

The Courage To Be Rich Suze Orman

#1 New York Times bestselling author and financial expert Suze Orman helped millions of Americans change the course of their financial destiny and prosper in every way with The Courage to Be Rich. Now, Suze has revised and updated this million-copy bestseller to further inspire readers to find the courage to start over in these changing times and realize their true potential for material and spiritual wealth—even in today's challenging economic climate. Now available in trade paperback for the first time, this edition goes beyond Suze's earlier work in outlining a life-changing process for manifesting abundance and brings her revolutionary ideas of combining the spiritual and the financial up to date. With honesty, empathy, and a dazzling knowledge of how the world of money works, the country's most trusted financial expert motivates readers to summon the courage to cope with tragedy—whether it's personal or global—along with its economic aftermath. Rich in spirit, The Courage to Be Rich also reveals how a sagging economy may influence the money readers have—and have yet to make—and what they need to do to safeguard their financial future without sacrificing their generosity. With new information that pertains to recent changes in tax laws and how they affect IRAs, The Courage to Be Rich addresses the financial issues and milestones we face throughout our lives—marriage, divorce, and death; buying a home; and spending (and overspending) on life's necessities and luxuries. Suze shows readers how to take control of their financial tomorrows today with her trademark expertise and compassion, and convinces us that we can alter our financial destinies only when our intentions are in harmony our actions. That process begins with overcoming and forgiving feelings of fear—an emotion that acts as an internal obstacle to wealth. Suze explains how to make room for more money by eliminating all the clutter—thoughts, words, actions, and material objects—blocking its path. This newfound clarity will empower readers to start afresh to create the true wealth they want and deserve. In The Courage to Be Rich, Suze urges readers to live beyond the bottom line by passing money through their hearts and hands out into the world, to make it a better place. She demonstrates how every action taken is an offering to the world that repays in kind, and how charity has the power to enhance every life. Best of all, she explains how to determine when one is giving too much and when one is giving too little. Combining practical strategies, personal exercises, compelling case studies, and her trademark provocative insights, Suze guides readers through the financial rites of passage, detailing how to: Find the courage to endure financial setbacks and overcome feelings of shame, fear, or anger about money Keep money safe in a weak economy Speak the language of wealth rather than the language of poverty Break debilitating patterns that keep you from having more and being more Protect your life against the financial "what-ifs" Start over from nothing Use your home to secure your retirement years Prepare safely and wisely for the future Bring together the laws of wealth with the laws of life For Suze, The Courage to Be Rich means valuing people over money and money over things. It means having all that you love and loving all that you have. It means turning toward your money and turning some of your money toward others. Ultimately, it means taking the courageous steps necessary to attain your material and spiritual wealth. Practical, spiritual, and above all, soundly financial, The Courage to Be Rich is a book for today's challenging times. Money, money, money! It makes the world go round and round so it seems. You can either think about it or not, but you cannot escape it! How To Gain Wealth With Just One Word is a short and sweet ebook alternative. The author shares his personal experiences on receiving wealth and how his experiences will help you. This ebook discusses the power of thought, the subconscious and how to receive the best results on receiving wealth.

The Way of Rest gathers nearly 200 of Jeff Foster's most inspiring essays, poems, and reflections on restoring and reviving ourselves when we feel exhausted or defeated. Drawing from his personal journey—including his own struggles with illness and depression—Jeff invites us to contemplate “the Way of Rest” and its potential to transform our experience of: • Imperfection—how we are “gloriously flawed” yet complete exactly as we are • Not knowing—how we come to trust in the greater intelligence of life • Melancholy and loneliness—how we learn to release the healing energies of “exquisite sensitivity” • Ordinary moments—recognizing and receiving “the closest thing of all” • Discomfort and discontent—how our frustrations become an opening to deep peace • Love—rediscovering who we are beyond our carefully constructed facades • Silence—discovering the vibrancy of living by letting go of thoughts and concepts “I hope the words in this book inspire, challenge, and encourage you. But most of all, I hope they help you remember that you are life, inseparable from the power that grows the flowers and gives birth to galaxies,” writes Jeff Foster. The Way of Rest brings you his companionship and support whenever you need it most.

“Marie Kondo, but for your brain.” —HelloGiggles “Compelling from front to back. Highly recommend.” —Marc Andreessen Reading this book could change your life. The Courage to Be Disliked, already an enormous bestseller in Asia with more than 3.5 million copies sold, demonstrates how to unlock the power within yourself to be the person you truly want to be. Is happiness something you choose for yourself? The Courage to Be Disliked presents a simple and straightforward answer. Using the theories of Alfred Adler, one of the three giants of nineteenth-century psychology alongside Freud and Jung, this book follows an illuminating dialogue between a philosopher and a young man. Over the course of five conversations, the philosopher helps his student to understand how each of us is able to determine the direction of our own life, free from the shackles of past traumas and the expectations of others. Rich in wisdom, The Courage to Be Disliked will guide you through the concepts of self-forgiveness, self-care, and mind decluttering. It is a deeply liberating way of thinking, allowing you to develop the courage to change and ignore the limitations that you might be placing on yourself. This plainspoken and profoundly moving book unlocks the power within you to find lasting happiness and be the person you truly want to be. Millions have already benefited from its teachings, now you can too.

The Simple Path to Wealth

A powerful collection of 36 stories about how the world's most successful women have overcome some of life's biggest challenges to reach the top of their professions. This is a book written for every current and aspiring leader, revealing the things that leaders rarely talk about; the behind the scenes struggles. The women in these stories are powerful, internationally diverse and have impressive leadership accomplishments. They were brought together through one unifying experience: they have all completed the Harvard Business School Women on Boards program, a course that has turned into a movement. Today there are over 130 members of the WomenExecs on Boards network, from 17 countries. This is the network where organizations go to find educated, prepared, qualified and diverse women for corporate board seats. After reading this book you will be inspired to lead and make a difference for others whether it's running a company or leading a division, team, project, community event or your family and home. You will discover that you already have all you need to succeed when it gets hard, to never give up, and how to keep going through life's difficult and sometimes terrible challenges. These women want you to know that you are not alone, and that you can lean on the strength of those who have gone before you, keep leading and keep getting back up again and again.

Richard Branson stated: "No goal is beyond our reach and even the impossible can become possible for those with vision and belief in themselves." This is the topic of this book, which studies the lives of 50 extraordinarily successful women and men - most of them entrepreneurs, but also top managers, athletes, entertainers and others - to find out what distinguishes them and the lessons that we can all learn. What really sets these highly successful and rich individuals apart is their courage to be different from the majority of those around them. They challenge traditional ways of thinking and they set their goals and ambitions considerably higher than most people. Their stories serve as powerful guidelines for anyone who wants to aim higher and achieve much more than those around you.

A near-death boating accident forced 31-year-old James Nowlin to take a long hard look in the mirror. As a result of what he calls his "awakening," this already self-made millionaire and respected CEO reshaped his perspective and reprioritized his life. In The Purposeful Millionaire, James shares the four-part formula he used to transform his life into one of abundance and purposefulness. He believes that if he can survive the literal waters from which he was pulled, you too can survive--and thrive--in life's roughest waters. In this book, you'll learn how to: · Shift thoughts of self-doubt and fear into ones of certainty · Attract abundant personal and business relationships · Use discipline and routine as the foundation of success · Adopt an attitude of humility, kindness, and gratitude · Arm yourself with the self-made-millionaire mindset The Purposeful Millionaire will take you on a journey of self-mastery, guiding you to unlock your greater purpose; to achieve your highest success; and to live an epic, powerful, and abundant life. Your life is in your control!

"In the dark, bewildering, trap-infested jungle of misinformation and opaque riddles that is the world of investment, JL Collins is the fatherly wizard on the side of the path, offering a simple map, warm words of encouragement and the tools to forge your way through with confidence. You'll never find a wiser advisor with a bigger heart." -- Malachi Rempen: Filmmaker, cartoonist, author and self-described ruffian This book grew out of a series of letters to my daughter concerning various things-mostly about money and investing-she was not yet quite ready to hear. Since money is the single most powerful tool we have for navigating this complex world we've created, understanding it is critical. "But Dad," she once said, "I know money is important. I just don't want to spend my life thinking about it." This was eye-opening. I love this stuff. But most people have better things to do with their precious time. Bridges to build, diseases to cure, treaties to negotiate, mountains to climb, technologies to create, children to teach, businesses to run. Unfortunately, benign neglect of things financial leaves you open to the charlatans of the financial world. The people who make investing endlessly complex, because if it can be made complex it becomes more profitable for them, more expensive for us, and we are forced into their waiting arms. Here's an important truth: Complex investments exist only to profit those who create and sell them. Not only are they more costly to the investor, they are less effective. The simple approach I created for her and present now to you, is not only easy to understand and implement, it is more powerful than any other. Together we'll explore: Debt: Why you must avoid it and what to do if you have it. The importance of having F-you Money. How to think about money, and the unique way understanding this is key to building your wealth. Where traditional investing advice goes wrong and what actually works. What the stock market really is and how it really works. Why the stock market always goes up and why most people still lose money investing in it. How to invest in a raging bull, or bear, market. Specific investments to implement these strategies. The Wealth Building and Wealth Preservation phases of your investing life and why they are not always tied to your age. How your asset allocation is tied to those phases and how to choose it. How to simplify the sometimes confusing world of 401(k), 403(b), TSP, IRA and Roth accounts. TRFs (Target Retirement Funds), HSAs (Health Savings Accounts) and RMDs (Required Minimum Distributions). What investment firm to use and why the one I recommend is so far superior to the competition. Why you should be very cautious when engaging an investment advisor and whether you need to at all. Why and how you can be conned, and how to avoid becoming prey. Why I don't recommend dollar cost averaging. What financial independence looks like and how to have your money support you. What the 4% rule is and how to use it to safely spend your wealth. The truth behind Social Security. A Case Study on how this all can be implemented in real life. Enjoy the read, and the journey!

Exploring the Inner Landscape of a Teacher's Life

"This book is for teachers who have good days and bad -- and whose bad days bring the suffering that comes only from something one loves. It is for teachers who refuse to harden their hearts, because they love learners, learning, and the teaching life." - Parker J. Palmer [from the Introduction] Teachers choose their vocation for reasons of the heart, because they care deeply about their students and about their subject. But the demands of teaching cause too many educators to lose heart. Is it possible to take heart in teaching once more so that we can continue to do what good teachers always do -- give heart to our students? In The Courage to Teach, Parker Palmer takes teachers on an inner journey toward reconnecting with their vocation and their students -- and recovering their passion for one of the most difficult and important of human endeavors.

Everyone wants to be rich, but do you know that there is a SCIENCE OF GETTING RICH. This book explains in simple steps how you can first ready yourself to earn more, without hassles or worries. You Don’t Need to Make Millions to Get Rich. Believe Me. This comprehensive 8-step guide provides the blueprint to achieve financial freedom at a young age, regardless of income. No B.S., just answers. In Get Rich Action Plan, you will learn the lifelong habits to become financially independent sooner than you thought possible. Do we really need another personal finance book? YES. The outdated step-by-step “10% for 40+ years” simply doesn’t work. It’s time to rethink the conventional wisdom that only serves to continue the vicious cycle of wage slavery and the “live to work” mentality. In an age of globalization and abundance, I’m here to tell you there is another way! It is time to change how we think about personal finance, budgeting, and investing. The 8 steps in this book each work in unison to create a plan that will make your money work for you immediately, so you can afford time off of work or even retire in your 30’s. From saving money to investing to growing your income, all of the specifics are covered in this action plan. Get Started on the Right Foot and Change How You Think About Finances I have never made much money by Western standards. In fact, I have never made more than a middle class income. My strategies, I was able to increase my net worth dramatically at a very young age. It took only 6 years of full-time employment to build an “FU money” fund of hundreds of thousands of dollars, providing me the freedom to travel and take time off of work to pursue other interests. I was able to do this by quickly taking action and ignoring conventional advice. After years of trial and error, I have developed a strategy that simply works. And I want to share with you everything I have done to build this large nest egg. I have nothing to hide. The truth is that the path to wealth is not complicated, and you do not need to make millions to get there. More and more of us are realizing that financial freedom is possible in 10 years or less. But the media will never tell you this. Your politicians will never tell you this. They want you to live. Now is the time to flip the script and live free! The Time To Take Action Was Yesterday. The Next Best Time is Now. Whether you are in your 20’s and looking for sound advice to get started, or you’re later in your career and haven’t really thought about financial freedom, it’s not too late to start! Once you put these systems in place, financial independence will no longer be a lifelong battle. You can live the life you want to live. Get started today! BONUS MATERIAL INCLUDED I’m also excited to share FREE bonus material that highlights “27 Ways I Slashed My Budget By \$1818 Per Month.” A link to the free PDF is included in the book! Woychick, Senior Vice President, Training, Pfizer Pharmaceuticals “Time and time again, Jerry Acuff’s approach to selling has been proven to work. A must-read for those who believe that successful selling is a part of their everyday life.” —Georges Gemayel, Executive Vice President, Genzyme Corporation

Although we have been successful in our careers, they have not turned out quite as we expected. We both have changed positions several times—for all the right reasons—but there are no pension plans vesting on our behalf. Our retirement funds are growing only through our individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school. He was bored and tired of studying. “Why should I put time into studying subjects I will never use in real life?” he protested. Without thinking, I responded, “Because if you don’t get good grades, you won’t get into college.” “Regardless of whether I go to college,” he replied, “I’m going to be rich.”

Recover wasted time and start living your fullest life Most of us wouldn’t dare give away our money, but when it comes to time, we let it go without a second thought. Business and creative professionals often dedicate long hours to their work, with little to show for it. We take on more than we should, we treat everything as urgent, and we attend pointless meetings. This book can help you see where you might be sabotaging your own goals. Time Rich helps you identify where you’re losing personal time and mismanaging career time. Through practical productivity tools and techniques, author and entrepreneur Steve Glaveski will show you how to be more productive at work, have more time to pursue your personal and life goals, and build a culture that supports achieving objectives without risking burnout. Learn how to: • Identify how you are wasting time • Manage your attention, get into the zone and stay there longer • Prioritize, automate and outsource tasks • Optimize your mind and body Time

Rich is a blueprint for recovering your work hours, achieving more and spending time where it matters most. ‘Steve Glaveski understands something that few leaders have figured out: it’s possible to do less and get more done. This book offers a blueprint for working smarter.’ Adam Grant, New York Times best-selling author of Originals and Give and Take, and host of the chart-topping TED podcast WorkLife ‘Time isn’t money; it’s something of far more value. Glaveski makes the case that we ought to be protecting our time much more than we product other resources. And best of all, he shows you how.’ David Burkus, author of Under New Management ‘Steve Glaveski offers countless ways to get more out of each day by being Time Rich.’ Nir Eyal, best-selling author of Hooked and Indistractable ‘Time Rich by Steve Glaveski makes a compelling argument for abandoning the archaic historical artefact of an 8 hour work-day (or any other arbitrary sum of time) as outmoded and irrelevant to the way we live and do our best work today. Glaveski offers both big ideas and specific techniques to contain or eliminate such time-snatching demons as meetings, email and social media. Reclaim the value of your time by forsaking the management of it and learning instead to manage energy, efficiency and attention — inputs with far greater impact on output and outcomes, not to mention quality of life.’ Whitney Johnson, award-winning author of Disrupt Yourself and Build an A-Team ‘Time Rich is a fascinating look into why we’re all so ‘busy’ — and how to gain back our most precious resource. Whether you’re a beginner or a seasoned productivity geek, this book will change your life.’ Jonathan Levi, author, podcaster, and founder of SuperHuman Academy ‘A very worthwhile read for ambitious professionals to achieve that elusive work-life holy grail: being present and engaged at home without sacrificing anything on the work front — and even, perhaps, becoming more productive than you ever thought you could be.’ Andy Molinsky, award-winning author of Global Dexterity and Reach

Find Out How Rich People Think and Act Differently (Proven Ways to Make Money, Get Rich, and Be Successful)

Talking about money sucks; but so does being broke. Do your eyes glaze over just thinking about the mumbo-jumbo of finance? Do you break out into hives at the thought of money? Well, sister, you are not alone. In RICH BITCH, money expert and financial journalist Nicole Lapin lays out a 12-Step Plan in which she shares her experiences, mistakes and all, of getting her own finances in order. No lecturing, just help from a friend. And even though money is typically an off-limits conversation, nothing is off-limits here. Lapin rethinks every piece of financial wisdom you’ve ever heard and puts her own fresh, modern, sassy spin on it. Sure, there are some hard-and-fast rules about finance, but when it comes to your money, the only person who can spend it is you. Should you invest in a 401(k)? Maybe not. Should you splurge on that morning latte? Likely yes. Instead of nickel-and-diming yourself, Nicole’s advice focuses on investing in yourself so you don’t have to stress over the little things. But in order to do that, you have to be able to speak the language of money. After all, money is a language like anything else, and the sooner you can join the conversation, the sooner you can live the life you want, RICH BITCH rehabs whatever bad habits you might have and provides a plan you can not only sustain, but thrive with. It’s time to go after the rich life you deserve, and confident enough to call yourself a RICH BITCH.

Think and Grow Rich - Napoleon Hill - The most famous of all teachers of success spent "a fortune and the better part of a lifetime of effort" to produce the "Law of Success" philosophy that forms the basis of his books and that is so powerfully summarized and explained for the general public in this book. In Think and Grow Rich, Hill draws on stories of Andrew Carnegie, Thomas Edison, Henry Ford, and other millionaires of his generation to illustrate his principles. This book will teach you the secrets that could bring you a fortune. It will show you not only what to do but how to do it. Once you learn and apply the simple, basic techniques revealed here, you will have mastered the secret of true and lasting success. Money and material things are essential for freedom of body and mind, but there are some who will feel that the greatest of all riches can be evaluated only in terms of lasting friendships, loving family relationships, understanding between business associates, and introspective harmony which brings one true peace of mind! All who read, understand, and apply this philosophy will be better prepared to attract and enjoy these spiritual values.

“A gift from a master teacher . . . that will help calm your anxieties, allay your fears, and help you live a more present, precious life.”—Daniel G. Amen, MD #1 New York Times The End of Mental Illness We were not born with the persistent negative, self-doubting, self-limiting thoughts and feelings most of us carry around. Those limitations are not part of our “original equipment.” In the words of bestselling author and beloved teacher Guy Finley, “When you realize no else on this earth can be like you . . . that no other soul may know the beauty, sorrow, light and darkness you alone are given to see, then you will no longer want to be like anyone else on this earth. You will, at last, be the fearless individual your heart of hearts has called you to be.” There is a world of wisdom in this small gem of a book. Guy Finley is a master at opening our eyes, ears, and hearts to the plain and simple truths of this life. We are not our sense of inadequacy, our compulsions, our defeated thoughts and feelings. We can choose the fearless path because we were, in fact, born fearless. “Another brilliant book by Guy Finley which calls us to awaken and stop hiding from ourselves . . . for those who truly want freedom from fear, worry and doubt and the keys to a life that currently appears illusive.”—DeDe Murcer Moffett, CEO, Snap Out of It! The Relationship Edge

In How Come That Idiot’s Rich and I’m Not? bestselling author Robert Shemin reveals for the first time the inner-circle secrets of the mega-wealthy. Have you ever wondered why some people attract wealth while others stay financially trapped and in debt? The key is wealth-friendly, upside-down thinking. Stick with all the old moneymaking rules and stay broke.

Break them and get rich. This is the book that shows you how. We’ve all read about the college kid who made millions on a brainstorm, or the couple who made a fortune in real estate, or the guy in his thirties who waved good-bye to his boss and now lives on his investments. But until now, how they did it—the rules they followed or flouted, the tricks they stumbled on—have remained a mystery. That’s about to change. Whether you’ve been trying to get rich but haven’t quite made it yet, or just need the confidence to dream big, this is the book for you. As experienced as Shemin is at showing high-net-worth individuals how to get richer, his real love is helping self-described “financial disasters” earn millions. And he uses his own odds-defying story to illustrate the outside-the-box thinking that gets the job done. Here, you’ll learn how to: • set only one powerful success goal—and make it a big one • play while your money goes to work • stop building someone else’s business and start building your own • live and think like a millionaire while you’re becoming one • use the power and “smarts” of other Rich Idiots to help you join the Rich Idiot Club • add OPI (other people’s ideas), OPT (other people’s time), and OPE (other people’s experience) to do less and make more • tap into timeless secrets that unlock the energy and spiritual power of money Learn which three assets you must own to become a Rich Idiot and how to obtain them with little or no money of your own. Learn why Rich Idiots outearn almost all the so-called wealth experts and how you can, too. Above all, learn how doing just one thing a day will bring you to your big goal. In this book, the first to show you what it really takes to achieve financial abundance, Shemin illustrates in a fun, witty way how going against the grain is, in fact, the surest way to gain. Spend just a few pages with Robert and his Rich Idiot friends and you’ll be convinced that “if they could do it, I can do it.”

Those who are attaining their dreams, achieving the success they envision and are experiencing abundance on a daily basis have learned how to make the universe work for them. With the help of this book, you can take the Universal Laws and align them with your subconscious, so you can easily attain your long-held goals.

Suze Orman’s Financial Package is a systematic approach for organising your essential documents. The Financial Package is very different from any other product of this type, because Suze has included three CDs that actually include the forms and instructions to create your own advanced directive with durable power of attorney for health care, financial power of attorney, will, and a trust.

Suffering is an inescapable part of life. Some suffering is so profound, so violating, or so dogged that it fundamentally changes people in indelible ways. Many existing therapeutic approaches, from a medical model, treat suffering as mental illness and seek a curative solution. However, such approaches often fail to examine the deep questions that suffering elicits (e.g., existential themes of death, isolation, freedom, identity, and meaninglessness) and the far-reaching ways in which suffering affects the lived experience of each individual. In The Courage to Suffer, Daryl and Sara Van Tongeren introduce a new therapeutic framework that helps people flourish in the midst of suffering by cultivating meaning. Drawing from scientific research, clinical examples, existential and positive psychology, and their own personal stories of loss and sorrow, Daryl and Sara’s integrative model blends the rich depth of existential clinical approaches with the growth focus of strengths-based approaches.Through cutting edge-research and clinical case examples, they detail five “phases of suffering” and how to work with a client’s existential concerns at each phase to develop meaning. They also discuss how current research suggests to build a flourishing life, especially for those who have endured, and are enduring, suffering. Daryl and Sara show how those afflicted with suffering, while acknowledging the reality of their pain, can still choose to live with hope.

The Courage to Be Happy

Exposing the Dark Side of the Personal Finance Industry

How to Stand in Your Truth and Create the Future You Deserve

The Way of Rest

A personal code for prosperity and plenty

Women & Money (Revised and Updated)

We live in a world that works tirelessly to assimilate us to be “normal”. This collective pressure has the ability to dampen our spirit and give up the dreams we have in our souls in search of what we are told is success and happiness. We often find ourselves chasing the things we think will make us happy and when we get there, feeling an eery emptiness. The real life stories in this book will inspire you to find the courage and clarity within to take back your life and challenge the very essence of the things you think will make you happy. Stop living the life others want for you and begin the quest for meaning in every area of your life. If you feel you are settling in life and wonder if there is more, then this book is for you.

If you've ever bought a personal finance book, watched a TV show about stock picking, listened to a radio show about getting out of debt, or attended a seminar to help you plan for your retirement, you've probably heard some version of these quotes: "What's keeping you from being rich? In most cases, it is simply a lack of belief." —SUZE ORMAN, *The Courage to Be Rich* "Are you latte-ing away your financial future?" —DAVID BACH, *Smart Women Finish Rich* "I know you're capable of picking winning stocks and holding on to them." —JIM CRAMER, *Mad Money* They're common refrains among personal finance gurus. There's just one problem: those and many similar statements are false. For the past few decades, Americans have spent billions of dollars on personal finance products. As salaries have stagnated and companies have cut back on benefits, we've taken matters into our own hands, embracing the can-do attitude that if we're smart enough, we can overcome even daunting financial obstacles. But that's not true. In this meticulously reported and shocking book, journalist and former financial columnist Helaine Olen goes behind the curtain of the personal finance industry to expose the myths, contradictions, and outright lies it has perpetuated. She shows how an industry that started as a response to the Great Depression morphed into a behemoth that thrives by selling us products and services that offer little if any help. Olen calls out some of the biggest names in the business, revealing how even the most respected gurus have engaged in dubious, even deceitful, practices—from accepting payments from banks and corporations in exchange for promoting certain products to blaming the victims of economic catastrophe for their own financial misfortune. *Pound Foolish* also disproves many myths about spending and saving, including: Small pleasures can bankrupt you: Gurus popularized the idea that cutting out lattes and other small expenditures could make us millionaires. But reducing our caffeine consumption will not offset our biggest expenses: housing, education, health care, and retirement. Disciplined investing will make you rich: Gurus also love to show how steady investing can turn modest savings into a huge nest egg at retirement. But these calculations assume a healthy market and a lifetime without any setbacks—two conditions that have no connection to the real world. Women need extra help managing money: Product pushers often target women, whose alleged financial ignorance supposedly leaves them especially at risk. In reality, women and men are both terrible at handling finances. Financial literacy classes will prevent future economic crises: Experts like to claim mandatory sessions on personal finance in school will cure many of our money ills. Not only is there little evidence this is true, the entire movement is largely funded and promoted by the financial services sector. Weaving together original reporting, interviews with experts, and studies from disciplines ranging from behavioral economics to retirement planning, *Pound Foolish* is a compassionate and compelling book that will change the way we think and talk about our money.

Achieve financial peace of mind with the million-copy #1 New York Times bestseller, now revised and updated, featuring an entirely new Financial Empowerment Plan and a bonus chapter on investing. The time has never been more right for women to take control of their finances. The lessons, revelations, and shocks of the past few years have made it clear that standing in our truth is the only way to care for ourselves, our families, and our finances. With her signature mix of insight, compassion, and practical advice, Suze equips women with the financial knowledge and emotional awareness to overcome the blocks that have kept them from acting in the best interest of their money—and themselves. Whether you are single or in a committed relationship, a successful professional, a worker struggling to make ends meet, a stay-at-home parent, or a creative soul, Suze offers the possibility of living a life of true wealth, a life in which you own the power to control your destiny. At the center of this fully revised and updated edition, Suze presents an all-new Financial Empowerment Plan, designed to get you to a place of emotional and financial security as quickly as possible—because the most precious commodity women have is time. Divided into four essential components, the plan will teach you how to □ Protect yourself □ Spend smart □ Build your future □ Give to others Also included is a bonus chapter on investing—for those who are living by Suze's unbreakable financial ground rules and ready to learn how to invest with confidence. *Women & Money* speaks to every mother, daughter, grandmother, sister, and wife. It gives readers the opportunity to tap into Suze's unique spirit, people-first wisdom, and unparalleled appreciation that for women, money itself is not the end goal. It's the means to living a full and meaningful life.

USA Today has called Suze Orman "a force in the world of personal finance." For years, Suze has anticipated what you need to know and want to know about your money. Her books, radio and television shows, columns, and newsletter about personal finance have helped millions of people like you turn their financial lives around. The author of three consecutive runaway New York Times bestsellers, Suze is renowned for her unique brand of financial savvy, tell-it-like-it-is honesty, and dynamic motivational style, which propels her readers and audiences to change the course of their financial destiny. In this groundbreaking book, she continues to transform your relationship with money. Never before has there been a money book and life guide like *The Laws of Money, the Lessons of Life*. In a natural evolution of Suze's authoritative view of the world of money, and characterized by her straight talk, warmth, and humor, *The Laws of Money, the Lessons of Life* reveals a revolutionary new paradigm of personal finance. The 5 Laws of Money are vital principles that you need to know whether you are old or young, male or female, with or without money, a novice or a veteran investor. These five laws operate without exception -- at all times, in every culture -- and apply to everyone, as Suze shows in the compassionate stories adapted from real-life situations that she recounts throughout the book. And the universal truths and lessons contained within each law help you learn how to keep what you have and create what you deserve. Anyone can -- and must -- put these laws to use today in order to survive and thrive in these times of constant upheaval and financial turmoil. *The Laws of Money, the Lessons of Life* provides an eminently sensible, highly effective process for gaining control over your life and your money. Through pointed questions about your attitudes toward money, with insightful financial exercises and personal guidance, Suze deciphers the false hopes and fears that keep you from making smart, confident decisions and choices about your money. Her take-charge optimism and realistic action plans will jolt you out of any financial confusion or paralysis, whether you're beginning your career or at a midpoint, planning for or already in retirement. You will learn to assess your current spending, savings, and investments, and acquire a sure sense of what you can do with the money you have and the money you want to have. A thorough guidebook is included that helps you put the laws into immediate action and see their lessons manifest in your own life. Profound and practical, *The Laws of Money, the Lessons of Life* will help you get out of debt, create what you want, and protect your money, your family, and your future. With these laws as your guide, you can avoid ever being a financial victim again.
