One psychic. Six demons. And a whole lot of trouble. I am a typical, though admittedly anti-social, woman who lives alone in the rural Highlands of Scotland. I also happen to be a clairvoyant who can summon the dead. It's a pity the souls I see didn't give me a heads-up, nor did I glimpse my own future on the night six demons came hunting for me. Their leader believes I am a witch and refuses to let me go until I have performed a spell to lift a blood curse. A spell I do not understand and one that I cannot read. But does he listen? No. Is he infuriating? Yes. Is he hotter

than hell? Well...obviously. I am Star Elizabeth Archer, and I am going to make them, make him, regret the day he ever thought he could manipulate me. Content warning: please note that there is an incident of sexual deception contained within this story.

Merezhkovsky's bold claim that "all Russian literature is, to a certain degree, a struggle with the temptation of demonism" is undoubtedly justified. And yet, despite its evident centrality to Russian culture, the unique and fascinating phenomenon of Russian literary demonism has so far received little critical attention. This substantial collection fills the gap. A comprehensive analytical introduction by the editor is followed by a series of fourteen essays, written by eminent scholars in their fields. The first part explores the main shaping contexts of literary demonism: the Russian Orthodox and folk tradition, the demonization of historical figures, and views of art as intrinsically demonic. The second part traces the development of a literary tradition of demonism in the works of authors ranging from Pushkin and Lermontov, Gogol and

Dostoevsky, through to the poets and prose writers of modernism (including Blok, Akhmatova, Bely, Sologub, Rozanov, Zamiatin), and through to the end of the 20th century.
