Presents advice on creating a personal financial plan which incorporates strategies for controlling costs for housing, education, health, vacations, car loans, and credit card debt, and funding long-term savings and investments for retirement.

Este é um pacote de dois livros, composto pelos dois títulos: Livro 1: A lei da atração tem sido um tema popular nas últimas décadas. Se queremos entendê-lo, é valioso estudar diferentes aspectos dele. É por isso que, neste guia, você poderá aprender mais sobre vários subtópicos. As três leis da atração serão explicadas a você. Diferentes pontos de vista sobre a lei da atração também serão abordados, bem como independência financeira, quitação de dívidas, atração de riqueza etc. Muitas pessoas lutam com questões financeiras, e ter a mentalidade certa pode ajudá-las na direção certa. melhor. Este livro apóia essas idéias e ajuda você ao longo do caminho. Livro 2: Quando fazemos uso da lei da atração para obter mais riqueza, melhores relacionamentos ou nos tornar mais saudáveis, precisamos de motivação constante. Essa é uma coisa que este livro pode fornecer a você. As afirmações, as citações e, mais especificamente, as recitações de dinheiro, podem ser úteis para manifestar o que você deseja em sua vida. Não apenas isso, mas este guia também pode ajudá-lo a entender como exatamente a lei da atração funciona. Não é simplesmente mágica, mas é um processo científico através do qual as pessoas tornaram o aparentemente impossível uma realidade em suas vidas. Temas como dívida, passado e presente e resistência serão abordados, à medida que sua compreensão dessa lei essencial se aprofundar.

Credit and debt appear to be natural, permanent facets of Americans' lives, but a debt-based economy and debt-financed lifestyles are actually recent inventions. In 1951 Diners Club issued a plastic card that enabled patrons to pay for their meals at select New York City restaurants at the end of each month. Soon other "charge cards" (as they were then known) offered the convenience for travelers throughout the United States to pay for hotels, food, and entertainment on credit. In the 1970s the advent of computers and the deregulation of banking created an explosion in credit card use—and consumer debt. With gigantic national banks and computer systems that allowed variable interest rates, consumer screening, mass mailings, and methods to discipline slow payers with penalties and fees, middle-class Americans experienced a sea change in their lives. Given the enormous profits from issuing credit, banks and chain stores used aggressive marketing to reach Americans experiencing such crises as divorce or unemployment, to help them make ends meet or to persuade them that they could live beyond their means. After banks exhausted the profits from this group of people, they moved into the market for college credit cards and student loans and then into predatory lending (through check-cashing stores and pawnshops) to the poor. In 2003, Americans owed nearly \$8 trillion in consumer debt, amounting to 130 percent of their average disposable income.

The role of credit and debt in people's lives is one of the most important social and economic issues of our age. Brett Williams provides a sobering and frank investigation of the credit industry and how it came to dominate the lives of most Americans by propelling the social changes that are enacted when an economy is based on debt. Williams argues that credit and debt act to obscure, reproduce, and exacerbate other inequalities. It is in the best interest of the banks, corporations, and their shareholders to keep consumer debt at high levels. By targeting low-income and young people who would not be eligible for credit in other businesses, these companies are able quickly to gain a stranglehold on the finances of millions.

Throughout, Williams provides firsthand accounts of how Americans from all socioeconomic levels use credit. These vignettes complement the history and technical issues of the credit industry, including strategies people use to manage debt, how credit functions in their lives, how they understand their own indebtedness, and the sometimes tragic impact of massive debt on people's lives.

The Complete Guide to Manifesting Health, Wealth, and Better Relationships

From Interest Rates and Credit Scores to Student Loans and Debt Payoff Strategies, an Essential Primer on Managing Debt

I believe we are failing our brothers. The American fire service has excelled in training our firefighters for the job. However, we often fail to prepare them for financial success and life after the fire department. After years of dedicated service, many reach the end of their careers and realize they may not be prepared financially for retirement. This problem needs to be corrected, which is why I wrote this book. The topic of finances can seem overwhelming and sometimes even intimidating. For that reason, I have unpacked unfamiliar terms, included real-life examples, and avoided over-complicated language in the book. Instead, I use firefighter tactics and terminology to make financial strategies easy to learn and apply. The information in Fireproof Finances progresses to build knowledge and give you tools and tips to build a solid financial foundation. The structure will allow you to understand the concepts, apply them, and succeed financially. So, dive in and learn to take back your finances, run your financial firehouse, and retire wealthy.

Money Management You want to know how to assess your current financial situation and make sound plans in order to get rid of debt, start an emergency fund, and achieve your financial goals? As Democrats and Republicans continue to vie for political advantage, Congress remains paralyzed by partisan conflict. That the last two decades have seen some of the least productive Congresses in recent history is usually explained by the growing ideological gulf between the parties, but this explanation misses another fundamental factor influencing the dynamic. In contrast to politics through most of the twentieth century, the contemporary Democratic and Republican parties compete for control of Congress at relative parity, and this has dramatically changed the parties' incentives and strategies in ways that have driven the contentious partisanship characteristic of contemporary American politics. With Insecure Majorities, Frances E. Lee offers a controversial new perspective on the rise of congressional party conflict, showing how the shift in competitive circumstances has had a profound impact on how Democrats and Republicans interact. For nearly half a century, Democrats were the majority party, usually maintaining control of the presidency, the House, and the Senate. Republicans did not stand much chance of winning majority status, and Democrats could not conceive of losing it. Under such uncompetitive conditions, scant collective action was exerted by either party toward building or preserving a majority. Beginning in the 1980s, that changed, and most elections since have offered the prospect of a change of party control. Lee shows, through an impressive range of interviews and analysis, how competition for control of the government drives members of both parties to participate in actions that promote their own party's image and undercut that of the opposition, including the perpetual hunt for issues that can score political points by putting the opposing party on the wrong side of public opinion. More often than not, this strategy stands in the way of productive bipartisan cooperation—and it is also unlikely to change as long as control of the government remains within reach for both parties.

Get out of debt and use credit wisely with this easy-to-understand, comprehensive guide to making your debt work for you. The key to borrowing, managing, and paying off debt is understanding what it is, how it works and how it can affect your finances and your life. Debt 101 is the easy-to-follow guide to discovering how to pay off the debt you have plus learning how to use debt to your advantage. If you're a cash-strapped 20- or 30-something, it's easy to get freaked out by finances. But you're not doomed to spend your life drowning in debt or mystified by money. It's time to stop scraping by and take control of your money and your life with this savvy and smart guide. Broke Millennial shows step-by-step how to go from flat-broke to financial badass. Unlike most personal finance books out there, it doesn't just cover boring stuff like credit card debt, investing, and dealing with the dreaded "B" word (budgeting). Financial expert Erin Lowry goes beyond the basics to tackle tricky money matters and situations most of us face #IRL, including: - Understanding your relationship with moo-lah: do you treat it like a Tinder date or marriage material? - Managing student loans without having a full-on panic attack - What to do when you're out with your crew and can't afford to split the bill evenly - How to get "financially naked" with your partner and find out his or her "number" (debt number, of course) . . . and much more. Packed with refreshingly simple advice and hilarious true stories, Broke Millennial is the essential roadmap every financially clueless millennial needs to become a money master. So what are you waiting for? Let's #GYFLT!

If you are serious about getting out of debt, I recommend that you read each chapter, even though the first two are a bit less practical than the last five. I believe that they the first two include the keys to successfully getting out of debt.The 7 Steps to getting out of debt (Step 1) - It's not about you(Step 2) - Open your mind (Step 3) - Creating a balance sheet(Step 4) - How to quit spending (Step 5) - 15 ways to cut expenses(Step 6) - Make sacrifices(Step 7) - Debt Snowball

Women today are facing so much uncertainty—about life and the future. The need to pivot is stronger than ever, but many of us feel powerless to change or simply don't know how to take that essential first step. For Lori Allen, business owner, breast cancer survivor, and star of TLC's Say Yes to the Dress: Atlanta, these vital life lessons are the inspiration for her new book. Say Yes to What's Next is more than just a guide for our best tomorrows, it's the beginning of a life-makeover movement for women of all ages. Lori Allen's advice stems from the ups and downs of her personal life: from building one of the biggest and busiest bridal megasalons in the country to navigating her position in the sandwich generation and caring for a husband battling cancer during her breast cancer diagnosis and treatment. Lori shares her life experiences with confidence, wisdom, and her signature humor to model how today's women—especially those of us approaching age fifty and beyond—can live out the coming years as the best of our lives. Whether you're feeling invisible, ignored, or like your voice doesn't matter, or you're simply uncertain about what's next, Lori offers advice on what to do, what not to do, and how to see your way through the unexpected. In Say Yes to What's Next, Lori addresses crucial issues, such as how to pivot, embrace the unexpected, and live out your passion how to practice essential self-care that enriches your mind, body, and spirit how to make space for yourself and your priorities while still being a caring partner, parent, and friend how to maintain a close circle of girlfriends at every age and stage of life how to take charge of your money and attain financial freedom and security Say Yes to What's Next is a life makeover and therapy session all in one, as Lori helps women from all walks of life shape their futures with confidence, style, and sass. This is your opportunity to get real with yourself, to give yourself the truest form of self-care by putting yourself first. Discover your potential by saying yes to what's next.

The Calculus of Happiness

How math holds the keys to improving one's health, wealth, and love life What's the best diet for overall health and weight management? How can we change our finances to retire earlier? How can we maximize our chances of finding our soul mate? In The Calculus of Happiness, Oscar Fernandez shows us that math yields powerful insights into health, wealth, and love. Relying on only high school-level math (precalculus with a dash of calculus), Fernandez uses everyday experiences to provide context for his mathematical insights and guides us through surprising results. Important formulas are linked to a dozen free online interactive calculators on the book's website, allowing one to personalize equations. Every chapter ends with a summary of essential lessons and takeaways, and for advanced math fans, Fernandez includes the mathematical derivations in the appendices.

Shortlisted for the Financial Times and Goldman Sachs Business Book of the Year Prize 2008 The Snowball is the first and will be the only biography of the world's richest man, Warren Buffett, written with his full cooperation and collaboration. Combining a unique blend of "The Sage of Omaha's" business savvy, life story and philosophy, The Snowball is essential reading for anyone wishing to discover and replicate the secrets of his business and life success. Warren Buffett is arguably the world's greatest investor. Even as a child he was fascinated by the concept of risk and probability, setting up his first business at the age of six. In 1964 he bought struggling Massachusetts textile firm Berkshire Hathaway and grew it to the 12th largest corporation in the US purely through the exercise of sound investing principles - a feat never equalled in the annals of business. Despite an estimated net worth of around US\$62 billion, Buffett leads an intriguingly frugal life taking home a salary of only £50,000 a year. His only indulgence is a private jet, an extravagance he wryly acknowledges by calling it "The Indefensible". In 2006, he made the largest charitable donation on record, with most of it going to the Bill & Melinda Gates Foundation. The Snowball provides a comprehensive, richly detailed insight one of the world's most extraordinary and much loved public figures.

If you're looking for practical information to answer all your "How?" "What?" and "Why?" questions about money, this book is for you. Dave Ramsey's Complete Guide to Money covers the A to Z of Dave's money teaching, including how to budget, save, dump debt, and invest. You'll also learn all about insurance, mortgage options, marketing, bargain hunting and the most important element of all?giving. This is the handbook of Financial Peace University. If you've already been through Dave's nine-week class, you won't find much new information in this book. This book collects a lot of what he's been teaching in FPU classes for 20 years, so if you've been through class, you've already heard it! It also covers the Baby Steps Dave wrote about in The Total Money Makeover, and trust us?the Baby Steps haven't changed a bit. So if you've already memorized everything Dave's ever said about money, you probably don't need this book. But if you're new to this stuff or just want the all-in-one resource for your bookshelf, this is it!

This question and answer book is the perfect resource guide for equipping individuals with key information about everyday money matters. Questions and answers deal with 100+ of the most-asked questions from The Dave Ramsey Show—everything from budget planning to retirement planning or personal buying matters, to saving for college and charitable giving.

is Dave in his most popular format—ask a specific question, get a specific answer.

Winning Strategies to Creating Great Credit and Retiring Rich

Summary of The Total Money Makeover

A strategy for changing attitudes about personal finances covers such topics as getting out of debt, the dangers of cash advances and keeping spending within income limits.

It's amazing how many people do not balance their checkbooks or don't participate in their companies 401(k) or 403(b) plans. Or they are so far in debt they will never see daylight. In many cases, these are not uneducated people; this just happens to be an area of their lives where they have received little to no guidance. So they do the best they can with what they do know. Financial Fundamentals not only shares practical information such as how to balance a checking account and how to set up a budget, but also asks many questions designed to help the reader think through why their current financial situation is in the shape it is. While there are many books that go into a lot more depth than Financial Fundamentals, this book was written for anyone who may be just getting started, may be starting over, needs to get a better handle on the basics, or just needs to know that there is a way to a better life.

Dave Ramsey explains those scriptural guidelines for handling money.

Chapters include: "Income distribution and welfare programs", "State and local government expenditures" and "Health economics and private health insurance".

The easy way to get your personal finances in order Personal Finance For Canadians For Dummies offers readers a comprehensive roadmap to financial security. Written by expert authors Eric Tyson and Tony Martin, it offers pointers on how you can eliminate debt and rein in spending, along with helpful tips on how to reduce taxes and save more. The guide also offers a primer on investing, showing how you can build your wealth to ensure a comfortable retirement and university or college for the kids. With up-to-date Canadian examples and references, Personal Finance For Canadians For Dummies arms you with the tools you need to take control of your financial life—in good times and bad. Make smart personal finance decisions Plan the personal finance portfolio that's right for you Reach your personal finance goals Know all of your options The expert advice offered in Personal Finance For Canadians For Dummies is for anyone looking to ensure that their finances are on the right track—and to identify the best strategies to improve their financial health.

Doing well with money isn't necessarily about what you know. It's about how you behave. And behavior is hard to teach, even to really smart people. Money—investing, personal finance, and business decisions—is typically taught as a math-based field, where data and formulas tell us exactly what to do. But in the real world people don't make financial decisions on a spreadsheet. They make them at the dinner table, or in a meeting room, where personal history, your own unique view of the world, ego, pride, marketing, and odd incentives are scrambled together. In The Psychology of Money, award-winning author Morgan Housel shares 19 short stories exploring the strange ways people think about money and teaches you how to make better sense of one of life's most important topics.

Wow! You just bumped into a 20-book combo for a discounted price! Take advantage of this offer right now! The book contains topics such as: Finding your soulmate through the law of attraction. Figuring out your calling in life. How to become more creative and use that inventive talent to manifest more. Becoming a better version of yourself. Having more energy and increasing your vibrations. Aligning your will with the universe. How to manifest more money into your life. How to make your dreams come true. The truth about chakras, meditation, and mindfulness. Business tips to take action. Myths about the law of attraction. Having more success by asking the universe what you want. Stress management. Become someone who thinks more positive thoughts. And much more!!! This is a no-brainer. This is something you need if you're interested in the law of attraction in any way. Do yourself a favor and add it to your cart right now!

You don't have to carry lifelong debt Too many doctors are carrying perpetual debt and giving away a large chunk of each paycheck as interest to the bank. The Doctors Guide to Eliminating Debt can show you how to pay off debt faster than you imagined-including your house. Being in debt is not a default condition. Understand the real cost and that it's not too late to change the course of your financial life. Being debt-free is empowering, liberating, and invigorating, but most doctors don't realize they can do it without significant sacrifice.If you are feeling trapped by your financial obligations, realize there is a way out. In this book, you'll find what you need to know to:Choose the best path if you are drowning in debt?Recognize biased financial advice ?Pay off student loans and your house-faster than you expected?Balance spending, loan repayment, and investing?Make compound interest work for you, instead of against you?Retire sooner than you expected This second book in The Doctors Guide series shows you how to establish control of your money-and ultimately your life.The best way I can describe this book is Dave Ramsey for doctors . . . If you're a high income professional and you have debt of any kind, I think you ought to read this book. - James M. Dahle, MD, The White Coat Investor
