuses mainly on film and photography, including work for the Discovery Channel. He spends a great deal of time based in Cape Town, and is a pioneer in the use of digital photography for illustrated books. ? An ideal gift, both for the lover of fine art photography and the keen naturalist ? A timeless collection highlighting the beauty of Africa's natural riches

From their forms to their movements, Cartier watches are unique. They are an enduring combination of the unexpected and the classical. This book chronicles Cartiers constant quest for excellence in the manufacture of complicated watches. From a Tortue single push-piece chronograph, created in 1929, to a contemporary Santos 100 skeleton watch, Cartier interprets complications in its own inimitable way, always with a sense of design. Laziz Hamanis photographs capture these objects of exceptional technicity while author and expert Jack Forster shares the spirit that motivates each craftsman, engineer and artist to create the most stunning complicated watches.

***NEW YORK TIMES BESTSELLER* "A gripping journey."--People The highly anticipated memoir from hip-hop icon Rick Ross chronicles his coming of age amid Miami's crack epidemic, his star-studded controversies and his unstoppable rise to fame. Rick Ross is an indomitable presence in the music industry, but few people know his full story. Now, for the first time, Ross offers a vivid, dramatic and unexpectedly candid account of his early childhood, his tumultuous adolescence and his dramatic ascendancy in the world of hip-hop. Born William Leonard Roberts II, Ross grew up "across the bridge," in a Miami at odds with the glitzy beaches, nightclubs and yachts of South Beach. In the aftermath of the 1980 race riots and the Mariel boatlift, Ross came of age at the height of the city's crack epidemic, when home invasions and execution-style killings were commonplace. Still, in the midst of the chaos and danger that surrounded him, Ross flourished, first as a standout high school football player and then as a dope boy in Carol City's notorious Matchbox housing projects. All the while he honed his musical talent, overcoming setback after setback until a song called "Hustlin'" changed his life forever. From the making of "Hustlin'" to his first major label deal with Def Jam, to the controversy surrounding his past as a correctional officer and the numerous health scares, arrests and feuds he had to transcend along the way, Hurricanes is a revealing portrait of one of the biggest stars in the rap game, and an intimate look at the birth of an artist.**
