A new Penguin Plays edition of the forgotten classic that launched the career of one of America's greatest playwrights It took more than fifty years for *The Man Who Had All the Luck* to be appreciated for what it truly is: the first stirrings of a genius that would go on to blossom in such masterpieces as *Death of a Salesman* and *The Crucible*. This striking new edition finally adds Miller's first major play to the Penguin Plays series—now in beautifully redesigned covers. Infused with the moral malaise of the Depression era, this parable-like drama centers on David Beeves, a man before whom every obstacle to personal and professional success seems to crumble with ease. But his good fortune merely serves to reveal the tragedies of those around him in greater relief, offering what David believes to be evidence of a capricious god or, worse, a godless, arbitrary universe. David's journey toward fulfillment becomes a nightmare of existential doubts, a desperate grasp for reason in a cosmos seemingly devoid of any, and a struggle that will take him to the brink of madness.

First published in England in 1782, Crèvecoeur's *Letters from an American Farmer* was one of the first works to describe the character of the average American at the close of the Revolutionary War. His famous question, "What, then, is the American, this new man?", summarized the European's interest in and questioning of the new country of America at a time when centuries of tradition had just been overturned and post-colonial Americans were attempting to describe themselves in a new way. Through the character of James, the letters celebrate the land of America, its space and fertility, and the character of Americans themselves, their work ethic and spirit of personal determination. The Letters also look at the darker side of American life, particularly the issue of slavery. The discussions of American identity, participation in war (or not), and the perception of immigrants and their ethnicity make this book as relevant to our understanding of ourselves today as it was in 1782.

Describes the witch hunt that took place in Stamford, Connecticut, in 1692, detailing the story of Kate Branch, a seventeen-year-old afflicted by strange visions and given to wails of pain and fright, who accused several women of bewitching her.

The Crucible Study Guide to The Crucible and Other Works by Arthur Miller Influence Publishers

A darkly satirical novel of love, revenge, and 1950s haute couture—now a major motion picture starring Kate Winslet, Judy Davis, Liam Hemsworth, and Hugo Weaving After twenty years spent mastering the art of dressmaking at couture houses in Paris, Tilly Dunnage returns to the small Australian town she was banished from as a child. She plans only to check on her ailing mother and leave. But Tilly decides to stay, and though she is still an outcast, her lush, exquisite dresses prove irresistible to the prim women of Dungatar. Through her fashion business, her friendship with Sergeant Farrat—the town's only policeman, who harbors an unusual passion for fabrics—and a budding romance with Teddy, the local football star whose family is almost as reviled as hers, she finds a measure of grudging acceptance. But as her dresses begin to arouse competition and envy in town, causing old resentments to surface, it becomes clear that Tilly's mind is set on a darker design: exacting revenge on those who wronged her, in the most spectacular fashion.

Humanity ardently seeks "The Truth" and explores every avenue to it. In this process it has produced a special literature, which ranges the whole gamut of thought from the trivial to the sublime - up from Divination, through all the Philosophies, to the final lofty Truth of "The Master Key." The "Master Key" is here given to the world as a

means of tapping the great cosmic intelligence and attracting from it that which corresponds to the ambitions, and aspirations of each reader. Every thing and institution we see around us, created by human agency, had first to exist as a thought in some human mind. Thought therefore is constructive. Human thought is the spiritual power of the cosmos operating through its creature man. "The Master Key" instructs the reader how to use that power, and use it both constructively and creatively. The things and conditions we desire to become realities we must first create in thought. "The Master Key" explains and guides the process... Get Your Copy Now.

*An unforgettable German bestseller about the European refugee crisis: "Erpenbeck will get under your skin" (Washington Post Book World) Go, Went, Gone is the masterful new novel by the acclaimed German writer Jenny Erpenbeck, "one of the most significant German-language novelists of her generation" (The Millions). The novel tells the tale of Richard, a retired classics professor who lives in Berlin. His wife has died, and he lives a routine existence until one day he spies some African refugees staging a hunger strike in Alexanderplatz. Curiosity turns to compassion and an inner transformation, as he visits their shelter, interviews them, and becomes embroiled in their harrowing fates. Go, Went, Gone is a scathing indictment of Western policy toward the European refugee crisis, but also a touching portrait of a man who finds he has more in common with the Africans than he realizes. Exquisitely translated by Susan Bernofsky, Go, Went, Gone addresses one of the most pivotal issues of our time, facing it head-on in a voice that is both nostalgic and frightening. *In this book, Janet Alsup reports and theorizes a multi-layered study of teacher identity development. The study, which followed six pre-service English education students, was designed to investigate her hypothesis that forming (or failing to form) a professional identity is central in the process of becoming an effective teacher. This work addresses the intersection of various types of discourse within the process*

of professional identity development, emphasizes that the intersection of the personal and professional in teacher identity formation is more complex than is acknowledged in typical methods classes, and accents the need for teacher educators to take steps to facilitate such integration. Specific suggestions for methods courses are presented that teacher educators can use as is or adapt to their own contexts. Teacher Identity Discourses: Negotiating Personal and Professional Spaces speaks eloquently to faculty, researchers, and graduate students across the field of teacher education.
