"The 1953 premiere of *The Crucible* confirmed Arthur Miller's reputation as one of America's most important and serious playwrights as it underscored the earlier success of Miller's Pulitzer Prize winning drama, *Death of a Salesman*. While dealing with the 1692 witch trials in Salem, Massachusetts, *The Crucible* reveals Miller's concern with issues of individual conscience and guilt by association - issues that were manifest in the social and

political problems of his own time. The drama is both a historical play of 17th-century colonial America and a parable about the communist witch-hunts in the United States of the 1950s. Miller uses the moral absolutism of Puritan Salem to parallel the infamous congressional hearings led by Senator Joseph McCarthy. The events which frame Miller's tragic drama are separated by some two hundred and sixty years, but are joined by circumstances where

time in which it was written - the McCarthy era. Martine examines in detail Miller's historical sources and the ways in which he adapted this material to his contemporary audience. Martine suggests the play should be "read" within a variety of contexts, that is, as a product of and reaction to the McCarthy era, as a milestone in the development of Miller's work, as an exemplar of the genre of tragedy, as part of the tradition of American

He examines the play's settings, props, and exits and entrances, and draws attention to the various ways in which Miller built these directions about the play's performance into the written text. Martine argues convincingly that *The Crucible* should not be approached as a monochromatic written text as it often

Fear, the most powerful force in our life, is the

least understood. Every one of us experiences it. Many arrange their lives to avoid it. Yet nearly every one of us needs to find more fear. Most of us know fear as the unwanted force that drives phobias, anxieties, unhappiness, and inhibits self-actualization. Ironically, fear is the underlying phenomenon that heightens awareness and optimizes physical performance, and can drive ambition, courage, and success. Harnessing fear can heighten emotional intelligence and bring success to every aspect of your life. Neuroscience and current research on how the brain processes and uses fear have torn the lid off the possibilities of human

performance; yet most people are not reaching their complete potential because of a psychological roadblock Sweeney calls the Fear Frontier. Identifying your Fear Frontier and addressing it, Sweeney illustrates in these pages, is the path to success, happiness and fulfillment in almost all aspects of your life. He also provides the most effective steps toward rewiring your mind for a healthier longer life based on courage. Fear is Fuel is a practical guide that instructs everyday readers, business & military leaders, activists, humanitarians, and educators on a unique path toward translating fear into optimal living. By facing fears, and

challenging new ones, readers can harness the power of unique motivations to achieve more, experience more, and enjoy more. The path to a fulfilling life is not to avoid fear but to recognize it, understand it, harness it, and unleash its power.

Arthur Miller's depiction of innocent men and women destroyed by malicious rumour, The Crucible is a powerful indictment of McCarthyism and the 'frontier mentality' of Cold War America, published in Penguin Modern Classics. Arthur Miller's classic parable of mass hysteria draws a chilling parallel between the Salem witch-hunt of 1692 - 'one of the strangest and most awful chapters in human history' - and the American anti-communist purges led by Senator McCarthy in the 1950s. The story of how the small community of Salem is stirred

into madness by superstition, paranoia and malice, culminating in a violent climax, is a savage attack on the evils of mindless persecution and the terrifying power of false accusations. Arthur Miller (1915-2005), American dramatist, was born in New York City. In 1938 Miller won awards for his comedy The Grass Still Grows. His major achievement was Death of a Salesman, which won the 1949 Pulitzer Prize for drama and the 1949 New York Drama Critics' Circle Award. The Crucible was aimed at the widespread congressional investigation of subversive activities in the US; the drama won the 1953 Tony Award. Miller's

autobiography, Timebends: A Life was published in 1987. If you enjoyed The Crucible, you might like Miller's Death of a Salesman, also available in Penguin Modern Classics. rural community A Penguin Classic "I believe that the reader will discover here the essential nature of one of the strangest and most awful chapters in human history," Arthur Miller wrote in an introduction to The Crucible, his classic play about the witch-hunts and trials in seventeenth-century Salem, Massachusetts. Based on historical people and real events, Miller's drama is a searing portrait of a community engulfed by hysteria. In the rigid theocracy of Salem, rumors that women are practicing witchcraft galvanize the town's most basic fears and suspicions; and when a young girl accuses Elizabeth Proctor of being a witch, self-righteous church leaders and townspeople insist that Elizabeth be brought to trial. The ruthlessness of the prosecutors and the eagerness of

neighbor to testify against neighbor brilliantly illuminate the destructive power of socially sanctioned violence. Written in 1953, The Crucible is a mirror Miller uses to reflect the anti-communist hysteria inspired by Senator Joseph McCarthy's "witch-hunts" in the United States. Within the text itself, Miller contemplates the parallels, writing: "Political opposition...is given an inhumane overlay, which then justifies the abrogation of all normally applied customs of civilized behavior. A political policy is equated with moral right, and opposition to it with diabolical malevolence."
